Ode to the Peace

Darling, don't cry,

I am here with you,

I see the Light -

I do love you.

Yes, let's forgive

The pain that we've had.

Yes, let's forget

All what was bad.

We can't be free

If we don't really want.

I am just me -

No, I won't

Live with the hate...

Die from the War -

Is that what We want?

Is that what We are here for?...

World, please, don't cry,

We are here with You.

We see the Light,

We know what's True...
