Gibberish and Jumble in my Head

Words don't make sense anymore

Crazy talk is knocking at my door

Nothing can comprehend, you stupid whore

Make no sense words anymore

Gibberish and jumble in my head

What the hell did I just said

Was that out loud, or am I dead

Too much crazy shit in my head

Crazy motherfuckers out here

With sharp toys

Try to stab

Little boys

The little boys

Are themselves

Now everyone is gone

There's no one else

Gibberish and Jumble in my Head
