He Saved Me : Chapter 1

It was another boring day at school as always everybody as to bug me.½ I don't know whats so fun about it but they love to. I was in english class listening to my teacher rant on and on and on about some love story and how everybody will find there true love ad blah blah blah, if you ask me i think shes crazy, for one i will never ever fall in love and second no guys here like me i guess its because i'm not as pretty as the other girls or as skinny i'm not a preppy type thats scared to break a nail and i am defiantley not easy.½ Yuck this clas is starting to make me sick everyboy and girl were flirting ugggh maybe i can fake sick or something never mind theres only 5 mins left, all of a sudden the door opens and in walks nick the school bad boy who moved here a couple of months ago who sadly sits by me gets horrible grades destroys everything does drugs & drinks and screws anything that moves every girl wants him well except me i'll give him one thing hes gorgeous but hes ruining his life.½ Mrs.Macdonald notices his apperance

"nick how nice of you to finally join us, whats your excuse this time?"

"i have better things to do"

" and like other people don't nick you can stay here after school"

"what thats bullshit"

"and for the rest of the week oh you as well Abby"

"uhm excuse me miss but what did i do?"

oh nothing dear i just need to speak to you'

jeez i thought i was in trouble for a second the bell finally rang me a nick both stayed seated. i ½

"Abby i want you to help nick with all his classes since you do have all the same ones"

"WHAT" me and nick shouted at the same time we did not get along we were two completley diffrent people.

"i'll take that as a yess then"

"uhm miss i can't i have things going on and he dosen't want to learn anything"

he huffed and said what would you know princess

PRINCESS??? ooh that set me off.

"do i look like a fucking princess to you, if i was a princess i'd be a pretty, skinny, little rich girl whos daddy would be paying my way through school and i wouldn't have to work my ass of to get the grades i get

Chapter 2

"You know you right you don't look like a princess! but you sure do act like one" i was about to reply but Miss.Macdonald cut me off. "ok enough, i have a staff meeting and i'll be back at 4:30 and i expect you to be here when i get back" and with that she left i went back to my desk and started taking out my subjects i looked at nick who was staring at me "What??" he just smirked "your actually going to listen to her??" "yeah so i can get your grades up and when there up you can leave me alone, now what do you want to start with?" "don't know and don't care" "of course you don't , what are you the worst at?" "i don't know math i guess?" "ok well get your math out" i looked at it to see what he was doing wrong but he didn't have anything written down in his scribbler or his sheets. "ok well heres you first problem you don't have anything written down" "i have better things to do" "I can't believe i have to waste my time with him he dosen't want to learn and he dosen't think that i have better things to do then sit here and try and teach him this stuff i'm getting fed up with him and its been what five mintues." "so what do you have better to do?? getting drunk and high, screwing every girl on the planet and destroying things? o yeah that sounds greeeeeeeat" "as soon as i said it i regretted it and felt bad that was a little harsh, i could tell he was mad and it was scaring me as soon as he yelled i jumped and moved my desk away from his." "you think you know everything bitch, well you have no idea whats going on in my life & just because your lifes perfect dosen't mean mine is" i just sat there and waited for him to calm down. " look nick i didn't mean what i said it slipped out because i was mad and i didn't mean to judge you like that and my lifes not so perfect either" "yeah whatever" "do you want to tell me why you do the things that you do?" "no that is none of bussneiss" "ok uhm sorry here do this sheet while i do my math homework" he took the sheet and started working surpriseingly Nicks pov~~ I can't believe what she said, she has no idea whats going on in my life and she shouldn't judge me. I wish she knew what was really going on in my life the bitch would feel bad then. ~~~~~whats going on in nicks life~~~~ he lives in this amazingly gorgeous mansion with his dad and older brother who is his fathers favorite son since his mom left two years ago because she couldn't believe how much his father changed and only cared about work. His father was and ass hole who barely even noticed his exstience and when his father does he would just yell at him and tell him how ashamed he was of him and how he should be more like his brother instead of wasting away his life. Usually his brother was away at college & his father was away for work so he was alone most of the time he was alone and took care of himself. I finshed the sheet quickly and waited for Abby to notice i was sitting there staring at her i just noticed how un believeably gorgeous she is, why didn't i notice this before?, she was so concentrated on her math homeowrk that she didn't notice me staring, she would probaly think i'm some sort of creeper wait hold up why do i care about what she thinks?? no, no, no i can't be falling for her. she looked up and saw me staring. "what are you staring at??" "Huh? uh n-nothing" oh man did i just stuttershe giggled "you finshed already" she asked kinda shocked "yeah it dosen't take me a year to do math problems" "well i'll check them and see what you need help with" "It only took her a couple of mintues for her to finsh, she looked at me wide eyed and her jaw was almost touching the desk, i started to feel a little nervous." "am i really that bad?" "no your actually smart you got this all right, theres nothing wrong" i couldn't stop smileing until she handed me a bunch more work sheets and told me to do the. I finshed them all quickly and she checked them over and she gave me the same expression as before. "your actually smart" she said stunned "i guess" "why don't you do the work you already no all this, don't you want to go to college and make something of you life" " i don't know, i guess, i'm not worrying about college we still got another year of highscool left" " well you should you would do great" i couldn't help but smile i proved my father wron, he said i was never smart enough to do anything but apparently i'm great in math, maybe if i get smart and stop doing the shit i do he'll accept me and stop thinking of me as a failure, i notice abby was staring at me. "what are you staring at?" "uh nothing, whats wrong?" "what do you mean whats wrong i was just thinking"

Chapter 3

"well you couldn't have been thinking of something good, i can tell theres something wrong""what? theres nothing wrong, and why do you ask so amny questions, are you trying to get involved with everybody elses lives because yours is so boring""sorry for asking i was only trying to help, and i do not get involved with everybody's lives, and my life may be boring but at least i'm going to get an education and have friends that like me for me i don't have to impress them or dumb myself down"I guess i'm very short tempered and wasn't over what she said before because the next thing i done was flip over my desk, she screamed and ran to the farthest corner of the classroom she looked so scared and pale , i got mad at myself for scaring her so bad i started to throw her stuff around then i ran out of the school without looking back, but i still couldn't get the image of her out of my head.Abbys pov~~ what the hell is wrong with him, i got so scared i ran to the farthest corner of the class and watched him through my stuff around. I thought he was going to hit me but he just ran out off the classroom. I sank down in the corner holding my stomach so i wouldn't throw up i could barely breathe and i was trying to hold back my tears i had to calm myself down but then the flashback of last night popped into my head.Flashback: i was in my room doing my homework when i heard kert my stepfather stumble in, oh fuck, please god please don't let him hurt me i was praying when he came into my room."hey whore" he slurred i ignored him he came over and grabbed me by the hair i cried out in pain, he threw me to the floor and started kicking me in the ribs and stomach and punching and slapping me all over.i tried to tell me mom but she never believed me she always thought i was making it up because i missed my father, plus she works all day until late at night. I pulled out my cell and checked the time it was 4:00 i got up grabbed my stuff and nicks math binder fixed the desk and walked home. I was making super when kert walked in from work earlier then he normally did he came over and punched me in the face i fell to the ground, i was trying to fight back so it wouldn't be as bad this time but he was just so much more stronger he kept kicking me in the ribs and stomach i cried in pain i thought it was over but we walked over to the door and grabbed a baseball bat oh my god how much pain was he going to put me through he hit me in the stomach, ribs, legs after what seemed like forever he stopped and dragged me up stairs to my room and left, i got up on my knee's and crawled to the shower and just let the hot water pour over me washing away the blood. I got out and checked the damage my whole stomach was black and blue along with my ribs, my eyes and cheeks were swollen and covered in bruises, my arms had his finger prints bruised into my arms it hurt to walk so i had a bit of a limp, i put on my pj's and went to sleep what seemed like two minutes was actually eight hours i got up which hurt so much and put on my cover up, a black hoodie that was five sizes too big for me and gray loose sweat pants it was 8:30 so i went downstairs grabbed an apple and walked to school. When i got there nicks friends were all by my locker because his was right beside mine, i had to get my science book."uh could you guys move" they just kept talking and laughing so i said it louder they just looked at me with disgust and went back to what they were doing, so i just pushed my way through them." now that wasn't very nice" jake said while nudging my ribs i yelped in pain & held my ribs. nick was beside me in an instant."Abby what happened to your ribs?" oh sit "uh nothing i'm fine, just forget it" i gave him his math book then got my science book and walked away. i was really early the teacher wasn't even there yet so i sat down and laid my head on the desk and tried not to concentrate on the pain, a second later someone walked in i looked up slightly it was nick i looked back down, he came and sat beside me."Abby what happened to you?, your walking weird""its nothing i'm fine ok and why do you care?""its not nothing and i don't know""well you don't tell me anything so..."I got up and was about to go buy a bottle of water but nick grabbed my arm hard it shouldn't have hurt me, but he had me right by a bruise."please tell me""Oooowwww nick let go your hurting me" it took all i had not to cry.Nicks pov~~i could tell she was hurt and i needed to know why. wait i gotta stop this i'm going out with nicole not abby and were so different we can't even be friends, i followed her anyway i saw her in the class room with her head down and she was breathing really hard i went to sit beside her, i kept asking her what happened but she never told me i guess i deserve that because i don't tell her anything. She got up to leave i grabbed her arm tight enough so she wouldn't be able to get away but not tight enough to hurt anybody but it hurt her i could see tears coming to her eyes i slid my hand down to her wrist and started pulling up her sweater sleeve as she struggled to get out of my grip, there were bruises all up her arm and you could see where someones finger

He Saved Me

prints bruised into her arm i couldn't believe what i was seeing i looked at her other arm and it was the same thing i couldn't believe it, who would do something like this to her?."w-what happened?" "uh its n-nothing" i heard her voice crack i couldn't help but pull her into a hug, she hugged me back tightly i could feel her shaking and crying, i kissed the top of her head, oh my god why did i do that she is gonna think i'm some creep i can't help but think how perfect it feells having her in my arms. She pulled away and put her hood up and wiped her eyes and started walking away, i pulled her back and looked at her face she must have had cover up on because all you could see was her bruised face, she saw the look on my face she started running away from me , i tried to catch up to her but she was just to fast and went into the girls bathroom.

Chapter 4

Abby's pov~~I felt so safe in nicks arms like no one and nothing could ever hurt me again then he kissed my head i realized this is wrong he could hurt me just as easily as kert could and i can't drag him into the mess thats called my life he could get hurt. I pulled away from him put my hood up and wiped my eyes i tired to walk away but he pulled me back again and looked at my face i guess i cried off the cover up because he looked at me with horror i took off running ingnoring the pain in my ribs and legs begging me to stop i ran into the girls bathroom and started puting the cover up back on and making sure it was perfect so you wouldn't be able to see the bruises.Nicks pov~~I was knocking on the bathroom door begging her to come out but she refused."abby please come out""would you just leave me alone and go away"fine if she wasn't going to come out i'll just have to go in, i walked in and surprised that it was just me and abby in the bathroom, i pulled out my cell to check the time well class already started so i guess that explains why theres no one else here."abby please tell me what happend""why can't you just forget it?"" how can i forget something like this? your a mess" i growled at her "fine i was jumped yesterday on my way home from school""what by who?""i don't know i didn't see there faces... can we get back to class now ??"Abby's pov~~"nick?""yeah?""why do you care so much about what happened?""uh well uh who wouldn't if they saw what a mess you are""oh""why?""because you hate me and then all of a sudden your just start caring and hugging me""yeah about that it never happened""ahaha whatever"we walked into class late of course thanks to nick."ahh miss. moore & mr. macleod, how nice of you to finally join us whats your excuse??"he practically yelled i jumped a bit, god i hated him."uh i went to the washroom""mhm i'm sure start copying the notes on the board down"i quikly walked back to my seat and started copyingg while nick stared of into space.Nicks pov~~ "why do you care so much?"wow that caught me off guard, shit i have to think of something. i'm not just going to go because i love you and i can't sleep at night because i'm up wondering if your ok, wow did i just think that?"uh wel uh who wouldn't if they saw what a mess you are ""oh" hmm she sounded disapointed i wonder why she wants to know ?"why?""because you hate me and then all of a sudden your caring and hugging me"I could tell that hurt her feelings a bit, but if i was friends with her or went out with her i would be a laughing stock of the school even though she is gorgeous and nice , i was about to say sorry but she walked into the class and of course as soon as we walked in mr.dickhead starts shouting i saw abby jump back a little which really pissed me off i felt like holding her because since i hugged her its like i have to have her in my arms. OH BOY THIS ISNT GOODAbbys pov~~ouch when he said the hug never happened i didn't expect it to hurt like that, man i can't concentrate all i can think about was today and last night, i think he brooke my ribs i have to skip to go get them checked. The class dinally eneded and i rushed out well sorta , i threw my stuff in my locker and noticed nick and his friends looking at me and talking loudly."jeez its no wonder she don't have a boyfriend shes so so ugly and fat"ouch kick me why i'm down why don't ya i looked at them from the corner of my eye and saw nick laughing the hardest ouch, one of the guys talking."she really isn't that bad i mean if she stop wearing the those baggy sweaters and sweat pants and showed of her curves even though she is fat shes fine""ewww" all the girls sguealed"maybe shes a lesbian (no offense to anyone who is)" another girl said and everybody gasped, oh my god i'm right here i swear they have no brains."no i think shes just to fat i mean what guy wants to deal with a load like that" nick said i looked over at them "ok since you's are clearly fucking brain dead i am right here and i can hear everything your saying so heres a tip for you , learn to whisper , and i may be fat and ugly but i rather be that then a skinny little whore any day"they just stood there with there mouths hanging open, i turned to leave but the queen of bitches and nicks girlfriendgrabbed my arm right by a bruise."let go of me ""no i have something to say to you ska-" i cut her off my punching her in the face oh my god did i really just do that shit this isn't going to be good she fell to the ground her nose was pouring blood she got back up and tried to slap me but i ducked and she ended up smacking the lockers, i punched her again this time she slapped me o shit don't cry don't cry. The boys were cheering well except for nick he was trying to get through to break it upi pushed her into a locker."Don't ever touch me again got it?" she didn't answer so i pushed her again "yes i get it now leave me alone""gladly"god since when was i this violent, i walked towards the exit with a smile on my face when i got outside i felt good i pulled out my cell and called a taxi and waited in the school parking lot. Someone grabbed my shoulder i jumped and let out a

He Saved Me

yelp,i turned to see who it was and it was nick i looked away."what the hell was that, why couldn't you just let it go??"i didn't say anything i just looked around for the taxibus with my luck of course it wasn't there, nick grabbed my chin not in the gentle way and made me look at him."answer me" pretty i pushed his hand away "don't touch me" i spat i saw the taxi and went to get in it but nick grabbed my wrist."where the hell do you think your going?"i got out of his grasp and got in the taxi. The drive to the hospital was awkward and silent we finally got there i paid the driver. As i was walking to the entrance my phone started vibrating*****new text message*****Unknown number hey where are you? your suppose to be helping me with this school stuff. -nickhow the hell did he get my number? oh well i was so not replying to that ass hole, i turned my phone off and walked up to the desk and told them i fell down the stairs & that my ribs might be broken or just badly bruised. I was surprised when they took me in right away and luckily i had a woman doctor."okay it seems like you took a tumble down some stairs is that correct" jeez shes talking to me like i'm four"yeah""and you think you broke a rib?""yess""well pull your shirt up so i can see your ribs"i forgot about my whole stomach being a bruise and my ribs, the doctor looked disgusted."you didn't really fall down the stairs did you??" o shit"yes i did i just bruise really easy""well you must ave taken quite the fall there very bruised and swollen "she pushed on my ribs and i let out a yelp of pain and she quickly stopped, then she did it on the left side which didn't hurt that much."well were going to have to take you to x-ray"

We got the x-rays back and sure enough my middle rib on the right side was broken. The doctor wrapped them up and told me take it easy and not to worry because my broken rib was in between to strong ones. Yeah don't worry; yeah right all I'm going to be worrying about is Kert breaking the other two. I got another taxi and went to get my stuff from school, I paid the taxi driver and to see if the school doors were open and they were, I went to my locker and grabbed my stuff then from out of no where Nick appears.

"Where the hell were you? Your suppose to be teaching me how to do this stuff"

"Look nick it's not my job to baby sit you and from what I saw yesterday you don't need my help"

"Why are you so mad at me?"

"Hmmm lets think maybe because you and ass hole so just stay away from me, don't look at me, don't touch me, don't even breathe in my direction, oh and fine some else to help you"

"Abby"

"Abby wait"

I started walking faster but he grabbed my wrist. Jeez he seems to be doing this a lot lately.

"Why do you keep running away from things?"

"I don't "

Nicks pov~~

"Well then please let me explain"

I gave her the puppy dog face which made any girl do anything I wanted, but Abby started laughing that's the first time I ever got this reaction.

"What's so funny??" She stopped laughing.

"You don't need to explain anything to me I get it, the only time you ever treat me with respect is whenever your loser friends aren't around and it's just you and me. I get that you're ashamed to be seen with me because apparently I'm the biggest loser ever when I'm really not I just don't care what people think of me. Oh and the puppy dog face doesn't work on me it was quite funny though"

I just stood there with my mouth hanging open trying to process what she just said, she started walking away I couldn't let her, I didn't want her to get jumped again, I grabbed her wrist but she pulled away

so I grabbed her waist and turned her to face me.

"Nick let go of me"

"No just let me dri-"

"Get your hands off me" she got my hands off her and was about to run but I grabbed her waist again tighter this time so she wouldn't be able to get away.

"Please le-" I was cut off by her fist hitting my jaw.

Abby's pov~~

I almost screamed in pain as Nick grabbed my waist tighter this time so I wouldn't be able to get away, he had his hand on a bruise.

"Please le-"

I punched him the jaw and took off running ignoring the pain shooting up my legs and ribs, it would be nothing compared to the pain I'd feel if Nick caught me. When I realized where I was running to I got really scared I was running towards Jenn's my best friend's house who lives on the same street as Nick.

Nick's pov~~

Wtf is her problem I was only going to drive her home, I really don't think she was jumped now, there's someone hurting her but who a secret boyfriend someone at home? I got in my car and started looking for her I realized she was probably home by now so I decide to go home as soon as I got to my street I saw someone running and I instantly knew who it was I sped up beside them and rolled the window down.

"Abby" she looked over at me then looked away.

"Abby what the hell was that back there? I'm starting to think you didn't get jumped"

"Nick you can think whatever you want"

"Will you please get in the car I'll drive you where ever you're going"

"No, not after I saw what a temper you have, god knows what you'll do to me"

She thought I was going to hurt her shit why do I have to be such an idiot and this just proves someone is hurting her.

"Abby no matter how mad I got I would never hurt you"

"Ahaha yeah right I don't trust you"

I watched her run up Jenn's drive way well at least I know she'll be safe.

Abby's pov~~

He Saved Me

God I love punching people today, I can't believe what I did he could kill me, I had to get to Jenn's I really need her right now, man I wish there was someone I could tell about what's going on but nobody will believe me, my own mother doesn't believe me, I could always go to the police or tell Nick & Jenn but then all Kert's threats popped into my head.

"You ever try and tell people again, I kill your mother, all of your friends and I'll make you watch and then I'll kill you and I'll make it slow and painful death"

I was deep in thought when a car pulled up beside me.

"Abby" I looked over it was Nick OH SHIT, I looked away quickly. Oh god what's he going to do to me I can't take anymore pain, maybe I can convince him not to hurt me.

"Abby what the hell was that back there? I'm starting to think you didn't get jumped"

"Nick you can think whatever you want"

"Will you please get in the car I'll drive you where ever you're going"

"No, not after I saw what a temper you have, god knows what you'll do to me"

"Abby no matter how mad I got I would never hurt you"

"Ahaha yeah right I don't trust you"

I ran up Jenn's drive away trying to figure out what he meant by: no matter how mad I got I would never hurt you. NO Abby don't fall for it he's a very good actor he'll just break you and your not strong enough to deal with anymore pain. I started pounding on Jenn's door.

"Yeah hold on I' coming"

"Hey Abby where were you all afternoon"

"Can I come in?"

"Of course you can but you still didn't answer my question"

"I went to the hospital"

"What why? Are you ok? I mea-" I cut her off

"I'm fine I fell down some stairs yesterday and really hurt my ribs so I went to get them checked and I broke my middle one"

"Oh my god"

"Yeah"

"I also saw nick chasing after you today he looked worried?"

"Uhm yeah Jake hit my ribs and I kinda freaked and he wanted to know what happened"

He Saved Me

"ugggh want me to beat the kid for you I can stand him and I think Nick is starting to like you"

"No I don't want you to beat Jake he didn't know my ribs hurt and I know you don't like him you remind me every day at least twice and there is know way that nick likes me were totally and completely different we can't even be friends... and if I didn't know better myself I think you like Jake"

"Sometimes different is better and I don not like Jake"

"Mhm that's why you're blushing"

"WHAT" she shouted running over to check the mirror to see that she was beat red.

"AHAHAHA"

"Ugggh damn blush, so anyway do you want to stay the weekend??"

"uhm sure I'll ask"

****ring****ring****

"Hello"

"Hi Kert is it ok if I spend the weekend at Jenn's?"

"You're trying to run aren't you, your trying to tell people so they will through me in jail, you little bitch just remember what will happen if you do"

"No I swear I'm not, and yes I remember what you said, she just asked me to stay the weekend"

"Fine but just wait till you come back"

Click

I walked back into the living room where Jenn was watching some scary movie I sat down beside her.

"Abb's you okay you look like you saw a ghost"

"Yeah I'm fine I just have a headache that's all"

Nicks Pov~~

"I hate feeling like this, I'm so tired of trying to fight this, I'm asleep and all I dream of is waking to you, tell me that you will listen your touch is what I'm missing, the more I hide I realize I'm slowly losing you, comatose"

"Hello?"

"Hey babe"

"Nicole what's up?"

"Well there's a party tonight at Jake's you in?"

