Epson Stylus Pro 3880

The excellent color stability and light fastness of Epson UltraChrome K3 Ink with Vivid Magenta to create lasting prints for sale or for exhibitions. The high precision ensures that each new term corresponds exactly to the first Epson Stylus Pro 3880, even if intervening months apart.

- Large-format printer with very small dimensions
- Ideal for photo and fine art, proofing and printing for POS
- Supports a variety of cut sheet media up to a thickness of 1.5 mm
- Very large color gamut with vibrant blues and magenta tones
- Outstanding black and white prints with three different shades of black
- Optimized for matte surfaces and ink for glossy media
- Large individual ink cartridges (80 ml) for better productivity
