By : **Roadk4ever**

(btw, this was my second story ever that I wrote 6 months ago) My name is Kuro Tenshi (meaning black angel). I am gay and I've had boyfriends but I haven't really had a true love yet. Will this new guy I meet be the one? I don't know! But he tells me something I thought would never be true. Read my yaoi love story to find out :D

Chapter 1: Chapter 1

Chapter 1 ----- *Turns on webcam* Konnichiwa people! My name is Kuro Tenshi. Yeah I know I don't what my parents were thinking when they named that. Kuro means black and Tenshi means angel. That's like a "I know my sons gonna be a dark person" or something I don't know. Anyways, I'm 17, a senior in high school, I'm 5'10", pretty skinny, muscular? Not so much haha. I'm Japanese as you can tell by the name. So I have black hair that always cover one eye and I always have some sort of crazy color on the tip of my bangs, currently it's purple. My eyes are purple (yeah I don't know how that happened, everybody else in my family have nearly black eyes). I'm always wearing dark make-up based off the the Japanese visual kei Japanese rock look. And I'm always wearing black or purple nail polish. (I guess my parents were right about the dark thing). I am gay. Figured I should put that out there ha ha. My parents disowned me when they found out but I am currently living with my current boyfriend though I don't think it's working out right now. I work at a gay bar wearing some sort of sexy clothing like short shorts, short shirt and boots. (usually, sometimes I cover up a bit more). Even though I usually wear the same thing outside of work, I am proud of my sexuality I'm not afraid to show it so I wear clothes only girls would usually wear. I am usually the uke part of the relationship (the bottom). "And you're a really good one too," shouts a guy in the background. "Oh shut up Ao!" I yelled at him. That's was Ao, my boyfriend, why his parents named him blue, I don't know. Well that's all for now, so bye. *Turns off webcam* I get out of my chair. "Ao I told you not to interrupt me during my webcam videos," I yell at him. "Sorry I couldn't help it," he replied, "it was one those it has to be said moments." "Ugh, fine," I whine. He walks up to me and grabs my ass. "Anyways," he said kissing me, "it's getting late, wanna have sex?" "Sure, why not?" I reply. He drags me into our room and shuts the door, already taking my clothes off and pushes me on the bed. He continuously kisses me taking both of our clothes off. Once the clothes are off he starts going down my body kissing me. The neck. Nipples. Stomach. Then starts sucking on my dick. I start to moan and I get hard. He moves back up and kisses me on the lips and ties me to the bed. "What the hell?" I ask between kisses. He stops for a second, "I heard your comment about this relationship maybe not working out, I'm gonna tie you up so you can't get away." Woah, I never realized he was so possessive. Feels like he didn't tie the ropes very well so as he moves down my body again I manage to wriggle out of the rope and I punch him in the face. He falls to the floor. I quickly get my clothes back on. "So that's it?" Ao asked. "Yes, I think so, do you really think getting all possessive is gonna make me stay!?" I yelled at him, "Well here's some news for you, it's not gonna work, maybe I thought you were perfect in the beginning but as I got to know you better I figured out you weren't the right person for me! "So you're just gonna walk out on me? Where are you gonna stay then?" "I don't know, I'll figure something out." I put my shoes on and grab my keys while running out of the house. I run to my car and start driving away. Once I get about a mile away I pull over to let myself think. Maybe I was a bit too harsh? What? No? I couldn't have been, he's the one that got all possessive when we were about to have sex. He deserved it. But he's right, where am I gonna live? None of my relatives or other friends live nearby. Maybe I'll ask my boss if I can live with him for a while, I'm about due for work so I should get going. I get to work and I go to my room to put the clouds on they picked out for today. Today is the neon blue outfit. It has really short, short shorts, a sleeveless shirt that shows my midriff and knee high, high heeled boots. The boots are black and everything is skin tight. I fix my makeup since it got messed up after what happened today and spike my hair. I walk out of the room and my boss is standing there waiting for me. "Looking sexy as ever Kuro," he told me. "Yeah um I need to talk to you," I said.

----- Figured this was a good stopping point for this chapter. Do you guys like it so far? Sorry if you were disappointed when I stopped the sex lol, don't worry there'll be plenty more chances. VOTE AND COMMENT

Chapter 2: Chapter 2

Chapter 2 "Yeah, um I need to talk to you," I said. "What is it?" he replied. "Um I just broke up with my boyfriend and I need a place to stay, you think I can stay with you till I can find another place?" "Hmm, ask me again after work and I'll think about it, okay?" "Ok," I nodded. "Now get going an help get things ready for tonight." I walk past him to the main room of the bar. Saying "hi" to all my coworkers. I get to the counter to make sure everything's good for the night when I see Ao walk in. "What do you want?" I yelled at him. "To talk about what just happened." "Speak." "Ok, I know I made a mistake, I shouldn't have gotten all possessive and should've just talked with you calmly when I heard that comment." "So you want to know why I think that way?" I asked him. "Yes." "I think that way because I just don't think it's working out, I mean, I don't seem to be falling in love with you, I think it's only ever gonna be 'we get along, so let's have sex and see if we can love each other'. I just don't think you're the one, sorry." "Ok, that's understandable." I could see a tear going down his face. "We won't see each other anymore then." "Ok, bye," I smile at him apologetically. "Bye." He walks out of the bar. "So that's the official breakup?" my boss asked me. "Oh, yeah." "You know instead of moving in with the guy you happen to be with at the time, why don't you buy your own place?" "I'm only 17, can I do that?" "Well you turn 18 in a month right?" I nodded. "How bout you stay with me till you can find your own place or you get another boyfriend to stay with, ok?" "Ok." "Well it's about time to open up so be your usual sexy self." I laugh and he walks away. That night at work is the same as usual. Guys stare at me and many ask me out. I almost always say no unless he looks interesting, that's how I met Ao 3 months ago. I wonder if I can meet another guy here or maybe the one for me doesn't come to this kind of place. I don't really know. I watch the current stripper on the stage, he's kind of muscular but not too much. He doing his dance teasing the customers. Guy strippers do the same as the girls. It's the same every night. "Hey sexy" It took a while to figure out that was aimed at me. "Oh, hi," I reply. "Want to have sex?" "What? Oh no thanks I just broke up with my boyfriend." "Oh I'm sorry, maybe it'll help you forget about him." "You know what? Why not? I get off at midnight so why don't we go to your place then." "Deal, I'll come pick you up then." "Ok." He walks away. "You already got someone else?" I looked at my boss. "I think it's just gonna be a one night thing so I'll probably be at your house in the morning." "Alright, be careful." "Ok," he walks away and I get back to work. At midnight he's back like he promised. "Hey, ready to go?" he asked. "Oh, yeah, I'll be right out I just gotta change. Can you wait outside for me?" "Sure." "Thanks." I go back to my room to change my clothes. Like I said, I where pretty much the same thing outside of work cept the short were a little longer and the outfit was black. After I finish changing I walk outside and I see him waiting for me. "You wear that outside of work too?" he asked scanning my body. "Yes you got a problem with that?" "No it's just different." I told him I'll follow him in my car and we head to his house. We got to his house and as soon as we got in the house and closed the door he started kissing me. I start kissing him back and put my tongue in his mouth and I felt his. Omg it felt like he was gonna eat me up. I started lifting his shirt up and feeling his chest, hmm he's pretty muscular. I moan as he continues kissing me. He takes my shirt off and starts playing with my nipples while I take his shirt off. He starts kissing me on my neck then down to my nipple making them hard. He slides his hand down my shorts and starts stroking my dick. Then he slides them off along with the boots. He picks me up and carries me to the bed without breaking the kiss. He then moves down my body down to my dick and starts sucking. Oh god he's good at this. I moan and pant heavily while he plays with the tip with his tongue and continues sucking. I hear him unzip his pants and take them off. He starts licking my hole to get it then sticks his middle finger in there making me gasp then he finds that spot making moan with pleasure He comes back up and kisses me. "Ready?" he asked. "Oh god hurry up and do it, the feeling is killing me" He smiles and thrust into me over and over causing me to moan so loud I'm almost screaming, god he's huge. He kisses me again while thrusting into me harder and faster. Oh yeah that's it. "Ah, I-I'm gonna c-come," I said with a moan. "Go ahead," he replied "we will come together." I come as comes inside of me, oh that feels so good. He pulls out and lays down next to me. "You do this a lot don't you?" I asked him panting. "You could say that," he said laughing, I can tell he's panting too, "You?" "Yeah but it's been awhile." "Hmm, you wanna spend the night or go?" "I don't know, what time is it?" He looks over at the clock, "3 in the morning." Wow time flies by when you're having sex. "I guess I'll just sleep here and go in the morning." "Ok, that sounds

(Book 1) The Strange True Love (BoyxBoy)

good, you wanna take a shower first?" I look at the bathroom, then at myself, I noticed I came all over my chest. "Yeah," I tell him. I get up and go and take a shower. I come out and I already notice he's asleep so I go join him without putting any clothes on (yeah I sleep in the nude) and go to sleep.

----- That's it for this chapter. I'm no good at writing sex scenes, I'll improve overtime lol. Did you guys like it? I would love you if you vote and leave a comment, I need feedback. YOU MUST VOTE AND COMMENT

Chapter 3: Chapter 3

Chapter 3 Woo here's the next chapter. What is Kuro gonna do after he had sex with the stranger? Read on to find out. ----- I woke up in the morning confused as to where I was for a second, then I saw him and remembered. Oh god I can't believe I had sex with someone I just met, I didn't even know his name. What in the world was I thinking. I felt him stir beside me and I notice he's woken up. "Hey," he said sleepily, "I had a great time last night." "Haha yeah," I said nervously, "I'm starting to regret it." "Why?" "Well we just met last night and I shouldn't have said yes just because it would help me forget my ex." "You know what? I don't think it was a bad idea." I sighed, "Yeah, whatever, I should get going." "Call me and we will meet up again sometime." "I don't think I will." I get up to search for my clothes till I realize they are in the doorway. "Oh crap I don't really want to walk out of the room naked." "There's nobody else in the house ." "You sure?" "Yeah." I sighed again and open the door and peeked out. There they are lying on the ground. I take a deep breath and run out to get my clothes then I run back into the room. "What are you so afraid of there's nobody else here." "That's what they want you to think." He looks at me strangely. "Uh huh, whatever." I quickly put my clothes on and open the door again. "Yeah, I'm gonna go now, bye." I walk out of the house to my car and as I pull out of the driveway I see him looking out the window looking a little hurt. I knew I shouldn't have done this; I just wasn't thinking clearly after the break-up. 10 minutes later I'm at my bosses house. How many times have I stayed here after a break-up? I don't know. He treats me like his son. He's always there for me in my time of need. I get out of the car and walk in the house. He was in the kitchen making breakfast. "Ah just in time," he said after he notices me entering the room. "Hey boss." "How was last night?" "A mistake." "Ah it'll be ok." he looks at me with a smile on his face, "Why don't you go sit down, it's just about ready." I go sit down and I wait for him to put the food on my plate. Mmm biscuits and gravy with some sausages, my fav. "Your ex brought over your stuff." "Ok, that's good so I don't have to see him again." "Maybe you should start looking at their personality more than their looks." "Yeah you're right, but as a human being the looks draw the eye." "Yes but the personality captures the heart." "True." I stare at my food thinking maybe I should change the guys I pick. I finish my food quickly and I decided I'm gonna change into regular and maybe I'll attract and different kind of guy. I run upstairs to my room to find the regular clothes (yes I have regular clothes so what?). I put on a blue t-shirt and black skinny jeans with some converse. I walk out the house after telling my boss I'm gonna take a walk around the neighbor. I could tell by his face that he was shocked by what I was wearing. Come on? Can't a guy go out as someone normal for once? It does feel a bit weird to be covered so much though. I walk down the street wondering if I'll find anyone. My past boyfriends were found in the bar I work at so I don't know. After about an hour of walking I decide to stop at a cafe for a snack or something. And that's when I see him. Is this the one? Is this love at first sight? I heard the phrase should be more like lust at first sight, but I don't care. He was sitting there drinking some coffee. He was so beautiful. Semi long white hair that covered his eyes and I recognized the visual kei hairstyle and what do you know? He had the makeup too. And he was Asian. He noticed me staring at him and smiled. He gets up and walks over to my table. And surprisingly he also had the visual kei clothes. It was like he was a Japanese visual kei artist coming here for a visit. "Nee," he said (meaning hey). "Hi." he knew Japanese too? "I um noticed you staring at me over here and I was wondering what was up?" "Oh yeah," I suddenly got all nervous. So I blurted out, "You're hot wanna go out?" I slap my hand over my mouth before I could say anymore. Sheesh what's wrong with me! "Hmm, sure why not?" he sits down across from me. I was jumping up down and squealing inside. Acting like a hyper and excited teenage girl. "Really? I mean you don't have to I just lost control of myself there." "I said yes didn't I?" "True." "So what's your name?" "Kuro Tenshi." "That's an interesting name for a parent to give a child." "Haha yeah, so what's yours?" "Shiroi Akuma." (white demon) "Interesting..." "Yeah my names just as strange as yours." "That it is, we're like opposites of each other." "Yeah," I just realized he had red eyes, kinda matches his last name . "So how bout I pick you up tonight?" he asked. "Yeah, I have the day off so that's good." "Where do you work?" "A gay strip club." His eyes widened a bit. "Don't worry, I work at the bar, not the stage." "Oh," he looked relieved. "Well I got to go, see you tonight?" "Yeah, tonight." He gets up and says bye as he walks out the door. What in the world just happened? That was the first time I ever asked someone

(Book 1) The Strange True Love (BoyxBoy)

it's always been the other guy asking me. I get up and start walking back to my boss's house in bliss. I was just so happy, I think this relationship will be different than the others. VOTE AND COMMENT!!!!

Chapter 4: Chapter 4

Chapter 4 Next chapter, I think this story is turning out pretty good. I didn't think I would be able to write a love story considering I don't even read them myself lol. Though I've been reading a lot of boyXboy stories lately :3. Time for Kuro's date lol I wonder how it'll turn out. ----- To the right is a pic of Shiroi:)

----- After I get back to the house I start to get ready for the date. I figure I should stick to regular clothes I don't want to scare him off by wearing what I usually wear. I hear a knock on the door, "Come in," I yell. "Looks like you got plans tonight," my boss said. I blushed, "Yeah. I met this guy at the cafe omg he was perfect." "Are you talking about his looks or his personality?" "Oh um, his looks, but I'm gonna find out his personality tonight." "Ok, don't stay with him just cause he's hot ok?" "Yeah I know." I hear the doorbell ring. "I'll get it." I run down the stairs and open the door. "Hi Shiroi." "Konbanwa (good evening)." he greeted. Hmm he sounds so sexy when speaking in japanese. "So this is your date?" My boss came up to the door. "Kuro, who's this?" "My boss, he's practically my father even though we aren't blood related." "Oh ok, what about your real parents?" "...they disowned me when I told them I was gay." "Oh." he looks like he wished he never asked the question. "You know what? Forget about that, let's get going." "Yeah, let's go." I grab his wrist and run to his car while waving bye to my boss. After we get in the car I ask "So what are we gonna do?" I was practically jumping up and down in my seat. I usually don't act like this around a new guy, but this one felt different. I don't know how to describe it though. Shiroi laughed, "Calm down Kuro, we're just going to the fanciest restaurant in town." I stared at him with wide eyes and mouth gaped open. "Seriously!?! You rich or something?" "I own the place." "Omg that's awesome, wait how old are you?" "I'm 18." "How in the world can you own a restaurant that fancy at the age of 18?" "it was my dads, then he passed away and I took over." "Oh I'm sorry." "it's fine," we pull up in front of the restaurant. "We're here." As we walk in I'm gaping at the place like a tourist, I've been anywhere nearly this fancy before. "Ah Shiroi, is this the new kid you told me about?" a guy said as he walked up to us. "Yep, Kuro, Tom. Tom, Kuro." We shake hands, I can't believe this is happening. "Nice to meet you Kuro, you guys gonna be in your room?" "Yep, I'll ring for a waiter when we are ready to order." he grabbed my hand, "Let's go Kuro." He drags me into this room and closes the door. It has a king-size bed, the biggest flat screen I've ever seen, and a table. "Have a seat and I'll be right back with the menus." I take a seat on the bed as he leaves the room. Why are we in here? Does he plan to do more than eat? I hope not, I really think I should take it slow with this one. Every other guy I've been with I would have sex the first night cause I was so hungry for it. Maybe my past boyfriends weren't really boyfriends but more like a friend with benefits, to satisfy my sexual needs. I hear the door open and I see Shiroi walk in with a couple of menus and a waiter. "What would you like to drink?" the waiter asked. "How bout some Dr. Pepper?" I reply. "Ok, and you sir?" "Same," Shiroi said. The waiter walks out of the room and closes the door leaving us alone. "Why are we in here and now out there?" I asked. "I prefer to be in a more private place on my dates." sitting down on the bed next to me. "I guess that makes sense. You aren't gonna try anything are you? I kinda want take this relationship slower than I did in the past." "What was it like in the past?" "We would have have sex the first night we met. Course I've always met them at work when I was in my work clothes so I kinda attracted the wrong kind of guy." "What side of the relationship are you usually?" "Female." "Kinda figured." "What's that supposed to mean?" "Nothing." "Hmph." We look at the menu. Omg the food here is as fancy as the restaurant. Shiroi says I don't need to worry bout what I order since he owns the place. The waiter comes back with the drinks. "Are you guys ready to order?" he asks. Shiroi gestures at me to order first. "Umm," I stare at the menu, omg everything looks so good. "How bout the steak?" "Do you want a salad with that?" "Yes please." He turns to Shiroi. "Surprise me," he says. The waiter walks out of the room and I nervously sip my soda. "So...what do you want to talk about?" I ask. "I should get things ready for dinner." I watch him get up and open the closet. He pulls out a long candle and a stand to put it on. Then he pulls out a table cover. He puts the cover on the table then the candle and lights it. He also puts some other fancy stuff on the table. He decides to get a couple more candles out and lights them. Then he walks over and turns off the light. Seems like he's trying to get it in a romantic mood. He takes my drink and sets it on the table. Then he pulls the chair out a gestures to me to sit down. I get up off the bed and sit down in the chair. Then he puts on some soft music to help set the mood.