"Of course babe"

"Kai pick me up at 6"

"Alright bye"

Well this should be fun. Wait this is a great chance to prove myself to Abby I won't drink or take drugs. It's a great plan but Abby never goes to parties. WOAHH WOAHH Nick slow down you have a girlfriend her name's Nicole.

Abby's Pov~~

"Hey Abb's you want to go to a party tonight?"

"Who's party?"

"Jake's"

"Uhh I don't think that's a good idea and don't you hate Jake??"

"Oh come on you never go to parties, and yes I hate Jake but he has awesome parties"

"Oh ok then and there's a reason I don't go to parties"

"You're scared aren't you?"

""Pfft no, there's just to much drinking and sex and drugs and to many girls getting taken advantage of"

He Saved Me

"Oh come on that's not going to happen to you"

"Fine whatever"

"Come on lets go get ready it starts at 6"

"Yes and its 4"

"But I need to shower and pick out my outfit and do my hair and makeup"

"Fine whatever"

We went upstairs to her huge bedroom, she got in the shower, and I went into her walk in closet I found light blue jeans that were loose in the legs and black long sleeved V-neck , no matter what Jenn says I'm not changing this is the only thing that will cover up the bruises, I went over to her vanity where all her makeup was, I put on black eye shadow and made my black eyeliner darker then usual and but on black mascara.

"Wow Abb's you look H-A-W-T"

"Ahahahaha whatever"

"So help me pick out what I'm going to wear"

We walked into her closet and found a short black dress but not to short with black heels. Then I curled her hair and did her makeup with sliver/grayish eyes shadow and did her eyeliner dark but no to dark it really brought out her green eyes she looked amazing I wish I could look like her but I'm just plain nothing special about me. We started walking and I knew by the end of this party that I'll be practically carrying her to her house, we walked into the party it was only 6:30 and people were already drunk and high I could see all nicks friends getting high and was surprised when I didn't see him oh well probably fucking Nicole.

"Come on I want to dance"

"AHA alright party girl"

Jenn grabbed my wrist and dragged me into the middle of everybody and we started dancing there were guys grinding us and some actually grabbed my waist and tried to pull me away from Jenn which wasn't going to happen.

"Jenn come on lets go get a drink"

"You're actually going to drink?"

"Ahaha sure I'll make it a one time thing, plus I'll pass out if I don't get a drink"

"WHOOOOO"

We walked over to the drinks and I decided to go with a kiwi flavored cooler, but Jenn decided she was going with a couple shots of vodka, two coolers and a beer, she was starting to get a little tipsy I decided to have a little fun tonight. I took some shots of vodka, had a beer and another cooler by this time Jenn was drunk and making out with Jake I tried to stop them since she hated Jake but she kept telling me to go away so I did jeez I'm not even drunk yet and she's wasted. Hmm I guess I'll go dance then I noticed Nick staring at me with Nicole hanging off of him and passing him whatever so he could get high.

Nicks Pov~

Me and Nicole walked into the party the first thing I did was look around for Abby even though I knew she wouldn't be there she never goes to parties, I was shocked when I seen her dancing with Jenn, she was a pretty good dancer and she looked amazing she wasn't dressed skanky like Nicole or the rest of the girls here but before I could notice anything else Nicole dragged me over to our group of friends who were already getting high, the first couple of times I just kept saying no and just watched Abby dance and watched everything she drank and was surprised to see she wasn't falling over must not be a light weight. She started dancing again but alone I looked over to where she was with Jenn and saw her and Jake making out, wow I never thought I'd see that Jenn hates Jake But Jake is completely in love with her I never heard him talk about all the other girls the way he talks about Jenn.

"Here baby" Nicole slurred I think she had enough.

"No I'm good I think you should stop now babe"

"Whatever when did you turn into a pussy?"

"I'm not; I'm just not in the mood for it tonight"

He Saved Me

"Why do you keep looking over at Abby she's a stupid little no body"

"I'm not looking at her and Nicole give her a break you're always so rude to her"

"What the hell is going on, you never used to care about what I said about her"

"Well I do now"

"Oh I see how it is you want her in bed, wait till everybody here's this"

"Baby it's not even like that "

"Oh well I guess your out of lucky anyway she's all over that senior"

"What??"

"See" Nicole pointed in Abby's direction where she was making out with some guy. She doesn't trust me but she trusts some guy who just wants to get in her pants. I felt my hands clench into fists as I watched his hands go up her shirt, I couldn't watch this anymore, I turned my attention to Nicole I took a drag then pushed her against the wall and started making out with her & feeling every part of her body.

"That's more like my Nick" she giggled and then kissed me back after a while she pushed me away to get some air.

"Baby lets get a drink"

"Sure sexy"

Before I knew it was drunk & baked out of my mind, Nicole passed out well I guess I better get her home.

Abby's pov~

I started dancing with some senior and was having fun he was super hot but not as hot as nick, wow girl what the hell are you thinking get him out of your mind. Bringing me out of my thoughts this guy started kissing me I really wanted to pull away but I decided that I was going to have fun tonight and do things I normally wouldn't so I started kissing him back he was a really good kisser but I couldn't help but think about how much I wanted this to be Nick, no, no, no, stop you're here with some other guy an- I was pulled out of my thoughts by his hand going up my shirt and him whispering in my ear.

"Let's take this upstairs"

"Uhm no, I'm going to go now"

"Oh no you don't you little tease, I get what I want and right now I want you"

He started dragging me to the stairs but I got out of his grip and ran for it I swore I heard him say.

"You're going to regret this"

I ran over to where Jenn and Jake were still making out and she had his shirt undone and he had his hands on her thighs about to go up her dress. I pushed him out of the way and grabbed Jenn's wrist.

"Come on part girl were leaving"

"No I don't want to leave I was having fun" she slurred and pouted like a 5 year old.

"A little to much fun and you would have regretted it if I didn't stop you"

I saw nick trying to get a passed out Nicole into his car which wasn't going well, I walked over to see if he could give us a ride I really didn't want to run into that other creep.

"Nick"

He looked over at me and his eyes were blood shot.

"Wtf do you want" He slurred nearly knocking me out with the smell of whatever he was drinking.

"Yeah I do it all the time"

I was right beside him now and I saw the keys in his hands so I grabbed them.

"Oh no ya don't Nick get in the back"

He Saved Me

I said while getting Nicole in the back and helping Jenn before she fell on her ass.

"No the only person who drive this car is me it's my baby I wont even let Nicole drive it"

"Well there's a first time for everything"

I shoved him in the back and got in the front and sped off to Nicole's listening to Jenn and Nick talk. Well it was more like laughing like mad men until they passed out. Man this car was fast and so nice I would never be able to get anything liken this. I had to somewhat carry her somewhat drag her into her house after looking for her keys for 20 minutes and dumped her on the couch.

Then I went to Jenn's and dumped her on the couch thank god her parents weren't home they would be so pissed. I was struggling to get nick out of the car and notice there was someone up in the house because the lights where on o shit how am I going to get him in without being noticed o well I'll have to try I drug him into the living room and put him on the couch then I heard someone come down stairs so I ran for it and didn't stop until I got to Jenns.

I woke up screaming and Jenn cam rushing in the room with her hand on her head.

"Abb's what's wrong? What happened?" then she fell on her ass looking stunned I had to laugh at that she always knows how to cheer me up even if she doesn't try to.

"Why were you screaming?"

"Uhh bad dream don't worry about it" thinking about it made me shudder.

"You want to talk about it?"

"naww I'm good, plus I'm going to get a shower and I have so much to tell you about the party"

"Alright"

I ran into the bathroom and locked the door and couldn't help but think of the dream.

At first it was the creepy guy raping me and I couldn't get him off of me, then it was Kert beating me, then me & Nick holding hands and kissing then back to Kert beating me again.

Nicks pov~

I woke up to music blaring and thought my head was going to fall off my shoulders, I walked into the kitchen and saw my big shot brother making a huge sandwich, I turned the radio off and grabbed a cup of coffee and Advil.

"Well sleeping ugly finally decides to wake up your lucky dad gets home today and not last night"

"You seem to think that I actually care when he does or doesn't get home"

"Well you should he's your father"

"Hardly"

He Saved Me

"You know that's not fair he's just been upset since mom left he didn't get over her an-"

"If he really cared he would have went after her he would have put his family before his job, that's why she left and that's why she left us because she thinks were going to turn out the same way, I'll never be like him but you your already turning into him"

"That's not true and you know it"

"Yes it is don't even lie you to barely notice I'm here. What happened to us Jason we used to be close and now you his favorite son and you's both treat me like dirt"

"Maybe we wouldn't treat you like dirt if you didn't act like you were dirt"

"What the hell is that suppose to mean?"

"You know exactly what I mean, we know that you do drugs and drink all the time and sleep around with girls what are you going to do if you get one of them pregnant at this age and dad's torn up about it"

"Yeah right the only person he is worrying about is you and himself"

I started walking up stairs when Jason grabbed the back of my shirt and started dragging me back down.

"Get back here were not finished I'm going to teach you some respect"

I turned around and gave him a shove that made him back off a little he looked stunned.

"Don't touch me ass hole"

He shoved me and I hit the wall.

"Listen I don't know who the fuck you think you are but this is not how family treat each other"

He got in my face so I punched him.

"Were hardly a family" I spat at him.

He got up and we got into a fist fight then practically wrestling he got two hits in on me one in the eye and the other in the nose I got the rest, pretty boy is going to be going back to college all beat up all of sudden we were on our asses.

"WTF" we both yelled

In the middle of us was are so called father.

"What the hell is going on I leave for two weeks and Jason you back for a day and you and Nick are already trying to rip each other apart, both of you go to your rooms now Nick grow up your to old for this shit"

He Saved Me

I just stared at the dumb ass of course he thought it was all my fault, I walked upstairs to shower then I'll go to Nicole's to get my mind off this.

****Ring**Ring**Ring**Ring****

"uggg wtf do you want?" shit I woke her up

"Uhm hey baby, I didn't mean to wake you up"

"Oh what do you want babe?"

"Do you want to go to the movies today?"

"Of course pick me up in two hours?"

"Alright"

I flopped on down on my bed decided to sleep for a while I set my alarm and drifted to sleep.

Abby's pov~

I peeked out the bathroom door to see if Jenn was in her room, she wasn't I went out and put on a long sleeved sweater and some sweats and then went over to her vanity to put my makeup on. I found Jenn sitting in the kitchen with an ice pack on her head and a cup of coffee.

"Hey daw!" I said loudly

"Uggggh shhhhhhhhhhh"

"AHAHA"

"So what happened last night?"

I told her everything about that creepy guy her and Jake and then me driving everybody home and she was blushing uh what?

"Jenn you're blushing, you so like Jake"

"I am not, and why didn't you stop me" she tried to act mad but kept grinning.

"Yes you did because you're blushing an even deeper red and I tried but kept telling me to go away"

"Fine I do like him but he is one of the biggest players in the school, uggg I'm never drinking again"

"Sure ya aren't party girl, now get dressed I want to get out of here for the day"

"Alrighty miss pushy"

I made my self some food and went to watch tv.

Nicks pov~

I woke to my alarm and walked down stairs to see John (Nick's dad) and Jason watching football.

"Where are you going we need to talk"

"Where I'm going is none of your business John and whatever you have to talk about talk to Jason about it I'm sure he'll listen"

He looked hurt and angry about what I said so I just walked out of there before he could say anything else and sped off to Ncole's.

John's pov~

I walked into the house and the first thing I heard was fighting of course Nick & Jason would be fighting. I decided to listen to what they were saying. Wow nick really thought we didn't care about him and Jason was my favorite son? We only acted that way so he will smarten up and get his life together but so far it isn't working. This is getting out of hand and he's right I should have went after there mother and I should have put my family before my job but I didn't and that's a mistake that I'll always have to live with. I zoned out for the rest of there fight thinking about how I'm going to tell them that I haven't been going away for work I've been visiting Laura (Nicks mom) we got remarried and now she's 3-4 weeks pregnant I have never been more happy. She's going to be moving in with us soon maybe this will fix everything. I came back to reality when I saw my sons practically wrestling with each other shit. I pulled them apart and threw them on there asses.

"What the hell is going on here I leave for two weeks Jason you back for a day and you & nick are already trying to rip each other apart, both of you go to your rooms, Nick grow up your to old for this shit"

He looked at me like I had ten heads, and then walked off, shit, no matter what I do I keep fucking things up, I ruined our family. Those boys use to be so close I never thought I'd see them fight the way they just were, I'm going to try and make things right I have to, I can't keep this up any longer, I have to get my family back to the way it used to before its to late, oh god I hope its not to late.

"Dad are you ok?"

I looked up to see Jason standing there with a concerned look on his face.

"Yeah I'm fine & what the hell were you doing earlier your 20 Nicks 17 you should be looking after him not trying to rip him apart" I snapped

Jason actually looked shocked that I yelled at him I guess I'll have to do that more often.

He Saved Me

"Dad I didn't even start that he started acting like a S.O.B and we started fighting I'm sorry, I really am"

He did look like he meant it I hope he did.

"Make sure you apologize to your brother; now come watch some tv, me you and Nick have to have a serious talk when he comes down"

We decided to watch football I wasn't really watching the game I was hoping that Nick would forgive me. I don't know how long it was before Nick finally came down stairs, but he just walked by us like we weren't even there.

"Where are you going we need to have a serious talk"

"Where I'm going is none of your business John and whatever you have to talk about talk to Jason I'm sure he'll listen"

I was so shocked and hurt that he called me John instead of dad that I couldn't stop him before he walked out the door and sped off down the street. I just walked up stairs to my room ignoring Jason calling after me, I locked my self in my room and looked at the pictures on the night stand there was one of me, Nick, Jason & Laura and then there was a picture of me holding Jason the day he was born and one of me holding nick the day he was born. I felt the tears stream down my face as I remembered how happy we were and what a mess we are now.

"What have I done to us?" I whispered

Jason's pov~

I walked upstairs to my room thinking about everything nick said. We did use to be close, am I really turning out like our dad?

Does he really hate me as much as he hates our father?

Everything he was saying was so selfish, he wasn't the only one upset when mom left, we all were, and dad is still upset about it. The only reason we treat him the way we do is because dad thinks it will help but so far it's making everything worse. I wish the college I went to wasn't so far from here I hate leaving Nick here alone all the time. Ughh I have to fix things between us. I better go make sure dad's ok, I walked down stairs and saw him slouched over looking at the floor deep in thought with a painful expression on his face.

"Dad are you ok?"

"Yeah I'm fine & what the hell was that earlier, you're 20 Nicks 17 you should be looking after him not trying to rip him apart" he snapped

I was actually shocked he yelled at me, the last time he yelled at me was when mom left, it's usually Nick who gets yelled at he must be coming to his senses because he's right I should be looking out for my little brother.

"Dad I didn't even start that, he started acting like and S.O.B and we started fighting I'm sorry I really am"

He Saved Me

I was serious I was going to try and fix everything with Nick I can't stand the way we treat each other.

"Make sure you apologize to your brother now come watch some tv, me you and nick need to have a serious talk when he comes down"

We decided to watch football, I don't think dad was really watching it though, he seemed deep in thought I just hope whatever he has to say is something good and nothing that's going to make everything worse. Nick finally came downstairs but totally blanked us. I heard him getting snappy with dad and calling him John, oh shit this is bad he wont even call him dad anymore this is way worse then I thought. Dad just stood there looking hurt then he just walked upstairs ignoring me calling after him.

"What's happened to us" I whispered.

Nicks pov~~

I got out of the shower and got ready, I kept thinking about how I ended up here but I couldn't remember I could only remember before I got wasted and baked. I decided to give up on trying to remember anything else and call Nicole to see if she wanted to do something today. She picked up on the fifth ring.

Nicole* "uggh wtf do you want?"

Nick*"Uh hey baby I didn't mean to wake you up"

Nicole*"Oh what do you want babe?"

Nick*"do you want to go out for the day?"

Nicole*"Of course pick me up in two hours or so?"

Nick*"Alright"

I flopped down on my bed and decided to sleep for a while so I set my alarm"

I woke up to my alarm going off, I went down stairs and John & Jason where watching football, I started walking to the door.

"Where are you going? We need to talk"

"Where I'm going is none of your business John & whatever you have to talk about I'm sure if you tell Jason he'll listen"

He looked hurt and angry at the same time so I just decided to leave I wasn't in the mood to listen to him bitch at me and lecture me about why I can't I be more like Jason and blah blah. Me and Nicole walked got to the movies and I noticed Jenn and Abby ahead of us Nicole started whispering to me about Abby and I could tell she heard because her fists clenched at her sides without thinking I started sticking up for Abby and telling Nicole off and for some reason I couldn't stop we ended up getting in a fight about it and I dumped her.

Abby's pov~~

Jenn was finally read after like tow hours or more, we decided to go to the movies. We walked to the bus stop and saw nicks car go flying by.

"Man I wish I had a car like that"

"Hmm? Like what abb's?"

"I wish I had a car like nicks man that baby was amazing to drive"

"AHAh is it fast?"

"Very and you would have known if you didn't get wasted and pass out, you know I was the only other person to drive nicks car beside nick"

"How do you know that?"

Because at first he wasn't going to let me drive because it's is ("baby") but I took the keys off him, and pushed him in the back"

"You know he could have stopped you if he wanted to"

"I guess"

"You know what this means?"

"What?"

"He must really like you because if you were the only other person to drive his car then he didn't let Nicole or Jake drive it and Jake and Nick are tight and Nicole's his girlfriend"

"Ok girl your just crazy"

The bus pulled up and we kept arguing over the fact if Nick liked me or not. She jus wouldn't drop the subject, we finally got there and I saw nick & Nicole walking towards the movies great me and her in the same place were not leaving without trouble. Me and Jenn walked into the movie first so they were behind us and I could hear her whispering to him.

"ugggh that stupid little whore is here, its bad enough we have to see her at school but at the movies as well, I mean its bad when nobody wants her around shes just a waste of space a lot of space"

She let out a chuckle and I felt my fists clenched then I heard nick actually stick up for me and the only person whoever does that is Jenn.

"Nicole shut up she is not a whore and just give the girl a break, its so obvious that your jealous of her"

I heard Jenn laugh and I just stood there with my jaw hitting the floor.

"What excuse me your choosing that skank over me, and why would I be jealous of that she's fat and ugly, and I'm perfect are you getting bored of me? do you want to take her to bed now?"

She was now yelling and causing a scene so I turned around to face them laughing Jenn was in hysterics.

"No Nicole I don't want to take her to bed and I'm not getting bored of you I'm getting sick of your attitude and how you treat people, your not perfect so you know what I can't take anymore of your crap were over, done, threw"

He Saved Me

Me, Jenn and Nicole all gasped at the same time and looked at him like WTF with are mouths hanging open. Omg what is he doing? Why is he sticking up for me?

"Your actually dumping me for that stupid little nobody"

"hunny I'm not dumping you for anybody I'm dumping you because you're a selfish little bitch. Fine but once you realize that you love me don't come crawling back"

Chapter 12

Abby's pov~~

Jenn was standing there with a big smile on her face and I just stood there like an idiot with my mouth open wide eyed. Nick had an angry expression on his face watching Nicole run away then he looked over at me and smiled. I was still there dumb struck when Jenn elbowed me in the ribs really hard, I broke out of my trance once I felt the pain and let out a yelp and clutched my side.

"You idiot what was that for?"

"Fuck, I'm so sorry Abb's"

"Its ok, I might just stay away from you for a little bit though"

"So you girls mind if I join you?"

I was about to say yes we do mind but Jenn jumped in first.

"Of course not were going to see the new horror movie though"

"great that's what I was planning on seeing"

Ok there is something up, I know, they were planning this they want me to fall for nick and he's going to pretend to love me and once he gets me into bed our information about me he'll run off to his little friends ugggh that dick.

"Abby are you ok?" nick and Jenn asked at the same time.

"Huh? Uhm yeah just zoned out for a second, well lets get the tickets"

I turned around so fast I nearly gave myself whiplash, I heard Jenn and Nick laughing at me , oh I am so flipping later. We got our tickets and walked into the movie, I sat between Nick and Jenn perfect and now and he's gonna try and make a move on me.

"Hey Abby if you need a shoulder to lean on or hide in I'm here"

AHAHA see typical predictable guy. But he was smiling that really cute smile that made it really hard to tell him to forget about that but I wasn't giving in that easy. I started laughing and he looked so confused.

"Don't worry nick I don't need to hide in any ones shoulder"

He looked a little hurt by what I said and I almost wanted to take it back, almost but if I didn't want to get hurt I would just have to keep being a bitch. The movie started with a young girl getting beaten, I started feeling sick and tears were welling in my eyes, I walked out and ran to where you could buy food luckily the lines were long I got in the longest one and concentrated on steadying my breathing.

Nicks pov~~

When we walked into the movies I decided I was going to give it a chance with Abby.

He Saved Me

"Hey Abby if you need a shoulder to lean on or hide in I'm here"

I was shocked and confused when she laughed but then again it's Abby and I should have guessed she'd something like that she's not like all the other girls and I have to remember that.

"Don't worry nick I don't need to hide in any ones shoulder"

I was hurt by what she said. Why am I falling so hard and so fast for this girl? This never happened before, oh well I'm not giving up on her yet. The movie started with a girl getting beaten and Abby got up and walked out I looked over at Jenn who had a confused look on there face.

"Don't worry I'll go see if she's ok"

"Nick maybe I should"

"No its ok Jenn just stay here and I'll go get her"

I walked out and looked around and found her in the longest line for food, I walked up behind her and placed my hand on her shoulder she yelped jumped 2 feet in the air.

"WTF are you trying to give me a heart attack?"

"No sorry I just wanted to make sure you were ok"

"I'm fine I just wanted food"

"So you waited for the movie started before coming to buy it?"

"Well I wasn't hungry until now"

"So you got in the longest line here"

"I didn't notice that this was the longest one"

"Sure you didn't"

I grabbed her hand and laced my fingers threw hers, wow her hand was so tiny compared to min and fit perfectly with mine, I felt little tingles going threw my hand and spread threw my body. I was surprised when she didn't pull away and let me lead her over to a bench and sat down with me.

