# Tranquil, Pure, Innocent

Tranquil, pure, innocent.  
The very essences that defined you.

You had loved to smile,  
You had loved to laugh.  
I had felt horribly guilty, having you all to myself like this.  
But the fear of having to share you,  
Was too much for me to bear.

And now that you're gone,  
I find myself wading,  
In a dark pool of nothing.  
Left to only write  
Sappy love poems  
With true meaning,  
Into this website.

Reminiscence.  
The memories of you,  
How you stood by my side.  
Nothing will be the same again.
