â You say you like to relax *and* be bludgeoned by heavy metal rock at the same time? Now you can with this brand-new approach to heavy metal. Symphonic Warning combines relaxing classical music, with the spirit of aggression that lies within heavy metal music. Substitute strings and woodwinds for the pounding attack of screaming electric guitars, and what you get is the new Symphonic Warning EP, Strings of Fire. It is music that lyrically has all the troubled angst of heavy metal, without the incredible volume that upsets anyone within a 5 mile radius. So order the new Symphonic Warning EP, Strings of Fire, today, and flip off the world, only a lot quieter!â

## A Night of Burning

Verse:

Use asbestos gloves to play this deal  
Yeah, this thing is white-hot; the danger is real  
Most people think of classical music as benign  
But not this music, this is the burning kind

Pre-Chorus:

Bring your welding goggles to view this show  
Bring you ear plugs too, now youâ ve been told

Verse:

## "Symphonic Warning"-advertisement

Itâs a raging inferno, itâs a sheet of flame

If youâre listening to this to relax, youâll never be the same

For itâs aggression in a tuxedo and tails

On your body it is pounding, on your head it wails

Repeat Pre-Chorus:

Chorus:

See it shoot a wall of fire, over your head

It needs no words to say what should be said

So get ready for A Night of Burning

Demons in their grave, over are turning

Verse:

Itâs very heavy music disguised as light

Itâll suck the blood out of your body; youâll turn white

Youâll hear the flute substituted for electric guitar,

but it still will hammer you, no matter how near, or how far

Repeat Pre-Chorus:

Repeat Chorus:

Soothing hammer

Verse:

Down goes the conductor's hands  
And you're off to Heavy Music Land  
Oh sure, it's not heavy in traditional ways,  
but it's more subliminal; that's the way it plays

Pre-Chorus:

While you hear relaxing, it slams into your brain  
While you feel quiet calm, it's working to drive you insane

Verse:

Hear the violins; oh, so relaxing  
Lulls you to sleep as your pain is maxing  
Hear the cello as your world flies apart  
Feel the mellow even as a dagger pierces your heart

Repeat Pre-Chorus:

Chorus:

Fall asleep as The Soothing Hammer it rings

Hear all the joy and misery it brings

Yes, itâs a symphonic warning telling you to flee

If you know whatâs good for you, youâll listen to me

Verse:

It tricks you into thinking thereâs peace on Earth,

even as the human waste that is your worldâs getting worse

It may be naive to listen to our s\*\*\*,

but at least you are happy, when the dirt youâve bit

Repeat Pre-Chorus:

Repeat Chorus:

END

## Blood Under the Sycamore Tree

Verse:

Youâre having a quiet picnic under a cloudless sky

Little do you know that youâre about to die

As the relaxing tones of classical music fills the air,

## "Symphonic Warning"-advertisement

Youâ€™re living through a heavy metal nightmare

### Pre-Chorus:

See the Beast as he smashes your head

As the classical song reaches the end, youâ€™re dead

### Verse:

Itâ€™s should be so tranquil, but instead you scream

Itâ€™s music torches your face with itâ€™s boiling-hot steam

See the peaceful glen, hear the birds sing

Then, see the blood spout, hear the screams ring

### Repeat Pre-Chorus:

### Chorus:

Yes, see the Blood Under the Sycamore Trees

Itâ€™s dripping from the dead branches, you watch in total disbelief

You expected only a quiet meal,

not this totally nightmarish deal

### Verse:

As youâ€™re soaking up the last of the sunâ€™s rays

The tree your sitting under comes to life and says:

â Iâ m a talking tree, and your a\*\* is mine

Iâ ll make this picnic the killing kind!â

Repeat Pre-Chorus:

Repeat Chorus:
