LANDLORD DILEMMA

LANDLORD DILEMMA

Deceitful they are,

Diabolical they can be,

Landlord dilemmas are as real as any thing can be.

For years, at nights I dream,

And in the days I daydream,

Of the day I would leave home, by myself to be.

This I did at the first chance I see,

But, disappointment and regret,

replaces the excitement and joy that I seek.

A warning I wish someone had given me,

For with only six month in,

A second landlord I had to seek.

By then it was clear to me,

A home I most own and soon it must be,

for me.

for landlords are definitely not
