# Fighting the sun rise

I arise at night  
to walk to earth  
to feed on the youngest of souls  
they can not resist my charm  
the charm of a Vampire  
I take you now and bleed you dry  
then find myself another prey  
cause im not satisfy buy one  
it my take 4 to satisfy me  
but don't think me a monster  
i don't kill everyone  
O no time the time  
to fight  
i can fight anyone that comes in my way but  
fighting the sun rise is a different battle  
i never win that fight  
how i hate it  
question how can you enjoy living forever  
when you cant live at sun rise  
yes the night are nice  
peaceful  
you can hear everything  
every one breath  
every one's ha ha well i hear everything

## Fighting the sun rise

lets leave it at that

but sun rise

can offer a Vampire so much

not just to feed

but to live

more than ever

and to kill those damn Vampire hunters

But tiss time

I lay in my bed or coffin which ever fells right

windows blacked out

as i feel the sun rise

i fall asleep

till another night

of feeding having fun

AND FIGHTING ANOTHER SUN RISE.

Fighting the sun rise