(Book 1) The Strange True Love (BoyxBoy)

Wow he's really going all out for this. How come I never found a guy like this before? "This is better, don't you think?" he asked. What? I never asked for him to do all this. "Um, yeah." He sits in the chair across from me. "I'm wondering, if you own a place like this, then why were you in the cafe today?" I asked him. I was so curious to know. "I felt like something good will happen if I do. And what do you know? I was right." About 10 minutes later the waiter comes back with the food and sets them on the table. Then he walks out again, closing the door. Surprisingly, they gave him the same thing I had, the steak. While we eat we talk about our past and such. It kinda pains me to talk about, I'm not a part of that life anymore. I wonder if my parents regret their decision, or maybe they just forgot about me, acting like I was never in their life at all. "So, how many boyfriends have you had anyway?" he asks. "Um, too many to count, though I've been thinking maybe they were more of something to satisfy my sexual needs than actual boyfriends." "What about us?" "I have a feeling this one is gonna be different." Then he suddenly leans over and kisses me.

----- And that's it for this chapter. Do you guys like it so far? I would really like it if you actually commented and gave me feedback. VOTE AND COMMENT!

Chapter 5: Chapter 5

Chapter 5 Next chapter! Omg Shiroy kissed Kuro, what's gonna happen? Even I don't know at the moment lol. And on we go lol. Oh and from now on everytime they speak Japanese I will provide a translation at the bottom instead of right next to the word, I think it'll look better without the translation right there.

----- Then he suddenly leans over and kisses me. Omg didn't I tell him I wanted to take it slow with this relationship? He heard me right? Right? But, it feels different. Why? Why would it be different then all the other kisses I had with all my other boyfriends. He gets up and pulls me closer to him without breaking the kiss. I'm kissing him back, our lips moving in sync. His tongue enters my mouth and plays with my tongue. It felt electrifying. I let out a moan as he continues. His hands go up my shirt and feels my chest and I push him away. This is moving way too fast. "Why did you do that?" he asked me. "I-I'm sorry, that's just moving too fast." "Oh, sorry. I just couldn't help it, it was like love at first sight for me." he blushes, man he's sexy, why did I push him away? "It was the same for me too. I don't know why, but being with you feels different than my past relationships." "Maybe it's because we actually feel something for each other?" he walks up to me and wraps his arms around my waist pulling me closer. "Maybe. Um maybe I should get going." "Oh, yeah, it's getting kind of late I guess. Wanna do this again sometime?" "Yeah." "Ok, um, I'll call sometime, maybe tomorrow." "Yeah, do that." he kisses me once more before letting me go. We leave the restaurant after he tells the waiter to clean up and he drives me home. "Um I figure you should know but I don't usually dress like this." I tell him. "What do you usually wear?" "Come to my work tomorrow and you'll see." "Ok." he pulls up on front of my house and we get out. He walks me to the door. He kisses me one last time before going back to his car and leaves. I walk in the house and go up to my room and sit on my bed. A few minutes later I hear a knock on the door. "Come in." I say. My boss walks in and sits down on the bed next to me. "So how did it go?" he asks. "It went pretty good. He owns the fanciest restaurant in town." His eyebrows shot up. "Really?" "Yeah." "Anything juicy happen?" "He kissed me, even though I said I wanted to take it slow. But it felt different than with all the other boyfriends I've had." "Maybe you actually love this one." "And I think he loves me too. And he's gonna come to my work tonight, oh god I hope he doesn't get turned off by seeing what I usually wear." "If he really loved you he wouldn't care what you wore." "You really think so?" "I do. You should get some rest." he gets up and walks to the door. "Yeah, oyasuminasai." after he closes the door I take off my clothes and go to sleep and I dream about Shiroy. I wake up to my phone ringing and I notice it's Shiroy so I answer it. "Ohayou gozaimasu!!" Shiroy screams into my ear. "Ohayou," I laugh. He sure is a morning person isn't he? "Ogenkidesuka?" he asks. "I'm fine." "Did you sleep well?" "Yes." "Good." "So when do you have work?" "Tonight at 7, but I go there at 6 to get things ready." "Ok, how about I come over at 5:30 and we will go together." "Hai, that sounds good." "I'm curious, did you live in Japan before coming to America?" "Yes, I moved here when my parents disowned me so I wouldn't have to deal with seeing them." "Oh, I moved here with my family when I was 15." "That's cool." I said. "Yeah, well I'm gonna let you go, I can tell I woke you up." "Yes you did, I wanna go back to sleep." "Alright honey, I'll see you this evening." "Ok, bye." He hangs up and I go back to sleep.

----- Translations: Oyasuminasai - good night Ohayou gozaimasu - good morning (formal) Ohayou - good morning (regular) Ogenkidesuka - how are you Hai - yes If you want me to go back to the other way tell me. That's it for this chapter. Woo can't believe I'm on chapter 5 already lol. How come nobody comments?? I need feedback!! VOTE AND COMMENT

Chapter 6: Chapter 6

Chapter 6 My story is slowly get more known. Yay! Lol from the couple people who decided to comment you guys seem to like the story. Apparently you guys like the other way for the Japanese translations so anytime I write a Japanese word I'll have the translation right next to it. How is Shiroy gonna react to the clothes Kuro usually wears? Read on to find out. ----- I wake up to someone knocking on the door. "Time to wake up Kuro!" "Ugh," I groaned rubbing my eyes. "Come in." My boss walks in. "Kuro it's 5:00 you gotta leave for work in a bit." "Seriously? I slept that long?" "Seems like it." At 5:30 Shiroy came like he said he would. "Hey, Kuro, you just about ready to go?" he asks. "Yeah, I just gotta get my shoes on and grab my keys." "I'm gonna drive." "Really? Do you know where the place is?" "Think so." My boss already left an hour ago so I don't need to worry bout him. We walk out the door and into Shiroy's car. He pulls out of the driveway and by the direction he's going I can tell he knows where he's going. 10 minutes later we pull up in front of the club. "Looks like you knew where it was." "Yeah." We walk out of the car and into the club. I tell him to wait at the bar while I go get ready. Looks like it's the same blue outfit as last time. After I put it on I fix my hair an makeup and walk to the bar. I walk up to him and he smiles, seems like he likes what he sees, that's a good sign right? "So, what do you think?" I ask him. "I like it." "Really?" "Yeah, it makes you look sexy." he kisses me and we were about to start making out when my boss comes up and interrupts us. "No kissing at work," he points out. "Ok, sorry." he let's me go and I go around the counter to get things ready. "You gonna stay here while I work?" I ask. "Maybe, I might just stay at the bar the whole night, don't worry I won't get drunk." "Not gonna serve you any alcohol anyways. You're underage." "Says the 17 year old serving it." "Yeah whatever." He laughs and watches me as I clean things up. Like he said he would, he sat there the whole night. I guess you could say this is like a date, though not really cause I can't stop and have a conversation or I'll get yelled at. At midnight work is over and I tell him to wait for me so I could go an get changed. I hurry up and change but when I open the door he's standing there waiting for me. "I thought I told you to wait for me at the bar?" "We got interrupted earlier remember?" "Yeah but what does that have to do with any-" he suddenly kisses me. He pushes me back into the room and closes the door. I start to kiss back as he pushes me against the wall. He was really hungry for this wasn't he? I suddenly feel like my energy is being sucked out. Wait, what's happening? He breaks the kiss and flies across the room. "Um, I kinda lost control there." "What in the world was that?" "What was what?" "It felt like my energy was being sucked out or something." "Oh, um yeah that happens when I lose control." "Are you saying you aren't human?" I ask. He looks away from me, I can tell he's hiding something. "Um, I think my name says it all." "You're actually a demon?" my eyes widen with fear. "Yes and you're an actual angel." "Wait, I am?" I can't believe this is happening right now. "Yes, this is why we are attracted to each other like this, we are opposites, I'm a white demon, and you're a black angel. Our names say what we are." "How come I never knew this before?" "You just never met the right person to release you." I suddenly run out of the room and out of the club. It's raining as I run in a random direction. After about 5 minutes I stop and lean against the wall. I slide down as I think about what just happened. Is this true? Is this why we instantly loved each other? I don't know where I'm gonna find the answers. Can someone tell me? I need to know what's going on. ----- Woo, decided to turn this into a supernatural yaoi story lol. Is the story good so far? Please tell me I love when I get feedback. I think I might change the cover again, I don't know. Should I? VOTE AND COMMENT

Chapter 7: Chapter 7

Chapter 7 I'm so happy you guys like the story, yay! Anyways lol Kuro has now found out that he's an actual angel and Shiroi is an actual demon, what's gonna happen now?

----- By this moment I'm soaking wet by the rain. I don't care. I'm getting over the shock of finding out who I actually was. Is it really true that I'm an actual angel? Will I grow wings one day and fly away? Wait? Are my parents my actual parents, or are they just keeping secrets from me? People stare as they walk by me wondering what's wrong with me but none approaches me to talk. I suddenly hear running footsteps on the wet sidewalk. Did Shiroi come looking for me? "Kuro! I'm sorry, I shouldn't have told you like that!" he yells, then he spots me by the wall. "Kuro what are you doing out in the rain?" I suddenly feel tired. Was it the running? No I'm in too good of shape to get tired after that. Then what's going on with me? Shiroi tries to make me stand but I'm too exhausted to get up. He ends up carrying me princess style and I black out. "Kuro? Kuro? Come on you gotta wake up! I know I have explaining to do and I'm sorry for telling you like that." he slaps me lightly till I finally open my eyes. I moan as I sit up, ugh why am I all sore? "Thank goodness, you're awake." I can see he looks relieved, did he really worry when I was asleep? What made him worry though? "What happened? Why did I suddenly feel all tired and passed out when you found me?" "I don't know, maybe we will find out in the future." "Maybe." "So, what now? Do you still want to be with me?" he asks. "I-I don't know." "Well, how bout I leave to give you time to think about it." "No!" I clap my hand over my mouth. Why did I say that? Do I really want him to stay that much? "I want you to stay," I said in a whisper. "I want figure this all out yes, but I have a feeling I can't on my own, I need someone who already knows about this stuff to be with me." I start crying and he hugs me, trying to comfort me. This is all so confusing. Does he have the answers? I don't know till I ask. But I'm too upset right now to ask. "I know you have many questions to ask me, but for now I think you need to get calmed down first, get your head in order. Ok?" I nod. Tears streaming down my face. He puts me under the covers in my bed and climbs in with me. "Is it ok if I sleep with you? I won't try anything I promise." I nod my head saying he can. I really need to be with someone right now, and he's probably the best person to be with right now. I cry myself to sleep as he wraps his arms around me to give me comfort. I wake up in the morning and I notice Shiroi is still asleep. He still has his arms around me. I wonder? Does he really care about me? He seems like he does. He's being really patient and understanding after he broke the news to me. But he does say he's an actual demon. I carefully unwrap his arms from around my waist and I get up. I'm still a bit sore but nearly as much as yesterday. I go to the bathroom and take a shower, hoping it'll ease my muscles. I get out of the shower and i look in the mirror, damn forgot to take my makeup off yesterday it's in lines down my face now from crying. *sigh* oh well. But then I notice something about my eyes, the iris seems to be bigger and the purple color looks like it'll pierce into you. Did being with Shiroi cause this? How could I hide the fact that my eyes are bigger than normal? I could just say I'm wearing those anime color contacts that make your eyes look bigger I guess. When did my skins become so white? I look like a vampire or something. My hair looks blacker too, or maybe it just looks blacker compared to my white skin. And the purple doesn't look faded anymore, that's weird it was to the point where it needed to be redyed yesterday and today it looks freshly dyed, likes it's natural. Wait did I just see wings? I did. At least in the mirror but when I look back they aren't there. I look in the mirror again and they are there. The wings are pitch black and huge. I bet if I completely extended them it would be like 20 feet long or something. I hear the door open and I see Shiroi walk in. "Looks like the transformations already started." he said. "What's happening? Am I turning into an angel?" "Well I wouldn't say an angel, I mean you're a black angel, you could say you're part angel part demon, though more angel than demon since you'll have angel wings." he explains. "Similar to me except I'm the opposite, I'm more demon than angel." "This is so confusing, does that mean I'm adopted?" "What? Probably. Cause I looked into your family's history and none of them are angels or demons." "How come I didn't start transforming till now?" "Because I came into your life, I'm your soulmate, the one made for you." He walks up to me and wraps his hands around me and moves his hands up and down my back. "You won't completely transform till we go all the way." "What do you mean all the way?" "I mean sex." "Oh." He grabs my ass and kisses me. I just realized I didn't put anything on after getting out of the shower. I kiss him back

(Book 1) The Strange True Love (BoyxBoy)

for a bit then I realize, wait? What am I doing? Just because I need to have sex with him to fully transform doesn't mean I have to do it right now! And what if I don't want to fully transform? I push him away and he bumps against the wall. "What the hell was that for?" He yells. "I-I-I just, I'm not ready for something like sex yet." "It's not you're a virgin or anything." "I know, but like I said I want to take this relationship slow." "Don't you want to fully transform?" "I don't know." ----- Hi sorry for not uploading as quickly I was suffering from writers block. Ever since I made this supernatural I kinda hit a road block, but I'll get around it at some point. If you see a new ch to "Random crap!!" then you know I'm having trouble with the story and would love to hear your suggestions. Is the story good so far? I need feedback!!!! VOTE AND COMMENT!!! XD

Chapter 8: Chapter 8

Chapter 8 And here's the next chapter lol, I'm really wondering how this story is gonna go. Like where is the plot gonna go. Will more demons and angels appear? I have no freaking idea lol. I'm not planning ahead or anything, I'm just thinking of stuff as I go lol. And asking my best friend for help every once in a while. Ok enough about that lol. Back to the story. -----

"Don't you want to fully transform?" he asks. "I don't know." I look down. I really don't know if I want to or not. "Would I be able to hide my wings if I did?" "Yes, you can, why do you think you can't see mine?" "True, wait, you have wings?" "Yep, wanna see?" "Um, sure." He pulls me out of the bathroom and into my room. He takes off his shirt and concentrates for a bit and his wings grow from his back. As he does this I'm staring at his chest and his abs oh god his abs. They are perfectly sculpted, he looks like an angel, well I guess he is part angel. I snap out of my faze when his wings come out. I now stare at the wings. I can definitely tell he's mostly demon. His wings are about the same size as what I saw of mine. But instead of beautiful black feathers his are white. The feathers are sticking out at random spots and they're kinda dull, but at the same time they still look beautiful. I just realized his eyes are bigger and the color is turned white. All you can see is the black part of the eye. "What happened to your eyes?" I ask. "Oh, I where color contacts." "That makes sense. So you can only hide the wings?" "Yeah, sadly." he looked at me seductively, "Are you sure don't want to have sex right now?" "I-I..." I seriously don't know, I want to transform and get it over with but at the same time I'm scared. "You want to but you're scared? I can read minds you know." "What? Why didn't you tell me that before?" Was that why he found me so easily before? "I couldn't find the right moment to tell you." "Oh, ok." "You, have work tonight right?" "Yeah." I nodded. "Then it's probably not a smart idea to fully transform today since it takes a day or two for you to gain the ability to hide your wings." "Really?" "Yes. Come on let's do something together today." "Like what?" "Well first things first, you're still naked." "Kuso!

(Shit/damn/etc.)" I ran into the bathroom and close the door. I can hear Shiroy laughing as I get dressed. After I get dressed I walk out of the bathroom and I see Shiroy's wings are gone and he put his shirt back on. "That's better, so you seriously wear that everyday?" As usual I was wearing my sleeveless shirt that showed my midriff and my short shorts, black like usual. "Yeah." "It's still hot though." he smiles and comes up and kisses me again. "Just looking at you dressed like that gets me hard." He kisses me again and slides his tongue into my mouth fighting to take control, I kiss him back and wrap my arms around his neck. He pushes me against the wall and touches me all over without breaking the kiss. I feel myself getting hard and with these clothes on it's not exactly comfortable. He raises his leg int between mine and rubs it with his legs. I moan from the kiss and touches. He picks me up and drops me on the bed and falls on me. Wait? This is going too fast. I push him off of me and he falls on the floor. "Bit too fast for you?" he asks. I nod, panting. "Ok, let's go on a date then, it's only noon so we got time till you have to go to work." "Where would we go?" I look at him curiously. "Hmm, how bout we go out to lunch, then maybe a movie." "Ok, that sounds good." We get our shoes on and walk downstairs. My boss is in the living room watching tv. "I'm gonna go out ok?" "Ok." he looks at me, "Woah what happened? You're all pale and are your eyes bigger?" "Um, your mind is playing tricks with you, bye!" I grab Shiroy's hand and pull him outside. "Who's driving?" I ask him. "I'll drive, you're the female in this relationship so I'm gonna drive and pay. Nee? (also used at end of sentence wanting agreement)." "Ok." I get in the passenger seat of his car. "So where to?" "You'll find out." "It's not the fancy restaurant you own again is it?" "Haha no." I decided to drop it and just wait till we got there. Then we pull up in front of the cafe we met at. "You remember this place?" he said getting out of the car. "Yeah."

