

# Defining A Friend

By : [awaneesh1strivingbard](#)

friends are a necessity in life, we need them to walk through the thorns and roses of life. They are the ones we turn to when we need support. They are the ones who bring a smile on our face and make our day. but who is a true friend? what do we look for in person for him/her to our friend?? true friendship is paradise on earth but its hard to find it...
