soulmates forever : Chapter 1

chapter 1

i dont know when i started feeling this way about bailey all i know is when i realized that i was in love with her i was so shocked.i convincing my self that i was crazy and that i would wake up and it would all be a dream.but its not. me and bailey have known each other since kindergarten and have always been there for each other i caint even recall the last time me and bailey got into a fight.but never in my life would i expect that i could possibly fall in love with bailey.

bailey started dating marcus last year and in my opinion the biggest looser there is hes a bum and a cheater and no matter how i convince bailey that hes bad news.she wont listen. its not that im jealouse of both of them its just i caint stand marcus he thinks he so cool and everything.

as im walking to my locker i notice marcus is leaning on my locker door i roll my eyes at him and wonder what the hell does he want.when he sees me he grins at me and tries to act cute which just wants to make me smack him in the face.i decide to ignore hes patetic attempt and being my friend and open my locker door i expect him to leave but he just watches me.

" go away" i say

" hey hot stuff" marcus says

"ewwwwe your disgusting stop flirting with me and go away" i say

" you know you want me" marcus says

" ya in your dreams cowboy" i say

" wanna make out" marcus asks

" no way your so disgusting go make out with your girlfriend" i say

" shes not here" marcus pouts

i roll my eyes at him again and shove the locker door in his face thats when i realize there a smile on my face not because marcus is flirting with me but because its satisfying when you get to smack a locker door in his face.

" you think its funny" marcus ask

" yes i do now get out of my way before i do it again" i say

" wow you really are a bitch" marcus says

" only around you" i say

with that i turn around and leave to go to class i check my cell phone and wonder why bailey hasent answered my millionth text message i sent to her.its getting really annoying and i wonder if anything happend to her; then i remind myslef that im being over dramatic and i take a deep breath.

soulmates forever

" answer you fool" i say to myself

Chapter 2: soulmates forever

chapter 2

bailey still hasent answered and know im beging to think something really has happend my teacher mr.owen is in the middle of a lesson.i take out my cellphone and check my email.dam it i wonder why she hasent showed up to school yet.its been three days know.its unlike bailey to just wonder off.on less something happend to her.i decide to make a call to her phone and see if she answers.i make a stupid excuse to go to the washroom.once im there i dial baileys number and wait hoping that she'll answer.my heart is pounding so much.

" hey" i say

" please you have to come see me" bailey says

" your crying" i say

" please come quick" bailey asks

" okay" i say

as i look at the clock i try to figure out a way to get out of here its going to be tricky but i have to leave baileys in trouble i can tell by her voice i hope shes alright.just thinking about her crying breaks my heart.once i get to her house i run as quickly as possiable i see cops everywhere i wonder why.in the living room bailey is cuddled up in her favriote chair and jumps up when she sees me.i run over and hold her in my arms.shes sobbing so much.my shirts going to be soaked but i dont give a crap right know.i run my hands in her hair to try and calm her down.

" bailey whats going on" i ask

" its my mom shes dead she got into an accident with the car" bailey says

after bailey stops explaining me what just happened i stare at her im not sure what to say im stunned it feels like a dream ive know baileys mom since kindergarten and i consedered her like my own mother after my mom left my dad for another man i felt all alone and when her mother was around it was nice to have a women to talk to when i had problems.i suddently feel tears rolling down my cheeks.bailey stares up at my face but that only makes her cry harder.so i keep holding her and slowly we both stop crying in what feels like forever.

" im sorry that you have to go through this" i say

" i need you so much" bailey says

"me too" i say

" i mean more then this"bailey says

" i dont get" i say

" i love you anna" bailey says

soulmates forever

i stare at her for a mintute and smile at her my hearts pounding even more know i can feel bailey coming closer to my face and i swear our lips almost touch when i hear a loud pounding noise.its her father we both let go.and i thank god that he hasent seen what almost happend i dont know what he would think. he looks tired and gives me a weak smile when he sees me.but he looses control and starts sobbing just like bailey did.and all at once where all crying.

