Maybe Yes, Maybe No : Chapter 1

Hailey scowled at me.½

What had I done to her½this½time?½

~ Pause the Story ~

OK, you're probably thinking, what is this? Well, Hailey is like my arch enemy, I hate her, she hates me. She is obsessed with herself, hair and make-up. She thinks that everything that happens to her has something to do with me, unless it's something good.½

No, I don't½try½to hurt anyone, It kind of just happens, I guess.½

~ Back to Story ~

I thought back to anything I had done this week that could possibly do anything to her. Nope, nothing came to mind. Maybe she was scowling at someone behind me. I turned around. No one. Dang it!

"What's your problem today, Hailey?" I asked.

"Oh, don't act all innocent!" She shouted.

"What are you talking about? I didn't do anything!"½

"Yeah, sure you didn't."½

"I swear I didn't."

"Let me jog your memory."½

Hailey turned around.½

I couldn't see anything out of the ordinary.½

Just then...There it was. A bold spot.½

"Is that what you're talking about? The bold spot?" I asked.

"So you do know what happened?"

"No, but I can see it."

"If you didn't do it then who did?"

"I don't know."

I hate Hailey. She makes me feel dumb when she asks dumb questions. She is the one being dumb, but I'm the one that feels dumb. It's just not right!

Maybe Yes, Maybe No

I feel sick just staring at her and, admittedly beautiful face.½

"Carly, just admit that you did it!"

"Tell me what happened and I might know who did this to you."

"Of course you will, because it was YOU!"

"It wasn't!!"

"Fine! If you're going to stick to that story, I will tell you."

"Thank you."

"OK, so what happened was...Sebastian and I were getting slushes at the mall. We ran into my friend Callie. Sebastian was getting all lovey dovey around her so I had to make sure I could get his attention again. It was no use, he was obsessed with her. I had a chat with Callie, I told her to STAY AWAY, anyway, she didn't take it very well and she and Sebastian left me at the mall alone. Later that night, I was sitting at my mirror and saw the bold spot at the back. That's all I know."½

"Hmmm..."

"So do you know who did it now?"

"Maybe. I think Callie was a little jealous that Sebastian would go back to you, so she shaved a bit of your hair, hoping you won't find out until later, and Sebastian would think you too ugly to go out with ever again."

"I don't think Sebastian is that shallow."

"Yeah but I do."

"Fine, I will talk to her."

"She won't admit it right to your face. You have to catch her in the act."

"How? She has already done it!"

"Get some extensions and talk to Sebastian. She will get jealous and do it again. I will be following her and you until it happens. Then we will know."

"Ok."½

"Do you think it will work?"

"Well, do you think Callie would do that?"

"I'm not totally sure."

"Well she is your friend!"½

Maybe Yes, Maybe No

"Still."

~ Pause the Story ~

Thanks everyone for reading the first chapter of my brand new series - Maybe Yes, Maybe No. The title is a little strange, but I hope it catches on. The next chapter will be out soon, who knows, it could be out by the time you read this.

Chapter 2

Before I start going on about Hailey and I working on proving that Callie gave her the bold spot, I have to tell you that this is the second chapter of my story, and if you want to know what happened in the first, click the 1 button up there ^ to check it out.

OK, now I can tell you about Hailey and I. We proved it and Callie was sent to detention after we told the principal. She was cursing at everyone she saw. She cursed at the teachers and other students and even little pets. Poor puppies. I heard some kinders crying. Oh, if you didn't know, my school is from Kindergarden to Year 12.

I not really sure if this is the truth, but Hailey and I might actually be friends now. She hasn't said anything about it, but we were both having so much fun while catching Callie in her act. Again, if you want to know about the act, go to chapter ONE.

~ To the Story ~

Callie is still in detention. I saw her through the window, throwing chalk at the board. I felt kind of sorry for her. But she isn't the type of person that would usually...be bad I guess. She wouldn't get so worked up and jealous over one guy. Unless she has been in love with him since she was little, if that had happened to me, I would be just the same when it came to going out with the guy.

Hailey invited me to sit with her at lunch. Maybe we are becoming friends now, but maybe not. ./ It's all so confusing! I just love that she can't admit it. It makes me feel...coooooooooooooo!

I sat with her. She ate so differently to me. She was neat and didn't get anything on her face. I hate like a pig and was covered in mustard and sauce. Why can't I be like that?

If you don't already know, Hailey is a bit of a princess kind of girl. She loves to be pretty, dress nicely and stuff like that. I'm not the same, and if she cares, she hasn't said anything about it.

Today Hailey showed me what she had on her phones. Her phone is the new iPhone 5. I have a crappy old flip phone. But I still love to know more apps. iPhone and Androids have different apps, but some of them are quite similar. So I got some cool ones.

1. A better quality camera app
2. A game called Happy Jump
3. Minecraft :)
4. Write2
5. GOGIRLS

Author Note: I know some of these are real apps, but some aren't android. Happy Jump is android and so is Minecraft (only some androids) Write2 is a ipod/ipad app.

~ Back to Story ~

Maybe Yes, Maybe No

I felt real around Hailey. She is a real friend, unlike Callie or my old friend Melissa. Melissa is another story ;) Not telling about her until I feel like it. But you should all know about Callie, unless you just skipped to the bottom of this chapter.

"You are my friend." Hailey said out of the blue.

"Huh? How did you know I wanted to know?"

"Can't tell you. Sorry. But I know."

"Well thanks. It was really bugging me not to know."

"Laugh out Loud."

"Is that what they say? I thought it was just LOL."

"Yeah it is, but I like to change things. Be my own person. No point in being Born Original and Dying a Copy."

"You know what? That's really cool. I'm going to say that from now on."

"Ok."

I hugged her, and surprisingly she hugged me back.
