Tales of the fucking goddess- The interview

Mrs. Elena Pious find herself with a lucrative job offer that is just away from an interview...

May I come in? I heard a soft voice asking me. To which I replied yes and saw a beautiful young lady, maybe in her early twenties entering my office with a briefcase styled file in her hand.

She closed back the door behind her and came and stood in front of my table. She was about 5 feet tall and could barely touch my shoulders even with those high heels, but had nice slender legs with well proportioned ass which I could make out through her fitting denim blue jeans and had a pretty face to match it. She wore a slightly loose fitting white tees and I could clearly say that she was a generous B-cupped lady which suited her figure very well.

I ordered her to sit and asked her the reason of coming here.

“ I am Mrs. Pious and I am here to apply for the post for Customer Service Executive” she said in quite steady voice but I could see the nervousness in her. Well it’s quite appropriate to be nervous around me. After all I Mr. Robert am the MD of the Red Matrix Financial Estate. I have such a good physique and personality that can make any women wet just with one glance. I have the power to make or break people’s life. But this lady here certainly has a charm that can make any men go weak to the knees if you know what I mean and would not mind to fuck her right now.

“ As far as I am aware there is no opening in that field, so I think you should leave” I said to her bluntly thinking what a waste of time it was.

In a hasty voice she informed me that Mr. Pious her husband, who is Clark in my office, has sent her for the interview.

Ahh! Now you’re talking sense lady. Yes, Of course, please be seated. Which she did and she handed me a CV.

I just took a glance at it clearly showing off that I am not interested in the CV and said to her in bored voice.

Listen Elena I said to her, I don’t have time to waste; I will get straight to the point. This post is just for the name sake. The actual job is to satisfy me, few of my friends and many of our priority clients. In other words we will hire you like a whore. You may have to take a group of 3-4 clients together irrespective of gender and also may need to work over time according to the needs. But the salary slab is very attractive & for every OT you do you will receive bonus for the same. If it alright with you we may continue to the mid stage of interview otherwise get out of here. Your dickhead husband knows about it but I don’t think he must have told you as I don’t think any men can throw their wife into such thing on purpose.

And for the very first time she spoke in clear bold voice, “ I’m aware of this entire thing Sir and I’m ready for the next stage which I guess is heading to the bed. I’m fully prepared for it” .

I could not believe my ears; I never expected such a decent lady would do such a thing. Of course I have many other girls doing same thing for me, but mostly they are single, divorcee or cheaters. I could hear my heart beating in enthusiasm.

Tales of the fucking goddess- The interview

As I was about to make a move I got a call from Mr. Tom my manager & my good friend that I have a meeting in an hour.

â One hour ha, thatâ s enough time to bang her backdoorâ I thought to myself and took her by her hand to the adjoining bedroom with a king sized bed. You know it always comes handy to ease a dayâ s stress with the pussies that hover around me.

Again I could see her nervousness of being in unfamiliar scene. I went to my drawer, took out a scissor, kept it on the bed and pulled her close to me near the bed. With both my hands I tore her tees into pieces, and then I ordered her to take of her pants. She was clearly scared & confused as she did not know what was happening. She slowly took of her pants and I immediately cut it into pieces with scissor. Then I tore her bra and a panty for I knew that she wonâ t require it rest of the day & even night. So she was there standing nude for me, to feast upon.

I like tearing the girlâ s clothes when we have sex for the first time. It gives me unknown satisfaction.

I quickly undid my suite, shirt and pant and threw them on the nearby table lamp as I would need them again. I saw her staring at me; my well build tanned hairless body. I saw her looking at my manhood and started coming close to me. I touched her shaved pussy and could instantly sniff the arousal.

I pulled her close to me, so close that she could feel my growing bulge. I hugged her tightly and kissed her lips hungrily. I slowly entered my tongue in her mouth and started having a tongue fight. Mmmm! I could taste a hint of malt whiskey and it was intoxicating me. I continued to kiss her passionately along with caressing her rosy tips of her prunes till I was breathless. I could hear her moaning in my mouth.

I started kissing her neck & then her nipples which were erect now. I licked it, sucked it and purposely bit the right one so that it leaves a mark to show her husband my lovemaking style. Let him also know that this lady will be handling an alpha male now. I slid two of my fingers into her pussy to find her freaking wet. I tried to finger fuck her for a while and could see her biting her lips out of euphoria.

Now it was my turn, I pushed her on the floor so she could kneel and told her to give me her best blowjob she can as this will determine her salary. She took my wand with both her hand and opened her mouth to take it in and before taking in she pushed the skin slight. She started licking the head and rolling her tongue in a circular motion. She slowly started caressing and squeezing my balls alongside and God! The pleasure she gave me felt so erotic. I could feel my urge build up, so I pulled her hair and started fucking out; I could see her getting Gag reflex but was too busy as I was close to Cumming. And in no time I shot my gigantic load in her mouth and she drank every drop of it. Quite a dopel I must say. That was quite a brilliant blowjob.

Again she started with her hand job and blowjob and in no time I was ready for the second round. I told her to get on the bed and get on her hands and legs so that I could take her in the dodgy style. She slowly got up looking at me slyly in a way teasing me and went to the bed jiggling her buns. Man! I say this woman has nerves to do that in front of me and me like it.

She did as I ordered her. I slapped hard her ass cheeks & without warning I rammed my whole 7 inch inside her cunt. I heard her moan loudly. Thank God my office is sound proof. I gripped her hip tightly, & started fucking her, every time I pulled my dick completely out and then jammed it completely in. I heard her hiss and moan and got more aroused. I still kept the same pace until I heard her say â Fuck me hard and fast like a bitch, fuck me fuckâ . I didnâ t need such request to be told to me twice. So I gave her what she wanted and we both came together.

I withdrew myself out of her and sat on the bed to get a breath. I made a call to Mr. Tom to come to the bed room. I saw that Elena had collapsed on the bed. So I went to the bathroom, cleaned my self and got dressed up. By that time Mr. Tom came inside the bedroom and saw nude Elena. By now he was used to seeing nude girls in my office. I saw him literally drooling when he saw what he is about to get.

Then I introduced Elena to Tom and told her not to feel shy as from now onwards this will be her job.

I told Mr. Tom that he can give her sex training & make her aware of the rules by the time the meeting is over and also to inform Mr. Pious that Elena has night duty to do and she will be dropped home after midnight by company limo.

After that I announced him that I will give him a call to bring Elena as she is to the private conference room so that other BOD can meet her and then have a contract signing ceremony. (A ceremony where, all the 8 members of the board of directors will have to fuck her to seal the signing of the contract)

With this I gave a wink to Elena and left for the meeting as I saw Tom getting in his birthday suite.
