

Best Friends Turned Lovers

By : [VorakittyMist1865](#)

These two best friends are the closest friends you could find. But they start getting a little closer when they find out that they kind of like each other & they decide to experiment a little bit. Will something really spark between them or are their feelings just a figment of their imagination? Warning: What you are about to read is extremely graphic. This story is not intended for children under 15. Proceed with caution.