" dad please dont cry"bailey says

" oh god i thought i lost you too" he says

" what do you mean" bailey asks

" i thought you went with your mom" he says

im know a littel bit uncomfortable and see that i need to leave them alone i see that baileys still talking to him so i make my way to the door.i can hear someone following me and realize that its bailey

" im sorry i should go" i say

" wait"bailey says

"ya"i ask

" i meant it when i said i love you i always have see you tommrow" bailey says

" i know and i love you too" i say

with that i leave her to go to my house im not to keen about going back home surely my dads going to be stuck down in the lab thats all he cares about these days and i barely talk to him he just doesnt get me.when i go to my room i realize that im still crying.i wonder where my mom is.but i quickly brush the thought away.i dont have time to think about her its just too painfull

the day she left us my dad didnt even know what to tell me so i basiclly had to learn how to greive on my own of course i wasent alone bailey was there.and that at the moment was the only person i needed.

soulmates forever : Chapter 3

chapter 3

when i get home i find my dad is sitting in the living room he doesnt look to happy actually to be honest he looks pissed which kind of scares me.when he sees me he gets up i wonder why hes so down.i dont say anything but instead i just stare at him and wait for him to say anything.

" where the heck where you" dad asks

" i was at baileys house" i say

" you should of called" dad says

" sorry" i say

" your sorry for god sakes i thought something happend to you and i tried calling your cell and you didnt answer me"dad says

" it was shut off"i say

" still doesnt explain everything" dad says

"what do you want from me" i say

" for you to tell me where your going when you leave" dad says

" im not two anymore"i say

" i have a note for you its from your mother" dad says

i take the note my hands are shaking i wonder why she decided to send me message she never bothered to do that for a long time.i care fully open the note.it says

dear anna,

i know you will be mad at me and i understand that i hope

you can forgive me i would love to see you some time

but its your choice i hope you know that i will always

love you and please dont ever blame yourself for my desicon

ps.....happy birthday

once i read the note i crumple it up and throw it in the garbage the note makes me more mad then anything she just thinks that i can forgive her.i dont want anything to do with her.she makes me sick.i feel tears going down my cheek.dad takes a deep breath and tries to comfort me.but i just glare at him.i wish he never gave me the note.

soulmates forever

" she wants to see you" dad says

" no way in hell am i going to talk to her i hate her and i hope she dies"i say

" dont say that shes your mother and you still havent explained why you left"dad says

" i dont give a fuck dad seriously shes a stranger to me and you want to know why i left here it is baileys mom died today in a car accident and i went to see if bailey was okay" i say

" im sorry" dad says

" whatever i have to go"i say

"where"dad asks

" anywhere but here" i say

with that i barg out the door i dont know where im going maybe to the park but anywhere but home is good my hands are shaking bad know.i try to take a deep breath but even that wont work.i fish out my cell phone out of my pocket and text bailey to see me at the park.withen two seconds she tells me shes going to be there.that brings a smile to my face.wow this is probably the first time ive smiled since forever.when i get there i see that baileys sitting in our favirote spot.im guessing she didnt expect me to be crying because the look on her face says it all.

" are you okay"bailey asks she know in my arms it feels good to hold her

" no its my mom she suddently wants me talk to me after all these years i hate her" i say

" at least you have a mom" bailey says

" im sorry" i say

" its okay" bailey says

" i need to ask you something" i say

" ya what is it"bailey asks

"do you love marcus" i ask

" well ya i guess" bailey says

" you guess bailey i mean why the hell are you with him he treats you like shit and flirts with every girl he sees i think you deserve better then that" i say

" i know" bailey says

" and you know you also confuse me one mintute you say you love me and i feel great but your not even considering about breaking up with marcus" i say

"its complicated"bailey says

soulmates forever

" it doesnt have to be" i say

i caint even look at her know its buggs me like hell i dont know how she can like a guy like marcus he doesnt even treat her right and always blames her for all his stupid problems.i look at the ground i can feel baileys hand touch mine i want to look at her but its hard to.

" im sorry" bailey says

i just nodd my head bailey is looking at me and hasent said anything for at least two mintutes its really starting to bugg me i start to say something but bailey quickly grabs my arm and kisses me.we kiss for at least fifteen mintutes it feels so good to hold her.i bring my hands to her shoulder and feel my fingers in her hair.when we both go up for air.where both stunned i didnt expect it to happen but im sure glad as hell.

