P.D.A Club

It was about 5:30 am when Alen woke up, the birds were singing while sitting on the branches of the tree just outside the window of his room while he got dressed then the noise came, the noise of all the alarm clocks going off at one moment then Sanji burst into the room in his underwears and panting frantically then collapsed on the floor" **What happened to make you rush into my room with only your shorts on Sanji**"asked Alen, Sanji took a deep breath then answered"**Everyone thinks I made these alarms go off and now there chasing me all over the place and I just lost them ... I think ... maybe**"Alen shut the door" **and so you came to my room?**"Alen asked with a tinge of annoyance in his voice, then in the corner of Alen's eye he saw the teacher who was hanging upside down outside and knocking on the window, Alen said at him in a daze for a while then walked calmly over to open the window to let him inside and see how the teacher was hanging like a bat or a non-fashionable vampire trying to get into the room to suck their blood"**What are you doing there Mr Melantine?**"Sanji asked just noticing that a 2-foot man was hanging outside the window on the 3rd floor" **oh ...eeeh ...ummm ... errrr ... well ... can you please help me get inside before I explode**"replied Mr Melantine.