"Abby please tell me what's going on is there someone hurting, a secret boyfriend, a parent, siblings? Please Abby tell me" I asked while pulling her into my lap and wrapping my arms around her, this felt so right holding her like this, I never wanted to let go or leave this moment she leaned he head against my chest and shook her head.

Abby's Pov~~

I wanted to tell him, I really did, but I couldn't risk him or anyone else that I care about get killed because of me. I was pulled out off my thoughts when I felt nicks warm breath on my ear.

"Abby please tell me you don't have to be afraid" he whispered.

I shivered a bit, he was making it so much harder for me not to fall for him or tell him what's going on. I was

He Saved Me

weak and vulnerable he could do whatever he wanted and I wouldn't put up a fight.

"I'm not afraid, there's nothing to tell I don't have a secret boyfriend, or siblings and no one at home is hurting honestly"

I Just can't tell him it's not fair and its to selfish.

All of a sudden he turned his head and our noses were touching then he closed the space between us, I wanted so badly to pull away but I couldn't all I could feel were electric shocks throughout my body and all I could think of how I was going to get closer.

His tongue traced my bottom lip asking for an entrance my body shivered in excitement and opened my mouth his tongue exploring every corner of my mouth as I did the same to him our tongues mingling with each others.

I never wanted it to end, I wanted to stay in Nicks arms forever where I knew I was safe and nothing could hurt me.

But one of us had to have some sense so I pulled away panting.

"Come on Jenn is going to wonder where we are"

Nicks pov~~

Abby insisted that nothing was going on; I guess I'll have to wait till she's ready to tell me.

I couldn't take it any longer being this close to her and not kissing her, I hope this won't scare her or piss her off because she'll probably kick my ass.

I turned my head so our noses were touching then closed the space between us, the tingles I felt before came back like electrical shocks running through my body.

My tongue traced her bottom lip asking for an entrance but it felt more like begging to me, I was surprised that she actually let my tongue in, I explored every corner of her mouth as she did the same to me our tongues started mingling with each others.

I never wanted this to end this feeling I get when I hold her in my arms and kiss her and see her smile its beyond anything I have ever felt before I've never got this feeling with Nicole or anyone other girlfriends I had, she pulled away panting.

"Come on we should get back Jenn's going to wonder where we are"

I started pouting and giving her the saddest look I could.

"Nick I already told you that doesn't work on me" she said while giving me a quick peck before trying to get up, but I hugged her tighter to me.

"Nick let me go" she giggled and it was the cutest giggle I ever heard.

I buried my head in her neck and started kissing there I felt her pulse speed up I smiled knowing that I did that to her.

"Nick come on she's going to think we ditched her"

"Fine"

We walked back into the movie this time Abby put the arm rest up and cuddled me, I felt myself grinning like an idiot as I kissed the top of her head.

Abby's pov~~

He Saved Me

Nick started pouting and it was so cute but luckily it doesn't work on me or I would do anything he wanted.

"Nick I already told you that doesn't work on me" I gave him a quick peck for being so cute and tried and to get up but his arms tightened around me.

"Nick let me go" I giggled me wait hold on I actually giggled that never happens. He buried his head in my neck and started to kiss there, I felt my heart speed up it tickled so much but felt so good.

"Nick come on Jenn's going to think that we ditched her"

"Fine"

We waked back into the movie and I wanted to be closer to him so I put the arm rest up and cuddled into him. I smiled when he kissed my head and could tell he was grinning; I looked out of the corner of my eye and saw Jenn smiling. I realized I shouldn't be doing this, Nick is only using me & even if he's not I can't get close to him and risk him finding out my secret. Plus he deserves better then me, he doesn't need a girl with so much baggage it's not fair to him.

I have to end this before it even starts. The movie ended and nick drove us home.

"Hey Nick do you want to come in and hang out with us' Jenn asked

"Uh I don't think that's a good idea" I said quickly Jenn looked shocked and Nick looked hurt shit.

"Uh I mean I thought we were having a girl's night"

"Oh Abb's we can have a girls day tomorrow"

"Yeah I guess"

Nick still looked hurt I felt so bad maybe he wasn't going to hurt me, maybe I should give him a chance, No I have to be guarded and keep a stone wall up yeah right I tried that and ended up making out with him.

"Look Abby if you don't want me here I'll leave" he said with a slight snap.

"Nick I didn't mean it the way I said it stay if you want to"

"I'm not going to stay if I'm not wanted here" he said with even more of a snap.

He turned to leave and before I thought anything threw I grabbed his hand and turned him to face me, Jenn went in the house so I could fix this, he turned around and looked mad but mostly hurt.

"Abby let go, I'm leaving just like you want"

"Nick please stay, I don't want you to leave please stay" I said softly and looked at him the cutest face I could manage I must have looked pathetic. He scanned my face to see if I was lying.

Chapter 14

I guess he say I wasn't because he cupped my face gently with his big hands & kissed me slowly and passionately I felt my hear skip a beat and kissed him back. Ugggh no I shouldn't be doing this it isn't right for me to lead him on if I'm not going to get in a relationship with him so I pulled away I need to start putting my plan in to action.

"Abby did I do something wrong?"

"No, no let's get inside though, I'm cold"

He didn't look like he believed me but he let it go and grabbed my hand and gave it a gentle squeeze.

"So nick do you still want me to help you with school?"

"If you want, I don't really care"

I stopped and looked at him with a serious face.

"Nick you've got to get your life together you can't keep doing drugs, partying all the time and throwing your education away. We have our senior year next year, don't you want to graduate, go to college make a life for your self settle down and start a family or do you want to be some alcoholic drug addict bum living on the street"

He rested his forehead against mine and had tears in his eyes.

"Abby I never even thought about it but it sounds great well except for the bum part but abby I'm scared I'm to far gone, what if I don't make it to graduation or past college?"

"Nick what kind of drugs have you been doing?"

He looked away from me, I grabbed his chin and made him look at me then cupped his face in my hands.

"Nick answer me"

"Well there's a couple"

"Nick!"

"Weed ecstasy, crack"

"No nick please tell me your joking"

I felt the tears welling in my eyes, he shook his head no and a few tears ran down his cheeks I wiped them away with my thumbs.

"Nick why?"

"Can we go some where else to talk about this like the park?"

He Saved Me

"Of course I'll go tell Jenn where were going"

I walked in and jenn was watching tv.

"Hey Abb's where's nick?"

"Is it alright if I go to the park with nick we have to talk about some things I promise I'll be back soon"

"Of course Abby is everything alright?"

"Yeah every things fine I'll be back soon"

I ran out to the car and as soon as I got in nick broke down sobbing so hard I couldn't make out what he was trying to say I crawled onto his lap and he rested his head against my chest.

He kept crying and saying things I couldn't understand.

"Shhh baby" I said as gently as possible and ran my hand threw his hair gently hoping it was soothing him after a few minutes he got him self back to normal and looked up at me with bloodshot eyes.

"You want me to drive?"

"No, oh thanks for uh letting me cry on you and for soothing me"

"I would say anytime but I don't think I ever want to see you like that again it was heartbreaking"

He tried to smile and failed miserably.

We drove to the park in complete silence I was debating on whether I wanted to know nick did drugs or not, we got there and he looked even more upset but got out and came around and opened my door for me and took my hand and started walking after ten minutes I started to wonder if he was going to tell me or not, I didn't want to push him to tell me but I need to know to see if I can help him.

"Nick are you going to tell me or not? I understand if you don't want to"

"Yes I'm going to tell you, I'll probably feel better once I do, I'm just taking you to the spot where I usually come to think.

"Ok"

We walked up a hill at the top was a big tree the view over looked the entire park and would be and amazing place to watch the sunset I know sounds plain but it was beautiful. We sat down nick looked at me and kept opening and closing his mouth has if trying to find the right words to say.

"Nick its ok you can tell me"

"The reason I started doing drugs is because my mom left 2 years ago, because my dad changed so much and only cared about work, she left me and Jason with him because she thought we would turn out the same way. Then I started doing stuff that my dad didn't like I guess I just wanted him to notice me and give me his attention but it was nothing serious so he started lecturing me on how I should be more like Jason and how I'm such a disappointment so I tired to be more like Jason for while but I couldn't take it anymore. He was always so proud of him no matter what he did so I figured he didn't care about me or what I did me and Jason even started to grow distant and we were close. So when we came here and I got in with the wrong group that convinced me that drugs were the best thing ever and would solve any problems you had and I actually believed them because when your high you can't feel anything and I never really thought about my future or anything else like that until I met you and it all came crashing down on me.

He Saved Me

Omg how am I just going to tell him that only want to be friends? That will crush him.

He just broke down sobbing again.

"Nick everything's going to be ok, I'm going to help you, please, please calm down baby"

I couldn't stand seeing him like that, he gave me a weak smile and it nearly broke my heart.

"Thank you Abby, you're the first person I have ever told, I've never even told Jake"

"Your welcome and I'm glad you told me, Nick will you promise me something?"

"Anything"

"Stop doing drugs please and stop hanging out with those people you call your friends, well Jake's ok I guess we'll have to help him to. I know its asking a lot but please I'm going to try and help you stop."

"Abby that's not as simple as you think an make it sound, I can't just stop taking drugs I need them, and those people as you call them supply them, I'll go in to with drawl without them"

"Nick I know I never said this was going to be easy its going to very hard and I'll be there to help you please nick promise me this please"

"Fine I promise"

"Thank you"

"Come one we should get you home and I'll go back to Jenn's and you look like you could use some sleep"

He gave me another slow passionate kiss that made me melt this time he was the one to pull away.

"That sounds like a good idea"

We drove home in silence I was too deep in though to be in a conversation I couldn't stop thinking about why do I keep leading him on if I'm going to hurt him? How the hell am I going to help him? What am I going to do if he finds out about Kert?

Nicks pov~

I was hurt that Abby didn't want me to hang out with her and Jenn, I guess she was just leading me on.

"Look Abby if you don't want me here I'll leave"

"Nick I didn't mean it the way I said it, stay if you want to"

"I'm not going to stay if I'm not wanted here"

I turned to leave not expecting Abby to stop me; she grabbed my hand and turned me to face her.

"Abby let go, I'm leaving just like you want"

"Nick please stay, I don't want you to leave please stay"

She said so softly and looked up at me with this face that would make me do anything she asked, I searched her face to see if she was lying, I saw truth in her eyes. I cupped her face gently and kissed her softly she kissed back for a minute then pulled away.

"Abby did I do something wrong?"

"No, no lets get inside I'm cold"

I didn't really believe her but didn't want to push the subject. I grabbed her hand and gave it a gently squeeze hoping she wasn't mad for so dumb reason.

"So Nick do you still want me to help you with school?"

"If you want, I don't really care"

And the truth was I didn't they could fail me all they want I would have dropped out already if it wasn't for my father I just go to get him off my back but once I'm 18 there's nothing stopping me. Abby stop walking and looked at me with a very serious face.

"Nick you've got to get your life together you can't keep doing drugs, partying all the time and throwing away your education, we have our senior year next year don't you want to graduate and go to college make a life for your self and eventually settle down and start a family or do you want to be some Alcoholic drug addict bum living on the street?"

Wow I never really thought about it like that I guess I figured that I would just get by no matter what. But you can't get a well enough paying job without at least grade 12. The way Abby put it everything came crashing sown on me I don't know what I'm going to do with my life, I don't know I I'm going to make it to graduate or past college?. I realized she was right but what if I'm to far gone

If I keep doing the things I do I won't make it to graduate or go to college, I probably don't have the grades to pass. I rested my forehead against hers I could feel the tears coming to my eyes.

"Abby I never thought about that but it all sounds good well not the bum part, Abby I'm scared I'm to far gone, what if I don't make it to graduation or past college."

"Nick what kind of drugs have you been doing?"

I looked away I was too ashamed. She grabbed my chin and made me look at her then she cupped my face in her hands.

"Nick why?"

"Can we go somewhere else to talk about this like the park?"

"Of course I'll go tell Jenn where wee going"

I walked over to my car and got in I was trying to get myself together and was almost back to normal until Abby got in the car I just broke down I was sobbing so hard that I couldn't even make out the words I was saying I didn't want to cry in front of Abby I didn't want her to see me as weak but I just couldn't stop, Abby crawled onto my lap I wrapped my arms around her and buried my head in her chest still sobbing and muttering things.

"Shh baby" she said while running her hand threw my hair it was actually really soothing while listening to her heart beat after a few more minutes I got my self back together.

"You want me to drive"

"No, oh thanks for soothing me and letting me cry on you"

He Saved Me

I tried to smile but I don't think that worked out to well.

"I would say anytime but I don't think I ever want to see you like that again its heart breaking"

We were driving in silence I was trying to figure out how much to tell her or should I just tell her everything I don't want to break down again, she should know everything. We got to the park all too quickly, I got out and opened Abby's door for her, took her hand and started walking to my special spot, I still couldn't believe that I fell for Abby so fast but I don't want anyone else, I don't care about what people think. With that I decided Abby should know everything. Abby decided she was going to break the silence.

"Nick are you going to tell me or not? I understand if you don't want to"

"Yes I'm going to tell you I'll probably feel better once I do, I'm just taking you to my special spot where I usually come to think"

"Ok"

I took her up the hill with the big tree I usually sat under, its really plain but I love it you could see the whole park and its an amazing place to watch the sunset I must have done it a hundred times and never got tired of it. I sat down and was trying to tell her but it wasn't coming out I guess Abby realized.

"Nick its ok you can tell me"

With that little bit of reassurance I told her everything, I just couldn't help it I started crying again come on nick get your self together this is twice in one day.

"Nick everything's going to be ok, I'm going to help you, please, please calm down baby"

I got myself back together hearing that; I gave her a weak smile.

"Thank you Abby you're the first person I told, I never even told Jake"

"your welcome and I'm glad you told me , Nick will you promise me something?"

"Anything"

I said quickly hoping she was going to tell me who was hurting her.

"Stop doing drugs and stop hanging out with those people you call your friends, well Jake's ok I guess we'll have to help him too."

"Abby that's not as easy as you think and make it sound, I can't just stop doing drugs I need them, and those people as you call them supply them"

"Nick I know I never said this was going to be easy, its going to be very hard and I'll be there to help you please Nick promise me this please"

"Fine I promise"

"Thank you, come on we should get you home you look like you could use some sleep"

He Saved Me

I kissed her slowly and softly, I love kissing her I got shocks every time I did, I would never get tired of it. I was glad it was me to pull away this time.

"That sounds like a good idea"

We walked back to the car in silence she looked like she was deep in thought it was like that the whole way to jenns.

Still nicks pov~

When I got inside I smelt spaghetti and meat balls, my favorite I'm starving, I walked into the kitchen to find Jason & John setting the table, ok what the hell is going on we never eat together.

"Where have you been all day? And why did you walk out on me? we have a lot to talk about"

I sat down still confused are they shipping me off to military school.

"I was at the movies with my friends and I walked out because I didn't feel like sitting and listening to you talk about whatever, and I still don't want to"

"Nick you know I don't want you hanging out with them, there going no where fast and you know it"

"Who I hang out with is none of your concern, and I wasn't with them I was with other friends"

"I am your father so it is my concern who you hang out with and other friends Nick it doesn't matter there all druggies and going to do nothing with there lives Nick your better then that"

"Abby and Jenn are not like that, there going places with there lives especially Abby"

"There not into drugs?"

"No there not and just so you know Abby is the smartest in our grade"

"Excellent your finally getting in with the right people and I will have to meet this Abby"

"No you don't have to meet her and your not going to" I said while scooping up some spaghetti

"Hey bro is she pretty"

"Why do you care I thought you had a girlfriend"

"I do but it doesn't hurt to ask and she's probably into drugs if you don't want dad to meet her"

"Fine you's can meet her but for five minutes"

"Great bring her over Tuesday"

"Fine whatever"

"Now boys I have great news that I'm sure you will be over joyed to hear"

He Saved Me

Me and Jason gave each other confused looks ok maybe there not sending me to military school.

"I haven't been going away for work"

"Ok well where have you been going then"

Asked Jason still as confused as I was.

"I've been going to see your mother to work everything out and we fixed everything and got remarried and now she's pregnant again , you's are going to have a new brother or sister and your mother is coming home"

Me and Jason started choking.

"Wtf it took you two years to do that and she's pregnant again"

"Yes it did take us that long sadly and yes she's pregnant again she's not that old"

I got up from the table and ran for the door.

"Nick wait I thought this would be good news for you"

"Well guess what its not, she left for two years and didn't even bother to stay in contact, you've been a total dick head to me for the past two years, and she's pregnant again poor kid I can't wait to see how you treat it"

"Nick please I'm sorry I wish I could change everything and if I could go back in time I would, Nick I just wan to make everything with us alright again I-"

"Save it for someone who cares"

I ran to my car to my car and sped off to the park. I' don't know how long I was there, but the sun had gone down and I was lying under the big tree staring at the stars and moon. My head was swimming with thoughts. My mom was coming home, I always wished she would, now she is but its to late, I should be mad at her for leaving and not staying in touch but I couldn't I needed her, I needed her and she wasn't there, but I still need her.

Maybe I should forgive my dad and Jason give them another chance, I miss our family and want it back. Ugggh I don't know what to do, something told me to call Abby so I did.

Abby* Hello she said groggily

Nick* sorry did I wake you?

Abby* yeah you did, but its ok

Nick* I'll let you get some sleep sorry

Abby* you already woke me, so just tell me what you called for

He Saved Me

Nick* Abby I don't know what to do, I have so many thoughts running threw my head right now and I just want them to go away.

Abby*Nick where are you?

Nick* the park why?

Abby* in the spot we were today?

Nick* yes why?

Abby* I'll be there in five minutes

I was about to tell her to stay in bed and go back to sleep but she already hung up. I just laid there with my eyes closed waiting for her to get here, a few minutes later I heard her sit next to me.

"Nick what happened?"

I told her everything.

"Woah"

"Yeah, Abby I don't know what to do a part of me is still pissed off at my father but another part wants to forgive him and I want to b mad at my mom but I just can't, I want things to go back to the way they were."

"Nick if you want things to go back to the way they were then your going to have to forgive your brother and dad"

"Yeah I guess"

"Just take things slow; I'm sure every thing will work out"

"Your probably right like always"

"Nick I'm not always right"

"Most of the time you are"

"Whatever, so are you excited about having a new brother or sister?"

"I guess it kinda seems weird though"

"I know what you mean, well I guess, no actually I don't"

I chuckled a bit at that.

"Abby?"

"Yeah"

"Will you stay here with me for a while?"

"Sure"

She laid next to me looking up at the stars, we talked about random things and I learned a lot about here just as she learned a lot about me, talking to Abby just made me forget everything else. After a while everything went silent and I was fighting to keep my eyes open, I looked over at Abby, she was already asleep. I gently pulled her into my arms she put her head on my chest and one arm across my stomach I held her close to my body and then darkness took over.

Abby's pov~

I woke up to much more noise then I'm use to and the blinding sun when my eyes adjusted to the light I saw I was in the park, wtf, how did I get here? I looked down to make sure I still had my clothes on and I wasn't drugged and raped or jumped and raped.

I looked beside me and saw Nick sleeping peacefully, he looked so cut I couldn't help but smile, memories of last night played through my mind. For some reason I decided I was going to wake him up in a way I knew I was going to regret later. I straddled him and started kissing along his jaw and slowly kissed up to his ear and sexly whispered.

"Wake up sleepy head"

He let out a groan I bent down and kissed him long and slow, after a minute he started kissing me back suddenly he flipped us so I was underneath him but he didn't have any of his weight on me he suddenly pulled away but I didn't want him to stop I wanted to keep kissing him.

"That was mean, I wanted to sleep longer"

"Well honey I never said I was nice"

"True"

"But you can't say you didn't like the way I woke you up"

"Your right I wouldn't mind waking up like that every morning"

He bent his head to kiss me soon we were making out and it started to get deeper and rougher but I didn't want to stop, he slid his hand under my shirt I was about to pull away and slap him into next week but his had stopped at my waist were he gently rubbed his thumb back and forth my hands slid from his neck down his back making him shiver, my hands met at the front of his shirt then slid under, my hands slowly crept up his abs and chest slowly then back down his muscles tighten under my touch he was friggen built. But he pulled away I must have had a confused look on my face because he gave me a quick kiss before saying.

"Come on I should get you home before Jenn thinks you were kidnapped"

I pouted then realized he was right.

"Oh shit, Nick hurry up and get off of me she could have called the cops already"

"Ok calm down she's probably not even up yet"

He Saved Me

"So what she's going to freak if she wakes up and I'm not there"

"Ok, ok I'll get you home now"

We ran to the car and got to Jenn's quickly I ran up the drive way and into the house.

"Where the hell have you been do you know how worried I was about you"

"Geez om chill and I fell asleep at the park with nick"

"Girl please tell me you didn't have sex in a bush"

"Know actually it was under the jungle gym, of course not what do you think I am a whore?"

"Geez calm down I was only kidding around and I got you back for having me worried sick I was about to call the cops"

"I'm sorry"

"Its ok"

"So what do you want to do to day?"

"Lets just stay here I don't feel like going anywhere, I have a bunch of junk food and we can watch movies"

"Ok what movies should we watch"

"John Tucker must die" we said at the same time.

"God I never get tired of that movie"

We grabbed all the junk food she had and watched movies all day. It was 8:00 I decided I should probably get home I walked home slowly thinking of what kert was going to do to me today. I finally made it home as usual my mom was at work oh great there's no getting out of this; I walked in quietly and saw him watching TV he noticed me come in and stalked over to me he had me cornered he slapped me hard enough to send me flying to the floor and split my lip.

"I'm surprised you came back you little bitch"

He said while kicking me in the stomach, I whimpered in pain.

"What's wrong? Can't take the pain? Well you shouldn't have been making plans to run away"

He said kicking me again.

