Tims 1st day.

## **Tims 1st day.**

Tims dad had got a new job so the family moved home & Tim was going to start a new school, he had only been to one school so far & he was a little scared. Tims mum said your 6 now Tim your a big boy so dont be scared & kissed him on the head , she took him to his class & when another child spoke to him she said good bye & told him to have a nice day The morning went well for Tim & he made a new friend called Benji , at break time Benji asked Tim to play football in the playground, they were having fun running around & Tim wasnt looking where he was going & bumped into another boy, sorry said Tim but the boy looked at Tim & said your the new boy arent you, yes Im Tim, haha said the boy dim Tim, Tim was sad & walked away but the boy shouted loud DIM TIM & everyone laughed, Tim started to cry & the tears rolled onto his lips which were sore from the cold, now he was sad & didnt feel like playing anymore. At home time Tims mum could see he was sad & asked what was wrong, Tim told her what had happend so she went into the class to talk to the teacher. The next day the boy was made to stand in front of the class & say sorry to Tim . At break time the boy walked upto Tim & Tim was a little scared but the boy just said nicely can I please play football with you & Benji, Tim said yes & now has two new friends . THE END :).