" i love you" i say

" me too" bailey says

" i need you so much it kills me to see you with him"i say

" anna im always going to need you and im always going to love you but i need to fix things around and i need time before i go out with you and i need to deal with marcus" bailey says

" so its not a no" i ask

" its not a no just time" bailey says

we both hold each other and i know without a doubt that i will wait for her and when shes ready i'll be right at her side we both hold each other and right know all that matters is this.

soulmates forever : Chapter 4

chapter 4

my phone started to ring at first i thought it was bailey i assumed it was but it wasent i look closly at the phone and who ever sent me the message i have no idea who they are.it kind of freaks me out i look side to side it doesnt seem like anyones following me so im good.on the screen it says i know what you did.my hands are know shaking i wonder what there talking about.i text back and ask who they are.but i get no answer this is fustrating id like to know why someone would do that.when i get home my dads not there i hope hes not looking for me.but he probably is.i sit on the couch and cover my eyes.and wonder why oh why does life have to be so complicated.my mom wants to talk to me after leaving me,my dad is always yelling at me,and on top of all that im in love with my best friend who is dating this complete moron.what next?.

the next day at school goes by fast i dont see bailey anywhere so i assume that shes at home.as im walking by the hallway i can hear marcus.and from the sound of his voice he doesnt sound to happy.and thats when i hear bailey.i take a closer look and thats when i realize that shes being pushed into the locker by marcus.

" do you honestly think im stupid"marcus asks

" let me go marcus" bailey says

" i saw you two lezbos kissing yesterday you fucking bitch" marcus says

" well its not like you've been faithfull yourslef" bailey says

" im not talking about that right know" marcus says

" i dont give a fuck" bailey says

" listen bitch you ungratfull slut fine i cheated on you i happy" marcus says

" i dont get it you cheat on me and i forgive you and i cheat on you and your all pissed off and angry" bailey says

" its different" marcus says

" your really are fucked up are you" bailey asks

" listen to me bitch your not dumping me get it or else i'll tell your parents and the school about the kiss hear me out bitch" marcus asks

" i hate you" bailey says

" bullshit"marcus says

" i should of never went out with you i dont love you" bailey says

" let me guess you love anna" marcus asks

" what do you think stupid" bailey says

soulmates forever

" watch it bitch or i'll hurt you" marcus says

marcus looks like hes about to hit her so i step and take marcus from behind and smash him to the ground bailey looks surprised but doesnt move.i make another move towards marcus.but i get shoved to the ground.marcus is cursing at me and looks like hes going to kick me.so as fast as i can i reach out and trip him.bingo.

" your dead"marcus says

" never" i say

" anna get away from him"bailey says

" no bailey not tell im done with this ass" i say

" your really funny chick if you so make a move for her im going to tell the whole school about the kiss"marcus says

" it was you who sent the message wasent it"i ask

" wow for a blond your quiet smart" marcus laughs

know my anger is really fueling up with that i kick him as hard to the ground as i can he tumbles over and he sounds winded perfect.that gives us enough time to get away.i grab bailey and we run as fast as possible.we get into the janitors closet.i look at the clock its supposed to be math right know.but i dont care.its pitch black the only thing i can feel is baileys arms around my waist it feels good.i can hear her crying and just the thought breaks my heart.

" oh god bailey dont cry" i say

" you where right i should of dumped his ass" bailey says

" i caint believe he saw us i dont really care though"i say

" i love you so much please forgive me" bailey says

" you dont need to say your sorry and i love you too" i say

" always"bailey asks

" always"i say

bailey reaches up and i can feel her lips against mine the feeling great.if i could i would stay like this forever.then another thought comes to mind.what if marcus tells the whole school.i try to push the thought aside im sure marcus doesnt have the guts to do it.

" i think we should go" i say

" no i just want to stay here with you besides what if marcus is looking for us" bailey asks

" i'll protect you bailey he wont hurt you i promise" i say

soulmates forever

"okay" bailey says

we both share one last kiss before we leave i wonder what my math teacher will say looks like im going to have to come up with a stupid lie.

when i get to math class my heart jumps marcus is sitting at a desk when he sees me and bailey he gives us a dark looks and looks at bailey not to mess around or else. i wish i could run up to him and kick him in the ass.but i decide to control myself in case marcus decides to open up his big mouth.bailey looks at me then goes and sits beside marcus who smiles at her know.i feel like throwing up.im suprised marcus isent in the hospital right know.i can see from the corner of my eye that he has a big bruise on his side.that brings a smile to my face.but it quickly goes away.cause no matter how much me and baley try to be toghter marcus is going to drive us apart and just the thought makes me almost cry.

when class is over im officaly pissed off i have to confront marcus once and for all i can see that marcus is with bailey at his locker i go over and marcus turns around.

