I can feel your presence in my mind

I can feel your presence in my mind

They say out of sight, out of mind,
but I'd like to kick whoever said that,
because the lied horribly!
Even though you aren't physically here,
I can feel your presence in my mind.
All day long, all night. Twenty four seven.
You are in your invisible tent,
camping out on my brain,
and I know, you are there for the long term.

I can feel your presence in my mind

I can feel your presence in my mind
