By : Zexion

Umi and Scarlet Crosszeria were from a duras(demon)clan that was labeled as traitors. As soon as a offspring is born into the Crosszeria clan they are marked with a double 'X' that is placed on there left shoulder. Normally duras don't get to see their family but Umi and Scarlet were never parted at birth. Though the two looked alike they are not twins. Umi grew up to be a slave to the Demon King and there is where she met Luka and befriended him. Scarlet world for the Demon King as a general ranked officer with Luze'. Scarlet fell in love with Luze' but he betrayed her in the end. When Luka left Infernus (demon world)Umi followed shortly after and Scarlet followed her, feeling like there was no point to staying Infernus. Umi and Scarlet were separated from Luka to only be brought back together by Yuki....then years passed.

### Chapter 1: So We Meet Again

I found myself sitting on the castle-like part of the mansions' wall. I was looking out onto the garden, until my sister Scarlet walked up to me with a smile on her face.

"Yuki is coming here to Twilight Hall tomorrow" she said with one of those I-know-something-that-you-didn't looks. I didn't say anything like I normally do not. Scarlet sighed walking away with a frown on her face. She must of ran into Shuusei because he came to talk to me next.

"Are you hungry? Is that why you look so sad and hurt?" he asked looking at me.

"no, I'm waiting for Yuki to come home. I miss him badly...." I said looking at Shuusei "I might not be a zweilts like you and the others but Yuki means a lot to me, Scarlet, and Luka" I continued before looking out onto the garden.

"Well at least your not missing Infernus" he said smiling. I looked at him and laughed

"I will never miss that hell-hole of a world ever again in my life" I said taking in the details of his face and hair. He had hair that was brown and golden-brown eyes to go with it, I never seen anything like it on a human.

Shuusei stood up and looked away from me and the garden.

"Umi if you ever get hungry my necks open to bit down on" he said walking away. A smile grew on my face but it quickly disappeared.

I got up and walked to the tower of the mansion. As I walked into my room and noticed most of my room's colors are black and purple. The bed is king sized with dark purple sheets and a black comforter with purple pillows. The sofa and chairs were black famed in golden vines. The blinds covering the window was black as well. The walls and carpet were purple.

I walked over to my bed after shutting the door behind me. I laid down on my bed thinking that I never had a bed like this in Infernus. The only person to know my pain is Luka. We were both slaves to the Demon King growing up.

I closed my eyes as I sighed"Luka...". I maybe slept for 20 minutes before I felt a hand on my shoulder. My eyes flickered open and I sat up in bed.

"What?" I whined still feeling tired. A soft and low sigh came to the right of me. I turned my head as the person sat down next to me. My head found his shoulder. i felt his hand running through the back of my hair.

"Umi you haven't ate in 3 weeks. Are you ok?" Luka's voice was low and filled with concern. I moved my head away from him to look at him in the eyes.

"No, I'm tired 24/7 and I feel like my soul fading away quickly" and as soon as I said that Luka cut his neck with his fingernail.

My mouth instantly found the cut and I sucked his blood. See female duras(demons) has to have blood to live in the human world I feel so foolish to forget that. As I drank Luka's arms wrapped around my waist to pull me closer so that I can bit deeper down into his neck.

When I was done 'feeding' from Luka I moved away a little to look at him. What caught me by surprise is that he was looking at me as well.

"L-Luka?" my voice was soft and quite. I watched as Luka's hand moved the hair out of my face. His touch was somehow warm to me. As he leaned in I moved quickly away. The frown on his face wasn't a surprise, he always frowns.

"I'm sorry Luka but I know you like Yuki and not me"

"Calm down Umi I just wanted to lick the blood off your mouth" he said sticking his tongue out and licking the blood off my mouth and than he kissed me. As I kissed him back his arms pulled me closer. I knew it was wrong that I was just a play thing because Yuki was a boy and not a girl like last time, but the sweet taste of his lips were to good.

It all ended when my sister Scarlet walked through the door. We both moved away from one another quickly as possible Scarlet walked over and sat next to me.

"Feeling better since you feed off of Luka Miss. Virgin Grumpy Gills" she said smiling and giggled. Sad fact is she right I'm still a virgin, kinda ironic being a duras and all. My face displayed anger but inside I was embarrassed because Luka was in the room.