"Please Kert I wasn't I swear please stop"

He pulled me to my feet by my hair and shoved me towards the stairs.

"Go upstairs and don't come down till tomorrow your mother us going to be home soon"

He Saved Me

I walked as quick as I could up the stairs, as soon as I got in my room I collapsed everything hurt, it hurt to breathe, there were no fresh bruises on my face just the split lip.

Ringring***

I just let my phone ring but whoever was calling just wouldn't give up.

Abby* hello

Oh gosh I sound like I'm dieing.

Nick* Abby are you ok?

Abby* Yeah I'm fine

Nick* you don't sound fine

Abby*Nick honestly its just my phone

Nick*ok then, uhmm I forgot to tell you my father and brother want to meet you.

Nicks pov~

I woke up to someone kissing up my jaw, woah wait wtf. I was about to push whoever was on top of me off until I heard them whisper very seductively.

"Wake up sleepy head"

It was Abby wtf then I remembered last night I couldn't help but groan.

She kissed me slowly like I did to her the day before, I didn't react right I way because I'm not the brightest when I wake up, when I did I flipped us over so she was under me and none of my weight was on her soon we were making out and the kiss kept getting deeper and rougher I slid my hand up her shirt but stopped at her waist and rubbed my thumb back and forth, if it was any other girl I would have kept going but I don't want to ruin things with Abby I knew she wouldn't want me to touch her like that until she was ready. I felt her hands run down my back and couldn't help but shiver, and then her hands slid under the front of my shirt, my muscles tightened at her touch I pulled away before it got to the point where I wouldn't be able to control myself she had a confused look on her face I didn't want her to think she did anything wrong so I gave her a quick kiss.

"Come on I should get you home before Jenn thinks you were kidnapped"

She pouted which I thought was the most adorable thing I ever saw, with most girls it was just pathetic.

"Oh, shit, nick hurry up and get off of me she could have called the cops already"

"Ok calm down she's probably not even up yet"

"So what she's going to freak if she wakes up and I'm not there"

"Ok, ok I'll get you home now"

We ran to the car and drove quickly to Jenn's, I never realized how close they were until now they were more like sisters then friends.

I drove to my house and soon as I got threw the door I was attacked by Jason giving me a bear hug what the hell?

"Uh dude let go"

"Where the hell have you been? Dad was out all night searching for you and I've been waiting here to see if you were going to come home we thought we were going to find you dead in a ditch"

He Saved Me

"Geez chill I fell asleep at the park that's all you should probably call dad and tell him I'm home before he calls the cops or something"

Jason started grinning like an idiot.

"What?"

"You actually called him dad, I didn't think you'd ever call him that again"

"Yeah well I want us to be how we use to be"

"Really?"

"Really dude"

He pulled me into another bear hug this time I hugged back man I missed this.

"Jason?"

"Yeah?"

"Are you serious about Vanessa?"

"Yeah why?"

"How serious?"

"Dude this is for your ears and your ears only and if you tell anyone I'll kick your ass cause I don't want people to know a girl turned me into mush"

"Ok I get it"

"Its that serious that I always have to make sure she's alright, I can't go a day without talking to her, and I do sweet romantic things for her just because. I fell for her from the first time I saw her I honestly think I'm going to marry her"

"Wo I never though I'd hear you talk about Marriage"

"Yeah why do you feel like that about a girl?"

I just shrugged.

"Its Abby isn't it"

"How did you know?"

"Because when you talked about her your face lit up and you got this weird look in your eyes"

"Holy shit your right she did turn you to mush"

He pushed me off the couch and I landed on my ass we both started laughing then I heard dad come in.

He Saved Me

"Jason, I think its time to call the cops I can't find him anywhere"

"I'm fine dad; I just fell asleep at the park"

I heard a bang like he tripped then he was right in front of me and I was pulled into another bear hug, I hugged him back he was also smiling like an idiot.

"You actually called me dad, so does this mean you forgive me then?"

"Yeah dad I forgive you"

He actually looked happy it wasn't fake, he was actually happy to know I was ok.

"Well I'm going to my room"

I tried calling Abby but there was no answer at first but I tried again.

Abby* Hello

Holy piss she sounded like death.

Nick* Abby are you ok?

Abby* Yeah I'm fine

Nick* you don't sound fine

Abby* Nick honestly I'm fine its just my phone.

Nick* Ok then, umm I forgot to tell you that my dad and brother want to meet you.

Abby* Really?

Nick* really so will you?

Abby* sure I guess when?

Nick* this Tuesday

Abby* Alright well I'm going now cyah

Nick* Bye

I didn't believe her something happened I just didn't want to push the subject because that would piss her off and that the last thing I want to do. I decided to Shower then eat. The shower relaxed my muscles but I was still trying to figure out if some one was hurting her then why would she keep it a secret is she embarrassed or afraid? I wish she would open up and tell me so I can help her but I can't do anything until I know for sure someone's hurting her because I know she's not going to tell me she needs help before its to late. After I was done eating I sat down to with dad and Jason to watch tv but ended up staring out the window I couldn't concentrate on anything besides trying to figure out how to help Abby.

He Saved Me

"Nick are you ok?"

"Hmm yeah I'm fine"

"What's bothering you son?"

"I'm worried about Abby"

"Why?"

"Cause I think someone's hurting her but she wont tell me who or if someone is, but the other day Jake just nudge her in the ribs a tiny and she screamed and I went off after her and she ended up crying off her cover up and her face was full of bruises so was her arm you could see someone's finger prints bruised into her arm"

I looked at my dad and brother who look disgusted and shocked.

"Nick why didn't you tell some body you need to help her"

"I know I do and the only proof I have is the bruises on her body but she made up the excuse she got jumped I don't know who's doing this to her or how long its been going on and its killing me"

"Maybe she really did get jumped"

"Yeah maybe but that doesn't explain why she turns up with a split lip every now and then"

"Nick you should tell someone, go to the police and get them to do and investigation"

"I can't she won't admit it plus if I did she would never speak to me again, maybe if I just give her time she'll tell me"

"Maybe son but don't wait to long something serious could happen"

"I know dad, oh and both of you don't mention anything like that when she comes over"

"Alright"

"Go get some sleep you look like you could use it"

I fell into a deep restless sleep having nightmares about Abby getting beaten and I was standing there watching but I couldn't move. I woke up and looked at the clock it was 5:00am I decided to just stay up I didn't want to watch that again. I went and got dressed and noticed I was really shaky and fidgety I knew exactly what I needed but I'm not going to get it I ate and watched tv I don't know how long it was before Jason came down.

"How long were you up?"

"Since 5:00 why what time is it?"

"7:40"

"I gotta leave soon"

He Saved Me

"Why are you so fidgety?"

I looked away and shrugged.

"Why Nick?"

"Why what?"

"Why are you fidgeting so much?"

"I don't know"

"Bull shit, its from the drugs isn't it?"

I looked down, shit how does he know everything.

"No"

"Nick don't lie to me what have you been taking?"

"Nothing just leave me alone"

"No I won't leave you alone until you tell me"

"its nothing"

"its not nothing now tell me"

"Weed, ecstasy, crack"

The color drained from his face and he looked horrified.

"Nick why?"

"Idunno"

"Stop lying to me Nick"

"I just wanted to escape everything"

"So you turned to drugs?"

"Yes ok"

"You gotta stop Nick dad will get you help nick please"

"I am stopping that's why I'm shaky and fidgety and I don't need help"

"What's making you stop now? Why not sooner?"

"Because Abby made me realize what's going to happen if I keep doing drugs"

He Saved Me

"Well at least some one made you realize"

"Yeah well I got to go cyah"

Chapter 21

This chapter is a little boring.

Johns pov~

When I told Jason & Nick that I fixed everything with there mother and told them we were married and having another baby I didn't expect them to choke and look at me like I was crazy.

"Wtf it took you two years to do that and she's pregnant again"

I didn't like the tone he was using but I decided to not get mad and make everything worse.

"Yes it did take us that long sadly and yes she's pregnant again she's not that old"

He got up from the table and ran from the kitchen.

"Nick wait I thought this would be good news for you"

"Well guess what its not, she left for two years and didn't even bother staying in contact, you've been a total dick head to me for the past two years, and she's pregnant again I can't wait to see how you treat it."

"Nick please I'm sorry I wish I could change everything, Nick I just want to make everything with us alright again I-"

"Save it for someone who cares"

He ran from the house, I ran to the window and watched him speed off down the street I heard Jason going up the stairs and slam his door.

Fuck I though this was suppose to be good news. I sat down for and hour or two waiting for nick back. I better go looking for him I told Jason to stay here incase he came back, I drove everywhere I could think of that he would be I even looked in places I knew he wouldn't be I even got out of the car and searched every where, I kept searching till the sin came up, my heart was pounding harder every time I couldn't find him or I thought of never seeing him again. I called it quits for now I'm driving home and calling the cops that's probably the first thing I should have done.

John* did he come home yet?

Jason* no not yet where the hell could he be

John* I don't know but I'll take another look around before coming home.

Jason*Alright bye

Again I looked everywhere I could think of then I wasn't thinking straight I was filled with worry for my youngest son out there somewhere dead or dying. After looking everywhere again and not finding him I drove back to the house I didn't bother putting my car in the garage I just left it in the drive way.

"Jason I think its time to call the cops I can't find him anywhere"

Then almost like a miracle I heard Nicks voice.

"I'm fine dad I just fell asleep at the park"

I tripped over my own feet and hit the floor with a bang but I got up faster then I thought possible and ran into the living room where I found him sitting on the floor I ran over and pulled him into a tight hug I was relieved that Nick was hugging me back when I pulled away I could feel myself smiling like a fool.

"You actually called me dad, do does this mean forgive me?"

"Yeah dad I forgive you"

I was so happy it was unbelievable everything was working out for the best I was getting my family back together Nick was Home safe and forgiving me and Jason.

"Well I'm going to my room"

"Jason do you mind making something for dinner I'm going to sleep for awhile"

"Yeah sure"

I fell into a deep dreamless sleep after about two hours sleep I went down stairs to watch tv with Jason, Nick came down after a while with a stressed expression on his face he ate then sat down on the couch and stared at the screen for a few minutes then just looked out the window.

"Nick are you ok?"

"Hmmm yeah I'm fine"

"What's bothering you son?"

He Saved Me

"I'm worried about Abby"

"Why?"

"Because I think some ones hurting her but she wont tell me who or if someone is, but the other day Jake just nudge her in the ribs a tiny bit and she screamed, I went after her and she ended up crying off her cover up, and her face was full of bruises so was her arms you could see some ones finger prints bruised into her arms" I could feel my stomach turning I felt totally disgusted.

"Nick why didn't you tell somebody, you need to help her"

"I know I do and the only proof I have is the bruises on her body but she made up the excuse she was jumped, I don't know who's doing this to her or how long its been going on and its killing me"

"Maybe she really did get jumped"

"Yeah Maybe but that doesn't explain why she turns up with a split lip everyone and then"

"Nick you should tell someone, go to the police and get them to do an investigation"

"I can't she won't admit it plus if I did that she would never speak to me again, maybe if I just give her time she'll tell me"

"Maybe son but don't wait to long something serious could happen"

"I know dad oh and both of you don't mention anything like that when she comes over"

""Alright, go get some sleep you look like you could use it"

Abby is being abused, she wont admit it because she's scared or embarrassed its common, but I can't get Nick to go to the police until he has all the proof I fell asleep thinking of that poor girl.

Chapter 22

Abby's pov~

I woke up from the worst nightmare yet, I looked at my clock there was still another hour until I had to get ready but I wasn't going back to sleep, I got ready anyway and walked downstairs and my mom was making breakfast weird she was usually at work by now or sleeping in.

"Good morning honey, oh my god what happened to your lip?"

"Uh last night after I got out of the shower the floor was wet and I slipped and hit my lip off the door knob" Oh my god I come up with the stupidest excuses ever but surprisingly she believed it.

"Oh baby you always were clumsy. You have to be more careful"

"Yeah I know mom"

"Sit down I made pancakes & let's talk I have been so busy lately that I hardly get to see you baby girl"

"Yeah I know"

"So how's everything with school? Any cute guys? Do you have yourself a boyfriend yet?"

Oh what about Jennifer? I haven't seen her in ages. You to aren't fighting are you? Oh and there is this amazing sale at the mall this weekend we should go and-"

"Woah, Woah holy crap mom breathe everything is great with school, and yes there are cute guys its high school, No I do not have a boyfriend yet and neither does Jenn and no were not fighting we just usually hangout at her place or go where ever and thanks for breakfast but I got to leave now"

I walked upstairs and brushed my teeth and came back down stairs and mom was putting dishes in the dish washer.

"I'm leaving now Bye"

"Wait sweetheart come straight home after school"

"I can't mom I have to help Nick with his school work After School"

"Alright hun but who's nick?"

"Just some guy I have to help with school bye"

I got out of there as soon as I could, I didn't hate my mom but I wasn't best friends with her either everything was awkward after my dad died seven years ago and with Kert and everything I kept my distance. I finally got to school where Jenn was waiting by the entrance.

"What the hell happened to your lip?"

"The floor was wet after I got out of the shower and I hit my lip off the door knob"

"Ouch"

"Hey Babe" we heard Jake shout

"EWWW" Jenn said loud enough for Jake to hear his smiled vanished for a second but came back mischievous.

"Awwwh don't be like that especially after Friday's party" he said while pulling her against him and started leaning in.

Jenn pushed him so hard he landed on his ass she got right in his face.

"Nothing Happened Friday, so stay away from me"

"Ok Jenn come on" I said before she hut the guy.

I heard nick laugh as he went over to help jake up.

"Oh you really have a way with the ladies" he said still laughing

I grabbed Jenn's wrist and pulled her inside so we could walk to my locker I wanted to avoid nick till at least after school because if he see's my lip he's not going to leave me alone.

"Why didn't you stay and talk to nick?"

"Uh I wanted to grab my books that I need"

"Girl we have another 15 minutes before we have to get are books your scared to talk to him aren't you?"

"Why would I be scared to talk to him?"

"I don't know you tell me"

'its nothing so leave it"

He Saved Me

Uggh she was always trying to figure out what was going on with me, but I never told her I couldn't and I wouldn't but she was getting close to figuring it out.

"Abby its not nothing, what's going on that your so scared to be with nick, do you have some secret boyfriend your not telling me about?"

"Of course not, really its nothing"

"Abby I can't take this anymore you are always coming to school hurt in someway but you won't let anybody in, we have been like sisters since we were 5 I have never lied or hidden anything from you, I trust you with my life but you obviously don't trust me, I can't watch you like this anymore, you need help but you wont let anybody help you, so I'm done you can figure out what you need to do by yourself, be the smart girl I know you are" with that she got up and walked away.

"Jenn wait please"

"No Abby I'm done waiting, I can't take this anymore"

"Jenn please its not what you think"

"Then what is it stop hiding things from me and let me help you"

"Its hard to explain"

"Try me"

"I can't"

"See there you go again, call me when the real Abby reenters your body"

"Jenn-"

"No Abby I'm done"

I watched her walk down the hall uggh everything's falling apart.

Dad why did you have to leave me everything's been a mess since I thought to myself as I walked outside and sat at the picnic table under the big tree facing away from school just incase I started to cry.

Why, why am I being punished? I don't know what I did wrong please god please if your listening dad even someone who's watching over me I need help please I just want a normal life, I want to be a normal 17 year old I can't take this much pain, I'm losing everyone because I can't open up to anyone, but no one realizes that I'm trying to protect them, please give me strength to get through this and maybe tell someone daddy I know promised you I would always be strong, and stand up for myself, but I don't know if I even no how to be strong anymore, I need you now more then ever, I miss you daddy please help me threw this.

I didn't realize that I was crying until I opened my eyes and everything was blurry I let the tears escape then wiped them away quickly, I got up knowing that I would have to put cover up on again, I saw Jenn and nick talking and looking in my direction they both looked upset and pissed I quickly walked into the school and into the bathroom surprised that there was no one there, I put the cover up on , and grabbed my books and headed to math class I was the only one in there besides Mr.J

"Your early Abby"

"Yeah"

"Anything you want to talk about?"

"No thanks"

"Well if your sure. But if you ever need to talk to someone but don't know who I'm here"

"Thanks"

"No problem so do you want to know your mark from your math test?"

"Sure"

"100 as usual you keep your grades the way they are now next year and your set for a scholarship"

"Good to know"

"You know this school is proud of you, I think you're the only student who gets hundreds in everything every year, it will be a nice to see a student get a scholarship for something not sport related"

"Thanks Mr.J that actually cheered me up"

"Again no problem"

Another person walked in I looked to see who it was shit its nick I looked away quickly.

"Well Nick this is a surprise I never thought I'd see you show up early for a class if you even showed up at all"

"Yeah well I'm getting my life together so I can maybe pass this year"

He Saved Me

"Well that's like since I hear Abby's helping you"

"Yes Mr.Uh?"

"Mr.j well I'll leave you two alone so you can start to catch up"

No shit don't leave me here I thought but he just walked out the door.

"So you fell down the stairs?" nick asked irritated.

"What?"

"Well that's what you told Jenn & that's how you broke your rib why didn't you tell me about that, but what I'm really confused about is did you fall down the stairs or did you get jumped or are they both lies to cover up the truth"

"The reason I didn't tell you I broke a rib is because it never came up in conversation secondly I told Jenn I fell down the stairs because I didn't want her to worry that's the truth"

"Sure it is Abby what happened to your lip?"

"The floor was wet when I got out of the shower last night I slipped and hit off the door knob"

"Ok what about all the other times you came to school with a split lip or something broken?"

"I'm clumsy that's all"

"I don't believe you; I see why Jenn's done with you"

"Excuse me"

"You heard me she can't take anymore of your lies; now start telling the truth or I'm going to find out who's hurting you one way or another"

" I am telling the truth and what are you threatening me, what are you going to do stalk me to fin that out because I will call the police, you know what stay away from me, I'll still help you with school work for an hour or 2 after school in the library but other then that I don't want you to come near me and tell your father and brother I don't want to meet them now or ever" with that I got up and walked away leaving him pissed off, I needed to see my dad today after school after I'm done helping nick. I can't believe life one minute its heaven the next its hell I don't know how much longer I can take this.

Jenn's pov~

I found it a little weird how Abby wanted to go inside when she saw nick especially after what happened between them but she dragged me into the school before I could say anything.

"Why didn't you stay and talk to Nick?"

"Uh I want to grab the books I need"

I knew she was lying she did great in school but she hates it and she never gets her books early.

"Girl we have 15 minutes before we have to get our books, you scared to talk to him aren't you?"

"Why would I be scared to talk to him?"

"I don't know you tell me"

"It's nothing so leave it"

Ugggggggh she would never let anybody help her and open up to anybody.

"Abby it's not nothing what's going on that your so scared to be with nick, do you have some secret boyfriend your not telling me about"

"Of course not, really it's nothing"

"Abby I can't take this anymore you are always coming to school hurt in some way, but you won't let anybody in, we have been like sisters since we were 5, I have never lied or hidden anything from you, I trust you with my life but you obviously don't trust me, I can't watch you like this anymore, you need help but you won't let anybody, so I'm done you can figure out what you need to do by yourself, be the smart girl I know you are"

I got up to walk away, I felt terrible doing this to her but it has to be done maybe she'll realize what she has to do.

"Jenn wait please"

"No Abby I'm done waiting; I can't watch you like this anymore"

"Jenn please it's not what you think"

"Then what is it stop hiding things from me and let me help you"

He Saved Me

"It's hard to explain"

"Try me"

"I can't"

"See there you go again, call me when the real Abby reenters your body"

I walked down the hall feeling terrible; I don't know how long I'm going to be able to ignore Abby she's my best friend and we never stay in a fight for long hopefully this will work out. But right now I need to find Nick to see what he knows plus I need someone to talk to about all this shit, I found him at Jake's locker which is sadly beside mine but then again a good thing since I like him a lot I'm just not going to give in that easy I'm not going to be another girl he sleeps with then throws away. His longest relationship was probably 5 days.

"Hey hot stuff I knew you couldn't resist me"

"Ewww Jake please don't make me throw up my breakfast"

"Awwwwh come on you know you want me"

"Yeah when hell freezes over"

"Ouch come on Jenn your killing me here"

"Unfourtatley you bounce back fast and I need to talk to you alone"

"Alright"

"Well don't I feel un-wanted"

"You are un-wanted" I gave him my best smile just to tease him.

"Yeah I love you to babe"

I started making gagging noises Jake's smile vanished but only for a second.

"Well I'll see you later Nick"

Me and Nick walked outside and I saw Abby walking to the picnic table under the big tree facing away from the school I could tell she was crying by the way her shoulders were moving up and down that just made me feel a hundred times worse she's not and over emotional girl I haven't seen her cry since her dad died and that was 7 years ago.

"Okay what did you want to talk about?"

"Abby"

"Is she ok?" he looked so worried it was cute

"Yeah well, no"

He Saved Me

"What do you mean no?" awwh he seemed to be getting more nervous by the minute

"I think someone's hurting her, but I don't know who and I'm worried about her, we actually just had a fight and I told her I wasn't going to talk to her until she fixes the mess she's in, I know it sounds terrible but I can't watch her like this anymore"

"I know I'm trying to find out who's hurting her as well"

"Did she tell you how she broke her rib? She told me she fell down the stairs. I don't believe it though, I believe it had something to do with the stairs but I don't think she fell I think she was pushed"

"Wait when did she break her rib?"

"Thursday I guess because she went to the hospital of Friday"

"She told you she fell down the stairs?"

"Yeah"

"She told me she was jumped and she never told me she broke her rib"

"She told you WHAT?"

"Yeah but why is she lying?"

"Ughh because she doesn't open up to anyone anymore she's too scared, so she hides behind lies, that she can't even keep straight anymore will you talk to her? Please"

"I'll try"

"Nick?"

"Yeah"

"Please treat her right and not like those other sluts you dated in the past"

"I will"

"Promise"

"Yeah I promise but what are we going to do about Abby?"