"dump her right know" i say

"you got to be kidding me remeber what i told you bitch" marcus says

"i love bailey okay i dont care tell the whole fucking world okay im in love with bailey and im not going anywhere tell shes mine" i say

"but" bailey says

i cut her off

"dont bailey you and i belong toghter and marcus can try to drive us apart but you know that wont work" i say

"so wonder women you think your so tough and that your so good have her but once everyone knows your life is over and you'll be weak and stupid" marcus says

"no marcus i wont but i bet thats what you want go ahead tell everyone" i say

"you think im stupid right i told the teacher he sent a call to both of your parents looks like your not so tough after all and trust me once everyone knows at the school your going to be a freak" marcus says

"fuck you" i say

with that marcus leaves bailey stands there looking at me i can tell she scared but shes also is smiling.

"i dont think i can confront my parents" bailey says

"we have to we might as well get this over and done with and bailey i dont care what people at this school think of us i have you know and thats all taht matters" i say

"i should of realized what marcus was" bailey says

"ya but we all make mistakes" i say

soulmates forever

bailey and me stand close together it feels good to be close i dont care if anyone is watching me right know i dont care if im going to be alone with bailey for the rest of my life.just me and bailey is good enough. and if shes the only person that will talk to me so be it.i dont give a shit.

"your not a mistake" i say

" i love you" i say

" me too" bailey says

im guessing it wont extactly be fun tonight when we confront this situtation to our dads but nothing will keep us apart and if they caint except that im moving out.

soulmates forever : Chapter 5

anna's dad

im sitting in the living room when i get a call its been a long night and anna has been acting weird lately i dont even know whats up with her ive tried talking to her.but she keeps cutting me off.its frustrating i keep getting told its because she's a teenager.but i think its something else.i know things havent exactly been easier at home with her mom not in her life.and she made it perfectly clear she wants nothing to do with her mom. the phone then rings making me jump.i wonder if annas in trouble or if its a buissness call.

" i havent mr.baker i assure you i do feel like you should talk to her a student has talked to a teacher the boy has caught them kissing does that explain it all mr.baker" she asks she has a littel bit of a sarcastic tone in her voice.

" i'll prove to you that your wrong and if you can excuse me i'll for a walk know bye" i say

i can tell shes not finished but i dont feel like listening anymore.so i hang up i think i have to put water in my face.all i can feel is shock if theres one thing clear its that i just hope that this is all a dream. my daughter is not gay

Chapter 6: soulmates forever

chapter 6

as im walking inside the house i see that dad is sitting in the living room he looks pissed off which scares me but he scares me even more when he tells me to sit down i wonder whats going on.he looks at the floor for a mintute he caint even look at me.shit that probablys is bad.for a mintute he dosent say anything.then he looks at me but shakes his head.

" i got a call today" dad says

" from who"i ask

" from the principle" dad says

" oh okay what did she say"i ask

" she said that you and bailey are toghter" dad says

know my heart starts to shake i dont know what to say i feel tears in my eyes but i breath to control myslef i wonder how she knows then a though comes to mind.it must of been marcus he told the principle.im not stupid im a hundered percent sure he told the principle i think my dads waiting for a response or some sort of explanation.but i caint seem to be able to come up with an answer.know im not scared anymore instead its replaced with anger.im going to kill marcus i dont care if i get thrown in jail that edicts going to pay.

" dad its true what the principle said" i say

" i dont think you should be around bailey shes not good for you" dad says

" no dad dont say that look baileys ex told the principle and know hes going to tell the whole school" i say

" anna its your fault okay you caused this im not going to let you behave like that your not gay"dad says

" i am dad caint you see that ive tried telling you but its been really hard and i knew if i told you that something like this would happen but im going to make things clear im not going to break up with bailey and you caint break us apart" i say

" stay away from bailey or else im sending you off to your grandmas house" dad says

" i hate you dad and you know what im never going to forgive you for this" i say

dad just looks at me and doesnt say anything i can feel more tears but i quickly brush them off and march to my room and close the door.my hands are really shaky as dial baileys number into my phone.

