Love and Chocolate (Laxatives)

by, Huskers1221

Huskers1221 outdid herself in this novel. I enjoyed reading everybit of this story. The vocabulary is exceptional! The plot is fantastic! This is truely a masterpiece. If I had this kind of writing talent, I would not be writing reviews, I would be writing myself. lol.

Anyways, Huskers1221 has really captured the characters in her stories. Anyone into romance, you have got to read this novel!!!!
