Sexual Writings

College Tutor

There was this tutor at college that tutored me she was so fit she was 26, had a nice ass and massive boobs they must have been at least 32GG. So I mean they were huge. I got hard quite a few times in her lesson because she always wore low cut tops and sexy skirts which had me so hard and horny. Also she has nice hair and a nice face which also was good. Her whole body was hot.

if she bent slightly over me or in front of me I got a great view of her awesome cleavage and if she bent over slight or a lot, I got a great view of her ass. I used to masturbate over thinking about her big boobs and nice ass and also her body in general.

Karen Gillan

I thought that Karen Gillan was hot just watching Doctor Who. I was so wrong she is well fit. Her racy and raunchy lingerie pictures in an issue of free tub magazines Shortlist. In these pictures she is wearing a tight vest and what could be seen as black knickers whilst in most of the pictures showing off her lovely long and sexy legs.

When Karen Gillan was first in Doctor Who of which I am a big fan of, acting alongside Matt Smith she looked so hot in a kissagram police woman outfit. Her long legs in those black stockings/tights got me hooked on her from her first scene.

Stacey Poole

Stacey Poole, one of busty girls in Nuts magazine who is hot and sexy. Her bra size is apparently 32FF. This indicates that she has huge boobs. Stacey also has sexy long legs, a nice ass and a fit body.

Girl at College

A girl who used to go to my college, was visibally very busty. I mean from looking at her you could easily see that her breasts were massive and beyond, She must have been at least a huge GG cup size or a whopping H cup size.

Busty Corset

I got a bit hard the other week when I saw an attractive friend of mine, I got hard because I could tell she was wearing a corset under her dress, of which the torso section was quite revealing. The corset made her big boobs be pushed up and made them look massive from all angles.
