Unusual Women

Malkheej Singh has celebrated his 50th birthday. All those years that has passed he was alone and he even doesnâ t try to touch a woman to satisfy his needs. Every Sunny day he only dreams of satisfying his sexual needs. The stress and pressure on the psyche have few displacing behavior on Malkheejâ s own psyche. He started to satisfy his sexual impulse by putting dresses of women in dark night hours. For he purchased Bra, Panties and other accessories from the shop; or even tried to stole from his neighborâ s house.

Obsession in becoming a full time Transvestic fetish has been overwhelming Malkheej. But he never went to a mental professional. He also became voyeuristic, for it he made a hole on the wall to see the neighbor womenâ s half naked body. But she never became half naked. The hole was closed for ever. After his birthday Malkheejs mind became compelled to go as a Transvestic Fetish.

One Evening consciously put a womenâ s dress and Malkheej walked around dark corners of the street. After a few minutes of walking, in a corner few persons where sitting drinking liquor. They noticed a woman passing and were hypnotized by her beauty, and they planned to rape. They followed and took Malkheej inside a room with great strength and brutally attempted to rape. Shouted Malkheej in agony. â Stopâ â Enquire who I am..then rapeâ (putting tears) â or else you all wonâ t go for raping next timeâ sat Malkheej crying.
