Close your eyes and kiss me once again.

Close your eyes and kiss me once again.
by: Chiqui

Lonely rivers flow to the sea
So my love flows to you
We need to love and become one
To burst our banks
Flood our senses
I love you so much
More than you will ever know
Senses of burning desires
Of flamed passion
Four strong winds that blow lonely
Will blow us into a delta of phenomenal ecstasy
And holds us together never to part
Twisting turning like a whirlpool angrily wanting
Reaching the vortex of no return
Waves of storms crashing like rolling thunder
As we explore each other
Caught in the eye of the storm
Waiting for the next gush of wind
Wanting to evoke a passion with you
That leaves us quite breathless
The storm now breaking through our bodies
Making us unbreakable as we rush to the sea
Waves of passion pounding upon us
Unconditional, unmistakeable
So untouchable
To heights beyond our reach
Uncontrollable
Unpredictable feelings surging through us
We make this journey together

Close your eyes and kiss me once again.

Where ecstasy is not just a word but a reality
All our hopes and dreams will come true
Being mused by your Venus mound
As I seek more
Dreaming of yesterday and becoming today
In awe of your sensual body
Your blue eyes tell me how you love me
Our today
On going to last a lifetime
Mesmerised by your love
The brilliance that shines from you
Chasing butterflies in our rainbow of dreams
Totally enveloped in your love
And harboured in your arms
My safe haven
The love that takes me to places
Which I have never known nor even been
Taking you to an orbital atmosphere of pure love
With comets surrounding our auras
A bubble waiting to burst
Stars and moons lighting our way
On our first flight of fantasy to Nevaland
Caressing, reflecting our love
Creating a new lease in life
Tongues dancing in the shadows of the moonlight
As we build to the crest of the wave
So passionately igniting fires burning within us
Making to the sea in heights of extreme wonder
As she builds into a squall
Our senses out of control
Like the tide wanting to crash on the sandy shore
Rushing to fulfil allâ ¦
Our wildest and wicked yearnings
Our unbridled passion which reaches together
Into a volcanic explosion
Causing rivers from purest fountains
As we pound against each other bodies
Experiencing emotions where angels fear to tread
Lava fountains surround us
As we erupt into erotic sensuous beings
Not of this world
We have once moreâ ¦
Become creatures of the night
Surrounded by a galaxy of stars
As here they areâ ¦
A kaleidoscope of colours
Of red, yellow pink and blue
Taking love to the depths of forever
The flames of passionate love which will never die
Because we know our
Commitment never ends

Close your eyes and kiss me once again.

Our song will always be heard
For this is destiny
Close your eyes and kiss me once again
Knowing our Love is eternal!