----- That's it for this chapter. How soon do you guys want the sex chapter? Cuz they are gonna do it sooner or later, I'm just not sure when they should have it lol. Do you guys like it so far? VOTE AND COMMENT!!! YOU HAVE TO!! ITS THE LAW!! not really lol but still do it lol

Chapter 9: Chapter 9

Chapter 9 And here's the next chapter woo. Lol Woo Kuro and Shiroy are on a date now. I think a sex scene will happen in either one or two chapters. I've been reading a lot of boyXboy stories lately so I hope my sex scene skills will improve lol. ----- You remember this place?" he said getting out of the car. "Yeah." I follow him into the restaurant and he picks a table for us. I think it's the table we sat at last time. Wow he even remembers that? Well I guess I did act like an idiot when I asked him out that first time. So it could be memorable. A waitress walks up to take out order for our drinks and I can tell she's staring at me the whole time with a flirty look on her face. And then she stares at Shiroy. Seems like she can't decide who she wants. "Sorry, hon, we're gay." Shiroy points out. "Oh ok," she looks disappointed. "Anyways, what would you like to drink?" "Dr. Pepper." I said. "Same." She writes that down and walks away. "That was mean of you." I said after she was gone. "What? If I didn't tell her she would've staring at us seductively the whole time." "True." "Expect this a lot from now on though, comes with being part angel, part demon. You're the hottest guy for miles." "That's gonna get annoying. Does that mean it'll be the same for gay guys?" "Yes haha, you don't not know how many people have approached me, both male and female." "That's funny." The waitress comes back with our drinks. She puts them in front of us and takes out her pad and said, "What would you like to eat?" I quickly look at the menu. "I would like the bacon cheeseburger, well-done." She writes it down and turns to Shiroy. "I just want fries." She writes it down and walks away again. "You not hungry?" I ask. "Comes with being mostly demon, I don't usually eat." "Oh." "So..how long have you been gay?" "Umm, I think all my life. I have dated girls but I never felt anything for them, I could never get excited from being with them. So I finalized I was gay at age 14. I came out to my parents and they immediately disowned me." "That's harsh, kick their own son out at 14?" "Yeah, I stayed with my grandma till I decided I was gonna move to America when I was 16." "Why'd you decide to move here?" "I kept running into my parents and every time they would talk to me saying if I went back to being straight they would take me back. Every time I told them I was never straight to begin with. I got tired of dealing with that and told my grandma I wanted to move to America so I didn't have to deal with them anymore." "Damn." "She supported my decision and understood why I wanted to. She gave me the money for the plane ticket and sent me money till I told her I had enough to take care of myself. She still emails me every week wondering how I'm doing and stuff so we're still pretty close." "At least not all your family members left you." "Yeah." The waitress came back with the food and set it down. "Anything else?" "No." and she walks away. "What's your grandma's name?" "Sakura Tenshi." (cherry blossom angel) "That's a good name for her." "Yeah." We sat in silence for a while eating our food. "So how many boyfriends have you had in the past?" he asked breaking the silence. "I lost count after about 20." "Oh wow, sounds like you weren't with them for very long." "Nope, the longest time I've been with one was a month and that was the first one since I moved here, others were 1 or 2 weeks." "Wow." "Yeah." another silence. He probably didn't expect me to have that many. "Have you ever had sex with a girl?" he finally said. "No." "When was the first time you had sex?" "With my first boyfriend when I was 16 after I moved here." "So like 2 years ago?" "Yeah." "What was the shortest time you been with a guy?" "A day, all he wanted to do was rape me." "Oh, wow." "Yeah. Oh well." "How long do you expect to be with me?" "I don't know, being with you feels different, like I'm meant to be with you." "That's cool." and then another silence. He clears his throat. "So..." "So..." It's starting to feel awkward. Maybe it's time for me to ask him some questions? Or not? "Can I ask you some questions now?" I finally said. "Oh, yeah. Wouldn't be fair if I could only ask the questions." "Yeah." Another silence as I try to think of a question. The waitress comes back, I just realized I finished finished my food. "Are you guys done?" she asked. "Yeah." Shiroy answered. She picks up our plates and walks away, then comes back with the check. And she leaves again. Shiroy puts his credit card in the thing and sets it up for her to come pick it up. "Ever since you told her we were gay it seems like she's kind of avoiding us." I pointed out. "Hmm, she may be homophobic, but she has to serve us since we're sitting here." "Who knows. I'm wondering, are demons and angels immortal or do they have a regular life span?" "We're pretty much immortal, but we can die by being murdered in a certain way, if we get a deadly wound that a normal human will die with instantly we will heal unless you get that wound from something specific." "What can you be killed by?" I inched closer to him, I really wanted to know. "Demons

(Book 1) The Strange True Love (BoyxBoy)

can be killed or at least injured terribly by holy water, everybody knows that one. They can die by going out in the sun-" Wait? Then how come we can go out in the sun?" "It's cause we aren't full demons, the angel blood takes away that weakness since angels are light." "Oh, ok, continue then." "When demons go out in the sun, and they burn because demons are dark, light kills them. When it comes to angels, I'm pretty sure God is their only weakness, there aren't any other weaknesses that I know of." "Ok, then what about us? Angel and demon mix?" "Nobody knows how to explain it really, but with the angel/demon mix, we have a beating heart, like a human. We can only die if we get stabbed in the heart by a metal stake. Don't ask why it has to be specific it's a mystery. " We watch as the waitress comes back to pick up the credit card and she walks away. "Wow I almost forgot where we were." I said laughing. "Nice." The waitress comes back and gives Shiroi his card back and gives him a receipt and pen for him to sign. Shiroi signs it and she takes it and gives him the customer copy of it. She walks away for the last time. As we walk out I realize it's already 3 in the afternoon. "Wow we were in there for 3 hours." I point out. "Time flies when you have a conversation like that." "This means theres no time for a movie." "Then do you want to go to my house instead?" "Hmm, sure." And we get in his car. ----- You guys got to learn some stuff in this chapter. Though it took a while to figure out the demons and angels weaknesses. Sorry it's a boring chapter, figured I should establish some things before continuing. But like usual... VOTE AND COMMENT!!! OR THE STALKER BUNNEY WILL GET YOU!! Don't ask, I have no idea XD

Chapter 10: Chapter 10

Chapter 10 I'm kinda surprised the story is getting this long lol and I don't have any plans of ending it yet lol woo. Sorry if the story is moving a bit slow. I just figured I should get some background info going before actually starting anything. I am currently working on a different cover but it might be a while cuz Kuro isn't turning out the way I want him to. Anyways Kuro and Shiroi are now going to Shiroi's house. What's gonna happen? (sorry if the notes are too long) ----- And we get in the car. He puts some music on hoping it'll get rid of the silence. Hmm what in the world did he put on? I pick up his iPod to look. The screen says "Love is War" by Miku Hatsune. No wonder I recognized the voice. Didn't think he liked her since he has the whole visual kei thing going on. "Interesting music choice." I smirked. "Haha yeah, I usually don't listen to pop but she's an exception." "And why is that?" "I don't really know. Something bout the fact that she's a Vocaloid draws me in." "Interesting." Then "Walking on Air" by Kerli came on. Seriously!? I love Kerli! I turn up the music and Shiroi just sideglanced at me and chuckled. We pull up at his house as the song ended. Omg it's a mansion! He really is rich. "How in the world do you have so much money?" "It was all my dad, he didn't tell me how he got all the money." "Cool." We walk in the house and it looked bigger on the inside than the outside. Omg! We walk onto the landing and I see a great big spiral staircase going upstairs on both sides of the room with a tree in between them. There's a chandelier up above us too, everything is so beautiful and white. He grabs my wrist and pulls me upstairs and into the living room. Just like downstairs, everything's white. Except maybe the tv and plants. We sit on the couch and he turns the tv on. "So...what do you want to do?" he asks looking over at me. "Hmm, I don't know." I answered staring at the tv. He scoots closer to me till we're touching. He turns his head to kiss me. CRASH!! "WHAT THE HELL WAS THAT!?!?" Shiroi yells. We both jump off the couch and head towards where the sound was. Which seems to be the kitchen. When we walk in we see a little fluffy object on the floor. It looks like it got stuck after the crash. I was about to walk towards it to free it but Shiroi puts his arm in front of me, blocking me from going anywhere. "Wait, it could be dangerous." I stand back and I watch Shiroi inch closer and closer to the furball. He finally frees it and after he looks at it he relaxes. "No worries, it's just a demon cat." "Woah what?" demon cat? I wonder. He hands the cat to me. "Why're you giving him to me?" "Your his owner." "What? I've never owned a cat in my life." "He seems to be your familiar." "Familiar? What's that?" "I don't really know how to describe it but he's pretty much your very own demon." "Well why is he mine?" "He told me." "Nani?" (what?) He laughs, "He spoke in my head." "Oh." I finally decide to look at this demon cat. He's black with three tails and he has purple eyes." 'Konnichiwa!!' Wait, what was that? It sounded like it was in my head. 'That's because it was you baka!' (idiot) I stare at the cat in amazement. "You can read my mind?" I ask him. 'Hai' (yes) ---- (one ' means it's in his head) ---- "So what do I do with him?" I ask Shiroi. "Take care of him like any other pet." "Oh, umm, you think my boss will let me keep him?" "Well I think you should keep him here, don't you think he'll get suspicious since he has 3 tails?" "True. You don't mind staying here rite?" I ask the cat. 'That's fine.' "Ok, what's your name by the way?" 'Whatever you want to name me.' "How bout Kuro Neko?" (black cat) 'But isn't your name Kuro?' "I'll just call you Neko then." (cat) 'That's boring!' he glares at me. "Um then how bout Chi?" (blood) 'That sounds better.' he smiles. "Then I guess your name is Chi." "Now that we got that figured out, what do you want to do?" Shiroi says. "Why don't we continue what we were doing earlier?" "Hmm that sounds good." I set Chi down on the floor and slam my lips against Shiroi's. He immediately starts kissing back. I bite down on his bottom lip causing him to gasp and I put my tongue in his mouth making him moan. He moves his a puts in my mouth wrapping it around my tongue like they're having a wrestling match. I moan loudly as he grinds himself against me. 'You know I'm still here right?' Chi points out. 'Go to a different room then' I thought back at him. Luckily he walks away. Shiroi slides his hands in my shirt and feels my chest. Then he moves them down to my butt then down my thighs. He grabs behind my knees and pulls them up around his waist. I wrap my legs around his waist as he pushes me against the wall. Our kisses get more passionate as I feel up his shirt on his chest and take his shirt off. I then feel his stomach, damn he has some serious muscles. He then starts kissing my neck searching for my soft spot and when he finds it along the base of my neck he bites and starts sucking making me gasp then moan loudly. He slides his hand down in my pants and grabs my already hard dick and strokes. "Take the shorts off." I breathe. He takes his

(Book 1) The Strange True Love (BoyxBoy)

hand out and slides my shorts down. "No underwear?" he asks. I shake my head as he starts stroking my dick again. God the feeling is amazing! I breathe heavily and moan as he starts moving his head down to my dick kissing me along the way. He licks the head teasing me and wraps his mouth around the head. "Stop. Teasing me." I pant heavily. He then takes in my full length, sucking me, taking it deep in his throat. I move my hips forward and arch my back as the pleasure is unimaginable. I grab his hair and push him deeper and lick the sack too. I can start feeling that tingly feeling and I know I'm gonna come. "Ahh! I'm gonna. C-cum!" He continues to suck me as I come in his mouth. He swallows all of it and I collapse onto the floor. "Can't believe you swallowed all of it." I said still breathing heavily. He smiles. "mm." "That was amazing." my breath starts to slow. "Mm-hmm," he looks at the clock above the stove. "I think it's about time for you to go." I look at the clock, kuso, it's already 5? (shit/damn/etc.) He kisses me gently and pulls me up. We quickly get our clothes back on. "Ok, Chi I'm going to work, you better behave!" I yell at Chi as Shiroy and I head out of the house and to the car. ----- Woo figured this was a good place to stop. So how'd you guys like the naughtiness lol. I think I'm getting better with it. The animal idea came from my best friend. I was stuck on what I should do, and she brought up that idea and then it led to me thinking of the naughtiness hehe. Hope you guys like it so far. YOU MUST VOTE AND COMMENT!!!!!!!!!!!! I love it when you guys do. YOU HAVE TO OR I WILL DELAY THE NEXT CHAPTER AND SET AN ARMY OF CATS ON YOU!!!!!!

Chapter 11: Chapter 11

Chapter 11 And here's the next chapter. I probably should have put a naughtiness warning at the beginning of chapter 10 but oh well. Won't be any naughtiness in this chapter. Least I don't think so... Lol I know I just kind of randomly put the cat Chi in there but he might have an important role later in the story. Lol I was thinking of the awesome anime Ao No Exorcist while writing that part and I thought of the awesome cat, Kuro. Lol I made sure Chi wasn't exactly the same. Ok, so now they are going to work. And on we go. ----- Shiroi's POV (let's see how it goes) As I drive Kuro to his work, I try to read his mind but seems like he's not thinking of anything at the moment. Whatever. Ever since we met I've noticed Kuro has been becoming more and more stunning. Especially his eyes, they're so purple and they just suck you right in. I'm excited to see what he'll look like once he completely transforms. I'm thinking we should change that wardrobe of his too. Something that's better with his body. I can tell some muscles are already starting to develop. Once he completes the transformation I know he's gonna some serious muscles. Meaning it'll be time for different clothes. I don't know what though, I'll think of something when it gets to that point. 'Hmm, I wonder what it would be like I cover Shiroi in chocolate and I slowly lick it off of him, kissing and biting his sensitive spots along the way?' hmm looks like he's having some naughty thoughts now. That's good I guess, that means he's getting a bit more comfortable. We get to his work a bit early, like 5:30 early. He didn't have to be here till 6. Oh well. "So..looks like we're here early so what do you want to do?" I ask Kuro. "Might as well go on ahead in I guess." "Yeah." I wonder why the air feels this way. I can tell somethings wrong. I was just about to call out to Kuro when I see a flying figure suddenly land in front of us. Wait? Nii-San? (brother) What is he doing here? "Shiroi! I need to talk to you!" Kuro is looking at me confused wondering what's going on. "Shiroi? Who is this?" Kuro asks. "Kuro, this is my brother, Kurochi." (black blood) "You have a brother?" "Yeah, Kuro why don't you go ahead inside while I talk to him?" "Ok, see you in a bit." he turns back towards the building a walks inside. I can tell he's worried what's going on. "Ok Kurochi, what did you want to talk about?" "I think we need to go somewhere a bit more private." I stare at him. He has black eyes with red specks. His hair is layered and goes down his back with red strips. He's really muscular like me and he's just wearing a pair of black pants right now since he has his wings out, which are a blood red. "Ok." I take my shirt off and have my wings come. Kurochi flies away and I follow, we fly to the forest to where there's nobody around, and then we land. "Shiroi, I think you should know that Kuro is the one in the prophecy." "What? How can that be possible?" "Your angel and demon blood mix is rare, considering demons and angels hate each other. Then father just had to go fall in love with an angel and then they had you and-" "Kurochi! Calm down." I interrupt. "Sorry. The prophecy says that the person with part angel and part demon though more angel will destroy all mankind." "But he's not even violent!" "What about after he transforms?" I stare at him. Omg why didn't I think of this? Would we have been better off if we never met? "Don't go all the way with Kuro!" "But-" "Don't! You can suck him an touch him and whatnot but don't go all the way, it will be the biggest mistake of your life." He backs away from me and flies away, leaving me here in the woods. "I suppose I should get back to Kuro, he's probably worried by now." I take off and start heading back towards the bar. ----- I think the story is starting to pick up. Funny how all the names are darkness pretty much lol. Woo VOTE AND COMMENT MY LITTLE PEOPLES!!! YOU MUST!

