what is a life

life is very complicated everyone of us dont to be die everyone want to live but the life is just like a race everyone wants win and go further from others... this life teaches us so many things.... question is wht we should do in this life??? we have to spend this life for beneficial for ourselves as well as for others.. there are so many hardships comes in evryone life but we have to defeat these hardships by our strong mind..

what is a life

what is a life
