How do i live like this

How do I do this? How can everyone think that this is easy when it isnâ t? What do I do? GOD Someone should tell me what to do, I canâ t do this alone, and I need someone. Can anyone hear me because I need to talk to someone? I hate living this life. I hate always wanting something but never being able to achieve it, or have it.

Why canâ t you just let me be the one to decide my own fate why canâ t you let me just live my life? Thereâ s a reason why I do everything I do. There is a reason why I am the way I am. Iâ m sorry if I am sad all the time, I am sorry if Iâ m a bitch and never think of you, but as you can see Iâ m a mess, and I need space sometimes, thereâ s a reason why I donâ t like talking about how I feel thereâ s a reason, why I ignore u nearly all the time and the when I want you I wonâ t let you go, Iâ m sorry, I know there should be balance but I just canâ t do thisâ ¦. I want us to be happy I want us to be loved together I want our families to love each other and let them see how happy we are together. But that isnâ t enough and I donâ t know what is anymore, I want to be happy, and I am happy with you, but I donâ t know how to do this anymore. Itâ s funny you know the fact that when I told my parents I was bi â ¦.. They were you know weird. Like they were ok with it but made sure that I donâ t do anything stupid like have sex with a girlâ ¦ and I find it excruciating cause they reacted completely different if I was going out with a guy. I know at the time I didnâ t care I just wanted to be with you and thatâ s all the mattered in my life... But now I have no idea what I want anymoreâ ¦. I want you but I canâ t have youâ ¦.

But u knows why I canâ t have..? And no itâ s not just dad oh thatâ s a reason alright but it is not him... itâ s meâ ¦..

when we were kissing and all that and how I tried to get your shirt off but you wouldnâ t and even this wouldnâ t have cared cause I wanted you then, I wanted you soo badlyâ ¦ like badly but I rolled over thing oh god, I donâ t want to do this yet I soo badly wanted itâ ¦. Iâ m scared of getting close to you... like really close to you? /

And I hate that itâ s hurting you... it may sound and look like Iâ m a slut or a bitch or whatever you guys call it these days but Iâ m hiding my feelings I have been for a while nowâ ¦. â ¦.?/

Iâ m not good at showing or telling you how I am... I just go silent and think â ¦. Think what would happen if things had all change â ¦? If we didnâ t have to go through with thisâ ¦ if I didnâ t grow up the way I did â ¦. I would have been able to at least get even closer to you... but Iâ m scared Iâ m scared... that its gunna hurt meâ ¦. that your gunna hurt me... I canâ t get hurt I donâ t want to get hurt but I have no idea how to show you or tell you my feelingsâ ¦? /

Iâ m not social able, I like solitude... and I think about death everydayâ ¦.. Sometimes I just wish that I had a normal life with a pair of normal friendsâ ¦

Iâ m not normal Iâ m crazy, and insane, and I donâ t understand why you of all people would want to be with meâ ¦.? I donâ t understandâ ¦ it

I donâ t understand love, its twisted, and this is the way I feel... but I canâ t tell you, cause I have no wordsâ ¦..this is the way that I feelâ ¦now that you near me, that I start to remember that I want you..

But I try to act normal, like nothing is wrong, like Iâ m trying to move on, but I know you know better. I just have no idea what to do any more than what u know youâ ¦ Iâ m happy that you care about me but I

donâ t understand any of it ..:P I donâ t understand .. How you could love meâ ¦â ¦?