Chapter 12: Chapter 12

Chapter 12 VOTE AND COMMENT PLEASE!! Ok, hopefully this chapter will be longer lol. I think my writers block is starting to go away lol. The story is gonna go faster and will have action and such. So Kuro is the angel in the prophecy!? I would love you if you VOTE AND COMMENT! ----- Kuro's POV (yep back to him) I'm at the bar now all ready to go. And it's only 6:30. Where did Shiroy go anyway? And what did his brother want to talk to him about? I don't know but I have a feeling he won't tell me. "So were you with Shiroy all day?" my boss asks. "Yep, I seriously think he's the one." "That's good, so where is he? He's usually here with you." "He's talking to his brother about something." "Oh, do you know what?" "No, and I don't think he's gonna tell me." "Why not?" "I don't know, I just have a feeling." "Ah, hey look there he is." I look at the door and see Shiroy walking in putting his shirt on, he must've had his wings out. He comes over and sits with us at the bar. "Hey Kuro." he says. "Hi, what'd you guys talk about?" "Just getting me caught up on what was going on with the family." I can tell he's lying. His eyes look sad. "Oh, ok, what'd you guys really talk about?" "Um." he motions his head towards my boss, probably saying this isn't something for him to hear. "Hey, boss, don't have some final check ups to make before we open?" I ask. "Oh, um, I can tell this is something that should only be between the two of you, I'm gonna go." he walks away. "You guys really didn't talk about you family did you?" "No." "I figured. Do I really want to hear this?" "No, though I don't know if I should tell you or not. It has something to do with the transformation." "What about it?" "You know what? I'm just gonna tell you the whole thing." "Ok." I kinda didn't expect him to actually hear him tell me. "Ok so there's this prophecy, and my brother thinks it's about you." "What's the prophecy?" "He who is half demon, half angel, but mostly angel, will destroy mankind." "And he thinks it's about me?" "Yeah." "Why?" "Well the whole half angel, half demon thing is really rare. My brother is actually a full demon, he's only my half brother. Then somehow my dad fell in love with an angel and they had me. Demons and angels hate each other, that's why it's rare." "Oh wow." "Yeah, I told my brother it couldn't possibly be you, I mean you aren't even violent. But then he told me, 'but what about after the transformation?' that got me thinking, 'is he gonna change after he transforms?' I don't know what to do." "So he doesn't want me to transform?" "Nope, but what if you aren't the one the prophecy is talking about? What if it's talking about another guy 100 years in the future?" "That's true." I think hard about this, I can't ever imagine myself destroying mankind, but like he said, I might change after I transform. Then I say, "I want to transform." "What? You really want to risk it?" "Hai, if I am the one the prophecy is talking about, maybe I can change it." (yes) "Nani? How is that even possible?" (what) "Shiroy, before I met you, I thought the existent of angels and demons impossible, but then you came and proved it wrong, it is possible. I'm at the point right now that maybe nothing is impossible. That we can change this! Plus what if I never transform so the prophecy changes to another guy? Then those people would have to worry about it. I'm not gonna let that happen!" "Ok, ok, we'll do it then." I nod my head. Then I see my boss coming up to us. "Kuro, why don't you go home?" "What?" "I overheard you guys talking." "How much did you hear?" "Pretty much everything. I've always known about the existence of angels and demons." "Really?" "Yep, plus, Chi is here." "What!?" sure enough there was Chi walking up to us. "Chi I told you to stay!" "Sorry. I was so bored, I didn't have anything to do." he jumps onto the counter. "So, boss, if I leave then who's gonna be at the bar?" "I'll do it, ok? You three go on home." "Ok, thanks boss." Shiroy grabs my wrist and we run out of the building with Chi, following close behind. "Shiroy!" yells a voice above us. Then I see Kurochi fly above us and land violently in front of us causing us to stop. "You aren't doing what I think your doing are you?" "I am." Shiroy answered. "But what about the prophecy?" "I don't give a fuck about the prophecy! I am gonna prove to you that he is not gonna destroy all mankind!" I stare at Shiroy, does he really have that much confidence in what we are about to do and what's gonna happen afterwards? "Are you fucking serious!? What are you gonna do if you're wrong!?" "I'll figure it out if it comes to that." he said softly. Seems he didn't think about the fact that maybe we can't go against the prophecy. "But either way, you can't stop me!" Shiroy pulls me around Kurochi and to the car pushing me in the passenger seat. "You can't change my mind no matter what you say." He gets in the drivers seat and closes the door after making sure Chi was in the car and we drive away. "Does the transformation hurt?" I ask. "You'll be in so much pleasure you won't even feel it." "Oh." I'm a bit relieved. "I'm wondering, when we actually kissed for the first

(Book 1) The Strange True Love (BoyxBoy)

time it felt like my energy was being sucked out but, earlier today it didn't feel like that." "That's because the first time, it started the transformation and it took all your energy away. Today, what we did didn't progress the transformation anymore." "Oh, that makes sense." "Yeah." silence fills the car. This is a bit awkward. I should just ask some questions to break the silence. "So Kurochi is your half brother?" "Yeah, I have many half brothers and sisters, I just know him the best, we grew up together. You could say he was my first love." "He didn't hate you since you were part angel?" "No, he looked past who my mom was and the fact the I was part angel and saw me. I was his first love too." "What happened between you two?" "Our father was against our relationship, I was distracting him from his duties as the eldest son. We slowly grew apart as father gave him more and more task to take care of until neither of us just didn't feel anything for each other anymore." "How long did the relationship last?" "Oh I don't know, about a thousand years." My eyes widen "How old are you?" "1500." "You told me you were 18!" "I did didn't I." I nod my head. "I have the body of an 18 year old." "Oh." "Mm-hm." he nods. Awkward silence. "Hey look we're here." he points out. We finally pull up at his house. ----- VOTE AND COMMENT PLEASE! Woo Lots of stuff in this chapter. I think my writers block is gone lol. I hope. I'm pretty sure the next chapter is an actual sex scene, unless I decide to bring in another complication. Idk, both you and I will find that out later. Anyways...VOTE AND COMMENT!!!

Chapter 13: Chapter 13

Chapter 13 VOTE AND COMMENT! WARNING: THIS IS A NAUGHTY SEX SCENE! READ AT YOUR OWN RISK! Now that that is out of the way... Lol, yes this is the official sex chapter, I was debating whether I should have another complication or not but I decided not to. Kuro is finally gonna transform. -----
After we walk in the house he immediately slams me against wall and closes the door. "Can I take my anger out on you? That is if you don't mind having it rough." Shiroi asks. "I like it rough, go as hard as you want, torture me as much as you want, anything to get the anger out, ok?" "Do you want to be tied up?" Being tied up was the final straw with my other boyfriend. But, I kinda want to try it. "If you want to," I reply. "Torture devices? Toys?" I stare at him deep in his eyes. "Tonight, you can do whatever you want with me, heck you can even use drugs if you want. Don't hold back." He slams his lips against mine. I wrap my arms around his neck as he slides his hands down my legs to my knees and pulls my legs up so I wrap my legs around him. I nuzzle his neck as he carries me up to his room I presume and lays me on the bed and goes to his closet. He pulls a box out and takes out a really long piece of rope, seems he plans to tie me up completely. Well I already said he can do it so I'll let him, I won't resist. He comes over and slowly slides my clothes off. He then starts tying the knots around my body, he has me sit up as he ties my arms together, wraps it around my dick nice and tight (seems I'm already hard), around my knees and my neck forcing my legs apart. Damn the rope is tight around my dick, I guess this is what he means by torturing me, he's not gonna let me come it seems, I don't know what that feels like but I hear it's really uncomfortable. What else is he gonna do? I don't know, this'll be a whole new experience for me. After taking his shirt off he comes up and kisses me, immediately he slides his tongue in. I let him and he takes over. He breaks the kiss and blindfolds me. He then moves to the soft spot on my neck and he bites and sucks. I gasp, what is this feeling? I don't feel this way when I can see, maybe the fact that I don't what he's gonna do next raises the pleasure. I moan loudly as he rubs his fingers over my nipples while he continues sucking on my neck. I try to tell him to stop teasing but I can't seem to form the words, I'm in too much pleasure. "Shi-roi." I let out with a moan as he fondles with my nipples with his tongue on one and fingers on the other. I feel like I'm gonna explode, I feel like I'm gonna come but the rope won't let me, god this feeling is just amazing. He slowly starts kissing down my stomach and licks my tip making me gasp. He then starts sucking on the head. "Oh- m- god!" I moan loudly. He laughs and continues. He unties the rope from my dick and only wrap it around the base super tight to make sure I don't come. He then starts licking it up and down while he cups his hands around my balls. I arch my back and moan as he takes the full length in his mouth, deep throating me. I moan and moan as his head moves up and down on my dick. Is it possible to feel this much pleasure? He removes his mouth and moves down to like my hole, by now it's begging for something to enter. Why is he teasing so much? Does the transformation hurt so much that he feels he needs me to feel as much pleasure as possible? I feel him get off the bed, wait? Where is he going? After a few seconds I feel him sit back down and he slides a finger into my hole. I arch my back and gasp as he moves it around inside me. He then enters another finger, then a third, stretching me out. He then slides in a fourth and the fifth and I can feel him slide something small in there, is he really using drugs? He slides his whole hand in. I arch my back so much I'm surprised it hasn't snapped in half. I yell out as he goes deeper and deeper, he takes his hand out leaving the drug in there. "God!" he slams something that seems to be a toy inside of me. He pushes a button and it stretches me out even more and releases some sort of liquid. "This isn't too much for you is it?" he whispers in my ear. I shake my head no as I'm panting heavily, feeling the cold liquid enter my body. "Ok, it's just the transformations so painful, I want to make sure you're completely ready for it." He gently puts something in my mouth and straps it tightly around my head. It's one of those gags that has something that goes to the back of my mouth, making me open up my mouth wide. It's probably something to bite on. I feel that the liquid has stopped and he takes the toy out. He positions himself between my legs and I can feel his dick rubbing against my hole. I moan against the gag. He pauses for a bit as if hesitating then he trust in me making me cry out. I feel a shock coursing through my body, did the transformation start? I can feel my heart beating faster as he pulls out and goes back in over and over, faster and faster, harder and harder. Oh god! What is this pain? It immediately turns to pleasure from the drugs, but some of the pains still there. Even though the drugs ease the pain, it doesn't take it away completely. My

(Book 1) The Strange True Love (BoyxBoy)

whole body feels weird. Like something is forming. I scream against the gag as the pain grows greater and greater. I can tell Shiroy is upset he's doing this to me but he continues so it can be over. He turns me over and continues thrusting into me. It suddenly feels like a thousand needles are being jabbed into my shoulder blades. Except it's feeling more like they're coming out then going in. I constantly scream against the gag as they grew, probably forming the wings. "It's ok baby, it's ok." Shiroy tries to reassure me. Ok!? It feels like I'm in hell. I bite down so hard on the gag I'm surprised I haven't bit it in half. Tears streaming down my face. I can feel that Shiroy is uncomfortable too. Does he have his bound too? "Yes," he grunts out, "if I come then I won't be able to continue which will stop the transformation. It's best to just get it done as fast as possible." By now I can't tell what's pain and what's pleasure. They are mixed with each other. "Almost done babe," he says as the wings continue to form. I scream as loud as I can as the wings finish forming. I feel a sudden burst of pain worse then what I felt before and then it goes away. Shiroy slows down and unbounds our dicks. He comes inside me as I come on the bed. I finally relax and he falls beside me. "Done," he says panting. "Let me get this off of you." He takes the blindfold and gag off and kisses me gently. He then slowly unties the knots around my boy not wanting to cause any more pain. After he's done I can see red lines and blood from the rope, just realizing how much I struggled against them. I can feel a weight on my back. I look behind me and there they are, huge beautiful black wings. They are so dark, they shine in blue and purple. I examine the rest of my body and I see some major muscles. God-like muscles would be a good description. Suddenly I feel like my energy was just sucked away and I collapse falling asleep. Shiroy's POV I smile in relief as he falls asleep. I'm so glad that's over, the transformation is one of the hardest and most painful events that'll happen in any persons life. It really does feel like you're in hell. I look at his wings draped on his body. They are truly beautiful unlike mine that are dull and ugly. But he still thinks they're beautiful. I'm a bit exhausted since we did that for about 2 hours. I shift him into a more comfortable position and tend to the cuts around his body. I then pull the blanket up on him and crawl under with him. I wrap my arms around him and fall asleep.

----- Omg! I can't believe I just wrote that. God forgive me! ... Anyways... Did you guys like it? I'm still new to writing this type of genre. So... Yeah. Like always... !!!VOTE AND COMMENT!!!!!!

Chapter 14: Chapter 14

Chapter 14 Ok, so...VOTE AND COMMENT!!!! Kuro finally transformed. Glad that's over, I hate myself for making Kuro go through that. I practically fell in love with Kuro lol, but I also love Shiroi, idk which to choose. Lol Did Kuro change in more ways than just the body? ----- Kuro's POV I groan as I wake up. Ugh my body is so sore. What happened? Oh yeah. Did it really happen? I see my wings, yep it did. I look around the room, I wonder where Shiroi is. Then the door opens. "Hey sleepyhead." he says. "Ugh, how long have I been asleep?" "About a day, I expected that to happen." I groan as I sit up. I examine my body. The cuts healed but I still got red lines all over me. "Sorry bout that." "Oh, um, it's fine, I told you you could do it." "Yeah but I still feel bad about it. I'll be right back." he walks out the door. I move my wings in front of me so I could look and feel them. They're so soft. They are truly beautiful. I wonder if there is a specific task to take care of them or if they just stay naturally like this. I then examine the newly formed muscles on my body. So that's what that feeling was. I look like some sort of body builder, maybe even someone on steroids. I hear the door open again and Shiroi walks in with a tray of food. "Aw, breakfast in bed? You didn't have to." "Hehe, I figured you would be hungry after what happened." My stomach growled, guess I am. I look at the food. There's a plate with biscuits and gravy with a mountain load of sausage and bacon with a couple eggs. Along with a huge glass of milk and some pills next to the glass. "What are the pills for?" "A couple of them are pain pills to ease the soreness, and the other ones are to help take care of your new body, like keeping your wings to look the way they are and such." "Ah." I quickly take the pills and dig into the food, mmm who knew Shiroi is a cook? "So what are we doing today?" "I don't know, you can't exactly go out in public with those wings, we will just hang out I guess." 'Kuro!' Chi suddenly jumps on the bed and licks my face. 'Are you better?' "Haha yeah." I give him a piece of sausage for him to nibble on. Then I hear my cell phone ring and I immediately pick up. "Moshi-Moshi?" (what you say when you answer the phone) "Ah good you're awake." it was my boss. "Transformation was pretty hard on you huh?" "Yeah, it hurt like hell." "I believe it, I'll give you a few days off to let you rest a bit, ok?" "Ok, thanks boss." "Well I gotta go, I just wanted to check up on you." "K, bye." I hang up the phone. "Well one other person knows." "Eh, he's known from the very beginning." "Really?" "Yeah." "Hmm." I continue eating. "We need to get you a new wardrobe." "Nani? Doushite?" (What? Why?) "Babe, you have huge muscles now, you can't keep wearing those girl clothes." "But, it's pretty much all I have." "You know what? After you can hide your wings, I'm gonna take you on a shopping trip. Maybe we will even get you a different hair cut. For now I'll lend you my own clothes." I nod as I finish my food. Kurochi's POV (remember him?) I look in the window as they have sex, I can see the wings slowly transform. I'm so glad I didn't have to go through that since I'm fully demon. Shiroi was telling the truth when he said he was actually gonna do it. Is he an idiot? I'm 100% sure Kuro's the one the prophecy is talking about. Does he think he can change it? I should tell father. I leave them and I go home. Shiroi's POV So far there doesn't seem to be any mental change in Kuro. Course he's still newly transformed so I don't know what'll happen in the future. I noticed Kurochi outside the window yesterday when we were doing it. But I didn't care, he already knew we were gonna do it anyway. But then he flew away. Did he tell father? I don't know. Ding-dong The doorbell went off, and I go down and open the door. A figure suddenly throws himself at me and pushes me against the wall with his hands at throat. I realize it's father. "Did you guys seriously do it!?!?" he hisses at me. I nod my head. "Why!?! Didn't Kurochi tell you not to?" I nod my head again. He let's go of me. "Well what's done is done. Where is he?" All I do is stare at him. "You aren't gonna tell me?" I stay silent. "Shiroi? Who was at the door?" he starts to come downstairs but he pauses when he sees me against the wall and my father in front of me. Looks like he found some pants to put on. "Kuro, go back upstairs." "Nani?" (what) "Who is this?" "I'm his father." my father replies. Kuro's eyes widen as he realizes that's not good. "Now be a good boy and come down here so I can look at you, the newly transformed are the most fascinating." He hesitates but he slowly walks down the stairs. I stare at him and shake my head, telling him not to. But he walks towards us anyway. My father closes the gap between them and starts examining Kuro. He looks uncomfortable as my father touches his chest and his wings while walking around him. "Beautiful, just beautiful." he said smiling, "To bad you have to die." he kicks Kuro in the back making him fly across the room and into the wall. "Kuro!" I run towards him to see if he's ok. "Why'd you do that!?"

