## Popsicles and Pussy

She was standing by the sink in the kitchen running an ice cube down her neck. If cooling off was what she needed I was gonna help her out.

Taking a popsicle out of the freezer "I'll scream if you scream after I fuck you with my ice cream. "

"Um... no Jaxs."

She was trying to get away from me and my popsicle by going to the other side of the table "Really Lil you're gonna make me chase you down? You know you want me." It became a little chasing game around the table. Her giggling and me not giving up.

But I caught her and pushed her up on the table "What if they get up and come in here Jaxs?"

"I guess you better be quiet then and not wake them up."

Rubbing it across her lips then licking the juice up. We were both licking it at the same time then sucking the cherry flavor from each others tongues.

Laying Lil back on the table making a red trail of popsicle from her neck down to her breast. Her nipples were so erect from feeling the cold against them. Her body felt so warm as it melting quick. Letting drip into her belly button for my tongue to lick it off her body. She would shiver when I put it on her skin and let out a moan when my tongue would go to that same place.

Rubbing it on her pussy lips made her arch her back off the table and she was getting kinda loud. I put my hand over her mouth and whispered in her ear "Shh babe. You're gonna get us busted."

Going back to what I was doing. Teasing her with it and licking up her pussy juices with the popsicle. Squirming around and she was begging me to fuck her "After this goes inside you I will."

Lil was screaming when I slipped that cold popsicle inside her hot pussy. I covered her mouth again. It sounded more like loud whimpers coming from her now. I only did it a few times until I stuck my cock inside her. She was already clenching down on my cock to cum on me. Feeling the cold chill on my cock from her pussy for the first few thrust that I made inside her.

Helping her off the table. I sat down on the kitchen chair "Suck me off babe."

I love it when she's really is in to sucking on my dick. She sucking me like you would a popsicle. Her moaning on my cock felt like a vibrator on it. When she took my cock deep in her throat, I was gonna cum. I was trying to get my cock out of her mouth but she pushed my hand away. She swallowed all my cum then licked the head of my cock clean not wanting to waste a drop of it.

We were more of a sticky mess than Abel was when we got done with his ice cream. After taking a quick shower we went straight to bed. This is one of the better days that I've had in a long time.

**This is a sample of the smutty goodness from my story; Ricochet Of Love.**
