

Booksie Upgrade - Some Problems Leaving Comments and Receiving Email Alerts

By : BooksieGuy

We did an upgrade of Booksie servers last Friday. Everything went well and the site is now faster. Despite testing prior to the upgrade, two bugs have emerged: 1) many members are unable to leave or respond to comments 2) email alerts are not being sent.

Booksie Upgrade - Some Problems Leaving Comments and Receiving Email Alerts

We did an upgrade of Booksie servers last Friday. Everything went well and the site is now faster. Despite testing prior to the upgrade, two bugs have emerged: 1) many members are unable to leave or respond to comments 2) email alerts are not being sent.

In addition, there seem to be a few problems publishing content. Users may receive an error alert when trying to publish some content to the site.

We are working on these problems and expect to have them fixed sometime on Monday.