(Book 1) The Strange True Love (BoyxBoy)

"Exactly what I said, he needs to die before he destroys all of mankind." I pull Kuro out of the wall. He's still conscious but he can barely stand, he leans against me for support. "I don't care about the stupid prophecy! I'm gonna prove you guys wrong that he's not gonna destroy mankind!" He laughs, "Now do you truly believe that?" My father is a truly frightening man. His eyes are black, and I really mean black, there aren't even any white. His wings are huge and black. He's one of the most muscular men I've ever seen. And he always has an evil aura about him. Considering he's Satan's right hand man. I stare at him right in his eyes. "Yes! I truly believe it!" "What are you gonna do when you're wrong and he starts destroying everything?" "I-I don't know, I'll deal with the consequences if I can't stop him." He stares at me. "Ok, I'll give you one month to prove that he's not gonna do it. If he does it then you'll be my slave down in hell for the rest of your life, you can never come back to earth. And I'll kill Kuro." I stare at him. When he says something like that, he means it. I'll go insane down in hell, for the short time I was down there it was the worst experience of my life. But if I decline he'll kill Kuro, I don't want him to do that, I can't do that to Kuro, he just found out about all this. "I accept." Kuro raises his head and stares at me with wide eyes. "Good, hmph, it's gonna be fun having you as a slave." he walks out of the house. I lean against the wall and slowly slid down. Kuro slides down with me. "What have I just gotten myself into?" I ask myself. "A deal with the devil?" "Hehe, close." "What do you think's gonna happen?" "I honestly don't know, I don't know if you are gonna change mentally or not, right now you're still the same but we don't what's gonna happen in the future." He kisses me gently. "I'm gonna do all I can to help you out." he smiles. "If it ever happens then I'll figure it out then but right now let's not act all depressed." He nods his head. I get up and pull him up with me. "So what do you want to do?" I ask. "Hmm, we should invite the boss over and watch some movies." "Sounds like a plan. What's his name anyway?" "I have no idea, he never told me." "Interesting." I'm starting to think he's more than just his boss. I don't know, it's just a hunch. ----- OMG! I wouldn't want a father like that lol. Is Kuro and Shiroi gonna succeed? Is there really something unusual about the boss? ... I have no idea lol Anyways.. VOTE AND COMMENT!!

Chapter 15: Chapter 15

Chapter 15 Can't believe I'm already on chapter 15 lol. I really should be studying, I got the SAT to take in a little more than a month. But this story is so good and I wanna get my thoughts written down before I forget what I wanted to happen next in the story. Oh, forgot...VOTE AND COMMENT!!! Lol. So Kuro and Shiroy has one month to prove to Shiroy's father that Kuro's not the one the prophecy is talking about. What's gonna happen?? ----- Kuro's POV I pick up my phone to call my boss. I dial his number. He answers on the first ring. "Hello?" he says. "Hey boss, I'm just wondering, do you want to come over to Shiroy's house and watch some movies with us?" "Sure, I'll be there in about 15 minutes." "K." he hangs up. "Is he coming over?" Shiroy asks. "Yep." Shiroy comes over and feels my wings, which are folded tightly against my back right now. Then he lifts up my chin with his finger and gently kisses me. "I swear I'm not gonna let you turn evil." "How can you be so sure?" "I just know." I nod. I suddenly grab my head as an unbearable pain enters. I scream and the pain subsides. "Kuro? Are you ok?" he says with a worried look on his face. "I'm fine. What's happening to me?" "I-I don't know." then the doorbell rings. Shiroy walks over to the door and answers it. "Hey," my boss says. "Come in." Shiroy answers. "Been a while since I've been here." "Yep." "Last time I was here your father was still alive." "Yeah..." "Wait? How long have you guys known each other?" I interrupt. "Oh, about 20 years." my boss answers. "Oh." "Anyways, why don't you come in?" Shiroy asks. "Yeah." he walks in and he looks at me. "Wow, you look like a different person." he starts examining me. He slides his hands over my muscles and my face. I spread out my wings for him to see. "Beautiful," he breathes out as he touches my wings. "Yeah, yeah, yeah, stop touching my boyfriend." Shiroy interrupts. He backs away. "It's not everyday you see a newly transformed." "True, I guess." "Come on!" my boss yells, "let's watch some movies, that what I came here for right?" he runs to the living room. I nod and follow him, pulling Shiroy behind me. We watch all the Naruto movies. I know, we're nerds haha. I lean on Shiroy, laying my head on his chest trying to find comfort. Most of the time I forget reality but every once in while it comes back. Shiroy has his arm around me and he slides his hand up and down on my arm trying to comfort me and I eventually fall asleep. Shiroy's POV I kiss Kuro on the top of his head as he sleeps. He needs it after all that happened in the last couple of days. "He's asleep?" his boss ask. "Yeah." "Poor kid." "It'll be all over soon. I have something to ask you." "What is it?" "How come you never told him your name?" "It'll tell him the truth of who I am." "Who are you really?" "His father." My eyes widen. "What? So you're saying you aren't human?" He nods his head slowly. "How come you never told me?" "I have my reasons." "So what are you? Demon or angel?" "I'm a demon, his mom was an angel." "Why did you leave him to grow up with regular humans?" "I didn't want him to live this kind of life. I mean, look how you grew up." "Well my father is Satans helper, it's different. You can't imagine how much trouble he was in when he got an angel pregnant. He raised me but he hated me. Made my life miserable. He was furious when my half-brother and I were in a relationship." "That's understandable." "Yeah." "It would be a lonely life for him if he grew up with me." "Where's his mom?" "She's at our house. Kuro just knows that shes my wife, that's it. We never told him her name either." "Not even a first name?" "Nope." "Wow." "Yeah." "So what is your name?" "Chigokoro Tenshi." (blood heart angel) "Wow." "Yep." "And your wife's?" "Ichigo Tenshi." (strawberry angel) I chuckled. "Interesting." Kuro stirred from my movement. "Yeah, my last name was Akuma, but I changed it to Tenshi when we got married. I don't feel like I'm a demon, I don't feel evil. Why do you think I fell in love with an angel?" "True. So are you gonna tell him?" He looks away. "Are you?" I ask again. "I don't know if I should or not." "Dude, right now he believes he doesn't have any family. The family that took care of him disowned him when he told his parents he was gay. He's confused on if he was adopted or not, and if he was who were his real parents. He's wondering if they're dead or if they are still out there somewhere. I think you need to tell him." He stares at me with sadness in his eyes. "Um, I'll tell him when he wakes up." he finally says. "Good." "So what was the deal you made with your father?" "He's giving me one month to prove to him that Kuro is not gonna destroy all mankind, if I can't, then I'll be his slave down in hell for all eternity and he'll kill Kuro. If I can he'll leave me alone." "Wow, a slave down in hell? That wouldn't much fun." "Haha no, I know that's a huge thing to risk but if I declined he would've killed Kuro right there. I couldn't do that to him." "You'd rather have him fear turning evil any second?" "Oh man, didn't think of that. But I swear on my life that it's

(Book 1) The Strange True Love (BoyxBoy)

not gonna happen." "I trust you Shiroi, I believe you'll look after my son." I nod. "I think it's about time for you to go to sleep." he suggested. "We can talk more in the morning." "Yeah, I'll take Kuro upstairs." I gently pick Kuro up princess style. "What are you gonna do?" "I gotta go home and explain things to Ichigo. I'll come back in the morning with her." "Ok." he walks out the door and I walk upstairs. I walk into my room and gently lay him on my bed and pull the covers over him, not wanting to wake him up. I take my shirt off climb in the bed with him and I fall asleep. ----- Sorry this was such a boring chapter. It was just an info chapter lol. I just realized I've been having the demons out in broad daylight. I forgot about the burn up in daylight thing lol. I'll explain something later I guess lol. So... VOTE AND COMMENT!!!

Chapter 16: Chapter 16

Chapter 16 Yet another chapter lol. Will Kuro turn evil? ----- Kuro's POV People are running. People are screaming. People are dying. Why? What's going on? Why am I flying? What is this feeling? What am I shooting out of my hands? Why am I killing everybody? Why am I laughing? Am I evil? I fly towards the ground and slash at people with my bare hands, killing them. "Kuro!" What? Who was that? "Stop!" I feel someone grab me from behind. "Kuro! Stop, please!" he's crying. I swing around and cut him in half. I smile. Wait? Why am I happy of what I just did? What the hell is wrong with me? "Kuro!" Again? "Kuro! Kuro wake up!" Wha-? --- I suddenly sit up in my bed, sweating. "Kuro, babe, are you ok?" Shiroy asks. I look over at him and I suddenly hug him and break down crying. "Shh, it's ok." he says softly hugging me and patting my back. After a few minutes I stop. "There we go, are we fine now?" I nod. "What happened?" "I was having a nightmare." I said softly. "What happened in the nightmare?" "I was flying in the air and people were screaming and running away from me. I was killing them, and I enjoyed it. You tried to stop me but then I killed you too." I cover my face with my hands and I start crying softly again. "Kuro, babe? It's gonna be ok. I promise you I will not let that happen. I will do all I can to stop that from happening and keeping you alive." I nod. The doorbell rings. Shiroy pulls me off the bed and downstairs. He let's go and opens the door. "Hey Shiroy, how's Kuro doing?" my boss asks. "He just woke up from a nightmare." "Oh." he comes over and hugs me, then I see his wife standing outside. "Why are you guys here?" I ask them. "Kuro, we have something important to tell you." she says. They walk in and pull me to the couch. My boss speaks up first. "Kuro, I don't know how to say this, but I'm your father." "What!? Does that mean she's my mother?" I point to his wife. "Yes." "So you guys aren't human?" "No, I'm a demon and your mothers an angel." "Is this why you guys let me live with you so often?" "Yes." "What are your names?" "Mines Chigokoro Tenshi, your moms is Ichigo Tenshi." "Why didn't you tell me before?" "Because you didn't know about this whole world." "Why did you have another family take care of me?" "I didn't want you growing up with this kind of life. I didn't expect them to disown you cause of a reason so stupid as being gay but, what can you do?" Chi suddenly jumps on my lap. 'Kuro, I'm hungry!' I laugh "Guess we kinda forgot about you huh?" Chi growls at me 'Meanie! I want food!' "Ok, ok, come on." I lead him to the kitchen and Shiroy follows. As I look for something for Chi to eat, Shiroy asks, "So what are you gonna do?" "About what?" "About what we're dealing with right now." "Oh, I don't know." "Tomorrow I should probably able to tell you how to hide your wings." "Ok. That's good cause these things are like weights." "Haha yeah." "I'm wondering, what do demon cats like to eat?" we both stare at Chi. 'Who me?' We both nod. 'I like fish!' "Seems kind of normal for a demon cat." "I don't care, I like fish, any kind." "Ok then, Shiroy you got any fish?" "No, I've always hated fish." "Hmm." "I can order take-out, I bet we are all hungry." My stomach growled. "Yep." he laughed. He walks out of the room with the phone while Chi and I go back to my parents. "Shiroy is gonna order something to have for lunch." "Ok, that's fine." mom says. It's weird calling her mom instead of ma'am. "So how have you been honey?" "Other than the fact that the transformation hurt like hell and I could go evil any second I'm fine." "Oh honey," she gives me a tight hug, "It'll be fine, I promise." "I hope so." the pain in my head comes back. I scream and clutch my head hoping the pain will go away. After about a minute it does but it lasted longer than the first time. "Kuro are you ok?" dad asks. I nod. "Has this happened before?" I nod. "Before the transformation?" "No." my mom is hugging me tighter than before. Shiroy walks in. "Foods coming and there's gotta be a reason for those headaches." "What do you think they mean?" dad asks. "I think the transformations trying to force a mental change on him. Usually only your body change but he seems to be different. Oh man maybe my family was right." "Now Shiroy don't lose hope so quickly. Maybe we can change it, we should try to keep him happy, good, help him forget reality." "Do you really think that'll work?" "We won't know till we try." "You're right." he comes over and gently takes me out of my moms grasp. He cups his hands on my face and wipes the tears away. "Kuro, you need to forget this, it's no use acting all depressed." he gently kisses me on my lips. He pulls away and I grab his head and pull him back, slamming my lips in his. I pull away and lean my forehead against his, breathing hard. "I know, we should try having sex again, it might be better when I'm not in so much pain." "Mm-hmm, you sure you should be talking about this when your parents are here?" he motions towards them with his head. "Oh god, sorry." I laugh. Mom chuckles, "Its fine. Just as long as you don't go too

far in front of us." I laugh nervously and they all laugh along with me. ----- Figured I should end this chapter on a happy note lol I guess it's another boring chapter but oh well VOTE AND COMMENT!!

Chapter 17: Chapter 17

Chapter 17 And here's the next chapter. Woo. I've been updating a lot lately lol. I'm wondering, how come only one or two people comment? Though it's usually just one. Please please please VOTE AND COMMENT!! Maybe I'll even read your stories and vote and comment in return if you do. Anyways. Everything's happy at the moment lol. They're trying to make Kuro forget the reality of what's going on and make him have a little fun lol. ----- Kuro's POV -NEXT DAY- "Ready to learn how to hide your wings?" Shiroi asks. We are in his backyard about to have a how to hide your wings lesson. "Yep." I nod. "It's not gonna hurt is it?" "Only a slight pinch, you'll learn to ignore it." "Oh, ok. So how do you do this?" "Imagine that your wings are invisible." "That's it?" "Trust me, it's harder than it sounds." I imagine that they are invisible and suddenly I feel the weight of one of the wings disappear and I topple over. Shiroi starts laughing. I growl at him. "Haha, sorry, you just look silly with one wing." he says as he helps me up. I look behind me, sure enough, only one wing was gone. My parents chuckle as they come outside to watch. "Oh shut up!" I yell at them, "This is my first time!" Try's again. Take 2: only manages to make half of a wings disappear. Take 3: "WTF they became transparent!" Take 4: "Ah Chi go away!!" 'No!' By this point everybody was dyeing with laughter. "Anytime now Kuro." Shiroi says through his laughter. "Grr." Ok I'm gonna do it this time! Think! Think! ... I feel the weight on my back disappear. "Hey! You did it!" my dad shouts. "Finally!" Shiroi yells. I tackle him, knocking him to the ground. "Not like it was any easier when you did it right?" "I got it on the second try." "Seriously!?" He nods. I growl at him. "Since you finally accomplish that, why don't we all go shopping?" he suggested. "Shopping for what?" "Clothes." "What for?" "Don't you remember our conversation?" "Oh yeah." "Yep." he kisses me and pulls me up. Then he turns to me parents. "You guys should come too, it'll be fun." "Sorry Shiroi but we already have plans for today." dad says. "Oh ok, that's fine." My parents walks up and hugs me. "We'll see you later ok?" mom says. "Ok." and they walk away. "LET'S GO!" Shiroi yells, grabbing my wrist and pulling me to the car. ----- So...this story is more on the funny side now lol, it'll get serious again soon, I think... Anyways... Do you guys like it so far? If you do you should VOTE AND COMMENT!!!

Chapter 18: Chapter 18

Chapter 18 Kuro fails lol. Anyway... I know the story went from serious to funny, but I'm just trying to lighten the mood a bit lol. And on we go! ----- As Shiroi pulls me through the house, I suddenly stop him. "What is it?" He asks. "Don't you think I want to put a shirt on first?" "Oh, right." I sigh as I run up the stairs to his room and put on a shirt. When I walk downstairs Shiroi took his off and had his wings out. "Why?" "Hmm? Oh we are going to fly there, take the shirt off and get your wings out." "But I just finally managed to hide them..." "Yeah I know, but you need to know how to unhide them, if that makes any sense." I sigh and take off my shirt. I imagine that the wings were visible again and they popped right out. "Good, stick the shirt in your back pocket or something." "Where are going anyway that requires flying to?" "It's a surprise, plus I figured you needed a flying lesson." "Not like it could be that hard." "You have no idea." he chuckled. "First, move your wings in the basic up and down flying movement. I need to be sure you can control your wings correctly." I did as he instructed. "Good, now try to fly." I flapped my wings slowly and I started to hover. "Good, good, you're catching on quickly." "What? You think I can't do it?" "Now I didn't say that." "You implied it." He made a face at me and continued. "Now land." I landed. "Now for the basic movements. Lean left to go left and lean right to go right, simple. To stop you bring your legs down and hover. And to land from high above, dive slightly, then when you're close to the ground bring your legs down and slowly hover down the rest of the way. It's easy enough." "Maybe to you, you've been doing it for over a thousand years!" "Very true." he laughs. "Alright let's go!" he takes off. "Wait what!?" I lift my wings up and I try to fly. "Hey wait up!" Surprisingly, I actually start flying. I'm following behind Shiroi and I try to catch up with him. Flying feels so natural, like I've been doing it all my life. He flies higher and higher till he's almost in the clouds, guess he doesn't want people seeing us and have the headline "Flying Humans!?" in the news tomorrow. So we fly high enough so we would look like birds or something to the people below. I wonder where he's taking me. ... We just crossed the ocean and saw land again. Wait? I recognize this place. It's Japan isn't it? I fly right next to Shiroi and yell, "You took me to Japan!?" He chuckles. "Yep, the clothes j want to get you can only be found in Japan." "Oh, wow. It's not yukatas or anything is it?" (light cotton kimono) "Haha no." "Then what?" "You'll find out in a bit." "Grr." He laughs. We go to an area that's hidden from everybody and land. Well, he lands and I fail and fall on my butt. Shiroi laughs as he helps me up. "Jerk." I slap him on the arm. "Sorry, I shouldn't be laughing, can't expect you to get everything perfect on the first try." "Then why'd you laugh in the first place!?" I yelled at him waving my hands in the air. Wow he's causing me to act like a kid. "I couldn't help it." he said patting me on the head. I smacked his hands away repeatedly. 'Kuro!' I see Chi running towards me. How in the world is he here!?!? "Chi, what are you doing here?" "I flew here!" he says with a huge smile on his face. I sigh, seriously? "Can't you ever stay home for once?" "No, I get bored." "Shiroi help me out here!" I whine. He chuckles. "He's your familiar, this is what they do, they follow you around." "Thank god I don't go to school." Shiroi chuckles again. "So now what?" I ask. "We are gonna meet up with this guy and get some custom fitting clothes for you. Something that's gonna properly fit that new body of yours." "Really? N-no, I don't want to you spending so much money on me." "Dude, I have enough money to last me a thousand years with the way I'm living right now." "Yeah but still-" "Kuro, I am willing to spend a lot of money on you. Daisuki." (I love you) "Oh, um." I don't know how to react to that, nobody told me that before. He gently caresses my cheek and kisses me. He quickly pulls away. Then he says, "Ok, let's go." and he walks away leaving me staring at him trying to process what just happened. Then I come back to reality and follow him. ----- Sorry for taking so long. I was trying to figure out the flying lesson and then the romantic moment lol. I think it turned out pretty good. As you can tell, the next chapter is the clothes chapter. Might make it funny, might make it serious, idk yet. Anyways...