"I don't really know because the longest I can go without talking to her is like a week, so hopefully she'll work this out by then"

"I'll try talking to her and see if she tells me anything"

"Ok"

We both watched her walk into the school with her head down ughh I'm terrible person I want to help and I'm not I'm just making things harder.

He Saved Me

"I think you should give Jake a chance"

"Excuse me"

He really likes you, he told me he's liked you since 3rd grade he was just too scared to do anything about it & I can tell you like him because every time you see him you smile but quickly cover it up"

"Yeah right, he wants me for the same reason he wants any other girl all he thinks about is sex, his ego is so big I'm surprised it fits through the door, and as for liking me since the 3rd grade that's the biggest lie I have ever heard. I'm not going to be another girl he tosses away when he gets bored or there not good enough in bed

"Jenn he only does that because there brainless sluts that throw themselves at him, but your different you just don't give him the time of day"

"So basically what your saying is he only wants what he can't have and that the only reason he wants me"

"Jenn that's not what I'm saying"

"Whatever, I'll see you later nick"

"Fine but will you at least think about giving him a chance"

"Maybe"

"Alright"

Ughh this was too much to deal with right now.

SORRY THAT ITS BASICALLY A REPEAT OF WHAT YOU ALREADY.

Nicks pov~

I found Abby in whatever class we had I overheard what the teacher was saying to Abby about getting a scholarship next year if she kept her grades up well I was right about her going places.

As I walked in Abby looked up and quickly looked away which really pissed me off.

"Well Nick this is a surprise, I never thought I'd see you show up early for a class if you ever show up at all"

""Yeah well I'm getting my life together so I can maybe pass this year"

"That's likely since I hear Abby is helping you"

"Yes Mr. UH?"

Well I don't sound like an idiot I don't even know the teachers name.

"Mr. J well I'll leave you and Abby alone so you can start to catch up"

"So you fell down the stairs"

I asked irritated, I was going to catch her in her lies then I'll get the truth from her.

"What?"

"Well that's what you told Jenn and that's how you broke your rib, why didn't you tell me about that? But what I'm really confused about is did u fall down the stairs or get jumped or are they both lies to cover up the truth?"

"The reason I didn't tell you I broke my rib is because it never came up in conversation secondly I told Jenn I fell down the stairs because I didn't want her to worry and that is not a lie"

"Sure it's not Abby what happened to you lip?"

"The floor was wet after my shower last night I slipped and hit my lip off the door knob"

"Ok what about all the other times you came to school with a split lip or something broken"

She can't have an excuse for everything.

"I'm clumsy that's all"

He Saved Me

Apparently she does.

"I don't believe you; I see why Jenn's done with you"

I saw the hurt flash across her face and instantly regretted saying it but hopefully she'll just give in and tell me who's hurting her.

"Excuse me"

"You heard me, she can't take anymore of your lies, now start telling the truth or I'm going to find out one way or another"

Oh god now I sound like a stalker.

"I am telling the truth and what are you threatening me for, nobody's hurting me, and what are you going to do stalk me to find that out because I will call the police, you know what stay away from me, I'll still help you with your school work for an hour or 2 everyday at the library but other then that I don't want you to come near me and tell your father & brother I don't want to meet them now or ever."

She got up and left the class I didn't bother following her I needed to calm down, I looked down at my hands that were shaking even more then this morning, the need for drugs was increasing I was just about to get up and get what I needed for this feeling to go away but the bell rang and people started coming in. Abby sat down but wouldn't look over here this was gonna be a great class not!

Abby's pov

I left Nick fuming in the classroom, I'm surprised he didn't come after me but I was glad he didn't I just wanted to be alone, I was walking down the hall and saw Jenn looking at me with a small sad smile. I flicked her the finger she looked shocked.

"You just can't keep your mouth shut can you."

I was so pissed off that I went and into the bathroom and locked myself in a stall took out my i-pod and blared Ohio is for lovers by Hawthorne heights loud music always calmed me down. I walked back into class and didn't bother looking at Nick I just focused on what the teacher was saying when the bell rang I rushed out of there got to my locker grabbed my lunch, walked outside and sat under the big tree listening to music and eating this was the first time I ever sat by myself and I guess I should get used to it because it's not gonna be that last.

Jakes Pov~

I saw Jenn standing by her locker instead of going to class like everybody else.

"Jenn are you ok?"

"No" I heard her voice crack.

"What's wrong?"

"I got in a fight with Abby"

"Really I never thought you two would fight"

"Yeah well things aren't going to well right now"

"Do you want to talk about it?"

"No I'll probably start crying"

"You need a hug?"

"Yeah"

I pulled her into my arms she rested her head against my chest and took a deep breath.

"You know Jenn I think this is the longest we've gone without pissing each other off"

She looked up at me and smiled ugggh I wanted to kiss her so bad but she'd probably beat my ass.

"Don't get used to it Jake"

Of course she went back into bitch mode.

"Ok Jenn I've had enough of this what have I ever done to you? Why do you hate me so much?" I snapped

"Uh well you uh-"

I cut her off.

"I what? Say that again please"

He Saved Me

"Your way to full of your self and you screw anything and everything that breathes, Jake I'm not going to be another girl that you sleep with then get rid of, so just stop and please just leave me alone"

"Jenn why can't you see I can't lave you alone, your not like all those other girls and that's why I fell for you, I only hooked up with them to try and forget about you but I just couldn't every time I was kissing them I wanted it to be you every time I slept with them I wanted it to be you"

"I gotta go"

"And there you go again running away from you problems just like Abby"

I walked away leaving her stunned, ugg I can't take this the one girl I want and would do anything for I can't get. I walked into a random classroom ignoring whatever the teacher was saying.

We had this class for two periods so when lunch cam I rushed out to find Nick he was a few classrooms down he walked out towering over everybody else he had that mean look on his face and I could tell he was pissed and need drugs to pick him backup.

"Hey dude, you look like your going to kill someone"

"I probably will if in don't get those god damn drugs"

"Dude don't come on you don't need that shit, plus you already told Billy off don't you want to prove him wrong"

"Ugg the only reason I'm not getting them now is because I'm not going to give him the satisfaction of being right"

"You also promised Abby"

"Whatever"

"What happened?"

"Abby's pissing me off lying all the time, someone's hurting her but she won't tell anyone she's going to end up dead"

"That's bad"

"Yeah"

We were walking past a giggling Jenn I had to do a double take when I saw who she wad talking to, shit Connor No this wasn't suppose to happen.

"So Jenn will you go out with me tonight"

"Of course pick me up at 7"

"Sure thing cutie"

"What" I roared

He Saved Me

Connor was smirking at me; Jenn had a panicked look on her face. I stormed towards him but Jenn stepped between us I was completely pressed up against her and so was Connor.

"Jake stop please"

"Yeah Jakey go get high with the other low lifes"

I moved Jenn out of the way and was going to swing but he took a step back and pulled Jenn in front of him with his arm on around her waist I could see her trying to get away but Connor tightened his grip around her so she stopped.

"Yeah real brave hide behind the girl"

I walked out of the school and went home I couldn't be there another minute.

Nick's Pov~

"Well I'll see ya in science Jenn"

"Alright"

"What the hell was that?" I asked

"What do you mean?"

"I thought you thinking about giving Jake a chance"

"Exactly I was thinking about it I never said I would and he didn't even ask me"

"Did you give him a chance too?"

"Well-"

"Know you didn't, just so you know Connor's just as big a man whore as Jake"

I walked away and went to my next class and saw Abby staring out the window.

"Abby"

"She didn't move, it was like she wasn't even here anymore, so I walked over and tapped on he shoulder she let out a yelp and spun around faster then I thought possible.

"Holy shit, what the hell are you a fricken ghost, you don't make noise or something to let someone know your coming?"

"Well I did say your name"

"Oh"

"So what's wrong?"

"Nothing"

"Yeah right, whatever you were thinking about couldn't have been something good I can tell"

"Don't use my words on me"

He Saved Me

"Sorry, but what were you thinking about?"

She took a deep breath looked away and whispered "I".

"My dad"

"What happened to him?"

"He died"

"Oh Abby I'm so sorry"

"Don't be its not like you could have none, he died 10 years ago"

"Abby I'm also sorry everything I ever did to you and about today I shouldn't have said what I did, I just don't want to see you get hurt and I need them drugs so bad I"

"Nick it's fine and I'm sorry too, and don't worry I'm not going to get hurt"

"Abby I don't want to force you into telling me things and I'll wait until your ready and trust me enough to tell me"

"Nick that's sweet but honestly there's nothing to tell"

I was about to argue that but the bell rang and the teacher came in followed by students unfortunately we have this class for two periods and I won't be able to talk to Abby until the end of class in the library but that's better than nothing.

Abby's pov~

Class was finally over; I decided I was going to visit my dad instead of helping Nick.

"Nick I can't help you today I have to go straight home my mom wants to talk about something"

"Alright, do you want a drive home?"

"No thanks anyway"

"Alright well I'll see you tomorrow"

Nick leaned in and kissed my forehead before walking off. When I got to my dad's grave I just sat there talking about happy things so I wouldn't cry, I checked my phone and realized I've been here for an hour and I should be heading home now.

"Bye daddy I love you"

I got home and found my mom and Kert waiting for me.

"Baby girl your finally home"

"Uh yeah so what did you have to tell me?"

"Me and Kert got a promotion so we'll be making more money and we'll be leaving and coming home at the same time, I'll get to spend more time with you and we'll be home earlier"

Oh my god yes I'm finally catching a break he's not going to be able to hurt me with my mom around.

"Oh my god that's great I'm so happy for both of you congrats"

"We can finally get you a car sweetheart"

"Yess"

"Come here"

She pulled me in for a hug then Kert hugged me and whispered.

"I guess my funs over, for now""

I shivered a bit and pulled away.

He Saved Me

"Well I'm going to my room to do homework"

"Alright"

I ran to my room and decided I'd call Nick.

Ring**Ring**ring**

Nick* hello

Abby* I've got great news

Nick*Really what?

Abby*My mom & stepdad got a promotion so there each going to be making more money and there going to be getting home earlier so I get to spend more time with my mom and I finally get a car.

Nick*That's great"

Abby*I knowâ ;

Nick*Abby will you go out to the movies with me tonight I promise no scary movie', you can even pick the movie.

I decided I was going to give him a chance, whats life without a little risk.

Abby*Yeah ok I already know what I want to see.

Nick*Ok what movie

Abby*Time travelers wife

I heard him groan and that made me laugh a bit.

Nick*Abby are you trying to torture me?

Abby*Know, please Nick it looks like a good movie.

Nick*Fine I'll pick you up at 7"

Abby*Ok see ya.

Oh my god its 6:30 already wow time fly's I got in the shower scrunched my hair re-did my makeup picked out a band t-shirt, a sweater, a pair of ripped skinnies and of course my green converse.

It was exactly 7 when he knocked at the door I ran downstairs and told mom where I was going, I opened the door and there was Nick wow he looked so hot with a pair of dark jeans on with a light blue button down shirt with a white muscle shirt underneath, his hair was still wet from the shower and I could smell his cologne which was amazing.

"Wow Abby you look gorgeous"

He Saved Me

"Whatever, you look pretty good yourself"

He grabbed both my hands bent down and kissed me quick.

"I'm serious"

"Thanks"

"No problem"

He walked me to the car and opened my door for me.

"Oh wow who knew Nick could be a gentlemen" I teased he stuck his tongue out at me and I laughed.

"Real mature Nick"

"I know"

Jenn's Pov~

When I got home I started looking for something to wear, I wish Abby was here to help me like a best friend should be but I screwed that up. Finally I decided on a jean mini skirt, a bright green long sleeved v-neck shirt with my black converse and black jacket because it was getting cold. I got in the shower, curled my hair and did my makeup. It was exactly 7 when I finished and I heard the door bell ring I walked down the stairs I opened the door and there was Connor grinning at me.

"Wow babe you look sexy"

I felt a little disgusted I didn't like being called babe or baby unless it was my boyfriend the same with hot or sexy.

"Uh thanks Connor"

"Ok well let's go"

"Where are we going?"

"That's a surprise babe"

"Alright"

We got to this cute little restaurant and barely talked and when we did it was about him or something he did and he kept flirting with the waitress right in front of me. She finally left us alone after handing him a folded napkin probably with her name and number slut.

"Did you see Jake's face when I asked you out, it was one of the funniest things I ever seen"

"How was that funny?"

"Because he looked so hurt like he actually cared about you, yeah right pathetic loser"

"So what are you saying, you just asked me out for a joke and that know on can care about me and Jake is not a loser"

"Come on Jenn that's not what I mean and of course he's a loser he thought he could actually beat me"

"I know I want this date to be over and I know for sure he could beat you and you know it to that's why you pulled me in front of you because you knew he wouldn't hurt a girl, now pay the bill and take me home"

He Saved Me

I walked out and waited by his car he came out a few minutes later with a pissed off look on his face, I just got in the car we started driving but in the wrong direction.

"Connor my house is the other way"

"I know I'm taking you somewhere to make up for what I said" he smiled cockily at me.

"Honestly Connor just take me home"

"No"

"God damn it Connor just take me home"

"I just said no" he snapped.

I was starting to get a bit scared, I was too afraid to speak he had this weird look in his eye's, after about an hour he stopped at this old dirt road that no body uses.

"Ok Connor what the hell are you doing here"

He just smiled and all of a sudden my seat was going back in a laying position and he was on top of me kissing me I pulled away.

"Connor stop what the hell are you doing"

"Getting what I want"

He pushed his body against mine with all his weight on top of me, holy shit he was heavy he forced his tongue into my mouth then one hand slipped up my shirt to touch my boob and the other up my skirt and started pulling down my underwear I pushed him off of me so hard he hit the dash.

"What the fuck"

"What the hell you perv take me home"

"I'm not taking you home till I get what I want so it' either this or you walk all the way home"

"Your disgusting if you think I'm going to screw you for a drive, id rather walk"

"Good get out"

He pushed me out the door and drove off.

I started walking home thinking that this couldn't get any worse then it started raining correction it started to pour the rain was coming down so hard and fast I could barely see a thing the wind picked up and was blowing my hair everywhere and making it so much colder then it already was. I wish I brought my cell phone so I could call a taxi. I heard a car coming and thought yes I could get a ride until I realized that it was very unlikely for it to be someone I knew and there's no way I'm getting in a car with strangers the car pulled up beside me.

"Do you need a ride?"

He Saved Me

"Jake"

"Oh my god Jenn what the hell are you doing out here, get in"

"Thank you so much" I said while shivering Jake noticed and turned up the heat.

"No problem so what the hell are you doing out here"

Just as he said that lightning lit up the sky and thunder boomed, I yelled I hated storms ever since I was a kid Jake looked at me like I was crazy.

"Sorry I just don't like storms and I'm way out here because of Connor"

I didn't want to tell him everything because he would probably laugh at me and be a ass about it.

"Well where's Connor? Why were you walking home? What did he do to you?" he sounded so concerned.

"Well Connor left me out here to walk home. It started because we got into a fight about you and the way he said it was funny when he asked me out because you looked hurt and like you actually cared about me so I got mad and told him to pay the bill and take me home but he took me out here to some dirt road and got on top of me and started kissing me before I could react I told him to stop but he wouldn't then he squeezed my boob and slid his hand up my skirt to try and take of my underwear but I stopped him and yelled at him and told him to take me home but he said he wouldn't until he got what he wanted and said it was either screw him or walk home so I told him I'd walk and he pushed me out of his car.

I looked at Jake who was gripping the steering wheel so tight his knuckles turned white and I thought he was going to break it.

"I'm going to kick his ass the next time I see him"

"Jake is there a cheap hotel around here I don't feel safe driving home when you can barely see a thing"

"Yeah there's one not to far back"

We got there quickly and Jake paid for the room much to my protest as we were walking to our room the guy at the desk yelled to us we turned around and he threw a condom at me.

"Use protection"

Jake dragged me away before I could yell at the guy. When we walked into the room I noticed there was only one bed and a couch.

"If you want I'll sleep on the couch"

"Jake there is no way in hell I'm going to let you sleep on the couch"

"And there's no way I'm letting you sleep on the couch"

"Fine we can share the bed"

"Honestly Jenn I don't mind sleeping on the couch"

He Saved Me

"Jake honestly we'll share the bed"

"Alright you need to go shower before you freeze to death and here's something dry for you to wear"

He took off his shirt and handed it to me oh my god he has a gorgeous body and 6 pack abs.

"Don't drool now Jenn"

And of course he had to ruin the moment.

"HA ha very funny" I said while walking away. I took a nice hot shower to warm me up and just as I was about to get up the power went out I screamed then I heard a thump.

"Jenn are you ok?"

"Yeah I'm fine the sudden darkness scared me"

"Alright good to know"

I got out and felt around for my bra and underwear then Jake's t-shirt that smelled delicious like him and could tell that it just covered my ass. I opened the door and started walking to where I hoped the bed was I tripped over something that sent me flying on top of Jake.

"Oooff"

I rolled to the other side of the bed quickly.

"Shit Jake I'm so sorry are you ok?"

"Jenn I'm fine you didn't hurt me"

"Are you sure"

"Yes I'm sure"

I turned to face him and yelped as the thunder clapped really loud.

"Jenn calm down everything's ok, I'm here"

He wrapped his arms around me and pulled me into his chest.

"Jenn?"

"Hmm?"

"Can I kiss you?"

"Yes" I whispered and at that moment I decided to give him a chance, he tilted my chin up and pressed his lips against mine it was the sweetest kiss I ever had I saw fire works behind my eyes and felt electricity threw my body he pulled away and kissed my head.

"Get some sleep"

Nicks pov~

"See it wasn't that bad"

"Fine it wasn't as terrible as I thought it would be"

"The next chick flick I'm making you watch is the notebook"

"No, no you can't notebook me, please Abby don't do this to me."

"Oh grow up its not like it's not going to give you nightmares"

"That's what you think"

Me and Abby were walking across the parking lot playfully arguing then it just started to pour I pulled my jacket off quickly and put it over our heads.

"Woah Nick be careful driving you can hardly see a thing"

"Yeah I know since my house is the closets I think we should sleep there"

"Yeah I'll call my mom"

"Alright"

We drove home in silence but it wasn't the awkward kind it was comfortable and soothing just knowing she was there.

"Ok well I guess you get to meet my dad and brother early" I said while pulling into the garage.

"What if they don't like" me she asked getting out of the car and walking around to me.

"They'll love you trust me" I said taking her hand in mine.

"Fine"

"Dad, Jason I'm home is it okay if Abby stay's the night because of the storm.

They both came in with smiles on there faces.

"Yeah of course it is. Abby it's nice to finally meet the girl Nick never stops talking about"

He Saved Me

"Well before you guys embarrass me anymore were going to my room"

"Abby has to sleep in the guest room"

"Ok"

"Woah your room is huge"

"I guess"

"Dude you room is like two of mine maybe more"

I pulled her against me and gently kissed her she cupped my face in her hands, I picked her up and carried her to the bed and laid her down carefully then my shirt came off. She was tracing my abs with her finger making me shiver I started pulling up her shirt till she stopped me.

"Nick stop I'm sorry but I can't do this I'm not ready and I'm sorry I shouldn't-"

I cut her off with a kiss.

"Abby its ok I'm sorry I got carried away."

I caught a glimpse of a bruise as she quickly pulled down her shirt.

"Abby what happened to you stomach"

"Nothing"

I grabbed her wrists in one hand and started to lift her shirt up to find a huge black bruise.

"Abby" I whispered.

"Nick its -"

"Abby do you have a death wish or something, it's like your not going to be happy till whoever is doing this beats the shit out of you bad enough to kill you"

I got up and walked towards the bathroom so I could so I could take shower to calm me down.

"Nick it's not like that"

"Then what is it, stop hiding things and open up for once"

"Nick I can't its complicated"

"Whatever"

Abby's pov~

He just walked away and left me sitting here ugggh I'm losing everybody I care about, well at least that's better then them getting killed because of me. I got up and walked out of nicks room and bumped into Jason.

"Uh can you sure me where the guest bedroom is? Nicks in the shower"

"Yeah of course, Abby are you ok?"

"Yeah I'm fine why?"

"Iunno you just seem upset"

"Nope I'm fine"

"Ok well here it is"

"Thanks"

I shut the door turned off the light and crawled into bed facing the wall and holding on to a pillow tightly. I was forcing myself not to cry. I was almost asleep when the door opened I didn't bother turning to see who it was I felt nicks arms wrap around me and pull me against him.

"I'm sorry" he whispered

"Whatever" I mumbled wanting to go to sleep.

"Come on I'll get you more comfortable clothes"

"Fine"

He took my hand and took me to his room and got me p.j pants and a baggy top. I went and got back changed in the bathroom, I walked back out and turned off the lights and crawled into bed with nick I snuggled into him.

"And I thought I was going to have the bed to myself tonight"

"Well I can go back to the guest room if you want"

His arms tightened around me.

"No I like you right here in my arms were I know your safe"

He Saved Me

"You know your not always going to be able to keep me safe"

His arms tightened more around me.

"I can try, Abby as long as Im around I'm going to try my hardest to keep you safe"

"I know but let's just sleep"

"felt him kiss my head and that was it I was asleep.

Jakes pov~

I woke up in a strange room with someone in my arms, and then last night came flooding back. I felt Jenn stir.

"Good morning"

"Morning"

She smiled up at me and looked so cute. I kissed her gently till she started kissing me harder I so she was under me, and the kiss kept getting more intense till we broke off for air. I rested my forehead against hers.

"Will you go out with me tonight?"

"Of course"

"We should probably get out of here"

"Yeah"

She got up and walked to the bathroom damn my shirt was the sexiest thing I've seen her wear.

"Damn you look good in my shirt"

"HaHa your not Keith Urban"

"Huh?"

