Don't Forsake Me, Take Me

Don't Forsake Me, Take Me

Into a world of pleasure

Into a universe of passion

Into the magic of love.

Your touch is worth a thousand deaths

Caress me softly

Bring me down to your world of darkness

The place I long to be.

I yearn for you to hold me

Your sweet breath upon my skin

Your lips upon my chest

Your fingers dancing across my side.

I crave to feel your skin against mine

In the heat of passion make me yours

My body is your temple

Don't Forsake Me, Take Me My Love

Don't Forsake Me, Take Me

Don't Forsake Me, Take Me
