Good-Bye.....

Good-Bye.....

Shasta

Way did you take that beer

Why did you keep drinking

Why didn't you think

Why couldn't one of you have been sober

Why did you get in that truck

Why not walk or call someone to pick you all up

But no you and your friends got drunk and drove

You were probably laughing and having fun before it happened

You when fast and hit a tree

4 girls died on march 15, 2008

1 girl lived

Shasta you died that day

I hope you didn't suffer

I hope you felt no pain

But the one girl who lived will suffer forever

Thinking what could I have done

Way did I live

RIP:

Shasta

Hannah

Lindsey

Anna

Good-Bye.....

Good-Bye.....

Good-Bye.....
