Fave Flash Game 8-The Doors

Even the name sounds good. Think about it. "The Doors". That name sounds eerie, like, for example, what is behind those doors?

This game is very addictive, and makes you think carefully or you will lose.

The game starts of eearily with text bombaring the screen.

The game looks and feels like a "Escape" game, but it is more of a puzzle.

I think the game's story is good, for those that can decipher what it is about.

The Escape game look makes it a lot more addictive, in trying to figure out what to do.

The game is down below for all of you to play, and I hope you enjoyed it, as I did.

My official rating is 7/10 Door Handles/Knobs.

It could have been better with a better time limit system, and a save system.

Become a fan if you enjoyed this. Remember that I did not create this game, I am only someone who enjoys games, and writes about them, and many other things.
