Golden Ship of Dreams(Avid Reader's Challenge)

**Golden ship of dreams, carry me,
to those sweet shores of fantasy.
Take to me that place I pray,
where dreams never fade away.
Pray, please take me there,
to that land of never care.**

**Silver stars that glow so bright,
guide me through this endless night.
Please, listen to this silent prayer,
return me to my homeland fair,
where I might live and love once again,
recapture dreams which might have been.**

**Moonlight cascading down on me,
Where is that place? Where can it be?
My heart was unwise and now I've found,
this endless silence bears a lonely sound.
I long to journey back once more,
to my homeland's sweeping shore.**
