These stories are for adults. I use these as writing exercises for the novels I am currently working on. They are works in progress and are designed to grow and get more grammar correct and sexual hotter over time. I hope you enjoy. Thank you.

## If These Walls Could Moan

Dear lover,^

There was ice in my voice as I did this for the first time. I took a great leap when I came out of my shell and started to evolve. You^ were^ transforming me into the greatest lover you^ had ever known. I was on fire from the time I told you^ I'd follow you^ down this road of seduction. I was on fire...

You whispered,^ "What do you want to do now that we finished putting the laundry away?"^

"I'm going to fuck you like it is the last day on earth," I answered.

I laid you down on your stomach. I grabbed your ankles pulling you toward me. I chain you to the bed as I spread your long smooth legs. You said you would do anything for me, and now, you were hesitating. I could read it in your whimpering eyes as you looked up.

I blindfolded you, then asked, "Can I record this baby?" I placed our camera near our bed, checked it, and searched your eyes for approval.

You said, "Yes, just the thought of recording us having sex is making me hot!" You recently had your hair done. Your new highlights looked amazing. Your purple fingernails matched your blouse. The rose tattoo on your left wrist reminded me of the night we got it inked in. That night we made love until three am. That night you had squirting orgasms until we both lost count. I felt like a king when you came so hard. I loved watching our sheets get soaked from the pleasure you felt when I flickered the tip of my dick over your sensitive clit.

I threw the empty clothes basket off the bed, picked you up, and threw you down playfully. You looked up dazed, undid your pants, and pulled them down around your ankles. I ripped off my shirt. My tight abs were wet with moisture.

"Are you ready baby?" I asked, as I ran my tongue up your spine.

You moaned out a gentle, "Yes," shaking under my control. "I've been waiting for this all week."

"You've had a long week huh?" I mocked.

"It has been simply horrible. Now, I just want to be in those strong arms of yours," you reply.

I pulled you in close. I could feel the warmth radiating from between your legs. I ran my hand between your thighs. You were hot all over. You quivered as I pressed my hand hard into your crouch. I loved turning you on. You always get that extremely innocent look in your eyes.

I ran my muscular body over yours, breathing in your ear as you shook and squirmed, trying to control the slow building tingles of excitement that crawled up your inner thighs.

I ripped your red panties off and felt how wet I made you feel with each sensitive slow and loving touch.

Your tied hands fought to be unleashed as I licked every inch of your backside and targeted your love button as I lifted you up off the bed. Pleasure sensations ran over and over your whole body as I teased you slow and steady in circling motions with my tongue as you quivered and shook and moaned for more.

"Oh baby don't stop," you gasped for air.

"Did I tell you to speak," I warned, in a firm commanding voice.

I smacked your ass hard as you screamed with pleasure. I rubbed away the short pain and slid my finger back to teasing you till you started to pant and breath heavy for more. You loved my close delicate attention. I oiled and massaged your back, sliding comfortably over your ass, and played with your clit. My large member slid back and forth over your perfectly round buttocks, while you ground your ass up against me. You squirmed, trying to angle yourself just enough to allow me a deep throbbing entrance. You moaned, as I entered slow and steady, opening your tight love box with my thick hard penis.

You whimper, "Oh yes, baby, please don't stop."

I pulled your hair, while I made you suck on my finger, erotically tasting our excitement. I shook and pulsated to the sound of your wonderful first orgasm.

You rolled your hips back, up against me hard and fast, as you started to scream louder and louder. I watched you black out from a second eruptive burst of pleasure. Your pussy wet my dick like a squirting fountain. I slapped your ass and you come back to be, yelling, "Oh God yes, I'm cumming again." I bit your neck and watched you spasm in satisfied relief.

You said, "I love it when we role play," and "You drive me crazy."

My long hard dick jerked and shot big loads all over your ass. I fell down on top of you hard like an object from space. I took off your blindfold and looked deep in to your eyes as I met your lips with long soft kisses. I sucked on your bottom lip just the way you liked it. I unleashed your legs and let you crawl in to my strong

large arms.

You Said, "You make me feel safe in your arms."

I said, "You make me forget about the pain I felt from all of my "failed" past relationships."

I loved it when you shook in my arms, satisfied. That steamy look in your eyes completed me, and nothing besides your happiness, mattered. To me, you were seduction. Each day, I grew stronger. I loved the sun, for waking me up next to your sensual beauty.

You said, "If these walls could talk..."

I interrupted, "they would moan."

I relaxed a bit, pulling my large cock back in my pants, and said, "Our sex life would make for great stories. Don't you think?"

You didn't answer, which means you didn't say no...So, I started this online book for you. Not to get famous, but, because you are so precious to me, I wish I could buy you flowers everyday. This is the least I can do.

You said, "Fuck me again like the world is going to end."

I said, "With pleasure." I bent you over and slid my four fingers inside you tight pussy. You came squirting liquid back against my legs. I kept doing it until you collapsed. You were exhausted. I felt like a God. Better...I felt like your king. I knew there was more to come in the future. Our future looked bright like crazy stars and I smiled thinking of what would come next.

I have the greatest lover in the world, the best woman in the universe, because she makes me want to be a strong commanding man. The way she let me fuck her in the shower in the next story doesn't hurt either.
