

Personal Ads

By : Sultry Alice

A look at Personal Ads. Sex and romance; companionship, fun and adventure. Many kinds of people do it for many reasons.

Personal Ads

Personals ads â !.

Attractive SW/F 26YO well educated and romantic,

Blue- eyed blonde HWP ISO SW/M 25-35YO W/E FS VGL

NS with a GSOH for FTA with a NSA relationship

Just FWB, while it is fun.

*

Attractive single white female, 26 years old

Well educated and romantic, blue-eyed blonde,

Height and weight proportional

In search of single white male, 25-35 years old

Well endowed, financially secure, very good looking

Non-smoker with a good sense of humor

For fun, travel and adventure with a

no strings attached relationship just

Friends with benefits, while it is fun.

*

*

Lonely people, searching for someone

To share quality time with, and have fun

Most hoping for love, but accepting a friend

Someone to talk to, confide in and depend

*

Personal Ads

Users and abusers just looking for kicks
Taking advantage of others to get their fix
Preying on the naive, lonely and forlorn
Making them wish, they never were born

*

Fun loving socialites, filling their time
Hoping someone interesting they will find
Their circle of friends always growing
Looking for better people worth knowing

*

Married men, looking for someone exotic
For discreet affairs, they hope are erotic
Married women who find themselves bored
Tired of the hum drum, and being ignored

*

Divorcees and widowers, now all alone
Feeling the cold emptiness of their home
The homely and overweight wanting a chance
To fall in love and experience romance

*

The very shy, who are more comfortable writing
Wanting to know people better, before inviting
People looking for others with a specific interest
Or those encouraging submissions, like a contest

*

Some browse bio pictures, looking for sex

Personal Ads

Some posting wrong pictures and false specs

Some people post ads, just to make a joke

They care not for others they might provoke

NOTE: The ad I used at the beginning

of this pieces is only an example.