"That's a song you look good in my shirt by Keith Urban"

Abby's pov~

I woke up with my head in Nick's chest and his arms wrapped around me, it was then I realized that I never felt more safe and loved then I did in Nicks arms, when ever I was with him I got butterflies in my stomach, & I can't help but smile and now lying in his arms listening to his steady heart beat I realized that he was the only I wanted to be with the only one I wanted to hold me like this forever.

I tried to get up without waking him up but his arms tightened around me, I looked up at him he was still sleeping looking like a little kid instead of a 17 year old, I kissed his chest and laid my head back down while tracing his abs after a few minutes he sat up and grabbed my wrist so fast you would think the devil was after him, he was sweating and looked terrified he was looking around the room like he was waiting for something to pop out.

"Nick"

He looked at me then buried his head in my chest; I started running my hand threw his hair.

"Your heart's beating really fast" he mumbled.

"That's because you scared the crap out of me"

"I'm sorry"

"Its ok but what were you dreaming about"

"Nothing"

"Nick don't lie to me"

"Losing you" he mumbled.

"What?"

"I had a bad dream about you being killed"

"Nick you've got to stop worrying about me so much"

"I can't your all I think about"

"Awwh your turning to mush"

"Most girls like that"

He Saved Me

"Hey now I didn't say I didn't like it, and I'm not like most girls"

"I know"

"Nick why are you shaking"

"Because I need the drugs Abby I'm going into with drawl"

He got off me and went over to the dresser and pulled out a little baggy with different color pills"

"Nick don't you promised"

"I know but I can't take it anymore I need to get high"

"Nick give me them"

"No"

"Nick give me them now"

"Abby, I can't please just let me do this"

"Fine"

"Really?"

"Really, but I not helping you with anything, and I don't go out with people who do drugs" I said while grabbing my clothes.

"So your asking me to choose between you or the drugs"

"Well it seems like you already made up your mind, so I'm gonna go"

"Abby please don't I need-"

"No nick you don't need those drugs, you can try not to take them but now your just giving up"

"Abby I can't take this feeling"

"Nick give me the pills and any other drug you have"

"No"

"Nick please"

He didn't move, he didn't say anything just stared at the bag of pills in his hand so I tackled him he hit the ground hard I grabbed the pills and ran to his bathroom and dumped them in toilet and flushed it. Then I ran downstairs and grabbed his keys so he wouldn't leave to get more.

"Abby I'm sorry"

He Saved Me

"Its fine Nick, this is going to be hard but I'm going to help you"

I leaned up and kissed him.

"Do you have anymore drugs in here Nick?"

"No"

"So you wouldn't mind if I looked around then"

shook his head and I started looking everywhere.

Jenn's pov~

"Jake can we skip today?"

"I thought that was what we were doing"

"Ok then, can we go get something to eat I'm starving"

"Alright, then I'm taking you home to get some stuff then I have the perfect place"

"Ok"

We went to a cute little restaurant.

"So where are we going"

"Well if I told you then it wouldn't be a surprise"

"After last night I'm not so sure I like surprises"

"Jenn I'm not like Connor, I would never do anything to hurt you"

"Yeah I know, its just iunno"

"Its what?"

"What if something happens to me or you, because of him I don't want you to get hurt. I know Connor he's not going to give up easily"

"Jenn nothing is going to happen to me & I'm not going to let him or anybody else hurt you"

"I know"

"So what made you finally give me a chance?"

He smiled his amazing award winning smile, not the cocky one or forced but the one I knew was real like a kid getting a toy or when they first learn to ride a bike.

"I didn't want to regret not giving you a chance, I realized that life is about taking chances & if I kept pushing you away I would miss mine, I've liked you since 3rd grade even though you put a worm in my apple juice."

He Saved Me

He started laughing; I knew I shouldn't have told him, you tell a guy your real feelings and they laugh in your face.

"Yeah Jake laugh it up, I'm glad you think its funny, I just told you how I felt and you laugh in my face I would leave but you're my drive home"

"Jenn that's not what I'm laughing at, I was laughing because I remember that day like it was yesterday, I had a crush on you since then and still do even more now, I did it to get you attention, it defiantly got your attention just not in a good way"

"Awhh your corny too"

"Look who's being mean now"

"Hey I'm just saying it as it is"

"Whatever"

"So if you liked me for so long why didn't you ever ask me out, why wait this long."

"Well you have to promise you won't laugh"

"I can't promise that"

"Jenn" he whined like a 2 year old.

"Fine"

"I finally got the courage to ask you to a dance you out, I was going to ask you to a dance in 8th grade but Connor stepped in front of me and asked you first so I figured you didn't like me & I started man whoring which was a really bad idea because it made you hate me and not trust me"

"So you started man whoring because of me?"

"Because I was trying to forget about you but I couldn't because I was always wishing they were you"

"Awhh you just got much cornier"

"Shut up"

Nicks pov~

My room was a mess when Abby finished, but she found what she was looking for.

"Thanks for lying to me nick"

"Abby a lot of that I forgot I had & I'm sorry"

"I think we should talk to your dad and brother about getting you help & plus winter break is about a month away, and I can help you more then"

"I don't want any body else's help, I only want yours"

"Nick I know that I said that I would help you but I can't, I don't know what to do you need professional help, I just can't do it"

"So much for you keeping your promise"

"Nick that's not fair I want to help, I'm going to help as much as I can but I still have school to focus on, so mostly I'll be able to help on weekend, but you got to have the will power to get better"

"So school is more important then I am" I snapped.

"Well I'm sorry nick that I want a good paying job & good life for my kids"

She grabbed her clothes and went to change, ughhh I didn't mean it like that I just ughh.

"Abby I didn't mean it like that, I want help I do, but I'm scared to get anybody else's help, Abby I don't want to go to rehab by myself , please Abby talk to me"

She came out of the bathroom looking pissed off.

"Nick you need help and I'm going to help you as much as I can, but your going to need professional help"

"Ok fine lets talk to my dad and brother"

John's pov~

"Dad" I heard nick shout.

"In the kitchen"

He Saved Me

Nick & Abby came in looking a little scared.

"We need to talk to you and Jason"

I looked at Jason and could tell he was thinking the same thing I was.

"Nick please tell me Abby's not pregnant"

They both looked shocked.

"Woah, sir, I am defiantly not pregnant and I don't plan on getting pregnant for along time."

I let out a huge sigh of relief thank god.

"Thank god, Abby you can call me John not sir"

"Alright"

"So what did you want to talk about?"

Nick looked at Abby for what looked like reassurance, she nodded at him.

"Dad I need professional help because of the drugs I've been taking"

I knew he'd been taking drugs, & I knew it was my fault, I should have helped him before it got this far.

"So you want to go to rehab"

"No I was wondering if someone could come here and help me, and I could take my courses online & Abby could help with that."

"I don't know if someone will do that, but I'll see what I can do, if I can't get someone to come here your going to have to go to rehab."

"I know"

"Well I'll go make some calls"

Laura* Hello

John* Hey baby do you think you could get the soonest flight here?

Laura* I should be able to why?

John* we need you here, there's something I didn't tell you, Nick got into drugs while you been gone, but he met a nice girl who's changing him and he wants to get clean, I'm trying to find someone who will come here and help him instead of him going to rehab

I came back down stairs.

"Thank's dad I'm sorry"

"Nick you have nothing to be sorry for, I'm the one that's sorry"

Jake's Pov~

Me and Jenn were driving to my private place, I never took anyone else, we were driving and talking about random things for about 2 hours then we finally came to the old dirt road that led to my grandparents house, they left it to me after they died.

"Ok Jake seriously where are you taking me?"

"Don't worry Jenn, I think your going to like it if you can just wait"

"Fine"

We got to the house and Jenn's jaw dropped, wow I thought she like it but not that much and she didn't even see the inside. I'm not going to lie it was a big beautiful house it was white with blue shutters and a balcony.

"Wow Jake this is amazinging the yard is huge and the house is unbelievable, who lives here a millionaire?"

"No this is my house; my grandparents left it to me after they died"

"Oh I'm sorry"

"Its ok come on lets get inside so I can get a fire going and make some hot chocolate"

"Jake this house is right on the lake, is that why you wanted me to bring my bathing suit because your crazy if you think I'm going to go swimming in that"

"Know that's not why, but I'll show you why if we can hurry up and get inside."

I took out my keys then grabbed her hand and led her to the door then picked her up bridal style and carried her in.

"You know that's usually what married people do"

"I know but I wanted to be romantic"

"Well you succeed" she said.

Then kissed me, god I never thought kissing someone would be this good but with Jenn it was better then having sex with all the girls I slept with. She pulled away and I put her down, she looked around with wide

eyes.

"Jake this place is gorgeous"

"Yeah I know compliments of me grandmother she picked everything out and my grandfather built it."

"Wow your so lucky you already have a house to live in"

"Yeah" I said while starting the fire and putting lots of wood on it.

"You can change into you bathing suit while I make hot chocolate"

"Alright but were do I get changed?"

"Down the hall first door on the left"

"Alright"

I made the hot chocolate with whip cream and chocolate sprinkles. Jenn walked into the kitchen with just her bathing suit on o couldn't help but stare. My breathing started to speed up.

"Jake what are you staring at"

"Your gorgeous"

"Pfft whatever"

I pulled her against me and kissed her long and slow.

"I mean it Jenn"

She blushed bright red and I was kinda surprised because I never did that toa girl they usually just giggled annoyingly.

"Here's the hot chocolate, I'm going to change I'll be back in a minute"

"Ok"

I came out of the bathroom a few minutes later, I took Jenn's hand and led her upstairs to the master bedroom, into the bathroom where there was a hot tub.

"EEEk you have a hot tub"

"Yeah"

"This is sick," thank you

Abby's pov~

Me and Nick cleaned up his room that I destroyed, then cuddled up on the bed watching movies. I couldn't help but think about my future all I could see was Nick & I watching our kids play and me pregnant with Nicks arms wrapped around me, I was starting to fall for Nick.

"What are you thinking about?"

"Nothing"

"Liar"

"The future"

"What do you see?"

"I see a lot of things"

I looked up at Nick and saw the curiosity in his eyes, so I kissed him before he could ask anymore questions, I couldn't tell him not yet I didn't want to freak him out. The kiss kept getting more intense until my phone rang"

Me*Hello

Susan* Hello baby girl, when are you coming home?

Me*Do I have to be home now, is something wrong?

Susan* know I was just wondering if you had your keys because your father is taking me out and I don't know what time we'll be back.

Me*He's not my father and yes I have my keys.

Susan* Abby look you've got to give Kert a chance-

Me*No mom he is not my father, he never will be, no one can replace him.

I hung up the phone and turned away from nick, I was pissed how could she say something like that to me, its like my father never existed like she forgot all about him the man she used to love, well I didn't forget, that horrible disgusting man would never be my father not even close. I felt Nicks arms wrap around me and pull me against him.

He Saved Me

"Abby"

"How could she Nick, how dare she call him my father, its like she forgot all about my dad, how could she I never seen two people more in love in my entire life, its like she wants me to replace my dad with Kert Nick I can't do that"

"I know baby, I know its wrong but you have to calm down, your getting to worked up"

I nodded and buried my head in his chest and concentrated on slowing down my breathing while Nick rocked me back and forth like a child and it worked because it was my dad use to do when I got upset.

"You ok now baby?"

"Yeah I'm fine, do you want to go out to eat, get some junk food and movies and come back here and watch them?"

"Yeah sounds good"

"Ok I'm driving"

"No Abby I never let anyone drive my car"

Correction you already let me drive your car"

"What when did I let you do that"

"At Jake's party when you, Nicole and Jenn were drunk off your asses."

"It was you"

"Yeah so your letting me drive your car"

"Abby"

I looked up at him with the most sweetest innocent face I could.

Pwease"

"Argh that's not fair, how does that not work on you"

"Iunno I'm cool like that"

"Keep telling yourself that"

"Your mean"

We went to the best pizza place in town then went to get the junk food then the movie store. I saw Nick tense up when we pulled into the parking lot and he saw he is old friends smoking joints.

"You gonna be ok?"

He Saved Me

"Yeah"

We both got out of the car and he grabbed my hand and pulled me closer, ok noting bad is going to happen, nothing bad is going to happen, nothing bad is going to happen.

"Omg Nick you let her drive you car, you never let me drive the car" Nicole sneered.

"So, I just told you anything to get you into bed, I didn't have to let you drive me car.

I swear I saw tears well up in her eyes.

"Come on Nick lets go"

"Come on Nick lets go" the boys mocked.

I felt Nick getting mad so I pulled him into the store with me.

"Are you ok?"

"Yeah I'm fine"

"Don't let them get to you baby"

I grabbed the notebook, she's the man. Game plan, fighting, fast & furious and the terminator. We paid for the movies then started to walk to the car when this big orange haired guy grabbed Nick and pulled him back.

"You need that fix yet"

"No" Nick said threw gritted teeth.

"Look your going to need them sometime and what's the deal with miss perfect like honestly are you banging her now. Hey sweet heart when you get bored of him come to me and I'll show you a good time"

Nick was so mad you could almost see smoke coming from his ears I grabbed his hand and started dragging Nick to the car.

"Awwh wait a minute sweetie, aren't you suppose to be smart?, what the hell are you doing with him? He's just going to use you till he gets you in bed, so what I'm, still trying to figure out is why you with him, oh never mind I forgot you never had a boyfriend so your just with Nick to see what its like, you are pretty sexy though"

He pulled me tightly against him and started to lean in to kiss me, I tried to squirm away when all of a sudden he was ripped off and nick was beating the crap out of him.

"You ever touch her again, I'll break your neck"

Nick grabbed my hand and led me to the car.

Nick's pov~

I was pissed, I can't believe the things Billy said, he took it way to far when he grabbed Abby.

"Abby are you ok he didn't hurt you did he?"

"A little but I'm fine"

"Ok what else is wrong you look upset?"

"Nick your not just using me like Nicole are you?"

"I was shocked she would even ask that and then I remembered what I said to Nicole.

"Abby I swear I'm not using you I would never do that to you"

"I believe you"

We got home and cuddle up and watched all the movies.

"Nick can you drive me home its getting late."

"Yeah"

The drive was silent and Abby feel asleep.

"Abby baby wake up were at your house"

"Uggh"

"I'll see you tomorrow baby"

Jenn's pov~

Were in the hot tub for awhile then got out and got changed and were watching a walk to remember.

"Jake"

"Hmm?"

"Are you hungry?"

"A bit"

"Do you want to order Chinese food?"

"Sure"

He ordered the Chinese food and I started bawling like a baby when the movie ended.

"Jenn what's wrong are you ok?"

"She died" I managed to get out.

Jake pulled me into his arms and held me tightly while stroking my hair.

"Its okay sweet heart it's only a movie"

After a few minutes of crying I got myself under control.

"All better?"

"Yup, well that was embarrassing I probably look hideous"

"You never look hideous"

He started kissing me and the kiss kept getting rougher and rougher and turned into a hot make out session, when we pulled our lips away they were still on some part of our body, soon his shirt came over followed by mine while he went to un-hook my bra, my hands slipped down to his belt buckle I pulled my lips away from his and flipped us over so I was on top I kissed all the way down his chest, then licked back up and blew cool air were I licked . He moaned I was too caught up in the moment to stop then the door bell rang.

I rolled of Jake so he could go pay for the food, and then it hit me what we were just about to do, how come I didn't stop him. He is probably just using me if he was moving that fast, I put my shirt back on and looked out

He Saved Me

the window I knew it was too good to be true I could have just gave him everything I had and he'd throw me away and move on to the next I can't believe I was so stupid.

"Jenn?"

I jumped I was too wrapped up in my thoughts to notice him come in. I glared at him then looked away.

"Jenn did I do something wrong"

"Yeah you did I can't believe I was so stupid I almost gave you everything I have and after that I would be just another notch in your head board.

"Jenn I thought you wanted to, why didn't you tell me to stop, I swear to you I would never use you, Jenn I'm so sorry please forgive me, give me another chance I love you.

My heart stopped, he loved, could he really is that possible.

"You love me? How many other girls have you told that too?"

"Ok well don't get mad, I only told my mom and you"

I looked into his eyes and saw nothing but truth.

"I love you too, but can we take things slow?"

"As slow as you want, but I guess it's too soon to say I love you"

I shook my head.

"Is it to soon to ask you to be my girlfriend"

"Nope"

"Will you be my girlfriend?"

"Yes"

I kiss him quickly then grabbed some food.

Abby's pov~

"Where have you be home, I expected you to be home before us"

"I was at Nick's watching movies

"I don't want you spending all your time with that boy; god knows what you two were doing tonight"

"Ok look you were barley in my life for the past few years so its not up to you decided who I spend MY time with, and what the hell do you think we were doing his father and brother were there"

My own mother just basically called me a whore, I started walking upstairs.

"Abby get back down here that is know way to speak to me"

"Well maybe if you were around more I would know how to talk to you"

I walked quickly up the stairs, changed into my PJ's and cried myself to sleep.

Dream:

"I can't believe I'm getting married today"

"You look gorgeous baby girl" my dad said.

The music started to play.

"I guess I've got to give my baby girl away now"

Me and my dad were walking down the aisle, my mom was in the front row crying, Jenn was my maid of honor, I saw Nick's smile get bigger as he saw my walking towards him, Jake was his best man everything was perfect. We got to where Nick was waiting; my dad lifted my veil and kissed my cheek.

"I love you Abby"

"I love you to daddy"

He turned to Nick and shook his hand.

"Take care of my baby girl"

"I will sir"

He Saved Me

Nick took my hands.

"You look amazing"

The priest said everything he had too.

"You may now kiss the bride."

Right before our lips touched I was woken up by being thrown to the floor, I looked up at Kert he was glaring down at me with a crazy smile on his face.

"You little bitch, do you know how much you mother cried tonight over you"

He said while pulling me up by the hair and pushed me against the wall.

"I'm sorry I didn't mean to make her cry"

"You little bitch you have to get over the fact that your father is dead, I'm here now, & stop being such a slut"

I was about to punch him but he grabbed me by the throat I struggled to get away but that only made his grip tighter I started to see black spots he slammed me against the wall then let go I slid down the wall gasping for air.

I got up turned off the lights and collapsed on my bed and cried myself to sleep for the second time tonight. All too soon my alarm was buzzing, I showered got dressed then checked out my neck, his finger prints were bruised into my neck they were too dark to cover with makeup so I put on a scarf and walked downstairs, my mom was cooking breakfast.

"Sweetie look I-"

"Mom save it"

I walked out quickly, if she had listened to me the first time I told her, I wouldn't be like this, mothers are suppose to trust and believe there daughters but mine trusts a monster.

Nicks pov~

I got to school and found Jenn by her locker.

"Did Abby talk to you yet?"

"No was she suppose to?"

"No I just figured she would tell you about yesterday"

"Why what happened yesterday"

"Nothing, well we kinda ran into the guy I used to get drugs fromâ Does she get along with her stepdad"

"I think so we don't really hangout there much we usually hangout at my house or wherever"

"What are you thinking?"

"What if he's the one hurting her, when she called me and told me her mom got a promotion and her mom and stepdad would be home earlier she was so happy and when we went out that night she was just more free"

"Nick the only reason she didn't like being at home is because her mom was never there. And Kert seems like a pretty decent guy"

"Idunno"

"I'll talk to her hopefully she will talk to me"

"Maybe"

"Well I'm going to find Abby see you later"

I found Abby going threw her locker I wrapped my arms around her waist and pulled her against me.

"Hey baby"

She turned around and buried her head in my chest.

"Are you ok?"

She nodded.

He Saved Me

"Abby what's wrong?"

"Nothing I just got in a fight with my mom last night & today"

"About what?"

"Nothing"

"Abby if it was nothing then you wouldn't be upset"

"It was some what about you , but mostly I got mad & said that she couldn't tell me what to do because she was never around and this morning she tried talking to me but I told her to save it and walked out"

"Argggh I'm sorry I didn't mean to get you and your mom fighting"

"Nick its not your fault, my mom was mad because what I said on the phone and she dragged you into it"

"Abby I-"

"Nick honestly just drop it ok, everything's going to be fine it was just a stupid fight"

"Alright, I think you should find Jenn and talk to her"

"Are you serious? After what she said you want me to go find her"

"Abby she was doing what she thought was right"

"Oh yes, because ditching your best friend is always the right thing to do"

"Babe you and Jenn have to work this out"

"Whatever she wants to talk to me she can come find me no guarantee I'll listen though"

"You know your a stubborn pain in the ass?" I teased.

"I'll see you in class I've got to go talk to Jake"

"Alright"

I gave her quick kiss before going to find Jake"

"What do you want"

"Look I'm sorry, I thought it would make you tell me what was going on it was stupid"

"You bet it was, oh and you don't have to know everything that's going on in my life & should have believed me when I said nothing was going on, so I think you're the one with trust issues bud"

"Abby please I'm sorry I know I should have believed you I'm just worried about you please can we just get over this.

"Fine"

"Eek, I love you abb's"

"I love you to Jenny- bear"

"I missed you"

"I missed you too"

"So how was your date with Connor?"

"How did you know about that?"

"Nick told me, so how was it?"

Just then the bell rang.

"I want the all details after class"

"Ok I want all the details about you and Nick"

I started walking to history when someone stepped in front of me.

"Look babe I was a little bit hasty the other night and I'm sorry its just that I really like you and you defending Jake just upset me"

By now the halls wee deserted.

He Saved Me

"Look Connor don't talk to me and stay away from me"

I said while trying to walk around him, he grabbed my waist and pinned me against the lockers.

"Come on babe don't be like that"

"Get your hands off me; I'm going out with Jake"

"What? You little whore, you know that loser is never going to be able to treat you the way I can"

He tried to get his hands under my shirt while trying to kiss me, I pushed him away.

"You little bitch your going to regret that"

I started running but he caught up to me quickly and tackled me then covered my mouth before I could scream, I started struggling to get away but he was to strong.

"Now listen here Jenn, I get what I want so were going to my car and your not going to make a scene"

"Get the fuck of my girl"

Connor was ripped off me before I could blink. Jake started beating the crap out of him.

