the maze of death

" Why?" Asked four year old Jack.

" Because," The old man continued, " The boy wanted to find his father." and as the old man said that.....

"MEEP! MEEP! MEEP! MEEP!" Jack arose, shutting off the alarm clock. He looked around, realizing he was his old self. He sighed, slowly getting up.

"Time to go to school." He muttered under his breath, "Just great." So he got up, got dressed and left.
