Now You Are Gone, Never To Return

I laughed. I asked you, " Wanna walk with me there?" You said "Sure! Pick ya up at your house!" And I smiled and waved. Smiled. Waved. So later, when you picked me up you were early. So we talked. We had a conversation. a conversation. Talked. We laughed. Together. When we got there, we stayed together. Together. Untill, for only a short bit, we were sepperated. Short. Bit. Then you asked me, " Do you, wanna... um... Do you wanna... go out with me?" And I laughed at your stuttering and said, " Um, do cats have tails?" You said, " Well some dont..." You made me Laugh harder. Laugh. Harder. Then I hugged you and said, " Yes!". By the time it was dark, we had to walk back to my place, it was dark. Dark. We walked with a few other guys, but we stayed near eachother. Yes, this was the best day of my life. And now, youre gone. Gone. Forever.
