Crazy World

Crazy World

**Crazy World
Itâ s funny how**

The universities are still in business

Of producing graduates

That speak funny English

And hardly make invention

And the stock market falls

Down street tumbles

That lets people buy

And make profit

Like grandpa used to say,

True intellectualism died

In the year 1929

With the rise in acumen inflation

It was then that

This Federal Reserve of Ignorance

The true villain of this quandary

Traces its genesis

Hope that explains succinct

This universal impotence
