sixteen moons, seventeen moons

Sixteen Moons

Sixteen moons, Sixteen years

Sixteen of your deepest fears,

Sixteen times you dreamed my tears,

Falling, falling through the yearsâ ¦.

Sixteen moons, sixteen years,

Sound of thunder in your ears

Sixteen miles before she nears

Sixteen seeks what sixteen fearsâ ¦.

Sixteen moons, sixteen years,

Sixteen times you dreamed my fears,

Sixteen will try to bind the spheres,

Sixteen screams but just one hearsâ ¦.

Sixteen moons, sixteen years,

The claiming moon, the hour nears,

In these pages Darkness clears,

Powers binds what fire searsâ ¦..

Sixteenth moon, sixteenth year,

Now has come the day you fear,

sixteen moons, seventeen moons

Claim or be claimed,

Shed blood, shed tear,

Moon or sun â destroy, revere.

Seventeen moons, seventeen years,

Eyes where dark or light appears,

Gold for yes, green for no,

Seventeen the last to knowâ ¦..

Seventeen moons, seventeen years,

Eyes so dark and bright it burns,

Time is high, but one is higher

Draws the moon into the fireâ ¦.

Seventeen moons, seventeen fears,

Pain and death and shame of tears,

Find the marker, walk the mile,

Seventeen knows just exileâ ¦.

Seventeen moons, seventeen spheres,

The moon before her time appears,

Hearts will go and stars will follow,

One is broken, one is hollowâ ¦.

Seventeen moons, seventeen years,

Know the loss, stay the fears,

sixteen moons, seventeen moons

Wait for him and he appears,

Seventeen moons, seventeen tearsâ ¦..

Eighteen moons, eighteen spheres,

From the world beyond the years,

One unchosen, death or birth,

A broken day awaits the earthâ ¦.