"Yea I'm feeling better, but you didn't have to call me a virgin" I said coldly and cruelly. Scarlet sighed and moved closer to Luka. Her hand on his groin and her mouth on his lips. I watched as my younger sister totally controlled Luka, but I soon found myself looking away because I couldn't bear to watch anymore.

Luka pushed Scarlet off of him, he hated when Scarlet teased him in front of Umi. He loved Umi and Yuki but Scarlet was just using him because he looked like Luze'. Luka groaned and looked at Umi, she looked disgusted by all this.

"Scarlet leave this room and stop using me as a sex doll because I look like my brother" he said and touched Umi's arm as Scarlet left the room.

### Chapter 2: Lovers Hardship

The night Luka touched my arm was awkward but Scarlet never messed with him again. Nothing happen that night and I'm glad it didn't too because I was tired. All that happen was Luka said sorry, kissed my forehead and left, I'm glad he did too because I passed the hell out. The next morning when I woke Hotsuma was yelling something like 'why the bloody hell did he leave without eating' I guess he was talking about Shuusei. As I got up I found that Shuusei didn't leave the house but waited by my door.

"I thought you left already for school" My voice was sharp and rude.

"I wanted to see if your ok, Luka said you passed out last night" he said watching me, but soon he looked away with his face soften.

"I'm fine Shuusei" I said walking away.

I walked down the stairs into the kitchen. As I looked along the face at the dinning room table I found a new person, a boy who looked surprise to see me. I watched as Takashiro walked into the room with Scarlet. The boy looked surprised to see Scarlet as well. Scarlet walked over to me and we stood by Luka.

"Y-Your both duras like Luka" the boy said.

"Yes we're duras but we are nothing li-" I cut Scarlet off saying

"Shut it Scarlet, you have no right to talk to Yuki like that" and I knew I caught her off guard because she looked at me and back at the boy several time before she spoke again

"This boy is Yuki?" Scarlet asked looking at everyone.

"Yep this is Yuki-Chan" Tooko said hugging the boy. A smile grew on my face before I walked out of the room.

"Does the blue eye duras hate me" I heard Yuki ask than I heard "Are the two of them twins" He must of been talking to Luka because I didn't hear anyone answer him.

I walked to the library where a piano stood in the middle. My hands laid on top of the piano before I sat down to play. I soon found myself closing my eyes and listening to myself play.

When I opened my eyes again I found Luka and Yuki watching and listening to me play. I stopped and was just about to get up when I heard

"Oh no please don't stop because of us, your playing is beautiful" I smiled at Yuki and nodded my head as I started to play again.

Later Hotsuma came by the tell Yuki they had to go to school and they left. I stopped playing and looked at Luka.

"It hurts me to see you play for anyone" Luka said and caught me in his arm when I tripped over the stand of the piano. As I pulled myself up I looked over Luka's shoulder and saw Shuusei watching us. When I went to

tell Luka, Shuusei walked away. I moved away from Luka and walked out the door. I spent most of my time in my room until my cell phone went off.

"Umi I want you to pick up Yuki" I heard Takashiro's voice over the phone when I answered it. I shut my phone to tell him ok in away.

I grabbed my motorcycle keys off my desk and walked down stairs and out the door. I moved my motorcycle more than Luka sometimes. It was 1903 Harley but even I was still older than it being a duras and all.

I arrived at Yuki's school to find people staring at me. Yuki walked over to me and I handed him a helmet. I watched Yuki take the helmet and put it on as I got onto the Harley.

"What is your name" he asked getting on the motorcycle.

"Umi....Umi Crosszeria" I said starting the Harley and driving off down the street.

We ended up stopping for something to eat on the way to Twilight Hall. I didn't have anything, plus Luka met us there. I watched how Yuki's face light up when he sat down next to him. Luka looked at me in the eyes.

"You can leave now Umi I'll take care of Yuki from here on" he said looking at Yuki than back at me.

"Sorry Luka but Takashiro put him under my protection and 'm not going to leave him" I said, I thought I saw a small smiled from Yuki but I don't know since I blinked my eyes.

"Luka its ok if Umi watches me really" Yuki said looking out the window. Then that when I caught it Luka's eyes turn purple before going back to sliver.

I jumped over the table and grabbed Yuki while pushing 'Luka' away.

"Luze' what the hell are you doing on earth" my voice was sharp as I watched his eyes turn back to purple.

"Well well Umi your smarter then you look, but you saw right through me like a mirror" Luze's' voice was lower then Luka's voice was, and the only way to tell them apart was that and their eyes.
