Pussy Spanked Like Crazy

Miguel was a sexy man, very dominant. He and Clarissa had been dating for over a month now-with nothing happening. Clarissa was just about to give up, when Miguel came to her house one evening with a duffle bag in hand.

"What's in there?" Clarissa asked.

"Sex toys," responded Miguel, "I hope you're into BDSM". He gave a little smirk.

Clarissa nodded. She had only done a little light BDSM, but what she didn't know was how much Miguel had in store for her tonight.

"I like getting my pussy spanked," she responded. Miguel's eyes lit up and he grinned, "Oh-my dear," he chuckled, "You have no idea how much that pleases me," Clarissa pondered what Miguel meant, and she lead him to her bedroom where she promptly took off her clothes and lay with her legs spread on the bed.

"Ah, ah, ah my dear," said Miguel now naked before her, a handsome specimen-tan with golden hair and ravishing green eyes. You'll need your collar first.

Clarissa jumped, "Collar??" she said,

"Tsk ts, you must obey, and he took out a small flogging whip. "Oh!" Clarissa cried,

WHIP!

He whipped her straight onto her pussy, which now glowed red hot, and her clit swelled tremendously.

Clarissa let out a quivering moan.

"Obey me," said Miguel.

Clarissa nodded and put on the collar, then Miguel got out restraints and a spreader bar, and spread her legs and bound her hands. Finally, he blindfolded her. He then took a fine look at her pussy, pink and glittering, with her clit exposed to the open air, just waiting to be tamed. He smiled.

"What a good girl," he teased

Then there was a pause, during which Clarissa uttered, "I thought you were going to whip me again,"

"All in due time my dear," Miguel smiled, he secretly brought out an assortment of spanking and whipping tools out of his bag.

He decided to use the snapper first, which made a delicious snapping sound when spanked, but was gentler on the more sensitive female parts.

SPANK

"ohhhhhh!" Clarissa Moaned with pleasure,

"Again, please, again!"

WHIP

this time he whipped her with a crop. Clarissa yelped and was delighted at the time her senses heightened, "What is this man doing to me?" she wondered, she wanted him to dominate her so bad. She hoped his penis would soon become hard enough where it needed release, and would enter her already oozed up vagina.
