What if, what if, and what if.....

If we were without love in the world
Everyone would be bitter people
And the world would be more filled with hate
And we would be useless
So you see we gotta have love!

Breaks up happens and new love form
But what happens if youâ re not over you ex?
Or youâ re scared to love again?
We need love in our lives
But Iâ m scared to love again!

I mean sure I can crush on guys
But do I really wanna go through another heart break?
No I canâ t handle it!
My heart isnâ t that strong
Why did I waste my first love on that jerk?

Anyways, love is important!
But how can I learn to trust a guy?
Maybe I will one day!
Who knows? I might be ready soon!
And I might find the love of my life!

But Iâ m too young to worry about the love of my life!
I still got three and a half years of high school left!
But why canâ t I get love off my mind?
Who knows? Who invented love anyways?
But hey, Iâ ll learn my love life sooner than later!

Ah, we gotta love, love!
Or is it even possible to hate love?
Ah, I hope I donâ t find out!
Why do girls mainly worry about relationships?
I know guys, love, crushes, and everything else!

What if, what if, and what if.....
