I DID NOT WRITE THIS POETIC JUSTICE TO HATE OR JUDGE BUT TO OPEN OUR EYES TO HOW EASILY OUR THOUGHTS AND EMOTIONS CAN DECEIVE US AND WE HAVE TO BE CAREFUL ON HOW WE INFLUENCE OTHERS ESPECIALLY IN THE ARTS

THE SEVEN DEADLY WHORES(7DEADLY SINS)

some of this music be ratchet

carving up a brotha's soul like a hatchet; the melody of symphonic demons leaking their viral semen; penetrating a man's heart like mutacious spawn wanting you to become it's pawn; making

it's way from town to town weaving it's prey into a web like a spider round and round; the lyrics spewing from the seven deadly whores (7 deadly sins) wanting you to open their doors; time to give these tunes a noose and cut their phonic juice; ima put them on blast with a little class; whore number one is always looking for a little fun;her name is lust; with her song into a man genitals she thrust; along by her side is bicurious wanting to leave her lady friends delirious; whore number two is always deceiving you; her name is envy wanting her song to become trendy; along by her is the felonious jealousy luring you into her parody; whore number three sneaks up on you gently; her name is pride with her song hoping you'll hop on and ride; she sings the song upon others it's good to look down; im the queen bee and wear the crown; whore number four sings her song to allure; her name is greed never casting her eyes upon those in need; her song is all about the money and buying the honey; whore number five always sets out to contrive; her name is sloth; singing it's okay never to work everything falls from the sky like a magical cloth; along by her side is lazy making ones vision of life hazey; whore number six will always leave you in a fix; her name is wrath in her song wanting you to take a bath; along by her side is rage always looking to lock one in her cage; whore number seven will strike you like levin; her name is glutt looking to leave you in a rut; always singing the song of a great big feast leaving one obese; be careful of your thoughts for sometimes they are of things that are wrought; our emotions can be filled with things of commotion; we have to watch what we fill our senses for they could open doors to things that leave us defenseless; learn to make the right choices; dont listen to the wrong voices