"Don't ever touch her again"

Jake helped me off the floor and hugged me while Connor ran away.

"Baby are you ok?"

"Yeah"

"I'm sorry I should have been there to walk you to class"

"Jake its not your fault and come on we got to get to class were so late"

Abby's pov~

I was sitting in class trying to concentrate but it wasn't working to well. All I could think about was my dad and mom. My life was great and now it's like someone has taken it into there hands and shaken it and turned it upside down. The only good things left in my life are Nick and Jenn, I don't know what I'd do if I ever lost them. I want my mom back and my life to go back to normal and not have to worry about when my next beatings coming or if he's just going to kill me, my phone vibrated bringing me back from my thoughts.

You ok - Nick

Yeah I'm fine - Abby

You sure- Nick

Yeah, hey when's your mom getting here- Abby

Not sureâNick

You wanna talk about it walking to next class - Abby

I guess- Nick

Class ended, I gathered up my stuff and me and Nick were walking to our lockers.

"Ok soo you going to tell me what's bothering you about your mom coming home?"

"She left and didn't bother keeping in touch, and now she's coming back and she's going to act like nothing happened and uggg its going to be so weird"

"Nick you know how me and you went to the park and you told me that you wanted things to go back to normal"

"Yeah"

"Well you'll have to forgive your mom, not right away just take things slow talk to her, it will help"

"How come you know everything?"

"HmMMM I'm brilliant like that"

"You wish"

He Saved Me

"Hey I'm not giving you advice anymore mister"

"Jeez am I five?"

"Abby do you want to go out tonight with Jake & Jenn we were thinking dinner and a movie"

"Yeah sounds great"

"Will you come over after school and help me study for biology? You can bring your clothes to my house and get ready there"

"Sure baby"

We drove to her house and I noticed there two cars in the drive way.

"You want to come in?"

"I don't think that's a good idea since you mom doesn't like me very much"

"Nick she has to meet you before she decides if she likes you or not"

"Come on"

"Fine"

"We walked into the house and found her mom and stepdad on the couch.

"Abby we need to talk"

"Yeah when I get home, and I have someone I want you to meet"

I grabbed her hand for reassurance.

"Mom this is Nick, Nick this is my mom and my stepdad Kert"

They were both glaring at me, oh crap I'm screwed.

"So this is the boy you've been spending all your time with" her mom said still glaring at me.

"Its nice to meet you ma'm you to sir"

Her mom cracked a smile but her stepdad was still glaring at me like he wanted to put me threw a wall.

"Oou Abby you got yourself a gentlemen"

He Saved Me

"Yeah mom were just going t grab some of my stuff then were gon"

She drug me up the stairs quickly.

"Sorry about that"

"Know problem but what's with your stepdad he didn't stop glaring at me"

"Yeah he's just protective" she said a bit too hesitantly.

"Ok"

She grabbed her stuff and we headed to my house and studied for about an hour and I knew it.

"I hate you, you know that right?" she said while lying down.

"Oh really" I said while lying over her.

"Yup"

"What did I do this tme"

"You barely have to study while I have to study my ass off"

"Awwwh I'm sorry baby, let me make it up to you"

"I like the sound of that"

She wrapped her arms around my neck. I started kissing her gently then we got into an intense make out session. I was really getting into it until someone cleared their throat, I looked up and it was my mom and dad. I quickly got off Abby and pulled her up with me.

"Dad why didn't you tell me that mom was getting here today"

"Well it was suppose to be a surprise but I think we got more of one"

"Dad honestly we were just studying"

"What were you studying each others mouths" my mom said while glaring at Abby.

"Uh Nick I'm going to get ready and let you guys talk.

"Kai"

"What the hell are you doing dating? Is that the girl that got you into drugs? You know if you two break up its going to be harder to get clean and-"

"Okay mom listen you have been gone for two years so don't think you can tell me who I can and can't date, no she did not get me into drugs she's the reason I'm trying to get clean"

He Saved Me

"Nick don't talk to your mother like that and go get ready were going out to dinner tonight you can bring Abby"

Abby's pov~

Well that's just great nicks mother doesn't like me very much and probably thinks I'm some kind of whore. I put on a pair of jeans that showed off my curves and a shirt that matched my eyes, re-did my makeup and left my hair down. I was walking back to nicks room when I heard his parents talking.

"I never should have left, now he hates me"

"Don't worry baby he'll forgive you just give him some time"

"I don't want him with that girl he'll just get back into drugs if they break up, what if she gets pregnant"

"Laura you got to give her a chance and don't think about what could happen just think about what's happening now"

Well I guess that makes me feel better, not. Everyone knows once your boy friends mom hates ya they will always hate ya. I walked into Nick's room and found him with just a towel on.

"Woah sorry" I said turning around I could feel myself blushing.

"It's alright I'll just get changed in the bathroom."

I laid back and closed my eyes picturing Nick in just his towel again yum.

"Abby"

"Hmm"

"You ready to go?"

"Yeah"

I started walking past him but he grabbed my hand and pulled me against him.

"You look beautiful"

I could feel the blush rising in my cheeks so I looked down trying to hide it. He tilted my chin up so I was looking at him.

"Don't hide your blush it's cute"

"Whatever come on lets go"

He Saved Me

Nicole's pov~

Jenn's Pov~

"So what movie are we going to see?"

"I don't know, we'll decide when we get there"

"I want to see the time traveler's wife"

"Nick and Abby already saw it"

"Damn, oh wait the step father might still be playing we should see that"

"I stopped and turned around and looked at him he seem kinda weird since today.

"Jake are you ok, you've been acting weird all day"

"I'm fine I just have a lot on my mind"

He bent down and kissed me but it didn't feel right.

"I love you"

"I love you too"

We got in the car and it was an awkward silence we silence well at least for me.

"Jake are you sure your ok" I asked as we pulled into the restaurant.

"God damn it Jenn I said I was fine, why can't you just leave me alone?"

I was shocked ever since I knew him he never yelled at me, I was so pissed I couldn't say anything I just got out and slammed the door.

Jake's pov~

I let out a sigh, why do I always have to fuck things up, she was just trying to help and I yelled at her, I should have told her everything, now when I do tell her she'll hate me. I walked in to the restaurant and Jenn and Abby were glaring at me.

"Jenn I'm sorry, can we please talk"

"Oh so now you want to talk to me and then in five minutes you'll be telling me to leave you alone"

"Jenn Please I'm sorry, I just have a lot on my mind and we need to talk about it."

"Ok"

I was surprised she gave up that easy. We drove to her house and sat in the living room.

"You might want to sit down for this"

I sat down beside her.

"Jake please don't tell me that you cheated on me or want to break up with me because I'm not ready"

"Jenn I swear I would never cheat on you, and I'm not breaking up with you because your not ready"

"Then what is it?"

"Well you know how I use to be a man whore, well some girl walks up to me today and tells me she's pregnant and the baby's mine and she wants me to pay for everything for the baby, and wants me to take care of her and then when baby's born she's going to leave it with me, but there is a chance it might not be mine because she also had a boyfriend when I slept with her"

Her eyes were wide and looked like they were tearing up.

"Jenn I'm sorry, I wish I could take it back and I'm not paying for anything until the baby's born and we get a test done to see if its mine, and the only person I'm taking care of is you."

"You don't have to be sorry it's not like we were going out"

"I love you"

"I love you too"

He Saved Me

I laid down and pulled her on top of me and kissed her.

"What are you going to do if the baby's yours?"

"I'll take him/her I don't want her giving it to strangers, I've grown up without a dad and I don't want my baby to have to."

"But the baby won't have a mom"

"Well I was thinking you could be the baby's mom only if you want to"

"I will I don't want your baby growing up without a mom, I'm just kinda bummed that she's the one having your baby, not that I want to have a baby now. Someday and you be its dad"

"Hey for all we know it's not my baby and trust me you will be having my baby one day"

I actually wish it was Jenn having a baby, my baby, that wouldn't be bad and I couldn't wait for that day to happen.

Abby's pov

"So I guess it's just me and you"

"Yeah so what do you think they were fighting about, I swear if he cheated on her I'm going to do some serious damage to his face"

"Trust me Abby I don't think he will ever cheat on her"

"Good I'd have to beat him if he did"

"Jeez your violent I'll have to warn Jake to watch out for my girl"

"Who said I was your girl"

"Uh, I mean if you want to be, sorry I didn't mean to claim you or anything"

"Jeez nick I was only kidding calm down it's fine I like it, so what movie are we going to see I do believe its your turn to pick"

He grinned and said

"Step Father"

"You only picked that movie because you think I'll get scared and hide in your arms"

"Duh it's an excuse to get my girl in my arms"

"Oh well aren't you just the charmer"

"Yupp"

After we were done eating we went to the movies.

"I can't believe that movie didn't scare you but the last one did"

I shuddered a bit thinking about it.

"Yeah so where are we going now its like only seven"

"I've got a surprise for you"

He Saved Me

"Ok"

I said smiling I was really falling for Nick but I have to wait for the right time to say it. We were driving and talking about random things.

"So where are we going"

"Here"

"The beach" I said happily I loved the beach ever since I was a kid. I got out of the car and ran onto the sand and laid down.

"And you said I was the one that acted like a two year old"

"Oh shut up and what's that"

"my I-pod dock we need some music"

"Of course we do"

"Here get up"

"What why?"

"Because its part of the surprise"

"Ok"

I got up and a song that I loved came on, Fall by clay walker, Nick pulled me close to him and we started dancing I rested my head on his chest and listened to his heart beat along with the song.

Hold up there you go again

Putting on that smile again

Even though I know you had a bad day

Doing this and doing that

Always putting yourself last

A whole lot of give and not enough take

But you can only be strong so long before you break

Chorus:

So fall

Go on and fall apart

He Saved Me

Fall into these arms of mine

I'll catch you every time you fall

Go on and loose it all

Every doubt, every fear, every worry, every tear

I'm right here baby fall

Forget about the world tonight

All that's wrong and all that's right

Lay your head on my shoulder and let it fade away

And if you want to let go baby it's ok

Fall

Go on and fall apart

Fall into these arms of mine

I'll catch you every time you fall

Go on and loose it all

Every doubt, every fear, every worry, every tear

I'm right here baby fall

Hold on, hold on

Hold on to me

Fall go on and fall apart

And fall into these arms of mine

I'll catch you every time you fall

Go on and loose it all

Every doubt, every fear, every worry, every tear

I'm right here

Baby fall.

He Saved Me

I felt Nick stop dancing as the song ended but I didn't let go, I never wanted to let Nick go. He tilted my chin up and kissed me it was one of the sweetest kisses ever. After we finally pulled away we laid down on the sand and my head was on his chest and his arms were wrapped around me before I could stop myself I said.

"I love you"

I felt him stiffen, oh shit why did I have to do that, I felt the tears come to my eyes what the hell.

"Abbyâ !" "

"Don't worry you don't have to say it, I didn't mean to say it, just forget I said anything"

I said while getting up and walking away knowing Nick wouldn't follow me the one person that made me truly happy and I drove him away because of my big mouth it was getting harder and harder to hold my tears back.

"Abby wait please"

"Go home Nick"

"I love you"

"What?"

"I love you"

"No you don't your just saying that"

All of a sudden I was wrapped up in his arms and he was kissing me with so much intensity and passion. I looked into his eyes and could tell he wasn't lying.

"I love you"

A huge smile spread across his face and he picked me up and spun me around saying.

"I love you, I love you, I love you"

Abby's pov~

It was ten to 6 and I was finally done with my hair and makeup, my hair was curled and my make up brought out my eyes but I kept it as natural looking as possible and had on a black strapless dress with a red bow on it that stopped just before the knee my bag was packed for staying at Nicks. The door bell rang and the butterflies started in my stomach. I went downstairs and opened the door damn he was gorgeous and he was all mine.

"Abby you look amazing"

"So do you"

We got to the restaurant and it was gorgeous and there was dancing. We talked about anything and everything and the food was amazing.

"Do you want to dance?"

"Sure"

"You know I love you right"

"Yes and I love you more then you know"

"I think I do because it's the same way I feel about you" he kissed the tip of my nose.

"Do you want to sit down I have something for you"

"Ok"

He pulled out a ring box from his pocket and opened it inside there was a ring with tree diamond hearts, I couldn't help but gasp it was beautiful.

"Nick" I whispered and took the ring out of the box inside the band said, I love you forever and always. He leans over and kisses me and takes the ring and puts it on for me.

"Its beautiful"

"Not as beautiful as you"

"I love It thank you"

"You wanna go back to the house?"

He Saved Me

"Yeah"

We got back to the house and put on the ugly truth , he looked at me with so much passion and love and intensity and kissed me, it as one of the best kisses we ever had and I realized what he wanted and I knew I was ready to give myself to him he pulled away and looked at me I nodded before I knew it we were in his room with clothes all over the floor.

"I'm nervous"

"Why yo've done this before and its only me"

"I know but are you sure you ready"

"Nick trust me I'm ready"

I pulled him to me and kissed him. He was so gentle and caring he treated me like I was the most fragile thing in the world that night was filled with passion and love.

Jake's pov~

I never slept at all last night; I've never been more anxious and nervous in my life. My mom was pissed when she first found out but she got over it and I kind of think she wants the baby to be mine the other day I caught her looking at stuff for the baby's room. It was 7:30 and I knew I wasn't going to get any sleep so I got up and went down stairs and my mom was in the kitchen making breakfast, I kissed her cheek and got a cup of coffee.

"So are you nervous about today?"

"Terrified"

"It's not so bad, but it's a lot of work"

"I know mom, but the baby might not be mine"

"Your right, so how are things with you and Jenn?"

She asked while setting a plate of eggs and pancakes.

"Things with Jenn are great"

"Are you guys being careful?"

I started to choke a bit. "Excuse me?"

"Jake I have to know, If the baby is your's , I don't want another one running around"

"Woah mom slow down, and yes were being careful so please don't bring it up again"

"Thank god and I won't"

"Well I'm going to shower and pick up Jenn"

"Alright baby boy"

I got in the shower and was in there till the water ran cold, I got out and got dressed and drove to Jenn's house, by the time I got there it was 9:00.

"Hey baby you ok you look kind of pale, and like you didn't sleep at all"

"It's really sinking in that I could be a dad"

He Saved Me

"It's going to be ok; Jake I'm with you every step of the way"

"I love you"

"I love you too"

When we finally got there I didn't want to get out of my truck. Jenn walked around and opened my door for me.

"Come on you have to see if the baby's yoursâ. Jake Markus Taylor I mean it"

"Ok your right"

We went inside and sat down and waited for Alicia to get here. I was twiddling my fingers while waiting, Jenn laced her hand with mine and gently squeezed I brought our hands up and kissed the back of hers. After what seemed like years Alicia finally walked in with a little baby girl dressed in pink, the baby was screaming and crying, she walked over to us.

"Alicia is ok, why is crying like that?"

"Jake baby's cry and this won't just doesn't stop" she said getting frustrated.

"Well did you feed her?"

"Yes"

"Change her?"

"Yes"

"Burp her"

"Yes Jake god damn it, I did everything she won't stop"

"Jeez calm the fuck down"

I picked the baby up gently and cradled her in my arms making sure to support her head, she immediately stop crying and looked up at me with the same blue eyes that I had, I looked up at Jenn and Alicia both looked shocked that she stop crying so quickly.

"What's her name?"

"I didn't name her, if your her father you can and if your not then the family that adopts her can"

I just rolled my eyes at her and looked down at the baby girl in my arms, she sneezed making both of us jump, her bottom lip started to tremble.

"Shh, gorgeous it was just a sneeze"

We were called in and they did everything they needed to do, and then were back out waiting for the results, while the baby was sleeping in my arms and I was thinking over names. We were called into the man's office.

He Saved Me

"Congratulations Mr. Taylor the baby's yours"

"R-really?"

"Yes"

Alicia shoved the baby's stuff at me and walked out of the office, Jenn glaring at her the whole time.

"Alicia wait"

"What do you want Jake? I'm not taking that baby back"

"You really don't want to be in her life?"

"No, I don't and your lucky I didn't abort her"

"Your such a bitch, if you ever change your mind, don't comeback"

She scoffed and rolled her eyes.

"Don't worry I'll never want to be in that things life"

"Don't call my daughter a thing"

"Whatever"

She walked away hopefully she'll be out of our lives for good.

"God she's such a bitch, Jake what are we going to name the baby"

"Well I was thinking Emma Marie Taylor"

"I love it and I love you"

Nicks Pov~

I woke up because of the sun shining threw my window, Abby was still in my arms, god she was beautiful, I was trailing my fingers across her soft cheeks then kissed her nose, she scrunched up her nose a bit but went back to normal.

"Baby wake upâ lâ come on Abby"

She groaned and rolled away from me.

"I don't want to" she muttered.

"I didn't hurt you did I?"

"No, I just want to sleep" she muttered

"Come on baby, you can take a shower with me" I started to lightly nibble on her neck.

"Nick if you don't let me sleep, I won't go to that party tonight or ever have sex with you again"

"Fine, you so mean"

"Mhm"

I got in the shower and couldn't stop thinking about last night, it was one of the best nights of my life, I'm even starting to think about spending the rest of my life with her, woah there Nick slow down were 17 and its too soon to be thinking about that.

Suddenly I was broke out of my thoughts by ice cold water pounding down on me, I yelped and jumped out and nearly slipped on the floor, there was Abby laughing and holding her sides damn she looked sexy in my shirt and boxers.

"You think that was funny"

"No that was hilarious"

"Oh your getting it now"

I put her under the cold water.

"Eeek Nick let me out I'm sorry"

He Saved Me

I pulled her out.

"Good"

I pulled her against me and leaned in for a kiss but she turned her head so I only got her cheek.

"Abby" I groaned.

"Nope I have to take a shower so bye"

She pushed me out the door and locked it, errgh she was mean, I got dressed and went downstairs to make us breakfast. I was too busy thinking about my future with her, that I didn't hear her walking behind me until she wrapped her arms around my waist and started kissing my back. I turned around.

"Good morning beautiful"

"Morning, the food smells so good I'm starving"

"Me to babe"

I leaned down and kissed her then went back to cooking breakfast.

"So are we still going to that party tonight?"

"Yeah I'm in the mood for a party plus you haven't been to a party in months"

"kai if your sure"

"Don't worry I'm up for it"

Abby's pov~

I started to get worried, what was taking him so long, I glanced over to the kitchen but didn't see him, I got up and walked to the kitchen but he wasn't there, just then I saw him out of the corner of my eye and couldn't believe what I saw I turned my head and looked at him. At that moment my heart stopped and shattered, I ran out of there and all the way home and locked my self in my room and broke down, he played me, just like I knew he would. He never cared about me he just wanted to make my life worse then it already was and I was stupid enough to believe him. My phone started vibrating, I flipped it open and there was a picture of Nick and Nicole kissing. That made me cry even harder I had to cover my mouth so my mother wouldn't hear me, I needed Jenn.

New message

Nick's pov~

"Abby I lov~"

She hung up, she didn't believe me, I thought she loved me, she doesn't even trust me, but my past is against me. My phone started vibrating, it was a picture of Nicole kissing me, but the way the picture made it seem like I was kissing Nicole.

"Fucking bitch"

I punched my steering wheel until my fingers bled. I had to make things right with Abby, I needed her to survive, she's my everything, and without her there wouldn't be a point in living, not without Abby. I called her phone a thousand times leaving her messages and txt's but she never called back or replied. I drove home in deep thought about how I was going to get Abby back, I walked into the house and mom was sitting on the couch.

"Nick where have you been"

"Where's dad?"

"In bed, now where were you?"

"I was at a party with Abby that I wish I never went to"

"Nick you know that I don't want you going to parties there's too much drugs and Alcohol"

"Mom Abby broke up with me" I said while sitting down beside her and breaking down.

"What why? Was she cheating on you, that little b~"

"No mom, she thinks I was cheating on her"

"Why would she think that?"

"When we were at the party I went to get us some drinks, my ex that has been trying to get me back for months, comes up to me and starts apologizing for everything and I actually thought she was serious, I started walking away, but she pulled me back and knocked the drinks out of my hands and pulled me against her and kissed me and Abby saw and plus someone took a picture" I said showing it to her.

"Mom it looks like I wanted it, it looks like I was kissing her, and everything's against me, that picture my rep before I started dating Abby, she won't even talk to me, and she made it clear that were over and that she doesn't want me talking to her and she's so stubborn"

He Saved Me

"Nick calm down, just give her some time to cool down, and if she doesn't believe you then you'll have to let her go, it's her loss Nick"

"Mom I can't let her go, she's my everything, I can't survive without her"

"Nick it seems like that now, but you will get over her"

Jake's pov~

I woke up to Emma screeching.

"Alright baby girl, come on we'll get you all cleaned up and fed while mommy sleeps"

I got her all cleaned up and changed and went down stairs to feed her.

"Awhh how's my adorable little grand daughter doing"

"She's hungry"

"Here give her to me I'll feed her"

"Mom I can do it"

"I know you can, but you need to eat and I want to cuddle my grand daughter"

"Alright"

Seems like I'm not the only one that fell in love with her as soon as they saw her.

"Mom I was thinking about getting a job, that way you don't have to pay for everything, and I'll get a part time job when school starts"

"Jake you don't have to do that we have more then enough money to buy stuff for the baby"

"I know but it doesn't feel right I want to make my own money to support my baby"

"Well there's no use arguing with you because your to stubborn"

Jenn came running in looking worried. She gave me a quick kiss.

"I'm sorry but I got to go"

She walked quickly towards my mom and kiss Emma's forehead.

"Thanks for letting me stay the night Stella"

Then she ran quickly from the kitchen, I got up and took off after her.

He Saved Me

"Jenn wait please tell me your not leaving me, I know things are hard but we got each other and we can make it through this"

She turned around and stood up on her tip toes and place her hands on my cheeks and kissed me, I grabbed her waist and pulled her to me and held on tight incase this was our last kiss I didn't want to let her go, but then she pulled away.