Chapter 19: Chapter 19

Chapter 19 And on we go lol. Hope you like. ----- "Kuro where are we going?" I ask as we walk down the streets of Tokyo. We hid our wing before coming here so we wouldn't get found out but it seems my shirt fell out of my pocket on the way to Japan so here I am walking down the streets of busy Tokyo, shirtless. Girls keep on staring at me it's so annoying. Oh and we somehow lost Chi along the way. It's weird how he just appears and disappears at random times. We continue to walk for an hour till he finally says "Here we are." and we walk into an old looking shop. "Ah, Shiroy, welcome." a man who looks like he's about 40 walks out from behind the counter. Wow he's so frighteningly beautiful. He has long layered white hair and almost white-sorta blue eyes. And what's shocking is there isn't any white or black on his eyeball, it's all just one color. He's about 6'7" and amazing muscles, least I think so, it only sorta shows through his clothes. He also has the face of a god. "Kuro, this is my uncle on my moms side." "So he's an angel?" "Yep." "How come it seems like all your relatives have long layered hair?" "It's an angel and demon thing. I didn't want to deal with all the hair so I don't have mine long." "That's understandable." I smile. "Anyways, what are we doing here?" "My uncle here, is a tailor, he knows exactly what kind of clothes will make you look best." "Um, ok." "Will you come this way?" he said. I follow him behind the counter and we go through the curtains that were back there. When we walk through the curtains the room is a lot brighter than the store was. It was also very colorful, considering there was materials lining the walls in every color imaginable. I was gawking at the room when he motions for me to come where all the equipment for measurements and stuff was. After he was done I was amazed at just how much bigger my body got. Before the transformation I was just some skinny kid with like no muscles. But now, omg. "Ok, I got all the measurements, I'll have your clothes ready by tomorrow." he said. "Ok, arigatou gozaimasu uncle." (thank you (formal)) Shiroy said bowing to him. His uncle bowed back. He then whispered something in his uncles ear and he nods his head and chuckles. Then Shiroy grabbed my hand and dragged me out of the store, but not without grabbing me a shirt first. Guess he didn't like the fact that all the girls were staring at my chest with awe. "So..." we are walking down the streets of Tokyo again. "What now?" "We are now gonna go to a hotel I booked a room at." "Alright." my stomach growled. Shiroy chuckled. "Or we can get something for dinner first." "Agreed." "You want something fancy or simple?" "Simple, I'm kinda tired." "Alright." "Kuro?" I hear a voice behind me and I turn around. "Okkasan?" (mom) "What are you doing back here fag?" "Um, just doing some stuff." "Mm-hmm, who is this? Another fag?" "Okkasan! Don't talk to him like that!" "Kuro, it's ok. Hey ma'am, you must be the mother that disowned him?" "That would be me." "Do you really hate homosexuals so much that you would stop loving your son?" "Iie (no), but I just can't stand homosexuals." "So disowning him was the answer? Couldn't you have just looked past his sexuality and just saw him?" "It's harder than you think." "No it isn't!" My mom flinches. He sighs. "Sorry, you homophobic people are just so terrible. Wasn't the phrase 'Hate the sin, not the sinner?'" "Shiroy..." I touch his arm signaling I wanted to stop. "Sorry Kuro. Just got a bit angry that your adoptive homophobic mother showed up. Not like it matters, you have your real parents now." is he crying? "You found your real parents?" my past mother said. I nod. "And are they ok with the fact you're gay?" "They are." I reply. "They act more like my parents then you guys ever have." "Oh, well then, I suppose you need us anymore. I'll just leave you to what you were doing." she walks away. "Damn, didn't expect to see my mom." I say. "Shiroy, you didn't have to do that." "She called you a freaking fag." "I know, and I don't care, she's called me that a million times, her words have no affect anymore." I hug Shiroy gently and he hugs back. "Let's go get some food, nee?" (Asking for agreement) "Hai." (Yes) We walk to a simple fast good restaurant and what do you know, it's McDonalds. We eat our food then start heading to the hotel. "I'm curious, you said you father is dead, but it's clear that's he's alive." "I was wondering when you were gonna ask that. The father I said was dead did own the house I live in and th restaurant I now own. But he isn't a blood relative. He's just some cover up to show that I did have some sort of family. He was one of the humans that knew about angels and demons and wanted to take care of me so I didn't have to deal with my real father. But then he died in a car crash and I inherited his property and business." "Oh, ok. I'm also wondering, you said demons couldn't go out in the sun, but your brother, dad, and my dad can be out in the sun." "Umm, well, I truly do not know the answer to that question." "Oh." "Yeah, why don't you ask your father when we get back?" "Yeah, I'll do that."

(Book 1) The Strange True Love (BoyxBoy)

We finally arrive at the hotel and we get checked in. When we get in the room I immediately fall on the bed. Man I'm so tired. "You must be tired." "I think the flying really wore me out." "I believe it, you'll build stamina over time." "Ok, so now what?" "Hmm." he leaned over and kissed me. "How bout that?" "Umm." "Earlier you said you wanted to have sex without that pain. So why not now?" "Ugh, I don't know, I'm kinda tired." "That's fine we don't have to." "You know what? I want to. We don't what's gonna happen later." He smiles. "Alright." he kisses me again and I kiss back. He licks my lip wanting entrance and I let him. (note: WARNING: sex scene) He pulls me closer to him on the bed and puts me on his lap. I now have one leg on each side of him so our lower areas are touching. I moan as we continue to have a very hot makeout scene, our tongues fighting for dominance. I slide my hands up his shirt and take it off of him so I can fully explore his juicy muscled chest (I have one too but who cares). He then takes off my shirt and starts kissing along my neck going for my soft spot. I gasp when he finds it and he starts to nibble, suck, and lick and I moan. Most likely creating a hickey. He moves back to my lips and we grind against each other. He falls back on the bed taking me with him and rolls us around so he's on top. I have my hands around his neck and he has his fingers tangled in my hair. He breaks the kiss and starts kissing and biting my nipples making them hard. I moan, damn why are nipples so sensitive? He moves down again and looks at my dick for a second then plays with the tip. I moan again, god I hate when he teases me. "Ahh..st-op!" I say with another moan. He chuckles and takes in my full length, deep throating me. I arch my back as he moves up and down with his mouth. By now my moans are long and loud. Yes I'm not the kind that tries to keep as quiet as he can. I gasp as he suddenly sticks a finger in my whole, I pant as he moves it around. Then a second, then a third. He uses his fingers to stretch me out, to get me ready. It has been awhile since the last time I had sex. He puts some lube on my hole to get it nice and wet and also puts it on his dick. "Are you ready?" he says as he positions himself between my legs. "Yeah." I breath out. I feel him touching my hole, teasing me. "Ugh, do it already." Then right then he thrust into me. Pain turns into pleasure as he pulls out and goes back in over and over. We moan together and he thrust in me. Then he started stroking my dick up and down as fast as he can. Oh god, this is too much pleasure for me to handle. "Ah, I-I c-oming!" I say as I feel that sensation then I come in his hand and on my stomach. Then he comes inside of me. He pulls out and falls on top of me. We are both panting. "Was that better than the first time?" he ask. I nod and our breathing slows. "Good." he kisses me gently. "I know it was short but I know your tired." "Yeah." I breath out. He lays down next to me. "We should go to sleep." I nod. He throws the blanket over us and I cuddle against his chest. He wraps his arms around me and we fall asleep. ----- You guys like that little surprise at the end? Lol the idea just popped into mg head. Anyways...sorry it took so long to upload I wasn't sure what to write. VOTE AND COMMENT!!

Chapter 20: Chapter 20

Chapter 20 Woo can't believe I got to chapter 20 lol. This story isn't moving too slow is it? Anyways.. Here's the next chapter. ----- Shiroi's POV I wake up seeing Kuro cuddled against my chest. He's so kawaii when he's asleep. (cute) he looks like a little kid, even with that new body of his. He does still have the face of a teenager. I'm still super worried bout what will happen in the future. Everything's fine at the moment but I know it won't stay as peaceful as this. "Ngh." ugh Kuro looks like he's having another one of those headaches. I hug him closer to me to comfort him and he relaxes. Good it went away. I wonder if he thinks I'm just helping him so I can win the deal with father but that's only about 10% of the reason. I really truly care for Kuro. I guess I'll just wait here till he wakes up. Kuro's POV Hmm looks like it morning. I can feel Shiroi stroking my back. He must be awake. I open my eyes and I can see him looking at me. "Hey babe. Did you sleep well?" he asks me. "Yeah, but I think I had another headache." "Yeah, you did. Don't worry I'm here to protect you." "Yeah." I cuddle back in his chest. "So what are doing today?" "Well your clothes will probably be ready by noon and its 10 right now." "Wow we slept in." "Yeah we did." he chuckles. "Wanna take a shower together then we can go get brunch?" "Sounds good. Wait? Shower together?" "You must've done it before with your past boyfriends." "Honestly, I haven't." "Wow, well there's a first for everything right?" "Umm, I guess." "Good." he pulls me off the bed and into the bathroom. He turns the shower on after he closes the door. "So what do people do when they're in the shower together?" "Let's see, hot make-out scene, give or get a blow-job, wash each other, maybe shower sex." "Not really a safe place for sex." "No not really." he chuckles as he pulls me into the shower with him. After we got in he immediately started kissing me. He put my head under the shower head so to get me wet. Breaking the kiss, he washes my hair for me then my body, rubbing soap on every inch of my body. Then I do the same to him. We start making out again and he turns off the shower. "I'm hungry, I just wanted this to be quick." he chuckles I nod and we get out of the shower. We dry each other off and wrap the towels around our waist before walking back into the room. "I can see you guys are having fun." "Kurochi!?! What are you doing here?" Shiroi asks. He pushes me behind him. "You know those headaches are going to get worse and worse till it's complete." "I don't believe you!" Shiroi spats at him. Kurochi chuckles. "You naive boy. I can't believe I ever loved you." Shiroi's eyes widened. "Take that back! You know you loved me but your stupid father just had to get in between us." "He's you father too you know." "Really? He doesn't act like it, he acts like he's my master not my father." "Well he does hate the fact that he ever had sex with that stupid angel and got her pregnant, and then she went and died, leaving you to live with the demons." "Shut up! Since when did you become the enemy!?" "When you had sex with the boy behind you. I told you not to, but you just went and did it didn't you? I didn't want to tell father but he would've found out eventually anyway. So I just decided to play my part and do it. Now I'm against you." I can tell Shiroi was getting angrier and angrier by the second. "Shiroi, calm down." I pleaded. "Stay out of this Kuro, this is between me and brother. It has nothing do with you." "Yes it does, it's because of me that's causing him to act this way." "Kuro." he warned. "It seems you can't control your emotions." Kurochi sneered. Then suddenly Shiroi lunged forward and held Kurochi against the wall by his neck, his feet off the ground. "Shiroi! Let go of him!" I plead as I run up to him. When I get to him he suddenly hits me with his free arm and sends me flying against the wall. "Heh, it seems your so out of it you would hurt him." Kurochi says as he gasp for air. What's wrong with Shiroi? He's never like this. Is this his demon side? I can feel pain all through my body when I try to move. I must've broken some bones. I look at Shiroi. He's still holding Kurochi against the wall. "Shiroi!" I yell. "SNAP OUT OF IT!" Shiroi puts his hand on his forehead probably trying to get back control. Shiroi's POV "SHIROI!" Kuro yells. "SNAP OUT OF IT!" Ugh, what'd wrong with me? Why did I hurt Kuro? Why am I trying to kill Kurochi? I can see him struggling and gasping for breath as I hold him against the wall. Then I drop him and he falls on the floor, coughing and gasping. "Kurochi, I-I'm so sorry." I can feel my eyes get wet. "I don't know what came over me." "That was your demon side Shiroi. It is stronger than you angel side so when you get too angry it happens, it happened when you were little too." "It did?" He nods. "I think you should be more worried bout Kuro over there." "Kuro?" I turn around and I see Kuro halfway in the wall. "Oh god Kuro I'm so sorry. Gomenasai." (I'm sorry) he really looks like he's in pain. I hit him hard. "Ngh, it's ok, you weren't in control of your body." "Iie! It's not ok!" (no) "I shouldn't have

(Book 1) The Strange True Love (BoyxBoy)

done that." the tears are streaming down my face now. "Luckily we have fast healing so hopefully the pain will go away soon." I turn to Kurochi. "Why did you come here in the first place?" "No reason, just wanted to mess with you. Didn't expect you to just about kill me though. Anyways. I gotta go." And he jumps out of the window and flies away. I turn back to Kuro and I can tell the pain is fading as the bones heal. I breathe out in relief. After a couple minutes Kuro's healed and he gets up. "Are you ok now?" I ask him. "Yeah." he breathes out. "Let's get dressed and get something to eat." I just realized the towels weren't wrapped around our waist anymore. Looks like he did too. "Oh wow, we were butt-naked in front of your brother." I laugh. "Oh well. Come on I'm hungry." We quickly get dressed and back out on the streets of Tokyo. After all that it's only 11:00. Shocking. We walk into a random restaurant that looks good. We get seated immediately and the waiter asks. "What would you like to drink?" "2 dr. Peppers." I tell him. He writes it down and walks away. We look at the menu. "What would you like?" I ask Kuro. "Hmm, I might have the ramen noodles deluxe." he chuckles. "it looks huge but it also looks good." "I'm gonna have to curry." "Yum." "Yep." The waiter comes back with out drinks. "What would you like to order?" "I want the ramen noodles deluxe." Kuro tells him. He writes it down and turns to me. "The curry." He takes our menus and walks away. (note: I would've put the conversation with the waiter in Japanese but I don't know enough Japanese to do that lol) Awkward silence. "Umm, so what do you want to talk about?" I ask Kuro. "I'm curious, what happened back at the hotel room?" I stare at him. "Umm, something bout me getting too angry and my demon personality coming out. I has happened a couple of times when I was younger though I don't really remember what happened." "Wow, why does it happen?" "Umm, well, I guess if I get too angry my angel side can't control me anymore and I just lose my real self." "So the demon side is always there it's just the angel side keeps you controlled?" "Yeah. Pretty much. Sorry you had to see that side of me." "It's not your fault, it's your brothers for ticking you off. He shouldn't have been there at all." "You're right." it's good to see he's so understanding. I half expected him to run away after seeing that side of me. "Here's your food." the waiter comes up and sets our food down. "Anything else?" "No." I tell him and he walks away. We eat our meal in silence. After we finish Kuro says, "Well that was good." I nod. "It was. Well let's go, don't want to keep my uncle waiting." "Yep." After we pay we leave the restaurant and walked to my uncles shop. ----- Figured this was a good stopping point. Didn't want to make the chapter too long lol. I post faster when I have no school lol. I should be doing my homework but it's not due till Friday so I have time. Did you guys like the chapter? Tell me by VOTING AND COMMENTING!!

