Diagnosis: GAME PLAYER

A friend of mine who studied medicine and me..

Made a statement to me one day..

Quite out of the blue.. With smug confidence, he said, "I know what your problem is"

"You're a GAME PLAYER..!"

This bit of fine wit was my answer.

Diagnosis: "Game Player!"

"A Game Player?" You say?

"Are you sure?" Doctor?

Better recheck your test results, your patient in-pat and that diagnosis again..

"Still so sure, Doc?"

After all, the only thing that can go wrong if you're wrong is

Diagnosis: GAME PLAYER

It's your insurance premium will go up!

Still so sure, Doc?

What's your prescription, Doc???

Is there a cure, Doc???

But it's a thrilling sport, Doc!

And the stakes are HIGH!!!!

When you bet your life, Doc!

It's a gamble, Doc!!!

Will you win or lose, Doc???

P. S. Doc!

YOUR MOVE, Doc!
