I Need The Words To Say To You

Why can't I talk to you,
Your not hurtful,
Why can't I see you,
In your most purest form,
I'm someone who will write for you,
But I won't ever know what to say to you when I see you,
Since all you do is make me blush by your voice,
Why must I have this,
Why can't I be confident near you,
I'm a nervous wreck without you near me,
Since I'm absolutely,
Positively,
Without a doubt,
In love with someone like you,
I don't know how to explain it near you,
But if you let me show,
It would be better rather having me all puzzled and in a daze,
So I want to show,
Thats how I wanna show I'm happy,
Even without you near me,
Please for the last time,
Show me you care,
Even without me being near,
I don't know how to explain it,
I Need The Words To Say To You

I Need The Words To Say To You

Just help me find the truth,

The one you know is true,

Don't forget what all I've tried telling you please,

I now know how I'm gonna live on a world full of hate,

As long as I can live with you,

In my arms
