SEX SCENE:COCKPIT

Peter wasted no time taking her panties off, with his middle finger he started rubbing her clit in a rhythmic motion, occasionally sticking it to da pink.She unbuttoned her shirt with one hand and with the other starting taking his pants off. the look in her eyes was cock-hungry and she was on a mission. As he groped her D-sized melons, that pussy was dripping dividends until she couldnt handle it anymore, so from the standing position she grasped his cock and slowly slid it inside of her. the juices welcoming the hard willy with warmth.Peter could feel his dick getting harder and harder for this chick when all of sudden...

Pilot:attention passengers! we'll be experiencing heavy turbulence for the next 20 minutes, in other words; stop fucking her and siddown!!

But Peter wasn't gonna listen to that fuckface, oh no! he was determined to fuck this babe for as long as need be, this confidence surged through his brain down to his shaft as he now pounded her (as the frogs would say) "style de dog", she moaned vigourously as every inch of her slit was being filled with meat. Peter began fucking her tight tits as he could feel the sensations locking in...it was almost time...this is it!!! he screamed. She was on her knees dripping wet as she opened her mouth expecting a load of cum. He aimed the gun and BOOM! HEADSHOT!

Peter: keep the change ya filthy animal

Pilot:ATTENTION PASSENGERS! THE PLANE IS GOIN DOWN MUTHA FUCKA! WERE FUCKED

Peter(as he sees a parachute right next to the now unconscious stewardess):Bonus! Im getting the fuck out of here, thanks for the fuck babe

Peter grabbed the chute, Zipped his pants and headed to the airseal door.Opening the door and jumping out he realized it wasnt a parachute but a backpack full of cutlery and bacon bits. Terror shot throughout his freefalling body as he thought,"atleast i wont die a virgin" but his heart was pumping too fast compared to his breathing and it was only a matter of time before his vision started getting darker...darker....darker and...out!
