# Heart's desire

You'll think that we know our own heart's desire,  
but do we ever truly know, what we want?  
Are we influenced to what people presume we want,  
or are we short sighted?  
Can we not see ahead?  
Are we gullible to what we,  
dream up in our heads?  
We see something,  
and exaggerate it in our minds.  
We want it so badly.  
We picture it in our heads, but when we get it,  
we don't want it anymore.  
So we think we know what we want,  
but do we ever truly know?
