Your not saying we are retarted grandmaster? Said Leo. Jake smacked his head. The Grandmaster said no, You are..... INTRUTER ALERT, INTRUTER ALERT! We will contiue this conversation later. Now go! Pull all the levers on the high platforms there are three levers each of you take one! Jake took off and went left, Leo ran Right , And I went straight.

Jake climbed a rope and easily pulled the lever, Leo climbed a tall latter, and Jayden Ran up a wall and climbed his way to the lever. They compleated their mission. they then were told to assasinate the enemy soilders, he gave Leo Two sai's, Jake a Sword and Jayden a Tomohawk, They quickly went and took out 3 snipers on tall buildings outside. Then they fought their way to the center of the base, and were told to light a signal flare to let everyone know its ok to go back to normal.

They went to the Grandmaster then he thanked them for doing a good job and gave them all throwing knifes, and hidden blades. He then told them to return to their rooms and rest, they followed orders. They then went in their room, they all congratulated each other, took off their armor and slept.
