Dedicated to an awesome fan...

By : Spyguy

Up & down & up & down... Side by side, Yes, side by side... Whhhheeeeee, here we go, just look and Seeeeeee... What all your words they've done to mmmeeee... Milkandcream; you're the awesomest poet... See, my poem of praise doth show it... Clit massage, nipple swirl, Cock to lodge, within my girl. Make you shake, & make you shiver, tits I rake to make you quiver. Relief I give to make you tense, for me you'll live, from this point hense...

Dedicated to an awesome fan...

Up & down & up & down...
round and round you ride my crown,
breasts so white, areola brown,
Up & down & up & down...
bobble-head just like a clown,
Licking head with/my dribble drown,
Up & down & up & down...

Side by side, Yes, side by side...
Penetration, Deep inside,
Full you are, my sword astride,
Side by side, Yes, side by side...
Lubricated Astroglide.
What a woman, what a ride,
Side by side, Yes, side by side...

Milkandcream, you, Milkandcream...
Lube you up, you're in a dream,
Let me get a head of steam,
Milkandcream, you, milkandcream...
When I love you, you shall scream,
All your passion, too extreem,
Milkandcream, you, Milkandcream...

Side by side, Yes, side by side...
Viral man, though world deride,
Worlds apart; Forever tied,
Side by side, Yes, side by side...
Fill you full, my spunk inside,
Our spent emotion, you can't hide,
Side by side, Yes, side by side...

Milkandcream, you, Milkandcream...
Opened wide, & split at seam,
Only asshole will redeem,
Milkandcream, you, milkandcream...
Thumb in first, what a ream,
NOW, Ram inside, to hilt 'twould seem,
Milkandcream, you, Milkandcream...

Side by side, Yes, side by side...
Exctasy, I've split you wide,
Stretched your A-hole, it looks fried,
Side by side, Yes side by side...
In your cunny, you have pryed,
Entire hand, & fist inside,
Side by side, Yes, side by side...

Dedicated to an awesome fan...

Up & down & up & down...
To the balls my "Dipstick" drown,
Ass to mouth, we play & clown,
Up & down & up & down...
Looking hard, there is no brown,
To your throat, you swallow crown,
Up & down & up & down...

Whhhheeeeee, here we go, just look and Seeeeeee...
What all your words they've done to mmmeeee...
Milkandcream; you're the awesomest poet...
See, my poem of praise doth show it...
