## **Book review - The Eye Of The Serpent!**

Well I am reviewing a popular childrens book the eye of the serpent. To be honest I found the book simply boring! Nothing that I had never read before. The way it asked you questions through it started off to be quite clever but after a few times of it I was annoyed. Some of the plot was rubbish for example the young detective Saxby Smart went into a post office asking for someone elses confidential information. Anyone would know you can not do that. If I were to name that charector he would be called Saxby Unsmart! My rating for this book would have to be one out of five stars! Sorry simon not your best work!!!
