

Boobless Women

By : aruntp

Boobless women is a symbolic representation of a man's psyche which carries a woman and who walks fast and aggressively in the mid of the crowd with an organ of lust.

Boobless Women

She has not cared her boobs;
She never care its look;
Walked fast and aggressive in the crowd;
With her flat chest too hairy.
Powerful she thought, in the Muscles too thick;
Large and fantasized tough and strong;
She pushed her chest for somebody;
Take it, if you want? It can squeeze you.
Scanned the crowd, with her eyes like eagle;
For all large boobs passing by walked firmly;
She squeezed, fondled and liked which all she saw;
In the mind she fantasized and masturbated in darkness.
She has a lust for boobs, that never she had;
Jealous of it, she was sleepless;
She needs boobs so large, in her;
In the bed through out the night so long.
She went blank while looking beneath;
There was a large penis erect within her;
Envied the crowd passing by;
Carrying with her from the moment of pain.