"hey anna"bailey says

"shit marcus told the principle about us and know i think hes going to tell the whole school im so sure its him who told the principle" i say

" what are you talking about" bailey asks

soulmates forever

" the principle told my dad and im so sure it was marcus who told the principle and know if he tells the whole school i dont know whats going to happen" i say

" i dont care what they think its going to be okay" bailey says

" you really dont get it bailey my dad says i caint go near you any more" i say

" oh no please tell me this is some joke i dont think i could go to school if i knew i couldnt be around you"
bailey says

" meet me at the park" i say

" okay" bailey says

Chapter 7: soulmates forever

chapter 7

we both get to the park withen seconds i quickly reach for bailey.we both hold each other i caint seem to form a word im in total shock.im not going to let my dad break us apart.where both crying know.i want to stop crying but the tears keeping coming out anyway.

" i hate him so much" bailey says

" me too" i say

" schools going to be hell tommrow" i say

" im scared"bailey says

bailey looks really scared i wish i could go back in time and fix things but i know i caint which scares me even more what ever happens tommrow where both just going to have to deal with it.if marcus thinks for one second that this is going to make me even weaker he wrong. i bailey tells me about her dad and how he reacted from what i can tell he sounds exatcly like my dad when i told him.and then i have an idea maybe i could talk her father.i dont know what would happen but maybe it would make things a littel bit better but boy was i wrong.

as we both enter baileys house her dad grabs bailey away from me like im some alien that really shockes me and im not sure what to say.bailey tries telling her dad to let go of her but he ignores her.the room is super quiet i know i should say soemthing.but when i do find something to say her dad gives cuts me off

" stay away from her you hear me my daughter is not gay you may be gay but you wont turn her gay do you understand i dont ever want to see you again" he says

" i love her i always have and im not just going to give up on her why caint you accept that" i ask

" i need you to step out of this house know dont ever come back here" he says

i look at bailey wishing this was some night mare but it isent it really is over weither i like it or not and the pain is killing me i look at bailey one more time but shes too busy looking at the ground.i hate hearing her crying.but theres no way i can reach over and touch her.especially when her dad is giving me the death stare.

without a word i leave the house.my heart is pounding two times faster then it was when we entered her house i feel like im going to have a hard attack so i slow down ive been running a bit know and its getting darker.im still crying and i feel sore all over.i just want to go to my bed and forget this all happend.

when i get to the door of my house i can hear my dad walking in the house hes cursing and im guessing that hes been looking for me everywhere.when i open the door i see that hes more then angry hes pissed off is more the word.his hands are in fists and he looks like hes going to break something.

"where have you been" dad asks

" why do you care" i say

soulmates forever

" why why what the fuck do you think ive been looking for you for at least three hours you brat" dad says

" fine i was at baileys okay" i say

" i told you to stay away from the bitch" dad says

one minutet im just staring at him in anger and without thinking i slap him across the face.i stand there stunned never in my life have i ever slapped him.dad is even more shocked i guess he wasent expecting that once i recover from shock i look at him right in the face.

" i hate you so much bailey was everything to me and you took her away i just want you to know taht if you even care and i dont care if you dont like it that im gay im proud of who i am and if you caint except that then its your problem not mine" i say

"im doing this for your own good this could ruin your life" dad says

" your wrong dad it hasent for once in my life i know who i am and im not scared anymore i used to be but not now and if you caint love me anyway that also isent my problem i dont need to be ashamed of myself" i say

" go to you room i have nothing to say to you" dad says

the next day im suprised i made it to school the hallways are crowded as usual i caint find bailey i wonder where she is that when i see marcus.i wonder if i should confront him.i make my way through the crowd.and i stand infront of a group that is surronding marcus.the group turns around and looks at me.marcus is so busy talking that he doesent realize that im there.hes friends start shaking his arm and thats when he sees me.he gives me a grin.i give him the middle finger and they start laughing i wonder whats so funny.

