Gorgeous Stranger

Walking down the street with me head on the sky

stumbled on a damsel with enticing eyes,

humbled i stood for me silly blunder,

trembled she gaze with rain and thunder

Blinded before and blinded again

words are not enough to explain

silent she stood with an aim to size

knew i should at least apologize

Caught in a moment of bliss

surroundings were a miss

short of words yet thought of danger

who could be this gorgeous stranger ?

.....
