Hourglass Sands

*Drink from my mouth, in dream,
Remember my skin
Sweetly ~ ~ ~*

*A muted brush
Cascading, distant
Elusive;
A shiver, quiet
Tendrils your ribbon
Suckling my whispered thought...*

*I watch you, watch me,
Light the earth of your body,
Delicately fierce;
My love pulse
Freeing your breath,
Hot and dewy
Beneath the circles of my tongue...*

*I stir your fragrance
Bathed down,
A carnal musk;
Where the dip of your finger
Slides the sugared flower;
A shiver-pour,
Divides, wet,
Smiling against melting
Nectar waves...*

*You seduce liquid pleasure
Driving madness
Unfolding velvet,
Tasting fragrant juices
Upon lips waiting
Your mouth feed,
Where I quiver-tremble
In your breath...*

Hourglass Sands

*Quicken this ache
Rapture my dawning;
Your pounding strike;
A burning brand,
Golden shatters
Stroking relentlessly
Where
Rapture's scream
Begs evocative...*

*Deep-throat's torment;
Ecstasy!
Summons my feral,
And I moan
Against you as you mold me
Suck,
Lick,
Bite,
Peel me down,
Covering me in molten fire,
A slave to your flesh
Unfolding,
The vein of silk,
Soft
Against dire flesh...*

*Crimson screams
Encircle
Flesh
kneading, needing, hard!
Between gasps of skin
Exquisitely distressed,
Curving my spine
Your body
flowing in mine...*

*Remember this place...
where moon was
Light as shadow
To the efflorescence
Of tender embrace
Eternal
In hourglass sands.....*