" move it,marcus your dead" i say

" what happend chick" marcus asks

" i know you told the prinicple my dead hates me know and i caint even go near bailey you ruined everything" i say

" well tahts what you get for stealing my girl bitch" marcus screams

with that i shove everyone into the locker swing my fist right into marcus jaw.i can hear a cracking noise and i know that isent good.marcus is on the ground yelping in pain.i can see blood on the floor.im guessing i must of scared his gang cause there all walking away from me.but im not done with marcus yet.i grab him know and shove him into the locker.banging his head into the locker.

" your dead" marcus says

i try to say something but before i can say i get kicked in the knees and the side of my face i end up on the floor and im suprised that im not dead by know.i try to breath the pain is ubreable i feel like my knees are going to break.i wonder what i should do.but marcus isent attempting to do anything else.from the corner of my eye i can see that marcus is laying on the floor.theres blood everywhere.

" move people move"i hear a voice but im not sure who it is and suddently my vision goes waky i dont know why i see a figure and i think there trying to talk to me.i force myslef to listen but it doesnt work and slowly i fall into darkness.

soulmates forever : Chapter 8

chapter 8

when i wake up my head is pounding for a minutet i forget where i am and what happend so that i get here but then a flash back comes back to me and i realize that me and marcus got into a fight. i try to breath but my lungs hurt and wonder if bailey knows where i am. also i wonder if dad is here. i get my answer when i see my dad walk into the room. he looks at me but doesnt look upset and he takes a seat across the room.

" dad listen too me i gotta tell you something" i say

" doesnt matter anymore you didnt listen to me i told you to stay away from that girl" dad says

" dont call her that dad her names bailey and you know what i caint help it if i love her okay and i just dont give a shit anymore if the whole school finds out im not leaving bailey" i say

"once your out of the hospital pack your bags your out of this fucking house i told you to stay away from her and you didnt listen know your gonna pay for not listening" dad says

he looks at me in disgust and takes his things and leaves i dont care anymore he can do what he wants but theres one thing i know is that im not leaving bailey and no one can make me do it. the nurse comes in and checks that im okay i ask her if theres a girl here by the name of bailey and she nodd her head and i ask her if she can let bailey in. when bailey comes in a smile lights up on my face.but she doesnt look to happy and to be honest she looks pissed off. for a minutet she doesnt look at me and i wonder what shes thinking all i want is for her to say something to me. anything. i can feel her hand in mine know as she sits beside me. it feels good to hold her hand at the moment and all the other shit around in my life escapes the room. i bring her hand up to mine and kiss it.bailey finally looks up at me and starts crying. her head is close to mine and i lightly touch her hair and she doesnt stop crying. i feel so bad and i wonder if she went to see marcus at all. i hope not. when she stops crying we stare at each other for a few minutets and there doesnt seem to be anything to say.

" bailey" i say

" please anna dont say anything okay i get it marcus was totally bad news i should of never got involved with him he was a mistake and when they told me that he beat you up man i was so pissed of i went to his house and told him i was so glad i broke up with him and that if he ever hurt you again i was gonna beat the living hell out of him and then i told him that i loved you and that i didnt care if he told the whole school" bailey says

' oh god bailey i love you so much" i say

" me too always" bailey says

" i caint go back home and i was wondering if there could be some place you might know that i could crash for a night" i say

" well that makes two of us my dad doesnt want me back home" bailey says

" can you you do me a favour" i ask

soulmates forever

" anything for you" bailey says

" stay with me tonight okay i need you to be by my side" i say

bailey doesnt say anything and i can see a smile on her beautiful face i crawl over so i leave her room to lay down.it feels so good to be holding her right know.we both stare at each other. i feel her lips on mine for two mintutes and it feels so good. and then a scary though comes to mind what will happen if i got to school tommrow. i just hope that i dont have to see marcus face anymore. and i can just invision the whole school laughing at me as he tells the whole school how he beat the shit out of a lezbo. thats marcus. i doubt he'll ever change. i guess i must be really scared cause bailey whos still kissing me stops and looks at me. i realize that im shaking. i attempt at faking a smile but even i caint trick bailey into anything.