"Jake I would never leave you, I got a txt from Abby and it was around 2:30 am and she was saying she needed me, so I'm worried and she most be thinking I don't want to see her because, usually I would reply right away but I didn't hear my phone"

I breathed a sigh of relied, I don't know what I'd do if I lost her, I gave her a quick kiss.

"Go baby she needs you"

"I need your truck"

I gave her my keys and watched her drive away.

Jenn's pov~

I drove as quickly as I could to Abby's and when I got there I noticed her car was the only one in the drive, I ran into her house.

"Abby"

There was no answer, I ran upstairs to her room and the door was locked.

"Abby open up please" I said while pounding on the door.

When she opened the door I couldn't help but gasp, she looked so broken and defeated, her eyes lost there normal sparkle and were red and swollen, and she had tear stains on her face along with last nights make up.

"Abby what happened?"

"Nick" she whispered even her voice sounded broken and defeated.

"What did he do?"

"He cheated on me with Nicole"

"What who told you that"

"Know one, I saw him with my own eyes and got sent a picture"

I walked over to her phone and looked at the picture, I felt anger over whelming me.

"That dick"

I sat down on the floor beside and held her as she sobbed into my chest.

"Jenn what am I going to do, he was my everything, I gave him everything I had, and the worst thing is, I knew since day one he was only going to hurt me but I ignored it hoping he would be different"

"Shh sweetie, he's not worth your tears , now here's what your going to do, your going to get up off this floor, and take a long hot shower and when your done, change into your most comfortable sweats and baggy t-shirt and were going to watch every movie you own while pigging out on junk food" I pulled her to her feet.

"I don't have any junk food" she mumbled.

"That's ok, I'll go buy some"

He Saved Me

She just nodded and walked into the bathroom, I ran out quickly not wanting to leave her alone for too long. I grabbed my cell and called Jake.

Jake* hey babe everything ok with Abby?

Jenn* no Abby's a mess thanks to Nick so if you see that asshole kick his ass for me because if I see him I'm going to and if I see his car I'm going to put a rock through his windshield.

Jake* woah babe calm down, what did he do?

Jenn* he cheated on Abby with Nicole, Abby saw them and she also got a picture sent to her.

Jake* Are you serious?

Jenn* yes, I don't think I'm going to be home tonight, she needs me and I don't want to leave her alone.

Jake* no of course no, I'll talk to Nick and see what he was thinking.

Jenn* Alright I have to go, I love you.

Jake* I love you too.

I pulled into the store and grabbed chips, Ice cream, pop and even cake icing. I got out of there quickly and drove back to Abby's, I went into the kitchen grabbing some cups, spoons, then went into the living room and grabbed all the DVDs that were in there and went up to her room and got her favorite movie set up. When she came out of the bathroom she looked a bit better, all the make up was gone and her eyes were still a bit red and puffy, and she still looked broken.

"I don't feel like eating" she mumbled.

"You have to eat, plus it's all your favorite stuff"

"Whatever"

This was going to be a long day, when she was upset and she's finished crying she gets pissed we settled in for her favorite movie and not even five minutes in she was asleep.

Nick's pov~

She still wasn't answering her phone, so I decided to go over to Jakes, and give Abby some more time before I dropped by begging Abby to listen to me and take me back. I got to Jakes and Knocked on the door and his mom answered.

"Hello Nick"

"Hi Stella, is Jake home?"

"Yeah he's in his room"

"Alright thanks"

I jogged up the stairs and found Jakes rocking a baby in his arms. He shushed me before I could say anything, soon enough the baby was asleep, Jake laid the baby gently in her crib, grabbed a baby monitor and hooked it to his pants and pointed t the door, we both walked out.

"Dude the baby's your's?"

"Yes Emma's mine, and what the hell is wrong with you?"

"What do you mean?"

"You know exactly what I mean, how could you cheat on Abby with Nicole." I groaned.

"I didn't cheat on her, we went to the party last night and after we danced I went to get us some drinks and when I was going back to Abby, Nicole stopped me and started apologizing for the things she said and when I went to walk away she pulled her against me and kissed me, she made it look like I was kissing her, I wouldn't do something like that, especially to Abby, I pushed her away and went looking for Abby but I couldn't find her anywhere in the whole house so I left and called her, but she broke up with me and made it clear that she never wanted to see me again"

"Nick there's a lot against you right now, the picture your rep"

"You saw the picture"

"Yeah I saw it and it looks like you were kissing Nicole and you wanted it"

"So you don't believe me?"

"How can I? I wasn't there and I know what you were like"

He Saved Me

"You were also my best friend, jeez thanks for the help man"

I started to walk down the stairs, great Abby doesn't believe me, Jake doesn't so I'm guessing Jenn doesn't either.

"Nick wait"

"No Jake, I needed my best friend to be on my side, someone to trust me, I'm done waiting I'm going to get my girl back"

I ran out of there and slammed the door, I got in my car and drove to Abby's and knocked on the door, The door opened and Jenn was standing there before I could speak she slapped me, and she slapped me again before I could react. She was going to again but I grabbed her hands.

"Jenn stop"

"You have a lot of nerve to show your face around here"

"Look Jenn I didn't come here to talk to you, so get out of my way"

"Oh and you think your going to talk to Abby, Not a chance in hell buddy"

"No Jenn it's ok"

I looked to see who was talking and it was Abby, she sounded so broken and looked the same way, my heart shattered all over again knowing that I did that.

"Are you sure Abb's? Because I can make him leave"

"I'm sure"

Abby came out on the step and shut the door.

"I thought I told you not to come here anymore"

"Look Abby you only got one side of the story and its based on what you saw, I swear she kissed me, I would never hurt you and I would never kiss her"

"Really Nick that's not what the picture say's or your rep"

"Abby I-"

"You know I never thought I could feel anymore pain but you caused me more pain then I ever felt in my life, last night was like everything that made me happy was ripped away from me , I never thought I could hurt like this, you won Nick, so just stay away from me because I can't take anymore pain. Congrats Nick you broke me, I hope your happy."

She turned to walk away from me but I grabbed her hand and pulled her against me and kissed her, for a minute I thought she was going to give in and kiss me back but she pushed me away.

"Were over"

He Saved Me

She gave me the ring I got her back.

"I'll get the rest of the stuff later and drop it off.

And with that she walked away, she didn't believe me, I drove home thinking about how I was going to get her to believe me and get her back and what I was going to do if she didn't want me anymore.

3 weeks later Abby's pov~

It been a long hard 3 weks and its not getting any better, I wake up every day and put on a fake smile and act as if everything's fine, and I'll keep doing that until everything is. Its been 3 weeks since I got my period, I was suppose to get it the day after Nick and I had sex, at first I thought it was stress because of everything. But now I'm not so sure, oh what am I going to do if I'm pregnant, Nick would deff leave me alone then, I don't know how I would be able to do it, I wouldn't be able to go to college, and everything I ever wanted would be taken away from me because of Nick, I decided to suck it up and get a pregnancy test, I'll call Jenn and tell her to come with me because I can't do this alone.

Abby* Hey Jenn are you busy?

Jenn* Hey chicka, I'm not busy why?

Abby* I need you to come with me so I can buy a pregnancy test.

Jenn* What?

Abby* Please Jenn I need someone to be with me.

Jenn* ok yeah I'll come

Abby* kai be there in 5.

I grabbed a baseball cap and a huge pair of sun glasses. I was so scared driving to Jenn's, One because I could be pregnant, Two I could see Nick who I have been avoiding for the past 3 weeks. As soon as Jenn got in the car she started asking questions.

"What are you going to do if your prego?"

"Honestly right now I don't know"

"Are you going to tell Nick?"

"I don't know"

"I think you should, I mean you can't keep something like this from him and I think he's going to notice once your huge"

"Ok Jenn shut the hell up"

"Jeezz sorry"

He Saved Me

We got to the store and there was so many to choose from it was overwhelming I didn't know what one to choose.

"Holly piss is it really necessary to have so many"

"I don't know, so which one are you going to get"

"I'll get 3 of the expensive kind and 3 of the cheap kind that should be accurate enough"

"I guess so"

"Well I'm not going to buy the whole shelf"

"Ok calm down, your crankier then usual"

I walked up to the cashier which was and old lady who was giving me a disgusted look.

"Kids these days, so irresponsible getting pregnant all the time, you should be ashamed of your self"

"And you should bag the tests and shut the fuck up and tell me how much I owe ya"

"How dare you talk to me like that"

"awwh don't be offended I talk to anyone I want like that"

"That's 80 bucks"

"Jezz these suckers are pricey"

"Just give me the money and leave"

"Ok cool it grandma"

I gave her the money and headed to the door before I left I said.

"Peace bitch"

And walked out oddly I felt bad for being so mean, but good at the same time.

"Ok since when are you into bad mouthing old ladies?"

"Since now"

"Dude you break up with Nick changed you and not in a good way"

"Well Jenn I guess that happens when you have your heart ripped out and stomped on"

"Abby you have to get over him and try to be your self"

"That's not as easy as it sounds"

He Saved Me

We got to my house and I drank a jug of sunny D, then went to take the tests.

"Jenn I can't pee"

"How you just drank a full jug of sunny D you should be about to explode "

"I'm to nervous"

"Turn the tap on and think of running water" she sounded like she was trying hard not to laugh.

"I'm glad you think it's funny"

Finally I had to pee, I took all of the tests then washed my hands and came out to wait with Jenn.

"So how long do you need to wait for?"

"Like 5 or 10 mins"

"ok"

We just sat there in silence waiting for 10 minutes to be up, I kept checking the time on my cell phone and it felt like years before the 10 minutes were up. Me and Jenn walked in and just stared at them.

"I can't do it, I can't look at them"

"yes you can, you flip over 3 and I'll flip over 3"

I just nodded we flipped them over and everyone was positive, omg, I fell to the ground and brought my knee's up to my chest and cried.

"Omg even the 99 cent special says I'm knocked up"

"Shh Abby we'll make you a doctors appointment, just to make sure"

"Will you call for me"

"Of course I will"

I collapsed on my bed and cried to myself to sleep thinking things couldn't get any worse.

I was Wrong.

Chapter 65

Nick's pov~

I haven't talked to anyone for 3 weeks, i barely eat and sleep, i call Abby everyday and drop by but she's never there. The girl i love hates me and I don't know how i'm going to get her back. I as staring at the ceiling then the ceiling was replaced with Emma and Jake staring down at me.

"What the hell do you want"

"Well i figured that you wouldn't be this upset if you actually cheated on Abby"

"Well congrats that only took you three weeks to figure out" i spat.

"Look man i'm sorry"

"Whatever"

"So how are you going to get her back"

"I don't know and i honestly don't think she'll take me back, its almost been a month"

"I tried talking to Jenn about it but you know how they are, stubborn as hell"

"Well you can leave now"

"What?"

"you came by to tell me that you believe me and you've done that so now you can leave, i want to be alone"

"Nick i'm sorry there's nothing else i can do or say , but i'm not leaving, it smells like something died in here, dude when was the last time you got a shower you look like a hobo"

"Who cares" i said lying back down and staring at the ceiling once again, its now my new favorite pass time along with trying to get abby back.

"Honestly dude get up take a shower, shave and we'll stop and get your hair cut then you can pick her up some flowers and a box of chocolates and then we'll go and see if abby will talk to you"

"I doubt it"

I go shower and shaved, then went and got everything else done. we pulled up outside her house.

"Dude i can't do this, i can't go in there everytime she ignores me and tells me were over my heart breaks all over again"

"Nick suyck iot upp, today could be your day"

we got out and walked to the door, of course Jenn answered the door amd as soon as she saw me she winced.

He Saved Me

"Nick you can't keep doing this, you have to let her go and leave her alone"

"I can't Jenn you don't know how much its killing me, being away from her"

"Nick please leave"

"I'm not leaving until i see her"

"Nick she's sleeping"

and with that she closed the door and locked it.

"Well it was worth a try"

I started walking around the house to Abby's room, her window was open, now all i have to do is climb the tree. i climbed up into her bedroom and walked over to her bed and kneeled beside her, i moved the hair from her face and could tell she'd been crying.

"I love you baby please just give me a chance to explain, i love you"

i said as i kissed her forehead i laid the flowers and chocolates beside her and grabbed a pean and a piece of paper.

My dearest Abby,

please give me a chance to explain that i didn't cheat on you and your the only person i love, you know how to reach me.

I climbed back out her window and drove Jake & Emma home, then i went home and sat by the phone waiting for abby to call but she never did.

Chapter 66

Abby's pov 1 week later~

i'm on my way to the hospital now, and i'm completely terrified, i can't be a mom not yet, and i know nick's not ready to be a dad, if i am pregnant and i do keep the baby i would ruin everything for the both of us, i'd never get out of here and nick worked so hard to get where he is now. I'm just not meant to be happy i guess, because as soon as i find something or someone who makes me happy they get taken away from me. I was in the waiting room and could feel myself shaking i was that nervous.

"Abby moore"

i got the tests done and they said they would call me in a few hours with the results, i drove home and started pacing my room, cleaning my room, doing laundry, dishes, when finally my phone rang.

"Hello"

"Is this miss moore?"

"Yes"

"Congratulations your results came back positive"

"Ok thank you"

omg, i had so many thoughts running through my head i couldn't think straight before i knew what i was doing, i called the abortion clinic.

"Hello"

"Hello i would like to make an appointment"

"Name"

"Abby moore"

"Age"

"17"

"How far along are you"

"A month when is the soonest you could get me in?"

"Hold on let me check that"

"Ok"

"Your lucky, someone cancelled so there's a free appointment at 12pm tomorrow afternoon, does that work for you?"

He Saved Me

"Yes that perfect, thank you"

"Have a nice day"

What am i doing can i really abort my own child, there was a little voice in the back of my head telling me not to this and saying this wasn't like me. If i do this my life will go back to the way it was kind of. i spent the rest of the day watching movies and eventually fell asleep, when i woke up the next morning it was 11:30.

"Shit"

i shot uo out of bed and threw my hair up in a messey bun, threw on a pair of jean shorts and a tank quickly washed me face and threw on some makeup. when i got there it was 2 minutes to 12 i had to sign some forms and check in.

"Your cutting it close ms.moore"

"I know"

when i was called in i was thinking about running out and never steeping foot in here again but i had to do this, the doctor gave me a pill to tak and said that my stomach might feel a bit weird but that was normal, without a second thought i took a big drink of water and swallowed the pill. my hand went to my stomach and my eyes filled up with tears, i killed my own baby, the only part of nick that i had left and i killed it because i was selfish and stupid, as i was driving home i had to pull over, i couldn't take this it was to much i started crying so hard that it was getting hard to breathe, soon there was a knocking on the passanger side window, i wiped my eyes to see who it was. it was Nick i unlocked the door we needed to talk he got in quickly.

"Abby what's wrong?"

"Oh you mean other then you taking my virginity, breaking my heart and getting me pregnant well everything's gone down hill from there"

"What yor pregnant were having a baby?"

his hand immedaitely wnet to my stomach which made the tears come back.

"No nick were not having a baby i was scared and couldn't be a mother right now and i figured you wouldn't want to be a dad right now so i got an abortion"

"You what" he got so mad about this most guys would be happy.

"I'm sorry"

"You should be, Abby how could you, you killed a poor, innocent, helpless little baby, our baby you killed a part of you and a part of me, you should be ashamed of youself, you know what i'm done trying to convince you that i love you, i don't want to hurt anymore, but you just made that my pain a thousand time worse, good bye abby"

he slamed the car door shut and ran to hsi car.

"goodbye" i whispered.

He Saved Me

great know matter what i do i always make things worse, i stopped off at starbucks, i need something to make me feel better but first i went to the wasroom. as i was about to come out of the stall i heard Nicole and her followers talking.

"That party was the best thing ever, Abby's been moping around for the past month thinkking Nick cheated on her, i knew it was the perfect plan because with everything against him she would nevr believe him, and once nick gets over the little bitch he will realize what a mistake he made dumping me for her and then he will be begging for me to take him back"

"Gosh Nicole, that is brillaint, i would nevr be able to come up with something like that"

"way cool"

"I know i'm just blessed with good looks and brains"

"oh my god i'm such a bitch all this time nick has been trying to get me to believe him, he was telling the truth, uggh why am i so stupid, i drove home, i needed to call nick and tell him to come over so we could talk amd i would apologize for everything and begg him to forgive me, i am such an idiot how could i not figure this out, when i got home kert was waiting for me but my mom was know where to bee seen.

"Where's my mom?"

"Your aunt in flordia is sick so your mother wnet up there to help her, which is good for me because we haven't had fin in a while"

i knew exactly what he meant by that i tried to run but he grabbed my hair and threw me to the floor and then kicked me in thhe stomach, i screamed dor helo which is something i never did before but that just made things worse he jumped ontop of me and slammed my face into the floor then slapped and punched me a few times, things started to get blurry but i couldn't let him win, not this time, this had to end. i kneed him where it hurts and got up and ran for the phone and dialed 911.

"911 whats you emergency?"

"I need help my step father-" thats all i could get out before kert tackled me to the floor and and smashed the phone. i managed to get away from him and ran for my room there was one person i needed to call, i could die before the police get here. i locked my bedroom door then ran into my bathroom and locked that door. come on nick pick up your phone please come on.

"What do you want?"

"Nick i'm so sorry for everything i should have believed you , i love you, i need you to help me he's gonna hurt me again,nick i need you to call the police and tell them to come to my house"

"Abby whats going on? whos going to hurt you?"

"Don't come here just call the police"

all of sudden my door was broken threw and i was knocked to the floor i screamed as my phone was smashed.

"You stupid little bitch"

He Saved Me

he grabbed my hair and slammed me against the wall then threw me to the floor and kept kicking me in the stomach until i started coughing up blood and couldn't stop, he looked down at me with a sick smile on his face and laughed, with the little strength i had left i kicked his feet out from underneath him and ran but he wasn't far behind, all of a sudden his hands were at my back and i was tumbling down the stairs, i heard my wrist snap, i started slipping in and out of consciousness one minute he wasn't there and then he was standing over me with a knife, the last thing i saw before the darkness took over was the knife coming down at me.

Chapter 67

Nick's pov~

The last thing i heard was her scream, i called the police immediately.

"911 whats your emergency"

"My girlfriend, she's being attacked in her home, the adress is 123 willsons street"

"Ok there on their way"

I don't care what abby told me there's no way i'm staying here while someones hurting her, i drove way past the speed limmt, i busted threw the front door and there she was brusied up and bloody lying in a pool of blood and standing over her was kert he was about to come down with an already bloody knife but i tackled him and knocked the knife out of his hand. With one swing i knocked him out then ran to abby's side, she was so pale.

"Abby baby, come on open your eyes, please abby"

the police bursted in and pointed there guns at me.

"Put your hands behind your head"

i did as i was told.

"Officer it wasn't me, it was her stepfather"

they got abby in to an ambulance and the police let me go, i was following them there while calling everyone to let them know what was going on, as soon as i got there they wouldn't tell me anything so i was in the waiting room pacing the floor when my parents, jason & vanessa, jenn, jake and the baby came in, jenn ran into my arms and hugged me tightly and was crying.

"How is she? is she going to be ok?"

"I don't know how she is but she was pretty bad when i got there and i don't know they won't tell me anything"

Jenn let go and went to fry into jake, i went back to pacing.

"Bro stop, your going to wear a hole in the floor" jason said.

i gave him the shut the hell up look, after about another hour of pacing i sank down to the floor and leaned back against the wall. what am i going to do if she doesn't make it, she's my life i can't live without her, i can barely manage when we aren't together and if she dies i'm going to be following after her after another couple hours a nurse finally came out.

"Are you guys here for Abby moore"

"Yes"

"Well we had to do surgery to stop the bleeding--"

"What bleeding"

"Well she was kicked in the stomach so many times that it caused internal bleeding, we also had to do surgery on her shoulder where she was stabbed, her left wrist is broken. Everything else is just badly bruised, i must tell you we lost her 3 times and at one point didn't think we were gonna get her back, once on the way here and twice in surgery, shes a fighter thats for sure, she is breathing on her own, but i don't think she'll make it through the night"

"Can we go see her?"

"Of course"

She lead us to her room and i almost broke down, see her lying there hooked up to a heart monitor thing, her beautiful face was covered in bruises, i sat down beside her and took her good hand.

"Hey baby, you have to get better ok, the nurse already said you were a fighter, so keep on fighting , you can't leave me ok?, i love you baby more then anything"

**I didn't care that everyone else was here, i just kept on talking to her and telling her how sorry i am and that everything was going to be ok and she needed to open her beautiful eyes for me, soon everyone was asleep except for me, i crawled on the bed with abby and turned on my side to face her and wraped my arm lightly across her stomach and slowly fell asleep to memories of us together when we were happy. When i woke up Abby's mom was there and looked like she'd been crying, i looked beside me and abby was still there and i looked at the monitor.
She made it.**

Chapter 68

1 week later Abby's pov~

All i could see was a bright light, then my dad.

"Baby girl you have to go back, your not suppose to be here yet"

"But i want to stay with you"

"You'll be with me again some day, but Nick and eveyone else who loves you needs you there, baby go back"

he kissed my forehead and started to fade away and Nicks voice was becoming clearer he was the first person i wanted to see when i opened my eyes i heard him begging me to open my eyes for however long i've been out and need to see him.

"Come on baby you need to open your eyes, i need you and i can't live without you"

I tried really hard to open my eyes and they did, and i looked up at Nick.

"Heyy" ughh my voice sounded as i haven't talked in years or have been screaming for hours, nicks eyes filled up with tears he kissed me with so much passion and love and trying to be gentle at the same time, i don't know how i ever let him go.

"Nick i'm sorry, you don't know how awful i feel, i love you and-"

He kissed me again and again.

"Don't apologize i love you"

A few months later i was back to my normal self, things were still weird with my mom, but other then that everythings great. Nick saved me in more ways then one, he made me happy again abd brought back the person i use to be that i thought died along time ago and he saved me from kert, i can't help but love him more each day.

He Saved Me.