Chapter 21: Chapter 21

Chapter 21 Wooooo next chapter lol. Kuro finally gets his new clothes in the chapter. Unless I think of another conflict at the last second lol. Chapter 20 was gonna be happy but I just decided to have a little action since there wasn't any lately. I think I'm gonna put the song I'm currently listening to as I write the chapter lol. Meisa Kuroki - #1 Yes I even listen to Japanese music lol. You guys should totally look up the songs I'm listening to. They really vary in music genre lol. Tommy heavenly6 - lollipop candy bad girl (music video version) (best Halloween song ever :D) Anyway here's the chapter lol. ----- Kuro's POV I'm actually kinda scared what Shiroi's uncle made. I mean what did he whisper to him before we left!? I mentally shake my arms up in the air in annoyance. Ugh I'm such a kid sometimes. "Uncle we're here." Shiroi says as we walk in the store. "Konnichiwa Shiroi." (good afternoon) his uncle says as he walks in from behind the curtain. "Do you have the clothes ready?" "Yep, come this way you 2." we follow him through the curtain and he leads us to what I guess is a dressing room. "Wait here while I get the clothes." and he walks away. "What kind of clothes did he make me?" "Some visual kei stuff and some traditional Japanese clothes." "Oh nice." --- Hora - Nothing (This is some amazing instrumental stuff) --- "Yep." He comes back with a rack full of clothes hanging by hangers. "Wow that's a lot." Shiroi had a devilish look to his eyes. "Shiroi, what are you planning?" "Oh nothing." Shiroi chuckles. His uncle hands me an outfit and pushes me into the dressing room. --- miss A - Good-bye Baby --- I take a good look at the clothes. What the hell is this? I can here them snickering outside. "You can expect me to put this on do you?" they just start laughing. I guess they do expect me to wear it. I look at the outfit and I notice it's a skimpy Japanese school girl outfit. Are you fucking serious!?!? I strip out of my clothes. And put on the outfit. --- Miku Hatsune - PoPiPo --- After I put it on I step out of the dressing room. I see a flash and they fall on the floor laughing. Did they freaking take a picture!? "Guys, seriously?" "Yes!" Shiroi says laughing so hard he's crying. --- Kerli - Hurt Me (wow I'm slow when I write a chapter lol) --- I'm wearing a skirt that's only about a foot long and the shirt is short enough to show my stomach. I know I'm gay and all but I don't wear skirts. I'm not like Jeffree Star or any of those kind of gays. They calm down a bit. His uncle hands me another outfit and push me into the dressing room again. --- 2ne1 - Hate You --- I examine the clothes. This one looks better. I strip out of the school girl outfit and put on the new clothes. I look at myself in the mirror. That's much better. I look like a gay version of Sebastian from that anime Kuroshitsuji haha. --- Miku Hatsune - World is Mine (? I think) --- The jacket is basically the same except it shows my stomach. And instead of pants it's shorts. I thought Shiroi wanted me to stop wearing stuff like this? I walk out and uncle hands me some boots to put on to complete the outfit and I do. I'm liking this outfit. --- Blood - Blood (feat. Aural Vampire) --- "Hmm." Shiroi inspects me. Probably wondering if this looks good with my newfound body. "I don't know. What do you think uncle?" "Hmm, I actually kind of like it. It's unique. What do you think Kuro? I know you've always liked wearing the gay looking outfits." "Oh um, I like it." "Good. Then this one is a keeper. Sorry about the other outfit, I was experimenting with just how gay you liked to look." "No skirts." I plainly say. "Alright then." he chuckles. --- GPKISM - Barathrum (HimemaniK remix) --- He hands me the next outfit and I walk in the dressing room. ... By the time we are done I have about 20 new outfits. A mixture of yukatas, visual kei inspired outfits, and some gay like ones. I'm happy with what I ended up. Shiroi's uncle says he will ship the clothes to Shiroi's house so we didn't have to carry them. They will be there by tomorrow at the latest. By this time it's 6:00. "Ugh I'm hungry." Shiroi whines. --- Breathe Carolina - Blackout --- "Then let's have some dinner then." "Agreed." We eat dinner at a sushi place and we walk back to the hotel. We plan to go home tomorrow. "So how'd you like the surprise of coming back to Japan?" "I loved it. You're the best boyfriend I ever had." "That's good." --- 2ne1 - Don't Cry --- We snuggle in the bed. We are just gonna relax. He gently kisses me as I fall asleep. Shiroi's POV I'm glad Kuro had fun today. Well except for what happened this morning. But luckily the damage to the hotel room is fixed, we didn't need to get in trouble. --- Hangry & Angry - Kill Me Kiss Me --- I have a feeling that the peace is gonna end soon. Though I really hope it doesn't. The time I've spent with Kuro has been the best time I ever had. I love him more than I ever did for Kurochi. I wonder if he ever did truly love me. I don't think so cause he let me go so easily. He acted like he didn't even care after our father just tore us apart. Am I really gonna be able to win the deal with father? I honestly don't know. But I

(Book 1) The Strange True Love (BoyxBoy)

will do all that I can to. I yawn. Guess I'm getting tired. Probably should get to sleep since we have a long flight ahead of us tomorrow. I wrap my arms around Kuro and I fall asleep. --- Kerli - Scream ---
----- Ok how many times have I ended a chapter with them falling asleep. I have no freaking idea lol. Oh well it's a good chapter ending in my opinion. I told you I had a wide arrangement of music genres on my iPod lol. It's currently on shuffle lol. Anyways. VOTE AND COMMENT!!!!

Chapter 22: Chapter 22

Chapter 22 And here's the next chapter lol. On we go. F(x) - Chu ----- Kuro's POV Mmm. Guess I should wake up. Wait? What's the pressure on my chest? It feels like 4 small feet. Wait? What? I open my eyes and I see Chi staring at me with wide eyes. 'Hi!' "OH MY GOD!" I finally register what's happening and I fall off the bed. No doubt causing Shiroi to awake. I get up. Apparently I knocked him off the bed. "Ugh, what a rude awakening. What's your problem Kuro?" he gets up and sees Chi on the bed. "Oh." "Chi how in the world did you get in our room?" --- 2ne1 - Can't Nobody --- 'The window' he answers. I look over at the window and what do you know? It's open. "Ugh. Not a very fun way to wake up." I point out. "I'm gonna get you for this one of these Chi." 'I look forward to it' "Oh you aren't gonna be saying that when the time comes." "Oh calm down Kuro, he's just being a cat." Shiroi says trying to calm me down. "Ugh fine, but don't do it again Chi." 'Don't get your hopes up.' "Ugh. I did not want to be awakened this way." "Well your awake now so let's get going after having some breakfast." "Alright." we eat a small breakfast of cereal and toast and walk back to the place we landed at. "You remember how to do it?" "Yep." we both get our wings out and we start flying back towards the US. --- Beckah Shae - Destiny --- We land back in Shiroi's backyard at around 3:00 p.m. Ugh I'm so tired. As we walk in the house I notice Chi walking in with us. I didn't even see him follow us. Oh well. I collapse on the bed when we get to Shiroi's room. Shiroi goes into the walk-in closet to see if the clothes got here and they did, they even installed an expansion to the closet to fit them in there. --- Sistar - Push Push --- I hear my phone ring, it was dad. "Moshi-Moshi?" I said when I picked it up. (what you say when you pick up the phone) "Hey, Kuro, I knew you'd be home today. I want you to come back to work. The customers have been missing you." "Alright. When do you want me to come in?" "7. Ok?" "Alright, I'll be there." I hang up. "You gotta go to work today?" Shiroi asks. "Yep. But for now I'm gonna take a nap, wake me up at 6 ok?" "Alright." I immediately fall asleep. Shiroi's POV Wow he fell asleep quickly. He must've really been exhausted. --- Blood - The Funeral For Humanity --- It's been a week since he transformed. So far, he's the same. But I don't know how long a mental transformation takes. It rarely happens. We have three left of the deal. I wonder what will happen if the mental transformation is completed after the month is over. Will father still kill Kuro and send me to be a slave in hell? Boy I hope not. --- LM.C - Bell the Cat --- If he is the one of the prophecy, will I be able to stop him? In that nightmare he had, he killed me before I had a chance to. Ugh, I'll figure it out if it gets to that point. Knock knock. Hmm, I wonder who's at the door? I get up to answer the door and my father and brother come walking in like they own the place. --- GPKISM - Decidere --- "Hello, why don't you come in?" I said sarcastically. "What do you guys want?" "Kurochi here told me you let your demon side take over." I sigh. "Only caused he pissed me off for no reason." "You must've been holding on to him tightly if he wasn't able to escape." "Not like there was any way I could." Kurochi muttered. "Son, there is always a way to escape." --- Noir du'Soleil - Broken Arms --- "Hmph." "I thought we trained you to control that side?" "Well...umm." I can't find an explanation. "Maybe we should go ahead and send you to hell before you decide to destroy everything?" "Then maybe he should stay away." I gestured towards Kurochi. "Since we seem to be enemies now." "Like I really care if you guys are enemies or not. Just keep yourself controlled." "Fine." "So how are you doing with Kuro?" "He's doing good. He's the same though he has a major migraine every once in a while." "At this rate I just might gain a new slave." "Don't get your hopes up." He chuckles. "Ok then, I'll see you in three weeks. Come on Kurochi." he walks out the door with Kurochi following close behind him. --- T.M.Revolution - Flags --- Ugh, why did they come exactly? Oh well I guess I should take a nap too. I'm so damn tired. I go upstairs and I see a peaceful looking Kuro. I set the alarm for six and I slip under the covers with him. I quickly fall asleep. ----- Sorry it's so short. The next one will be longer. I promise. Anyways what the reason that Shiroi's father came over? Currently? I have no idea either. Lol. VOTE AND COMMENT!!

Chapter 23: Chapter 23

Chapter 23 I'm on fire lol 3 chapters in one day. This ones not posted on the same day but oh well. Kerli - Army of Angels ----- Kuro's POV beep beep beep beep Ugh, it's the alarm. I feel like I haven't slept at all. Beep beep beep beep SMACK! CRASH! Shut up you stupid thing. Oh well I'm awake now might as well get up. It looks like I need a new alarm clock though. I look beside me and Shiroy's asleep. That just be why the alarm was set. I'll leave him alone for now I guess. Hmm I'm gonna wear one of my new outfits. I walk to my area of the closet an look around. --- Hora - Immortal --- I look through the clothes and I decide to wear the outfit that makes me look like a gay Sebastian. (sorry Sebastian) After I walk put of the closet I can see Shiroy laying there looking at me. "Hey babe." he says. "Did you sleep well?" "I guess, I killed your alarm clock though." "Eh, I rarely use it anyways." he chuckles. "Haha ok." --- Family Force 5 - Share it With Me --- "Want me to fix you something for dinner while you're getting ready?" he asks. "Sure." He gets up and walks out of the room and I go to to bathroom to do my hair and make-up. --- Tokio Hotel - Darkside of the Sun --- I brush my hair and straighten it really quick. It's not curly or anything just gotta get those random waves out. Strange how the purple in my hair hasn't faded at all. That sucks I was planning on doing turquoise next. Oh well. Next is my make-up. Should I change it at all now that I have this new look? Nah. --- GPKISM - Perire --- Since I don't have my make-up I look through Shiroy's collection. Black eyeshadow, liquid eyeliner, that amazing gel liner from maybelline, mascara, and many different colored contacts. Guess he doesn't always do red. I dab on the eyeshadow, then the gel liner, then mascara to finish the look. Awesome. It's been so long since I last wore make-up, it was good to see the black around my eyes again. Hmm, should I get a piercing? Like snake-bites or maybe an eyebrow? I don't know, I'll figure it out. --- F(x) - Dangerous --- All good. I smile as I walk out of the bathroom and put my new boots on. You gotta love the knee-high boots. Wow sometimes I sound so gay. Oh well, I'm proud of it. --- Versailles - The Theme of Holy Grail --- I walk downstairs and I see Shiroy making something quick and easy for dinner, considering we only have 20 minutes till we gotta go. --- GPKISM - Corpus --- He's making some insta mac and cheese with some hot dogs heating up in the toaster oven. Yum. Simple, but good. "Hey Kuro. What'd you do, go through my make-up?" "Yes." I say with a smile on my face. He chuckles. Ding. I get the hot dogs and mac and cheese out and we sit at the table to quickly eat. --- Omega Lithium - Dance With Me --- After we finish eating Shiroy goes upstairs quickly to get ready to go. Considering he's there every time I'm there why not just get a job there? Oh well. --- Tokio Hotel - Human Connect to Human --- He comes down with his shoes on and his make-up quickly put on. "Next time clean up better ok?" "Haha ok." We walk out of the house and to the car. As usual Shiroy's driving. Oh well I don't mind. We arrive at the bar at 6:50. Good. We're a little bit early. --- Kara - Love Is --- We walk in the bar. It's been a while since I've been here. "Ah Kuro there you are." dad hugs me tightly. "How was the trip to Japan?" "It was good, got some new clothes, ran into my adoptive mom, and got to see Shiroy's demon side." "Why are you telling him that?" "Cause I want to." "Glad to see you two getting along." he chuckles. --- SuG - 39GalaxyZ --- "I guess I better go get ready." I tell him. "Kuro, why don't you wear the clothes you're wearing instead of the usual work clothes, nee?" "Alright." I walk to the bar to clean things up. Shiroy's POV "So what did Kuro mean by your demon side?" he asks me. "Oh, umm. When we were in Japan my brother decided to show up. He suddenly turned into the enemy and he just pissed me off so much that it came out. I almost killed my brother and even Kuro in the process. I didn't mean to." "Calm down Shiroy. Things happen. You just gotta keep your anger in control ok?" I nod. "Now why don't you go help Kuro over there set up, we open in half an hour." "Alright." I walk over to Kuro. --- 4minute - Muzik --- Kuro's POV "Hey Shiroy, what's up?" "Um, I think your father just ordered me to help you out so that's what I'm gonna do." "Haha ok." We finished cleaning up and when the place opened it seemed like Shiroy was any help at all. He didn't what beer was what, every order he did was wrong so I decided to just have him take orders. Though that didn't work out very well either. "You've been alive for 1500 years and you can't work at a simple bar?" --- Versailles - Masquerade --- "I've never worked at one before, I don't know anything about alcohol or even taking someone's orders. I sigh. "You know what? Why don't you just sit on the other side of the bar and just sit there and wait?" "Ok." he obediently sits down like any other customer would. After that the night went my quickly. Shiroy sat there with the same drink the whole night. Probably upset that he messed everything up

(Book 1) The Strange True Love (BoyxBoy)

instead of helping. After the bar closed I went over to him. "You wanna help clean up?" He nods and gets up. As we clean father comes over. "Hey guys how'd it go?" "Shiroi apparently can't work." I tell him. "Oh?" "Yep." --- Aural Vampire - Darkwave Surfer --- "Well we gotta go dad, come on Shiroi." "Bye guys." And we walk out of the bar at midnight. ----- Heehee Kuro had a gay moment lol. Wow apparently I am posting this one on the same day as the other 3. Can't believe I did this instead of homework lol. Well I did do the stuff due tomorrow. I've noticed that people vote but don't comment. I would love that if you decided to vote, comment, even if you don't vote, comment. I like reading your guys comments. It makes me happy when I see someone comment. As if I hadn't done this enough. VOTE AND COMMENT!!

Chapter 24: Chapter 24

Chapter 24 Wow can't believe I wrote 4 chapters yesterday. And I did like none of my project cuz of it lol. --- Song: Why by 4minute --- Anyways lol. This chapter goes 2 weeks into the future. I don't think I'll be able to think of stuff that'll happen during those two weeks so I'm just gonna skip it.

----- 2
weeks later. Shiroi's POV --- Aural Vampire - Voodooocoder --- I'm really getting worried for Kuro. He's starting to have the headaches everyday and they get longer and longer. There are times when he just suddenly gets angry and tries to destroy everything. His father is letting him stay home from work since we don't want this to suddenly happen out in public. So we're keeping him at my house. Right now he's trying to find safety in my arms on my couch. 10 minutes ago he lost control and destroyed the tv and speaker system. He's shaking from fear of losing control again. --- Tommy Heavenly6 - I'm Your Devil --- Why is this happening to him anyway? He's mostly angel, to think that would drown out these kinds of things. It's freaky how his eyes turn completely black when it happens. They're filled with sadness, that's it. Sadness, it says that somewhere inside it's the real him and he just need to gain control again. By now he's destroyed the whole house. I'm surprised the actual house hasn't fallen down yet. --- Kanon Wakeshima - Still Doll --- But these anger outburst are getting wilder and wilder. I wonder if I should call it anger or just evil? I think evil is a better word than anger. If only Kuro didn't have to go through this. He's a good kid, he doesn't deserve this. 'How's Kuro doing?' Chi jumps up on the couch with us cuddles against Kuro. "He's getting worse." 'Oh' Chi's eyes are filled with sadness. --- Tokio Hotel - In You Shadow (I Can Shine) --- "Yeah..." I can feel Kuro calm down as he falls asleep. "Good he fell asleep." "So now what?" "I really don't know Chi. At this rate he is gonna be the one of the prophecy." "Don't think like that Shiroi! I believe you can still save him! Don't act like it's the end of the world!" "Then what do I do Chi? Huh? There's nothing I can do now but try to comfort him! Now we need to stop yelling before we wake Kuro up." 'Sorry.' "It's not your fault Chi." The door opens and my father walks in. --- Noir duSoleil - Guilt --- "What do you want?" I sneer at him. "Just wanted to check up on the progress." he kneels down next to Kuro and strokes his cheek. I smack his hand away. He chuckles. "So far you don't seem to be victorious." "Shut up! I can do this. I still have a week!" I can feel my eyes get wet and tears stream down my face. He grabbed my chin and forced me to look at him. "Listen here Shiroi, you brought this on yourself. You are the one who selfishly decided to have sex with Kuro. You could've just let me kill him so you didn't have to go through this. But no, you had to be the spoiled brat who thinks he can get what he wants. I regret ever having you. I should've just killed that bitch of an angel you call your mom when I found out she was pregnant." --- Kerli - Walking on Air --- He let's go of me. "No, instead I decided to let her have you and she still ended up dying by Satans hands instead. He would've killed you too but he decided that maybe you could be used as a weapon. One that can walk in the sunlight freely." --- Kerli - Creepshow --- "Why can you walk in the sun anyway?" I asks. "Technology is amazing these days Shiroi. Before going out during the day I spray myself with something that deflect the suns rays. Surprisingly the humans made it. It's really useful. So we don't really gave any use of you in that way but we can still use you. I'm not sure what Satan has planned exactly. Anyways, I gotta get going." he walks out the door. --- Family Force 5 - Wake the Dead --- After he leaves I can feel Kuro stir. After all the yelling we probably woke him up. "mm, Shiroi?" "Hey babe are you alright?" "For now yeah." he yawns. "What was all the yelling?" "Nothing you need to worry about." He nods. Man he looks exhausted. He hasn't been sleeping much lately cause when he does he either gets a nightmare or another headache. "I'm sorry for putting you through this." I pull him closer to me. "Shh, it's not your fault. It was my own dang fault we're in this situation. If I really loved you I wouldn't have sex with you in the first place." --- Noir duSoleil - Dream --- "But I wanted to do it also." "I know you did, but I just went ahead and did without thinking about the fact that you'll be in constant fear. I was so stupid to decide your fate like that." "You're not stupid." "Yes I am Kuro. End of argument." He sighs. "Fine." I chuckle. "Even now you can find time to act like a little kid." He smiles. "Now, are you hungry?" He nods. --- G-Dragon - Breathe --- "Ok." Kuro sits up and I grab my cell phone off of what's left of the end table so I could order something. Considering the kitchen isn't exactly usable. "What do you want?" "How bout some Panda Express?" "Alright I'll call your dad." He nods. We do this a lot. Kuro usually wants

