Thankful ... for everything

I hate those days when I'm head over heals

I am an expert on how that feels

I always lose ... then I'm out of control

Faith is the answer , its my goal

With faith everything seems so brighter

With love in my heart , it makes me a fighter

I'm not weak because I feel strong

I am a person who make mistakes ... I can be right and I can be wrong

I am not perfect ... in fact no one is

If I dont aime right , I'm sure I'll miss

But thats the thing , we are all human together we stand

With forgivness in our hearts we will understand

We can't fight fire with fire then we'll get burned

Go along the right path , there is a lesson to be learned

Thank you ... when you used to encourage me

May you rest in peace , because the doors to a happy family are unlocked you gave me the key

Dear God I thank you for my family and friends,

I am thankful for what I've got...

Thankfull for the best family in the world

with great souls and hearts of gold

Thankful ... for everything