" what wrong anna" bailey asks

" oh nothing bailey its okay" i say

" your hiding something" bailey says

" how do you know" i ask

" your not hard to read you know" bailey says

" you know me to well,its just i know im not scared if the whole school knows but then i am scared which confuses me because know once i again ill have to deal with marcus being around and i can just see how he's gonna make such a big deal about beating me up" i say

" its not gonna happen i told him if he did anything to hurt you id personnaly beat the shit out of him" bailey says

" your mine bailey dont forget it" i say

Chapter 9: soulmates forever

chapter 9

its been two days now since i got out of the hospital im happy to be out i cant stand hospitals the smell the billions of people i hate being left alone for even just three minutes i have to figure out a way to entertain myself. know that im out it feels good.the fresh air and breeze on my skin and hair is a relief.i feel free again. bailey called her older brother last night so he can pick us up and i figured he was the only place left to go.its not like i can go back home. at first it was hard for me to except that my dad wasnt okay with me liking girls and all but know i dont give a crap.why should i if hes not happy well to bad for him cause i aint changing for anyone.

the light breeze is refreshing and the feeling i had of over heating is gone bailey is standing beside me and i can feel her soft hand in mine shes smiling at me and i know why.its because where together last night we finally decided despite what everyone thinks of us we wont listen to them.where gonna be together no matter what.so screw them.

" did i ever tell you i hate hospitals" i say

" no but i was guessing that anyway" bailey says

" im glad where together bailey" i say

baileys smile is wider and she pulls me into a hug i love the way her hair feels as i brush my fingers across her hair i really want to kiss her and i think bailey can see that she looks from side to side to see if anyone is looking but i lightly grab her by the shoulders and pull her into a kiss i can see shes a little nervous and she looks at me for a minute before speaking.

" i dont care what anyone thinks and if anyones looking at us" i say

" i know anna your just gonna have to give me some time to get used to this ive never been with a girl" bailey says

" ya same here" i say

i hear baileys cellphone ringing and i fish her cell out of her pocket but i groan a little when she answers it shes talking to kevin and she keeps nodding her head and from the looks of it it doesnt seem good i wonder what it is.baileys hands are shaking at she looks beyond pissed i want to reach out and touch her hand.so i do and her hand squeezes mine tightly. i wonder what is going on and it takes her fifteen minutes before she can get off the phone.

" shit fucking shit" bailey screams

" what is it" i ask

" its marcus he went over at my brother kevins house and he started screaming at kevin and asking for my whereabouts and thats not all he spray painted the side of the house and it seems he gave kevin a black eye too and damn all cause of me" bailey screams

" bailey its all my fault i should of never got into that fight with him" i say

soulmates forever

we both look fearfully into each others eyes and know instead of fear im replaced with anger i feel my fist tighten up and try to breath so i dont break something. or get another trip to the hospital. when we get to kevins house i can see kevin is yelling at marcus who looks like hes about to knock him out.at first i conseder calling the cops but im not sure if thats so smart. when marcus sees us i can see know that he has a dark evil look on his face.and all i can read on his face is pure anger and hate toward me probably maybe kevin too though i have no idea why he would hate kevin. but he doesnt fully reach me before kevin blocks us.i didnt seem him coming.bailey is still holding me and i can still feel her anger. marcus is laughing as if this is some big joke.

" im not done with that bitch she gonna pay for taking bailey away from me" marcus says

" you aint gonna have time to kill her marcus cause im gonna kill you and you bet i will do that if you dont get off the fucking property and you better watch it" kevin says

" oh well well well know your playing mr tuff guy you werent so tuff when i gave you taht mark on your eye" marcus sneers

" if you as so try to hurt anna or my sister im coming for you and not just me i know people and they will hunt you down and they will kill you so dont be stupid" kevin says

" got my eyes wide open but will you be prepared for what im gonna do to you if you so as try to hurt me" marcus asks

" i dont give a dam marcus you dont scare me now get out" kevin screams

with that marcus leaves the property and i feel a littel bit relieved but the tension in my muscels havent left marcus scares me know and im sure he'll stop at nothing to hurt me. i look up and i can see kevin is sweating a littel bit.he gives me a smile and pats me on the shoulder.i attempt at faking a smile but i dont think he was any good. i feel weak know and i feel like i havent ate in ages.

" kevin it took lots of guts for you to stand up to him" i say

" thanks kid if you dont mind i think im gonna go get some ice" kevin says

once hes out of sight i reach over and hold bailey back in my arms her lips are cold on mine and they tremble a littel bit and to be honest im scared as hell to but all that matters know is being here with bailey in this moment