(Book 1) The Strange True Love (BoyxBoy)

something that doesn't have take-out so we usually call his dad. He doesn't mind since he likes to check on how Kuro is doing. I dial his number. "Hello?" he asks. "Can you get something for us to eat?" "Sure, what do you want?" "Kuro wants Panda Express." "Alright, I'll be there in about 20-30 minutes." "Ok." and he hangs up. "He's on his way." "K." --- Kerli - Skyscraper --- "Do you think I'm gonna turn evil?" I sigh. "At this point, I honestly don't know. I'm sorry." "It's ok." he starts to cry. "We're just gonna have to wait it out." he cuddles against my chest. I wrap my arm around him. "Shh, calm down, don't think about it, nee?" He nods without picking his head up. I sigh. He's just getting more and more depressed, there's nothing I can do about it. --- GPKISM - Strages --- We sit here in silence and the door opens. Kuro's father comes up to is and sets the bag of food down on the end table. He comes around the couch and sits down next to Kuro. "How is he?" "He isn't any better, I'm surprised he's even still willing to eat." He nods sadly. He picks up the bag and gives us the food, making Kuro sit up so he can eat. He eats slowly, but he does eat. A while ago he stopped wearing his new clothes and switching to a simple pair of pants a shirt. Sometimes not even a shirt. Knowing he usually ruins the clothes he's wearing when he loses control --- Girls Generation - Shoe Show Show --- He stopped wearing the make-up knowing there's just no point. And his hair is just a tangled mess. He doesn't take care of himself anymore. I'm afraid one day that he'll just kill himself. He doesn't want to deal with this. I know he doesn't. We finish eating the food and Chigokoro throws the trash in a random pile of destroyed crap. He sits back down on the couch and hugs Kuro tightly. --- T-ara - Bo Beep Bo Beep --- "It's gonna be alright ok Kuro?" Kuro just nods. "I gotta get going. Don't depress yourself too much Kuro." He just nods again and Chigokoro walks out. After he's gone Kuro just simply cuddles against me again and falls asleep. Oh Kuro I wish I've never done this to you.

----- *cry* :((That was a depressing chapter. Sorry it went from happy to depressing in the course of one chapter. I have a feeling this story is almost over. I can't tell you how many chapters it'll be cuz I have no idea yet. But, as always, VOTE AND COMMENT!

Chapter 25: Chapter 25

Chapter 25 Next chapter. Sorry again for 24 being so depressing. I wonder how this one is gonna go. --- DBSK - Get Me Some --- There will be about 2-3 more chapters of this story. Maybe a couple of randomness chapters of fun stuff Shiroi and Kuro did together in those 2 weeks I skipped. And then there will be a book 2. It's probably gonna be more focused on Shiroi instead of Kuro. There was actually a hint of what might happen in a pretty recent chapter but you just gotta look for it if you're curious or if you just want to wait. Actually my best friend gave me these ideas for the story and I figured, 'why not? Anyway that's what is coming up keep your eyes peeled for more updates you don't want to miss it. :) Now on to the story lol.

----- Kuro's POV Ugh. When is all this gonna end? Every time I get a headache I feel like my heads gonna explode with the pain. Then I sink into a puddle of darkness as the evil side overtakes my body. I can tell that I won't be able to get control back at one time. It's been a couple more days and Shiroi and I have just been sitting on the couch cuddling against each other all day. Only getting up to go to the bathroom. I wonder why Kuro hasn't left me yet. Does he really care about me so much that he's willing to sit here with me? --- DJ SiSeN - Zi Qian --- What is he gonna do after the month is over? Is he gonna continue to comfort me? Or is he gonna abandon me? "Kuro? You awake?" Shiroi asks. I nod. "Let's go out and do something." "But-" "I know I know." he sighs. See? He's getting fed up with me. "I'm not getting fed up with you Kuro." Oh yeah, forgot he could read minds. He chuckles. "Yep." "Hmph." I cross my arms over my chest. He chuckles again. "I'm glad you aren't acting so depressed anymore." "Hmm, it comes and goes." I shrug. "That's good." he smiles. "How many days till the deal is over?" "Oh about 4." "Oh." He sighs. "Yep. At this rate I don't think I can prove it to him." "I don't know." 4 days later... --- 2ne1 - Clap Your Hands --- "Well, it's been a month." Shiroi points out. "Yeah." I agreed. Surprisingly we are still on the couch, even more surprising that the couch is still intact. Considering the house is on the brink of collapsing. I had an outburst 2 more times in the past four days and it's getting harder and harder to climb out of the darkness. When I have an outburst I can literally feel myself drowning into a pool of darkness. So far, Shiroi's screams were enough to pull me out. But I know one day I'm not gonna be able to hear those screams. I'm just gonna sink down so deep that my real self dies and my body is overtaken by a murderous akuma. (demon) He would destroy everyone and everything till someone had enough courage and strength to kill him. I sigh. I yawn. I've been exhausted lately since I haven't been sleeping much and the outburst takes all my energy to get back control. "You tired Kuro?" I nod. "Ok." he moves himself and I cuddle against his chest and fall asleep. ----- ---

GPKISM - Barathrum (BAK XIII Remix) --- BOOM! I'm suddenly woken up by a door being kicked open. Apparently Shiroi locked it and didn't want anybody entering. It was his father. "Thought a locked door could keep me out Shiroi?" he asks. "No but it was worth a shot." "Haha funny, you know what I'm here for right?" "Why?" "Remember our deal? Are you able to prove that Kuro isn't gonna destroy everything?" "Well, umm." It takes me a while to grasp the situation but when I do I sit straight up, wondering what's gonna happen. "It would be kinda hard to prove considering your house is about to collapse." Shiroi opens his mouth to protest but immediately shuts it. "That's what I thought." he suddenly picks me up by my neck and throws me against the wall. Causing a sharp object pierce into my back making me gasp. "Kuro!" Shiroi yells. He tries to run towards me but his father blocks his way. I can hear them arguing but the voices are muffled. Why can I hear right? Ugh the headache is back. No! Not now! Please! I can feel myself lose control. My vision slowly blacks out. The pain in my back goes away. I can feel myself go limp and I lose control. Shiroi's POV "Kuro, what's wrong?" worry fills my face. I just saw his body go limp and I'm worried what's gonna happen. I move towards him but father puts his arm in front of me. "Father stop! I need to go to Kuro." "You know I can't do that." he has no emotion on his face. "Why not!?" I see him flinch. Oh no, is the mental transformation complete? "He needs help!!" "Son I don't want you to get hurt." What? Since when did he care? I manage to push his arm away and I run towards Kuro. He needs me right now. His eyes open and I stop. His eyes are black. "Kuro?" He turns his head and stares at me. He slowly gets up and says, "That Kuro is long gone Shiroi." --- GPKISM - Dead-Hearted (No Mercy Remix) --- "What?" my vision gets blurry as my eyes get wet from oncoming tears. "Exactly what it sounds like." he chuckles. "You naive little boy, acting before thinking of the consequences." He walks up to me. He physically changed too. He doesn't look like the teenage boy he

(Book 1) The Strange True Love (BoyxBoy)

was anymore. He looks like a blood-thirsty man. His eyes isn't filled with sadness anymore, they're filled with hatred. His muscles are bigger.(I didn't even know that was possible) and he's taller than me now too. He bends over so his eyes are level with mine. "I just noticed something. Before, you looked like a man to me. Now? You look like a little boy. Now if you excuse me I gotta go." --- Omega Lithium - Kinetik (Mechanical Remix) --- I stand there in shock as he slowly walks towards the doorway and he turns around. "It was nice knowing you Shiroy." He shoots me an evil grin and laughs as he runs out the door. His wings come out and he flies away. "Kuro!" I run outside a watch him fly away. ----- Omg! What'd you guys think? Idk how many chapters are left exactly so don't ask. All I know that it's almost over. YO! HAVE TO VOTE AND COMMENT!!! I want to hear what you guys think is gonna happen next! Bye for now.

Chapter 26: Chapter 26 (Final)

Chapter 26 God I left such a cliffhanger in the last chapter lol. Might be 1-2 chapters left of this story idk yet. --- Rose Noire - Royal Slaves --- I talked my friend katelynne on how I should end this story and she gave me an amazing idea. It's gonna be awesome. It might either be all on chapter or 2 chapters, idk yet, it depends on how long it goes and how long it starts to take to write it. I don't like it when I take more than a couple of days to write a chapter. But anyways, here it is :) ----- --- Noir du'Soleil - Dreams Through Fire (XP8 Remix) --- Shiroi's POV After seeing Kuro's form disappear I run back inside the house and punch my father in the face. "Why did you let him escape? I thought you wanted to kill him?" I yell at him. "I'm actually kind of curious to see what he will do. And actually, I pushed him against the wall to awaken the demon inside." "WHAT!?! ARE YOU FUCKING SERIOUS!?" "Very much yes." "Kuso!" (Shit) I run out the door taking off my shirt and jump up in the air revealing my wings; I fly in the direction I saw Kuro disappear in. Chigokoro's POV (Remember Kuro's father lol) I was sitting on the couch watching tv with my wife when I hear an explosion outside. BOOM! Is that what I think it is? Oh crap, no, no, no! I run outside and I see Kuro fly above me. He looks different than before. I can clearly see his black eyes saying that his demon side has taken over. "Honey I gotta go!" I say when I go back inside to hug her really quick then back outside. I then see Shiroi fly above me with fear written all over his face. I call my wings out and follow him. --- Aural Vampire - Freeeze!! --- Demon Kuro's POV YES! Finally I've awakened! I've waited 18 years for this moment. I've been inside Kuro ever since he was born waiting for him to transform so I could take over. Granted it took a month but he eventually grew weak enough for me to do it. I bet it's pretty strange that sweet little Kuro had something like me living in him. He was so innocent, he wouldn't hurt a fly. But everybody has darkness in their heart right? --- Schwarz Stein - Fester Love --- I land on the street and the people stare at me. I mean, you don't see a man with wings everyday do you? I see a katana (Japanese sword) through one of the shop windows, hmm that could be useful. I walk in the shop and asks the man if it's sharp. He says he just sharpened it since he just got it so I grab it and test it by stabbing the shopkeeper through the heart, blood pours out as I force it back out. Yep, it's sharp. --- Cascada - Pyromania (Frisco Remix) --- I walk back out of the shop and the people who saw what just happened stare at me in fear. Aw they're so kawaii (scared). I lick the blood off the katana and they finally run away. Just then Shiroi lands in front of me. Aww he followed me. "Heh, what are you doing here?" I ask him. "To stop you Kuro. Don't do this!" "It's useless, the real Kuro is long dead." "I don't believe that. I know deep down the real Kuro is still there. I just gotta pull him out." --- Blood - Lost Sky (sawDUST in me Remix) --- "Oh really?" I say with fake interest. "Now do you truly believe that?" "Yes." he says without hesitation. Hmm this kid is either a baka (idiot) or just crazy. There's no way he can defeat me. "Kuro! I know you're in there! Please wake up!" I yawn. "I'm getting bored of this. Bye-bye now." I take off into the sky. "Wait! Kuro!" He follows me. --- Evanescence - My Last Breath --- I fly faster making him chase me. He's having trouble keeping up. If he would let his demon side come out he could keep up. But he probably doesn't want to hurt Kuro's body so he's keeping it at bay. --- Blood - Absolute --- I fly down close to the streets and hold my katana out. I practically slice people in half as Shiroi chases me. I can hear sirens behind and in front of me. Hmm, seems they figured out what's going on. Not like they'll stop me at all. I just fly right past them, moving so fast they can barely see me. --- GPKISM - Strages (Marlee Remix) --- Shiroi's POV Kuso, kuso, kuso, kuso! I can't seem to keep up with him. And he's leaving a trail of dead and almost dead people. I know if I bring out my demon form I can keep up and maybe, just maybe stop him. But I promised myself to do this without it. I'll end up harming Kuro if I bring out my demon side. Is Kuro ever gonna awaken? Or is he forever a demon? I continue to yell out his name as I chase him. Trying desperately to catch him, to stop this blood bath he's causing. Regular Kuro's POV I'm just floating in a pool of blackness. What's going on in the outside world? --- Blood - Dead-Hearted (Tears of Fallen Angel GPK Mix) --- I can't feel anything. I can't see anything. I can't hear anything. Am I dead? "Kuro!" What? "Kuro!" Shiroi? Wait what's that bright light? The light engulfs me and I'm standing in a room. It's bare with very little furniture. All there is is a small table and a chair. I see myself walk in the room. But wait? He's taller and has black eyes. Is this the demon who lived inside me? He looks up at me. Shiroi's POV -What's happening in the outside world- The earth is a pool of blood my now. I've been chasing him for about 2 hours now. I'm starting

to get tired from flying at full speed the whole time. Wait? Am I catching up to him? Is he slowing down? I see Kuro land. He's clutching his head with his hands. Is the real Kuro waking up? --- 2ne1 - Hate You --- I run over to him as he leans against a tree and sits down, clutching his head. By the time I get there, his body is limp. Kuro's POV "W-hat's going on?" I ask the demon. "Well, it looks like you're trying to take over right now." "Really?" "Well I currently have no control over our body. It's just sitting against a tree. Shiroi's sitting next to it trying to wake you up." "Oh." "I'm not gonna let you Kuro." I stare at him. "It looks like I'm gonna have to completely obliterate your soul to get rid of you!" his voice rising as he speaks. "What?" "We are gonna fight right here and now Kuro!" "But-" is this really happening? He thrust himself at me and grabs my neck. He pushes me against the wall squeezing as hard as he can like he's trying to squeeze of my head from my body. I need to stop him! Or I'm really gonna die. --- Schwarz Stein - Emergence of Silence --- Think! What am I gonna do? Ugh, I'm starting to lose consciousness. I knee him in the crotch and he bends over, letting me. Who knew that area could be a demons weakness too? I run to the other side of the room to get away from him. Shiroi's POV "Kuro, Kuro wake up!" I lightly nudge him hoping it would work. His body suddenly jumps. His whole body is flinching constantly, like they're fighting for control. Kuro's POV The demon runs at me and I dodge him. Ugh what am I gonna do? He runs at me again and I put my hands up and a bright light shines out of them. He stops and hides his eyes from the light. What the hell is going on? --- Meisa Kuroki - #1 --- I can see his skin turn red as the light burns him. He screams as he backs up against the wall. He then starts to disintegrate into ashes. First his fingers then it moves up his arms. "Ahh, no!" his face fills with fear as his body turns to ash until eventually he's just a big pile of ash. "I-I did it. I defeated the demon." I gasp. "I can't believe it." Shiroi's POV Kuro's body jumps one last time and he goes limp. "Kuro?" He groans. "Kuro!?" my eyes widen as he moves. "Shiroi?" he says quietly. "Yes Kuro I'm here." He opens his eyes. "Ugh I feel like hell." "Well a lot did happen." He chuckles. Suddenly his body starts to glow. His eyes widen. "Wha-what's happening to me!?" "I-I don't know." what is happening? Then he started fading. "No! Don't go!" his body isn't solid anymore. "Shiroi! Why is my body disappearing?" "Oh god!" Chigokoro kneels beside me. "Kuro what'd you do?" "I defeated the demon inside me and I gained control over my body. Then I start glowing and now I'm fading. What's happening dad?" he starts crying. "Maybe you're going to heaven." "What? How?" "I-" and Kuro completely disappears before he could say anything. "Kuro!" I yell. "Iie!" (no) --- Tokio Hotel - World Behind My Wall --- "Shiroi!" Chigokoro grabs my shoulders. "He's gone, there's nothing you can do now!" "But- I just got him back!" tears start to stream down my face. "I know Shiroi, I know." he hugs me tightly. "Calm down." "Do you think he'll come back?" "I honestly don't know, gomenasai." (I'm sorry) And then for the first time since I was very little I cried. ----- THE END! Well the end of part one :) So did you guys like the ending? Expect random chapters of times they had during the 2 weeks I skipped soon. And then part 2 will be posted soon after that. It will be posted as a separated story. VOTE AND COMMENT!! I really want to hear if you liked the ending :)
